Author and mathematician Steven Strogatz shares a deep secret he has discovered - that calculus is the primary operating code of the universe! He shows you how every expression of nature that you see can be broken down into a set of differential equations. Once you understand how calculus runs the cosmos, the universe will open up to you in unimaginable ways! What does this ZIP Reads Summary Include? - Synopsis of the original book - Key takeaways from each chapter - Easily understood explanations for complicated mathematical principles - History of calculus and many modern applications - Editorial Review - Background on Steven Strogatz

About the Original Book: In *Infinite Powers*, Strogatz attempts to show us the link between the universe and calculus. Everything human civilization has created has been based on some form of calculus, including cellphones, radios, HIV drugs, and human genome technology. Strogatz makes a compelling argument that without integral and differential equations, there would be no modern civilization. *Infinite Powers* is a classic description of the history, development, and future of calculus, as well as the phenomenal mathematicians who mastered it. Outcast: A Jewish Girl in Wartime Berlin Inge

Deutschkron.2019-08-15 In 1933, when she is ten, Berliner Inge Deutschkron learns that she is a Jew. At first her family is at greater risk for their leftist politics than because they are Jews. Her father flees to England; Inge and her mother hide in plain sight as non-Jews, dependent on the underground network for their survival, in constant danger of discovery or betrayal. Otto Weidt employed Inge in the office of his workshop for the blind. Toward the end of the war, Inge and her mother manage to leave Berlin, and eventually emigrate to England. Inge Deutschkron became an Israeli citizen and an editor of Maariv. "One of the greatest successes of German memoir literature" — Andreas Platthaus, *Frankfurter Allgemeine* "... invaluable as testimony of the war years of one of Berlin's 12,000 surviving Jews." — Kirkus Reviews "[A] simple and charming memoir by a Jewish woman of how she survived as a girl in her late teens in wartime Berlin... Unsentimental, resilient and aware that luck can make all the difference, Inge Deutschkron... has remained a true Berliner." — István Deák, *The New York Review of Books*

Feminism, Literature and Rape Narratives Sorcha Gunne, Zoe Brigley Thompson. 2012-08-06 The essays in this volume discuss narrative strategies employed by international writers when dealing with rape and sexual violence, whether in fiction, poetry, memoir, or drama. In developing these new feminist readings of rape narratives, the contributors aim to incorporate arguments about trauma and resistance in order to establish new dimensions of healing. This book makes a vital contribution to the fields of literary studies and feminism, since while other volumes have focused on retroactive portrayals of rape in literature, to date none has focused entirely on the subversive work that is being done to retheorize sexual violence. Split into four sections, the volume considers sexual violence from a number of different angles. 'Subverting the Story' considers how the characters of the victim and rapist might be subverted in narratives of sexual violence. In 'Metaphors for Resistance,' the essays explore how writers approach the subject of rape obliquely using metaphors to represent their suffering and pain. The controversy of not speaking about sexual violence is the focus of 'The Protest of Silence,' while 'The Question of the Visual' considers the problems of making sexual violence visible in the poetic image, in film and on stage. These four sections cover an impressive range of world writing which includes curriculum staples like Toni Morrison, Sarah Kane, Sandra Cisneros, Yvonne Vera, and Sharon Olds.

How We Desire Carolin Emcke. 2018-05-28 What if, instead of discovering our sexuality only once, during puberty, we discover it again later—and then again, after that? What if our sexuality reinvents itself every time our desire shifts, every time the object of our desire changes? What if the nature of our desire is constantly changing—growing deeper, lighter, wilder, more reckless, more tender, more selfish, more devoted, more radical? *How We Desire* is an enthralling essay about gender, sexuality and love by one of Germany's most admired writers. It's about growing up, and discovering the contours of desire and difference, about understanding that we sometimes 'slip into norms the way we slip into clothes, putting them on because they're laid out ready for us'. In telling her own story, Emcke draws back the veil on how we experience desire, no matter what our sexual orientation. And she examines how prejudice against homosexuality has survived its decriminalisation in the west. This marvellous book pays homage to the radical magic and liberating tenderness of desire itself. Carolin Emcke was born in 1967. She studied philosophy, politics and history in London, Frankfurt and at Harvard. From 1998 to 2013 she reported from war and crisis zones including Kosovo, Afghanistan, Pakistan, Iraq, Gaza and Haiti. She has written a number of books, and in 2016 she received the Peace Prize of the German Book Trade, which has also been won by Svetlana Alexievich, Orhan Pamuk and Susan Sontag. *How We Desire* is the first book by Carolin Emcke to be translated into English. 'Hypnotic.' Sydney Morning Herald 'A beautiful account of discovering and rediscovering one's identity.' Otago Daily Times 'Delicate and vulnerable, angry, passionate, clever and thoughtful. An amazing work.' Westdeutsche Allgemeine Zeitung 'Her words tremble with fury...A compelling conversation, urging readers to rethink the borderlands of the erotic.' Australian 'Huge intellect and tremendous energy.' Radio NZ

