

Os 100 Segredos Dos Bons Relacionamentos

The 100 Simple Secrets of Happy People David Niven, PhD.2009-03-17 Scientists and academics have spent entire careers investigating what makes people happy. But hidden in obscure scholarly journals and reports, their research is all too often inaccessible to ordinary people. Now the bestselling author of the 100 Simple Secrets series distills the scientific findings of over a thousand of the most important studies on happiness into easy-to-digest nuggets of advice. Each of the hundred practices is illustrated with a clear example and illuminated by a straightforward explanation of the science behind it to show you how to transform a ho-hum existence into a full and happy life. Believe in yourself: Across all ages, and all groups, a solid belief in one's own abilities increases life satisfaction by about 40 percent, and makes us happier both in our home lives and in our work lives. Turn off your TV: Watching too much TV can triple our hunger for more possessions, while reducing our personal contentment by about 5 percent for every hour a day we watch.

The Four Loves C. S. Lewis.2023-11-20 The Four Loves is a 1960 book by C. S. Lewis which explores the nature of love from a Christian and philosophical perspective through thought experiments. The book was based on a set of radio talks from 1958 which had been criticized in the U.S. at the time for their frankness about sex. C.S. Lewis examines storge or empathy love; philia, friendship love; eros, romantic love; and agape, or God love. Excerpt: GOD is love, says St. John. When I first tried to write this book I thought that his maxim would provide me with a very plain highroad through the whole subject. I thought I should be able to say that human loves deserved to be called loves at all just in so far as they resembled that Love which is God.

Pnl Curando A Depressão Instituto Athos.2016-07-15 Falar em depressão é sempre um assunto controverso, algumas pessoas ainda ao verem uma pessoa debilitada com depressão, e não tem uma doença física diagnosticada tratam tudo como uma "frescura" do paciente, sem dúvida um erro imperdoável. O ser humano é complexo sendo que muitas coisas são necessária para correto funcionamento do corpo e da mente. Ao falar da mente entramos em um terreno movediço da cultura ocidental, que é um tabu que a mente não fica doente? O que ocorre é que mente não é algo físico assim ela não pode ser vista pelas radiografias e tomógrafos de última geração em outras palavras o que os médicos cartesianos do ocidente não vêem, não existe. Porém os males da mente existem, sendo que quem tem o problema sabe que a doença é real e presente, cabe aos pacientes a sabedoria em buscar tratamentos alternativos. A vida nos dá armas mentais para poder superar as dificuldades e vencer está batalha, porém são muitos que fracassam, como ajudar estes, o livro tem a pretensão de dar dicas para fugir da doença. Uma leitura imperdível. -----

The Dynamic Laws of Prosperity Catherine Ponder.2016-06-21 There's Gold Dust in the Air for You! This book is the result of several recent recessions and many years of lean living. Nobody likes recessions and nobody likes lean living-and indeed nobody should like them. For fifteen years I tried to find such a book as this one. During those years of searching the book shelves, I found that there are many books which give various success ideas, but in none of them did I find a set of compact, simple laws for assuring success. I began searching for a book such as this after having been widowed and left with a small son to rear and educate. Since I had no training for work and no means of income, I would have given anything to have known then about the power of prosperous thinking. As soon as I grasped this wonderful success secret, the tide began to change! As you begin reading this book, no matter what the conditions of your life may now be, do so in this attitude of mind: There is gold dust in the air-for me... Get Your Copy Now.

Diga sim com convicção Miguel Uchôa.2014-01-01 As estatísticas mostram índices alarmantes de divórcio entre cristãos e não cristãos. Os gabinetes pastorais e os consultórios especializados em terapia de casais vivem lotados de pessoas que experimentam a infelicidade na vida a dois. Certamente, ninguém ingressa num relacionamento com o objetivo de fazer parte do grupo dos divorciados ou dos infelizes. Mas, se o processo decisório não for conduzido de forma consciente, madura e bíblica, isso lamentavelmente pode se tornar uma grande possibilidade. Com sua larga experiência em aconselhamento matrimonial, o bispo Uchôa mostra diferentes maneiras de evitar que a dissolução e a infelicidade entrem no lar daqueles que sonham em construir uma família. E o segredo reside na prevenção, antecipação e preparação.

