Sweethand N. G. Peltier.2021-03-22 After a public meltdown over her breakup from her cheating musician boyfriend, Cherisse swore off guys in the music industry, and dating in general for a while, preferring to focus on growing her pastry chef business. When Cherisse's younger sister reveals she's getting married in a few months, Cherisse hopes that will distract her mother enough to quit harassing her about finding a guy, settling down and having kids. But her mother's matchmaking keeps intensifying. Cherisse tries to humour her mother, hoping if she feigns interest in the eligible bachelors she keeps tossing her way, she'll be off the hook, but things don't quite go as planned. Turns out for the first time in ages, she and Keiran King, the most annoying man ever, are on the island at the same time. Avoiding him is impossible, especially when Keiran's close friend is the one marrying her sister, and he's the best man to her maid of honour. Keiran doesn't know what to make of Cherisse now. They've always butted heads. To him she's always been a stuck-up brat who seeks attention, even while he secretly harbored a crush on her. Now with Cherisse's sister marrying one of his good friends he can't escape her as the wedding activities keep throwing them together. When things turn heated after a rainy night of bedroom fun, they both have to figure out if they can survive the countdown to wedding day, without this turning into a recipe for disaster.

The Widow of Rose House Diana Biller.2019-10-08 The Widow of Rose House is close to perfection and any lover of historical romance will adore this debut. - Smart Bitches Trashy Books It's 1875, and Alva Webster is ready for a fresh start. After three years of being pilloried in the presses for fleeing her abusive husband, his sudden death allows her to return to New York where she is determined to restore a dilapidated Hyde Park mansion, and hopefully her reputation at the same time. She is decidedly not supposed to fall in love. But when a haunting at her new home threatens her careful plans, she must seek help from the eccentric and brilliant and - much to her dismay - very handsome Professor Samuel Moore. Alva doesn't need more complications in her life, especially not a convention-flouting, scandal-raising one like Sam. Unfortunately, Sam is the only one who can help. Together, the two delve into the tragic secrets wreathing Alva's new home while Sam attempts to unlock Alva's history—and her heart. Set during the Gilded Age in New York City, *The Widow of Rose House* is a gorgeously romantic debut by Diana Biller, with an intrepid and resilient American heroine guaranteed to delight readers as she starts over and finds true love. A chemistry-fueled debut with a bit of a ghost story, great for readers of gothic romance. - Booklist Biller mirrors Wharton's genius for revealing the emotional gold lying beneath the Gilded Age, which motivates the novel's massive romantic turmoil. - Bookpage (Most Anticipated Romances)

The Mozart Code Rachel McMillan.2022-03-15 No matter how you might try to hide in a war to escape your past, it is always close at hand. Lady Sophia Huntington Villiers is no stranger to intrigue, as her work with Alan Turing's Bombe Machines at Bletchley Park during the war attests. Now, as part of Simon Barre's covert team in post-war Vienna, she uses her inimitable charm and code name Starling to infiltrate the world of relics: uncovering vital information that could tilt the stakes of the mounting Cold War. When several influential men charge her with finding the death mask of Mozart, Sophie wonders if there is more than the composer's legacy at stake and finds herself drawn to potential answers in Prague. Simon Barrington, the illegitimate heir of one of Sussex's oldest estates, used the previous war to hide his insecurities about his past. Now, he uses his high breeding to gain access to all four allied quarters of the ruined city in an attempt to slow the fall of the Iron Curtain. He has been in love with Sophie Villiers since the moment he met her, and a marriage of convenience to save Simon's estate has always kept her close. Until now, when Sophie's mysterious client in Prague forces him to wonder if her allegiance to him—and their cause—is in question. Torn between his loyalty to his cause and his heart, Simon seeks answers about Sophie only to learn that everything he thought he knew about his involvement in both wars is based on a lie. Or is it exactly what she wants? The Belly of Paris Émile Zola.2023-12-27 *The Belly of Paris* (*Le Ventre de Paris*) is the third novel in Émile Zola's twenty-volume series *Les Rougon-Macquart*, first published in 1873. It is a novel of the teeming life which surrounds the great central markets of Paris. The book was originally translated into English by Henry Vizetelly and published in 1888 under the title *Fat and Thin*. After Vizetelly's imprisonment for obscene libel the novel was one of those revised and expurgated by his son, Ernest Alfred Vizetelly. The heroine is Lisa Quenu, a daughter of Antoine Macquart. She has become prosperous, and with prosperity her selfishness has increased. Her brother-in-law Florent had escaped from penal servitude in Cayenne and lived for a short time in her house, but she became tired of his presence and ultimately denounced him to the police. Émile Zola (1840 - 1902) was a French writer, the most important exemplar of the literary school of naturalism and an important contributor to the development of theatrical naturalism. He was a major figure in the political liberalization of France.

