

Pictures From Razzle Magazine

New York Magazine .1989-12-25 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Motion Picture Story Magazine .1960

New York Magazine .1997-02-10 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Motion Picture Review Digest .1938

Talking Pictures Ransom Riggs.2012-10-16 With the candid quirkiness of *Awkward Family Photos* and the confessional intimacy of *PostSecret*, Ransom Riggs's *Talking Pictures* is a haunting collection of antique found photographs—with evocative inscriptions that bring these lost personal moments to life—from the author of the New York Times bestselling illustrated novel *Miss Peregrine's Home for Peculiar Children*. Each image in *Talking Pictures* reveals a singular, frozen moment in a person's life, be it joyful, quiet, or steeped in sorrow. Yet the book's unique depth comes from the writing accompanying each photo: as with

the caption revealing how one seemingly random snapshot of a dancing couple captured the first dance of their 40-year marriage, each successive inscription shines like a flashbulb illuminating a photograph's particular context and lighting up our connection to the past.

New York Magazine .1994-05-09 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Diary of a North London Lad Tony Shelton.2011-09-21 The book is the story of a young man, born just after the outbreak of world war two. It charts his growing up in North London in the forties and fifties, his diving enthusiastically into the swinging sixties, and his marriage, fatherhood and career in the seventies. Along the way, we meet all sorts of characters, more girls that you could shake a stick at, get immersed in amateur film-making, acting (in 'Alfie', amongst other things) and directing (a world premiere, amongst other things) in the amateur theatre, and working for a Hollywood film star. After many jobs in North London and the West End, he becomes a Sales Representative, and, with the help of one or two young ladies, eventually becomes a company director. The book ends at the beginning of the eighties, with our hero, not for the first time, at a crossroads . . .

Razzle Dazzle Michael Riedel.2016-10-11 A revered and provocative theater observer presents a grand history of the producers, directors, actors, and critics battling for creative and financial control of Broadway--Front jacket flap.

New York Magazine .1994-10-10 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for

Inside the Hollywood Fan Magazine Anthony Slide.2010-02-26

The fan magazine has often been viewed simply as a publicity tool, a fluffy exercise in self-promotion by the film industry. But as an arbiter of good and bad taste, as a source of knowledge, and as a gateway to the fabled land of Hollywood and its stars, the American fan magazine represents a fascinating and indispensable chapter in journalism and popular culture. Anthony Slide's Inside the Hollywood Fan Magazine provides the definitive history of this artifact. It charts the development of the fan magazine from the golden years when Motion Picture Story Magazine and Photoplay first appeared in 1911 to its decline into provocative headlines and titillation in the 1960s and afterward. Slide discusses how the fan magazines dealt with gossip and innuendo, and how they handled nationwide issues such as Hollywood scandals of the 1920s, World War II, the blacklist, and the death of President Kennedy. Fan magazines thrived in the twentieth century, and they presented the history of an industry in a unique, sometimes accurate, and always entertaining style. This major cultural history includes a new interview with 1970s media personality Rona Barrett, as well as original commentary from a dozen editors and writers. Also included is a chapter on contributions to the fan magazines from well-known writers such as Theodore Dreiser and e. e. cummings. The book is enhanced by an appendix documenting some 268 American fan magazines and includes detailed publication histories.

Photo-Era Magazine, the American Journal of Photography .1913

The Photographic Image in Digital Culture Martin

Lister.2013-09-23 This new edition of The Photographic Image in

Downloaded from
gws.ala.org on

Digital Culture explores the condition of photography after some 20 years of remediation and transformation by digital technology. Through ten especially commissioned essays, by some of the leading scholars in the field of contemporary photography studies, a range of key topics are discussed including: the meaning of software in the production of photograph; the nature of networked photographs; the screen as the site of photographic display; the simulation of photography in the videogame; photography, ubiquitous computing and technologies of ambient intelligence; developments in vernacular photography and social media; the photograph and the digital archive; the curation and exhibition of the networked photograph; the dominance of the image bank in commercial and advertising photography; the complexities of citizen photojournalism. A recurring theme addressed throughout is the nature of 'photography after photography' and the paradoxical nature of the medium in the 21st century; a time when the traditional technology of photography has become defunct while there is more 'photography' than ever. This is an ideal book for students studying photography and digital media.

The New York Times Magazine .1975

The Focal Encyclopedia of Photography Michael R.

Peres.2013-05-29 This volume is a complete revision of the 1996 third edition, shares the ever-changing breadth of photographic topics with a special emphasis on digital imaging and contemporary issues. Produced by an international team of photographic and imaging experts with collaboration from the George Eastman House (the world's oldest photography museum), this fourth edition contains essays and photographic reproductions sharing information where photography and imaging serve a primary role, ranging from the atomic to the cosmic.

The Focal Handbook of Commercial Photography Gerry

Kopelow.1998 *The Focal Handbook of Commercial Photography* is a contemporary and pragmatic guide to professional practice and career planning that will help both aspiring and established photographers make appropriate choices in the face on the ongoing changes in this industry. Successful photographers must possess, or at least appreciate, many skills: artist, entrepreneur, accountant, designer, carpenter, chemist, creative director, keyboard wizard, and futurist. They practice elements of a two-hundred year old technology while learning new technologies that are only minutes old. This handbook will help commercial photographers succeed by providing an overview of business and technical strategies together with information to help interpret and apply new developments in the field. Discussing such topics as managing your studio and your business, as well as assistants, equipment, lighting, shooting techniques and situations, darkrooms, marketing, and pricing, this handbook will offer many practical hints on making more money in less time with less effort.

Dramatic Mirror of Motion Pictures and the Stage .1918

The Concise Focal Encyclopedia of Photography Michael R.

Peres.2014-06-20 Defining photography is impossible. Revealing it is another matter, and that's what The Concise Focal

Encyclopedia of Photography does, with each turn of the page.

History: The technical origins and evolution of photography are half of the story. The other half consists of the ways that cultural forces have transformed photography into a constellation of practices more diverse than any other mode of representation.

Photographers can tell a more in-depth story through a photo like Dorothea Lange's Migrant Mother than a journalist ever could with the written word alone. Major themes and practitioners:

Over 25 entries, many with supporting illustrations, examine the figures, trends, and ideas that have contributed most heavily to the history and current state of photography. Contemporary

issues: The issues influencing photography today are more complex than at any other time in its history. Questions of ethics, desire, perception, digitization, and commercialization all vie for attention. Hear what the experts have to say about crucial issues such as whether or not the images we take today will last the test of time, and if so, how? When material is covered this skillfully, concise is no compromise. The Concise Focal Encyclopedia of Photography is packed with useful information, compelling ideas, and - best of all - pure pleasure.