Men Are from Mars, Women Are from Venus John Gray.1993-04-23 Popular marriage counselor and seminar leader John Gray provides a unique, practical and proven way for men and women to communicate and relate better by acknowledging the differences between them. Once upon a time Martians and Venusians met, fell in love, and had happy relationships together because they respected and accepted their differences. Then they came to earth and amnesia set in: they forgot they were from different planets. Using this metaphor to illustrate the commonly occurring conflicts between men and women, Gray explains how these differences can come between the sexes and prohibit mutually fulfilling loving relationships. Based on years of successful counseling of couples, he gives advice on how to counteract these differences in communication styles, emotional needs and modes of behavior to promote a greater understanding between individual partners. Gray shows how men and women react differently in conversation and how their relationships are affected by male intimacy cycles (get close, back off), and female self-esteem fluctuations (I'm okay, I'm not okay). He encourages readers to accept the other gender's particular way of expressing love, and helps men and women learn how to fulfill each other's emotional needs. With practical suggestions on how to reduce conflict, crucial information on how to interpret a partner's behavior and methods for preventing emotional trash from the past from invading new relationships, *Men Are from Mars, Women Are from Venus* is a valuable tool for couples who want to develop deeper and more satisfying relationships with their partners.

Por que os homens escondem tantos segredos? Antonio Carlos Gaio.2018-01-01 Por que os homens escondem tantos segredos?" se apresenta em forma de crônicas escritas de 2004 ao final de 2017. Organizadas em blocos principiando por desconstruir o homem, próximo da degola, se fazendo de autista com seu coração vagabundo, presa fácil da ejaculação e o mulherengo que só vê perigo na monogamia por não conseguir ser de uma só. Um conjunto de temas que também ressaltam a evolução da mulher que obrigou o homem a se enquadrar e transformar seu papel dentro da família, embora o mundo seja um lugar horrível para elas, face ao feminicídio, à violência doméstica e assédio sexual. Não sendo as mulheres nem santas nem putas, apenas intimidando o homem que não assume relação, obcecadas pela verdade, tendendo a sofrer mais com o rompimento do relacionamento. Prosseguem com humor e na ironia dos Tipos de Homens, como o marido da empregada, o pai que é avô, o comedor de gente, o zé mané, o João-ninguém, o pau-mandado e o senil. Revela seu conflito com sua homossexualidade latente, sob a ameaça do gay reconhecer outro só pelo olhar. Avança na dificuldade do homem lidar com as emoções, no erotismo, nas fantasias sexuais, no tesão, principalmente quando deixa de sentir por sua mulher. Na atração pelas periguetes, secretárias, pela mulher de seu melhor amigo, pelo bico dos seios... por esse diabo em

forma de gente ele larga até o seu casamento! Fatal se chegar à conclusão que não é o pênis que deve estar no comando, se o homem não toma cuidado com seu esperma, e a disfunção erétil... o seu maior pesadelo no porvir! E por sempre andar às voltas com o abuso da infidelidade, movido pela certeza de não se realizar no casamento, só sendo fiel até aparecer coisa melhor. O que acarreta a descrença no amor e a não querer assumir compromisso, pressionado cada vez mais por mulheres que não se encolhem nem mesmo com a falta de homem no mercado. Disseca a cultura do estupro em marcha e discute se o amor não inclui a amizade, se devemos casar ou somente namorar e se sexo puro pode ser amor dos bons. Para onde o homem se dirige?

The Servant James C. Hunter.2008-06-10 With an introduction on using the principles of The Servant in your life and career, this book redefines what it means to be a leader. In this absorbing tale, you watch the timeless principles of servant leadership unfold through the story of John Daily, a businessman whose outwardly successful life is spiraling out of control. He is failing miserably in each of his leadership roles as boss, husband, father, and coach. To get his life back on track, he reluctantly attends a weeklong leadership retreat at a remote Benedictine monastery. To John's surprise, the monk leading the seminar is a former business executive and Wall Street legend. Taking John under his wing, the monk guides him to a realization that is simple yet profound: The true foundation of leadership is not power, but authority, which is built upon relationships, love, service, and sacrifice. Along with John, you will learn that the principles in this book are neither new nor complex. They don't demand special talents; they are simply based on strengthening the bonds of respect, responsibility, and caring with the people around you. The Servant's message can be applied by anyone, anywhere—at home or at work. If you are tired of books that lecture instead of teach; if you are searching for ways to improve your leadership skills; if you want to understand the timeless virtues that lead to lasting and meaningful success, then this book is one you cannot afford to miss.

