*The Liveaboard Report* Charlie Wing.1993-09 What do you get when an ex-NASA engineer and statistician turned bestselling how-to-writer decides to move aboard a boat?The Liveaboard Report a statistical analysis filled with bar charts and pie graphs that quantifies what works and what doesn't for a representative sampling of liveaboard boaters. Charlie Wing interviewed 71 liveaboards of all sorts, and asked them 400 questions about what most aspiring liveaboards want to know: What does it cost? What boat should I get? Is refrigeration worth the hassle? What anchor works best? This book is different from other liveaboard guides. This author doesn't say, Listen up--I am an expert, and this is the way to do it. Instead, he says I asked this question of 71 crews with 277 collective years' experience living aboard. Three percent said X, 20 percent said Y, and 77 percent said Z. Let that be your guide.

*Dream Cruises* Imagine Media Llc, Kim Kavin. 2007-10 Tips for Booking Trips on All Budgets—from \$1,000 to \$1,000,000 Kavin compares cruise ships and yacht charters to showcase the biggest advantage of the latter: personalized comfort. -Soundings Charter cruising comes in many flavors, from fully crewed luxury megayachts to pilot-your-own bareboats, and Kim Kavin has sampled just about all of them. -Offshore Say good-bye to lengthy security lines, overpriced piña coladas, and jam-packed shore excursions. Never again will your cruise vacation include jostling with crowds, squishing into a kiddie-filled swimming pool, or rushing back from a land tour in time for a pre-assigned dinner seating on a massive, impersonal ship. *Dream Cruises* introduces you to the joys of private yacht charter vacations, a fast-growing and often surprisingly affordable alternative to cruise ships. With charters, you get the whole boat for your family and friends, with a crew catering only to you, and you go wherever you choose—from Alaska to the South Pacific. Based on first-hand experience as well as advice and information from sixty charter-industry experts worldwide, *Dream Cruises* explains which kinds of yachts are available, where to book them, how to find a trustworthy broker, what you can expect to pay, and much more. Why book another cabin when you can have the whole boat for yourself?

*Cruising Boat Basics* Cap'n Fatty Goodlander.2018-01-03 This book contains 58 years of seamanship and ship's husbandry distilled into more than 350 readable pages. It is chockfull of technical information gathered during three circumnavigations and a lifetime of living aboard in foreign ports. It tells you the nitty-gritty technical details of the sea gypsy lifestyle. It isn't merely about the boat, it is also about the knowledge required to safely handle that boat and, ultimately, how to manage the cruise as well. It contains what every sea gypsy understands-but few marine publications address-the good, the bad, and the ugly of ocean cruising. It does not cop-out by telling you to throw money at your problems by hiring marine experts. It does exactly the opposite. It informs you how to not need those experts. It clearly communicates the morality, the economy, the karma, and the delights of sailing the world with empty pockets and full hearts. Cruising offshore isn't rocket science. It is all basic, logical stuff. The skills required can be explained step-by-step. This book reveals the reality of buying a well-found, inexpensive boat and outfitting it for living aboard-then taking it inshore gunkholing, coastal sailing, offshore cruising, and ocean storm-strutting. Reading this book is like sitting in the cockpit of a battered ketch at anchor in an exotic port-and having one of the most famous circumnavigators spin yarns, tell jokes, and give the most

outrageous of advice on cruising under sail. Forget the you gotta have a pile of money rock-hugger thinking. You don't. There are a million good reasons why not to go to sea-lack of money is not one of them. Basic seamanship is far more important than coinage-and you can't buy seamanship. In fact, circumnavigators with large purses actually have less fun than work-as-you-sail sea gypsies. This book was not written for the edification of Topside-clad yachtsmen or teak-trodding credit card captains-but rather for the working-class sailor attempting to transit from dirt dweller to ocean vagabond without losing sight of the daily fun factor. Does sailing across an ocean on a small vessel seem like an immense challenge? It doesn't need to be-if you are prepared with a well-found boat, strong offshore safety gear, and some basic seamanship skills. Fatty and his wife Carolyn are currently on their fourth circumnavigation. They sail across oceans with no more concern than most yachties experience while putt-putting to the fuel dock. Are you just getting your sealegs but have a burning desire to live within Mother Ocean's warm embrace? To be truly free? To sail to Borneo, Madagascar, Cocos Keeling, the Caribbean, and Chagos? To kiss life full on the lips from the deck of a small boat on a big ocean? Then you are in luck. This book is written with the specific aim of helping sailors exactly like you accomplish these very real, very worthwhile cruising dreams-without a massive amount of money, complication, or BS.

