Women in Lebanon M. Thomas.2012-12-28 Combining insider and outsider perspectives, *Women in Lebanon* looks at Christian and Muslim women living together in a multicultural society and facing modernity. While the Arab Spring has begun to draw attention to issues of change, modernity, and women's subjectivity, this manuscript takes a unique approach to examining and describing the Lebanese alternative modernities thesis and how it has shaped thinking about the meaning of terms like evolution, progress, development, history, and politics in contemporary Arab thought. The author draws on extensive ethnographic research, as well as her own personal experience.

Orele Dalbe. [A collection of short poems.] George A. BARONZI.1864

Pilgrimage in Ireland Peter Harbison.1995-06-01 The landscape of Ireland is rich with ancient carved stone crosses, tomb-shrines, Romanesque churches, round towers, sundials, beehive huts, Ogham stones and other monuments, many of them dating from before the 12th century. The purpose and function of these artifacts have often been the subject of much debate. Peter Harbison proposes in this book a radical hypothesis: that a great many of these relics can be explained in terms of ecclesiastical pilgrimage. He has constructed a fascination theory about the palace of pilgrimage in the early Christian period, placing it right at the center of communal life. The monuments themselves make much better sense if it looked at in this light—as having come into existence not through the practices of ascetic monks but because of the activities of pilgrims. He begins by searching the historical sources in detail for evidence of early pilgrimage sites. By examining their monuments he projects the findings to other locations where pilgrimage has not been documented. He goes on to describe monument-types of every kind and to identify pilgrims in sculpture surviving from before AD 1200. The Dingle Peninsula in Kerry proves to be a microcosm of pilgrimage monuments, enabling the author to reconstruct a tradition of maritime pilgrimage activity up and down the west coast of Ireland. Indeed, the famous medieval traveler's tale of the fabulous voyage of the St Brendan the Navigator can now be seen as the literary expression of a longstanding maritime pilgrimage along the Atlantic seaways of Ireland and Scotland, reaching Iceland, Greenland, and even North America.

Profanations Giorgio Agamben.2020-10-20 The Italian philosopher Giorgio Agamben has always been an original reader of texts, understanding their many rich and multiple historical, aesthetic, and political meanings and effects. In *Profanations*, Agamben has assembled for the first time some of his most pivotal essays on photography, the novel, and film. A meditation on memory and oblivion, on what is lost and what remains, *Profanations* proves yet again that Agamben is one of the most provocative writers of our times. In ten essays, Agamben rethinks approaches to a series of literary and philosophical problems: the relation between genius, ego, and theories of subjectivity; the problem of messianic time as explicated in both images and lived experience; parody as a literary paradigm; the potential of magic to provide an ethical canon. The range of topics and themes addressed here attest to the very creativity of Agamben's singular mode of thought and his persistent pursuit to grasp the act of witnessing, sometimes futile, sometimes earth-shattering — the talking cricket in *Pinocchio*; “helpers” in Kafka's novels; pictorial representations of the Last Judgment, of anonymous female faces, and of Orson Wells's infamous object of obsession *Rosebud*. “In Praise of Profanity,” the central essay of this small but dense book, confronts the question of profanity as the crucial political task of the moment. An act of resistance to every form of separation, the concept of profanation — as both the “return to common usage” and “sacrifice” — reorients perceptions of how power, consumption, and use interweave to produce an urgent political modality and desire: to profane the unprofaneable. In short, Agamben provides not only a new and potent theoretical model but also a writerly style that itself forges inescapable links between literature, politics, and philosophy.

Alderdene Norris Paul.1890

Les Femmes Savantes - Primary Source Edition Anonymous,BiblioBazaar.2013-09 This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

The Pilgrim Route to Santiago Brian Tate,Marcus Tate.1987 When St James the Great was beheaded in Jerusalem in AD 61, he became the first apostle to be martyred for his faith. According to legend, his disciples brought the body in a miraculous stone boat to north-western Spain, where they buried it in a place now known as Santiago de Compostela. Following a claim in the early ninth century that the tomb had been rediscovered, people began flocking to the site to venerate the relics. Santiago became, after Rome and Jerusalem, the most important place of pilgrimage in medieval Christendom. Pilgrims from all over Europe broke away from their daily routine and set off along the 'Way of St James' through France and Spain to the remote town of Santiago. They travelled from hostel to hostel, visiting the churches and other holy places which lay on the route. Over the centuries a 'cultural highway' evolved, which has left an indelible mark on the artistic, religious and social map of Europe. In 1984, Brian Tate, Emeritus Professor of Spanish at the University of Nottingham, retraced the ancient journey of the pilgrims, accompanied by his son Marcus and the photographer Pablo Keller. The result is a remarkable visual record of some of the most beautiful landscapes in southern Europe and architectural treasures dating from the Romanesque to the present day. To complement Pablo Keller's photographs, Brian and Marcus Tate have written a book that explains the pilgrimage phenomenon and the history of the shrine, as well as providing a companion to the journey itself. Five maps show the route in detail. Modern travellers, whether from the comfort of an armchair or in the footsteps of the original pilgrims, can re-create for themselves this great spiritual adventure of the medieval world. -- Inside jacket flap.

As Sabichonas Jean Baptiste Poquelin de Moliere.2019-02-22 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.