In a format that is suitable for church members to read individually or study together, Rainer guides readers toward a practical framework for making a difference for those who visit their church. Sapiens Yuval Noah Harari. 2015-02-10 New York Times Bestseller A Summer Reading Pick for President Barack Obama, Bill Gates, and Mark Zuckerberg From a renowned historian comes a groundbreaking narrative of humanity's creation and evolution—a #1 international bestseller—that explores the ways in which biology and history have defined us and enhanced our understanding of what it means to be “human.” One hundred thousand years ago, at least six different species of humans inhabited Earth. Yet today there is only one—homo sapiens. What happened to the others? And what may happen to us? Most books about the history of humanity pursue either a historical or a biological approach, but Dr. Yuval Noah Harari breaks the mold with this highly original book that begins about 70,000 years ago with the appearance of modern cognition. From examining the role evolving humans have played in the global ecosystem to charting the rise of empires, Sapiens integrates history and science to reconsider accepted narratives, connect past developments with contemporary concerns, and examine specific events within the context of larger ideas. Dr. Harari also compels us to look ahead, because over the last few decades humans have begun to bend laws of natural selection that have governed life for the past four billion years. We are acquiring the ability to design not only the world around us, but also ourselves. Where is this leading us, and what do we want to become? Featuring 27 photographs, 6 maps, and 25 illustrations/diagrams, this provocative and insightful work is sure to spark debate and is essential reading for aficionados of Jared Diamond, James Gleick, Matt Ridley, Robert Wright, and Sharon Moalem.

Autoconhecimento Odelita Sampaio.2021-03-02 Ser feliz não é ter tudo, mas, é conviver com tudo que nos faz feliz. A felicidade é intrínseca, e esta deve ser estimulada a partir das nossas ações, por exemplo, ter uma vida com propósito, ser você mesma, ter empatia, amar o próximo como a si mesmo, viver em harmonia com a natureza e consigo, sorrir. Estas são algumas das estratégias que nos levam ao estado de felicidade. Devemos reconhecer que a vida vale muito, apesar dos desafios, obstáculos e dificuldades que porventura tenhamos, ao invés de reclamar da sorte. Deve-se construir sua própria história, dentro do que ela (a vida), nos proporciona. Neste livro a autora traz um relato pessoal, desde sua tenra idade, até os dias atuais, mostrando que é possível superá-los, acreditar e perpassar por todos, sem trauma, e ser feliz. O AUTOCONHECIMENTO foi a chave que faltava para dar um upgrade na sua vida. Ela incentiva você a ser dono da sua própria história, e a não permitir que lhe digam que não vale a pena ou que você não é capaz.

Love, Freedom, and Aloneness Osho.2002-12-13 Osho, one of the greatest spiritual thinkers of the twentieth century, explores the connections between ourselves and others in Love, Freedom, and Aloneness: The Koan of Relationships. In today's world, freedom is our basic condition, and until we learn to live with that freedom, and learn to live by ourselves and with ourselves, we are denying ourselves the possibility of finding love and happiness with someone else. Love can only happen through freedom and in conjunction with a deep respect for ourselves and the other. Is it possible to be alone and not lonely? Where are the boundaries that define "lust" versus "love"...and can lust ever grow into love? In Love, Freedom, and Aloneness you will find unique, radical, and intelligent perspectives on these and other essential questions. In our post-ideological world, where old moralities are out of date, we have a golden opportunity to redefine and revitalize the very foundations of our lives. We have the chance to start afresh with ourselves, our relationships to others, and to find fulfillment and success for the individual and for society as a whole. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the "1000 Makers of the 20th Century" and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India.