Welcome aboard!

The People's Boat Shirley Hewett.2002 There may be no other sailing ship in North America that has touched the lives of so many people during 80-plus years of existence as HMCS Oriole. The design of famed MIT marine architect George Owen, the pride of original owner George Gooderham, commodore of the Royal Canadian Yacht Club, the steadfast training ship of the Royal Canadian Navy for more than five decades, and ultimately the people's boat in her home harbours of Esquimalt and Victoria,

BC, HMCS Oriole continues to add to her legacy with every new nautical adventure. Her fascinating history is captured by author and avid mariner Shirley Hewett in a narrative based on extensive interviews with Oriole's past captains and crew. Hewett listened to their stories, shared their insights and sailed the New Zealand leg of a South Pacific good-will voyage in 1998 aboard the Oriole as part of an international crew. She is a ship that manufactures dreams, Hewett said. Mine became to tell her many stories.

Captains Log Book Bo Harris.2019-04-25 Did you know that a USCG license is required in order to legally carry passengers for hire? This includes charters for: \* Fishing \* Sightseeing \* Diving \* Transportation \* Teaching \* Eco-Tours etc... i.e. any use which is considered a passenger for hire situation. Many maritime companies now require them for boat deliveries and marine transportation. These are all good reasons to maintain your own seafarers maritime log book. How much documented service on the water time must you have to qualify for the different types of USCG licenses? 360 days for OUPV and 720 days for Master class, both of which require at least 90 days within the last 3 years. This log book will help you document your sea time in an organized and compact form. USCG Captains" License Information OUPV INLAND (6 PAK) Operator of Uninspected Passenger Vessel \* A minimum of 360 days on the water experience from age 16 years to present is required. \* 90 of those 360 days must be within the most recent 3 years on a power or sail vessel over 16 feet in length. OUPV NEAR COASTAL (6 PAK) Operator of Uninspected Passenger Vessel \* These requirements are the same as those for the Master Inland/OUPV Near Coastal Endorsement License. \* A minimum of 360 days on the water

experience from age 16 years to present is required. \* 90 of those 360 days must be within the most recent 3 years on a power or sail vessel over 16 feet in length. \* 90 of those 360 days must be on waters outside the boundary lines established by the US Coast Guard. MASTER INLAND (25, 50 OR 100 GROSS TONS) \* A minimum of 360 days on the water experience from age 16 years to present is required. \* 90 of those 360 days must be within the most recent 3 years on a power or sail vessel over 16 feet in length. MASTER INLAND (25, 50 OR 100 GROSS TON) / OUPV ENDORSEMENT \* These requirements are the same as those of the OUPV Near Coastal License. \* A minimum of 360 days on the water experience from age 16 years to present is required. \* 90 of those 360 days must be within the most recent 3 years on a power or sail vessel over 16 feet in length. \* 90 of those 360 days must be on waters outside the boundary lines established by the US Coast Guard. MASTER INLAND (25, 50 OR 100 GROSS TON) / MATE NEAR COASTAL ENDORSEMENT \* A minimum of 360 days on the water experience from age 16 years to present is required. \* 90 of those 360 days must be within the most recent 3 years on a power or sail vessel over 16 feet in length. \* 180 of those 360 days must be on waters outside the boundary lines established by the US Coast Guard. MASTER NEAR COASTAL (25, 50 OR 100 TON) \* A minimum of 720 days on the water experience from age 16 to present is required. \* 90 of those 720 days must be within the most recent 3 years on a similar size vessel to the license you are applying for. \* 360 days of those 720 days must be on waters outside the boundary lines established by the US Coast Guard. \* You will also need a TWIC Card How do I prove my time on the water to meet the US Coast Guard requirements? Most recreational boaters do not maintain log books. As such, the Sea Service forms which are included in the USCG application package must be filled out by hand. This form consists of twelve boxes, one for each month of the year. Starting with the most recent year, you fill in the number of days you can

best recall being on the water and then go backward in time to the age of 16 years old, or until the sea time requirements have been met. This time is then supported by proof of ownership of the vessel, if you are claiming time on your own boat. If you claim time on someone else's boat, then they must sign your sea service form. These are all good reasons to maintain your own log book. With this log book you can show your documented time.
