**Días ejemplares** Santiago Rodríguez Guerrero-Strachan.2019-10-15 Whitman escribió 'Días ejemplares' en la vejez con el propósito de dejar constancia de lo que había sido su vida en unos momentos muy convulsos de la historia de los Estados Unidos. Con motivo de un viaje a la tierra de sus antepasados, concibió el proyecto autobiográfico del que ya había escrito la parte de la Guerra Civil. Además, utilizó fragmentos de sus colaboraciones periodísticas que trataban del viaje que hizo al oeste del país y donde encontró el alma y la energía de los estadounidenses. Esta edición presenta, por primera vez en España, el texto completo del libro e incluye los años de infancia y juventud en Brooklyn, los años que pasó como voluntario en los hospitales de Washington durante la Guerra Civil, la estancia en el campo para recuperarse de la hemiplejía que sufrió y su viaje al oeste. Acompañan a la traducción una introducción que sitúa en el contexto histórico y literario de la época estos 'Días ejemplares', y notas a pie de página que pretenden despejar las dudas culturales, históricas y textuales que el texto suscita.

El Papa tendría un papel crucial a la hora de evitar un enfrentamiento armado de consecuencias imprevisibles.

**Journey to the Center of the Earth** Jules Verne.2021-01-26 As one of the many installments in Jules Verne's Voyage Extraordinaire series, Journey to the Center of the Earth promises high stakes and thrilling adventure. When Professor Otto Lidenbrock bought an ancient runic manuscript, which chronicles the lives of Norwegian Kings, he did not expect to learn of anything but the history of Icelandic leaders. However, upon further inspection, Lidenbrock and his nephew, Axel, find that the manuscript includes a coded message written by a 16th century alchemist. After rigorous translating and decoding, Axel and Lidenbrock discover the content of the note, in which the author reveals that it is possible to travel to the center of the Earth through volcanic passages. When Lidenbrock heard the news, he immediately started preparations to start the journey, though Axel was skeptical. When Lidenbrock's will proves to be more powerful than his nephew's doubt, the two decide to make the journey, recruiting an Icelandic tour guide named Hans on the way. As the three men make their way to inactive volcanic tubes, they embark on a high-stake adventure, facing dangers of cave-ins, subpolar tornados, an underground ocean and prehistoric creatures. The three men stay strong in their adventure, knowing the risky journey promises superior knowledge and acclaim, granted that they make it out alive. With the combination of science fiction and the adventure genre, Jules Verne created a novel that captures the attention of his audience. Originally published in 1864, Journey to the Center of the Earth still provides modern readers with entertainment and insight with its detailed and imaginative prose. Journey to the Center of the Earth can be read independently or as a companion to the other titles of Jules Verne's critically acclaimed series, Voyage Extraordinaire. This edition of Journey to the Center of the Earth by Jules Verne now features an eye-catching cover design and is printed in a stylish and readable font, crafting an assessible and pleasant reading experience for modern audiences.

**Into the Wild** Jon Krakauer.2009-09-22 NATIONAL BESTSELLER • In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. Four months later, his decomposed body was found by a moose hunter. This is the unforgettable story of how Christopher Johnson McCandless came to die. It may be nonfiction, but Into the Wild is a mystery of the highest order. —Entertainment Weekly McCandless had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Not long after, he was dead. Into the Wild is the mesmerizing, heartbreaking tale of an enigmatic young man who goes missing in the wild and whose story captured the world's attention. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

En un continente dividido por la naturaleza, la política, la guerra y la religión, surgen rebeliones, asesinatos y sacrificios humanos, que hasta ese momento la vida monacal ha mantenido a raya.

Narcoland Anabel Hernandez. 2013-09-10 The product of five years' investigative reporting, the subject of intense national controversy, and the source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel Hernández, *Narcoland* has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, *Narcoland* takes readers to the front lines of the "war on drugs," which has so far cost more than 60,000 lives in just six years. Hernández explains in riveting detail how Mexico became a base for the mega-cartels of Latin America and one of the most violent places on the planet. At every turn, Hernández names names - not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico's government and business elite. Hernández became a journalist after her father was kidnapped and killed and the police refused to investigate without a bribe. She gained national prominence in 2001 with her exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at the summit of power, under presidents Vicente Fox and Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, "Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major challenges in terms of press freedom. In making this award, we recognize the strong stance Ms. Hernández has taken, at great personal risk, against drug cartels."

*El número de Dios* José Luis Corral. 2020-03-05 Recuperación de una obra icónica de José Luis Corral en el año del octavo centenario de la construcción de la Catedral de Burgos. La primera mitad del siglo XIII fue el tiempo de las mujeres y de las catedrales, una época de culto a la poesía, al amor y a la inteligencia. Su manifestación artística más sublime fue la catedral gótica, donde se fusionaron de manera sublime la belleza estilística, el orgullo ciudadano y la espiritualidad cristiana. Pero este tiempo fue también una época de persecuciones religiosas que obligaron a la clandestinidad y al silencio a personajes como la protagonista de *El número de Dios*, Teresa Rendol. Hija de un maestro pintor cántaro y pintora ella misma desde muy joven, su azarosa vida la llevó a ser testigo privilegiado de la construcción de las catedrales de Burgos y León, y a entrar en contacto con uno de los secretos mejor guardados, transmitidos de generación en generación entre el gremio de arquitectos, «el número de Dios», el secreto sobre el que se sustentó la construcción de las catedrales en el nuevo estilo importado de Francia. En esta novela, reeditada ahora por B de Bolsillo, José Luis Corral ofrece una fascinante y sensual mirada sobre unos años decisivos en la evolución artística e ideológica de la historia de Europa, al tiempo que desentraña un misterio de extraordinaria magnitud.

**El gran reformador** Austen Ivereigh. 2023-11-23 Una exhaustiva y profunda biografía sobre el papa Francisco que aporta detalles no revelados hasta la fecha sobre el origen del ambicioso programa de este pontífice único. Basándose en extensas entrevistas realizadas en Argentina, Roma y otros escenarios, así como en años de estudio sobre la Iglesia católica contemporánea, *El Gran Reformador* cuenta la historia de Jorge Mario Bergoglio, el hombre que pasó de hijo de inmigrantes italianos de clase media-baja nacido en Buenos Aires a líder espiritual de más de mil millones de católicos en todo el mundo. La presente biografía, íntima y ambiciosa, arroja luz sobre una historia muy poco explicada: la influencia que sobre el Papa Francisco tuvo el movimiento nacionalista en Argentina y la inspiración que recibió de los primeros misioneros jesuitas; su compromiso radical con una Iglesia para los pobres; su liderazgo visionario pero controvertido de los jesuitas argentinos; así como la espeluznante cuerda floja por la que transitó durante la dictadura militar de la década de 1970. Apoyado en fuentes primarias y en numerosas entrevistas con coetáneos, el libro sigue su notable labor como obispo y arzobispo en momentos de crisis en el Vaticano. Además, cuenta la historia, hasta hoy inédita, de cómo y por qué fue elegido Papa. La profundidad de su análisis y la originalidad de sus planteamientos aportan emoción a este relato del viaje de un hombre que se halla en la encrucijada de la fe y la política.