The Hurried Child David Elkind.2010-09-07 With the first edition of *The Hurried Child*, David Elkind emerged as the voice of parenting reason, calling our attention to the crippling effects of hurrying our children through life. He showed that by blurring the boundaries of what is age appropriate, by expecting--or imposing--too much too soon, we force our kids to grow up too fast, to mimic adult sophistication while secretly yearning for innocence. In the more than two decades since this book first appeared, new generations of parents have inadvertently stepped up the assault on childhood, in the media, in schools, and at home. In the third edition of this classic (2001), Dr. Elkind provided a detailed, up-to-the-minute look at the Internet, classroom culture, school violence, movies, television, and a

growing societal incivility to show parents and teachers where hurrying occurs and why. And as before, he offered parents and teachers insight, advice, and hope for encouraging healthy development while protecting the joy and freedom of childhood. In this twenty-fifth anniversary edition of the book, Dr. Elkind delivers important new commentary to put a quarter century of trends and change into perspective for parents today.

Making Bodies, Making History Leslie A. Adelson.1993-01-01 In West German literature in the 1970s and 1980s bodies functioned not as victims of history nor as allegories for the nation but as sites of contested identities. Focusing on conflicts about identity in present-day Germany and on literary texts in which the body is an aesthetic construct, Leslie A. Adelson reformulates questions of embodiment and historical agency—questions that continue to haunt culture studies in general and German studies and women's studies in particular. This interdisciplinary study of history, race, gender, and nationality offers rich readings of three contemporary prose texts that challenge the suppositions of prevalent literary theory—Anne Duden's *Übergang*, *TORKAN's Tufan: Brief an einen islamischen Bruder*, and Jeanette Lander's *Ein Sommer in der Woche der Itke*. K. Adelson's discussion of heterogeneous identities in contemporary German culture boldly explores accountability and innovation in historical process.

Why Men Don't Have a Clue and Women Always Need More Shoes Barbara Pease, Allan Pease. 2004-01-13 Do you know the top seven things men do that drive women nuts? Or the real reason women cry more than men do? What are men really looking for in a woman—both at first sight and for the long-term? These are only the starting points for Barbara and Allan Pease as they discuss the very real—and often very funny—differences between the sexes. *Why Men Don't Have a Clue and Women Always Need More Shoes* takes a look at some of the issues that have confused men and women for centuries. Using new findings on the brain, studies of social changes, evolutionary biology, and psychology, the Peases teach you how to make the most of your relationships—or at least begin to understand where your partner is coming from. They help women understand why men avoid commitment, what drives them to lie, and how to decode male speech to find out what they are really saying. They explain to men why women nag, how they use emotional blackmail, and how to understand (and take advantage of!) the top-secret scoring system all women apply. They also dish about the top turn-ons--and turn-offs--for both sexes. Laced with their trademark humor, *Why Men Don't Have a Clue and Women Always Need More Shoes* addresses a host of nitty-gritty battlegrounds as well, from channel surfing and toilet seats to shopping and communication. Already a #1 bestseller in the United Kingdom, Germany, Japan, Holland, Spain, Brazil, Portugal, Belgium, Ireland, France, Czech Republic, India, Singapore, Malaysia, South Africa, New Zealand, and Australia, *Why Men Don't Have a Clue and Women Always Need More Shoes* is the answer to understanding the opposite sex.

Taken by Force J. Robert Lilly.2007-07-15 Sociologist and criminologist Professor Bob Lilly makes unprecedented use of military records and trial transcripts to throw light on one of the overlooked consequences of the US Army's presence in Western Europe between 1942 and 1945: the rape of an estimated 14,000 civilian women in the United Kingdom, France and Germany. By focusing on a group of men - the 'greatest generation' - more commonly idolized in the Western historical imagination, the study makes an important and original contribution to our understanding of sexual violence in armed conflict. Taken by Force speaks as often as possible through the protagonists themselves and examines the differing social contexts prevailing in each country where the crimes were committed. Attention is also given to the racial dimension of this issue: the disproportionate number of black GIs prosecuted and the relative harshness of their sentences when convicted.

