So at every practice

and game, Wes tries his best to be a good basketball player and, above all, a good teammate. As the season kicks off, Wes finds that not everyone on his team has the same idea. Slam Dunk: The True Story of Basketball's First Olympic Gold Medal Team Beth

Fortenberry.2021-05-21 You've got to understand that I receive over 60 scripts a year not to mention books and articles all about basketball. I've read almost every basketball story that's ever been brought to Hollywood's attention. That's what I get for producing Hoosiers, the movie that many consider to be the best basketball movie ever made. Most often, when I start reading, I don't even get past the first page. When SLAM DUNK - The True Story of Basketball's First Olympic Gold Medal Team came my way, I immediately knew this was something very special. I read it from beginning to end in one sitting. The content, the story, the unknown historical facts, the tragedies, the writing, the interesting characters, the very special young athletes, the unbelievable odds, the

writer's ability to combine the story from 1891 through WW1, the Dust Bowl to the 1936 Hitler Olympics makes this an epic story. I knew this script was very special and I'm lucky to be involved. From the players to the writer, this is the real deal.

Slam-Dunk Success Byron Scott,Charlie Norris,Jon Warech.2017-04-25 Great leadership begins with great understanding. No one knows that better than basketball legend Byron Scott and lifelong business executive Charlie Norris who, respectively, won NBA championships and resurrected multimillion-dollar corporations by being team players no matter their position. Whether it's on the

basketball court, in the boardroom, or in everyday life, getting to the heads and hearts of people is paramount to getting the most out of them. In SLAM-DUNK SUCCESS, Scott and Norris share their parallel formulas for victory and prove that, with the right tools, winning can happen anywhere. As a player Scott won three championships with the Los Angeles Lakers, and as coach he twice took the New Jersey Nets to the NBA Finals and won Coach of the Year honors with the New Orleans Hornets. With every team his role changed, but his winning mentality never faltered. As CEO of McKesson Water, Charlie Norris turned a \$200 million-dollar company into a company that sold ten years later for \$1.1 billion dollars and, as chairman of the board of Freshpet, he helped lead the start-up from early stage testing to become a publicly traded company with a market value of over \$350 million. In each job, he led with the same amount of conviction and care. Their book-which grew from their unlikely friendship and realization that two men from completely different backgrounds could have the same leadership ideals-breaks down their keys to motivating others, negotiating deals, and creating prosperity from scratch. Their blueprint includes lessons on listening, turning failure into learning opportunities, and delegating authority with extreme precision. Leadership is a full-time job and Byron Scott and Charlie Norris's story is a guidebook for leaders in all fields and in any position looking to better both their careers and lives. Champions are formed when people make those around them better and this book shows how you can be a winner every day.