Dismantling Rape Culture Tracey Nicholls.2020-11-15 This book analyses rape culture through the lens of the 'me too' era. Drawing feminist theory into conversation with peace studies and improvisation theory, it advocates for peace- building opportunities to transform culture and for the improvisatory resources of 'culture- jamming' as a mechanism to dismantle rape culture. The book's key argument is that cultural attitudes and behaviours can be shifted through the introduction of disrupting narratives, so each chapter ends with a 'culture- jammed' re- telling of a traditional fairy tale. Chapter 1 traces an overlap of feminist theory and peace studies, arguing that rape culture is most fruitfully understood through the

concept of 'structural violence.' Chapter 2 investigates the gender scripts that rape culture produces, considering a female counterpart to the concept of 'toxic masculinity': 'complicit femininity.' Chapter 3 offers analysis of non- consensual sex and a history of consent education, culminating in an argument that we need to move beyond consent to conceptualise a robust 'respectful mutuality.' Chapter 4 's history of sexual harassment in the workplace and the rise of #metoo argues that its global manifestations are a powerful peace- building initiative. Chapter 5 situates 'me too' within a culture- jamming history, using improvisation theory to show how this movement's potential can shape cultural reconstruction. This is a provocative and interventionist addition to feminist theory scholarship and is suitable for researchers and students in women's and gender studies, feminist theory, sociology and peace studies.

Lower Ed Tressie McMillan Cottom.2017-02-28 More than two million students are enrolled in for-profit colleges, from the small family-run operations to the behemoths brandished on billboards, subway ads, and late-night commercials. These schools have been around just as long as their bucolic not-for-profit counterparts, yet shockingly little is known about why they have expanded so rapidly in recent years—during the so-called Wall Street era of for-profit colleges. In *Lower Ed* Tressie McMillan Cottom—a bold and rising public scholar, herself once a recruiter at two for-profit colleges—expertly parses the fraught dynamics of this big-money industry to show precisely how it is part and parcel of the growing inequality plaguing the country today. McMillan Cottom discloses the shrewd recruitment and marketing strategies that these schools deploy and explains how, despite the well-documented predatory practices of some and the campus closings of others, ending for-profit colleges won't end the vulnerabilities that made them the fastest growing sector of higher education at the turn of the twenty-first century. And she doesn't stop there. With sharp insight and deliberate acumen, McMillan Cottom delivers a comprehensive view of postsecondary for-profit education by illuminating the experiences of the everyday people behind the shareholder earnings, congressional battles, and student debt disasters. The relatable human stories in *Lower Ed*—from mothers struggling to pay for beauty school to working class guys seeking "good jobs" to accomplished professionals pursuing doctoral degrees—illustrate that the growth of for-profit colleges is inextricably linked to larger questions of race, gender, work, and the promise of opportunity in America. Drawing on more than one hundred interviews with students, employees, executives, and activists, *Lower Ed* tells the story of the benefits, pitfalls, and real costs of a for-profit education. It is a story about broken social contracts; about education transforming from a public interest to a private gain; and about all Americans and the challenges we face in our divided, unequal society.

The Cortisol Connection Shawn Talbott.2011-01-01 Why does stress make you fat? What can you ultimately do about it? Shawn Talbott answered these questions in THE CORTISOL CONNECTION. Cortisol is the body's main stress hormone, prompting our fight or flight mechanism when dealing with a highly stressful situation, like being chased by a lion. However, the human body was made to deal with short bursts of stress (like being chased by a lion), not prolonged, continuous levels of stress (like mortgage payments, project deadlines, and traffic jams). This kind of stress causes the body's cortisol levels to rise, and scientific research has shown that high cortisol levels are associated with obesity, diabetes, fatigue, and even Alzheimer's disease. This new edition describes the results of the latest research about the connection between cortisol and HSD, and cortisol and testosterone. If we keep cortisol and HSD and testosterone within normal ranges, we're able to maximize the metabolic effect of diet and exercise regimen - and improve weight loss. In the first edition, Talbott introduced his SENSE program, that teaches participants how to manage stress and reduce cortisol levels. The program has been refined in the second edition with the help of the new research and the results of Talbott's test of the SENSE program over the past 5 years - he know it works. For the past 5 years, he has been actively researching (and refining and tweaking) this popular program to make it more and more effective in helping people to lose weight. SENSE is a program that combines Stress management, Exercise, Nutrition, Supplementation, and Evaluation into a comprehensive and highly effective (yet easy to follow) program that delivers results. During these 5 years, Talbott has combined different dietary approaches with varied exercise regimens and myriad supplement combinations - until finding just the right combination that works best for the majority of people. This edition contains 25% new material and a revised program to help everyone manage cortisol, stress, and their weight.