Gestures Vilém Flusser. 2014-06-01 Throughout his career, the influential new media theorist Vilém Flusser kept the idea of gesture in mind: that people express their being in the world through a sweeping range of movements. He reconsiders familiar actions—from speaking and painting to smoking and telephoning—in terms of particular movement, opening a surprising new perspective on the ways we share and preserve meaning. A gesture may or may not be linked to specialized apparatus, though its form crucially affects the person who makes it. These essays, published here as a collection in English for the first time, were written over roughly a half century and reflect both an eclectic array of interests and a durable commitment to phenomenological thought. Defining gesture as “a movement of the body or of a tool attached to the body for which there is no satisfactory causal explanation,” Flusser moves around the topic from diverse points of view, angles, and distances: at times he zooms in on a modest, ordinary movement such as taking a photograph, shaving, or listening to music; at others, he pulls back to look at something as vast and varied as human “making,” embracing everything from the fashioning of simple tools to mass manufacturing. But whatever the gesture, Flusser analyzes it as

the expression of a particular form of consciousness, that is, as a particular relationship between the world and the one who gestures.

Trust in the World Josef Früchtl.2017-09-20 This book examines the theory, originally raised in Gilles Deleuze's philosophy of film, that cinema has the power to restore our trust in the world.

Früchtl demonstrates that cinema does this in three main ways: by restoring our belief in the absurd, in the body and in a sceptical abstention from judging and acting. Cinema shares this ability with other arts, but what sets it apart in particular is that it evokes Modernity and its principle of subjectivity. This book further develops the idea of trust and cinema by synthesizing the philosophies of complementary thinkers such as Kant, Nancy, Agamben, Benjamin and Rancière. It concludes with examination of Cavell's solution to the problem of scepticism and a synthesis of Kantian aesthetic theory with Cavellian pragmatism. Originally published in German under the title *Vertrauen in die Welt*, this English-language translation features a new introduction that situates Früchtl's work within contemporary analytical philosophy of film. It will be of interest to scholars working in Continental aesthetics, philosophy of film, and film theory.

Brothers in War Michael Walsh.2007 The Beecheys were a close-knit family: eight brothers and five sisters under the loving eye of their mother. But swept into the devastation of the Great War, the brothers paid the ultimate price for King and country, one after another. A family sacrifice almost without parallel, it was forgotten and unmarked - until now. In a small case handed down through the family were hundreds of letters from the boys. Scraps of paper scribbled on in the firing line, heartfelt deathbed letters and exasperated notes detailing life in the trenches.

Piecing together the Beechey story, Michael Walsh interweaves

theses letters with a moving account of the war, and its shattering effects at home and abroad.

Three-Way Street Jay Howard Geller, Leslie Morris. 2021-03-11 As German Jews emigrated in the nineteenth and early twentieth centuries and as exiles from Nazi Germany, they carried the traditions, culture, and particular prejudices of their home with them. At the same time, Germany—and Berlin in particular—attracted both secular and religious Jewish scholars from eastern Europe. They engaged in vital intellectual exchange with German Jewry, although their cultural and religious practices differed greatly, and they absorbed many cultural practices that they brought back to Warsaw or took with them to New York and Tel Aviv. After the Holocaust, German Jews and non-German Jews educated in Germany were forced to reevaluate their essential relationship with Germany and Germanness as well as their notions of Jewish life outside of Germany. Among the first volumes to focus on German-Jewish transnationalism, this interdisciplinary collection spans the fields of history, literature, film, theater, architecture, philosophy, and theology as it examines the lives of significant emigrants. The individuals whose stories are reevaluated include German Jews Ernst Lubitsch, David Einhorn, and Gershom Scholem, the architect Fritz Nathan and filmmaker Helmar Lerski; and eastern European Jews David Bergelson, Der Nister, Jacob Katz, Joseph Soloveitchik, and Abraham Joshua Heschel—figures not normally associated with Germany. Three-Way Street addresses the gap in the scholarly literature as it opens up critical ways of approaching Jewish culture not only in Germany, but also in other locations, from the mid-nineteenth century to the present.
