Small Country Gaël Faye.2018-06-05 Already an international sensation and prize-winning bestseller in France, an evocative coming-of-age story of a young boy, a lost childhood and a shattered homeland. SHORTLISTED FOR THE ALBERTINE PRIZE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY ESQUIRE • LONGLISTED FOR THE ANDREW CARNEGIE MEDAL FOR EXCELLENCE IN FICTION • LONGLISTED FOR THE ASPEN WORDS LITERARY PRIZE Burundi, 1992. For ten-year-old Gabriel, life in his comfortable expatriate neighborhood of Bujumbura with his French father, Rwandan mother and little sister Ana, is something close to paradise. These are carefree days of laughter and adventure - sneaking Supermatch cigarettes and gorging on stolen mangoes - as he and his mischievous gang of friends transform their tiny cul-de-sac into their kingdom. But dark clouds are gathering over this small country, and soon their peaceful existence will shatter when Burundi, and neighboring Rwanda, are brutally hit by civil war and genocide. A novel of extraordinary power and beauty, *Small Country* describes an end of innocence as seen through the eyes of a child caught in the maelstrom of history. Shot through with shadows and light, tragedy and humor, it is a stirring tribute not only to a dark chapter in Africa's past, but also to the bright days that preceded it.

Crisis and Renewal in France, 1918-1962 Kenneth Mouré, Martin S. Alexander.2002-02-01 Since 1914, the French state has faced a succession of daunting and at times almost insurmountable crises. The turbulent decades from 1914 to 1969 witnessed near-defeat in 1914, economic and political crisis in 1926, radical political polarization in the 1930s, military conquest in 1940, the deep division of France during the Nazi Occupation, political reconstruction after 1944, de-colonization (with threatening civil war provoked by the Algerian crisis), and dramatic postwar modernization. However, this tumultuous period was not marked just by crises but also by tremendous change. Economic, social and political modernization transformed France in the twentieth century, restoring its confidence and its influence as a leader in global economic and political affairs. This combination of crises and renewal has received surprisingly little attention in recent years. The present collection show-cases significant new scholarship, reflecting greater access to French archival sources, and focuses on the role of crises in fostering modernization in areas covering politics, economics, women, diplomacy and war.

Investing in Cultural Diversity and Intercultural Dialogue Unesco.2009-01-01 This report analyses all aspects of cultural diversity, which has emerged as a key concern of the international community in recent decades, and maps out new approaches to monitoring and shaping the changes that are taking place. It highlights, in particular, the interrelated challenges of cultural diversity and intercultural dialogue and the way in which strong homogenizing forces are matched by persistent diversifying trends. The report proposes a series of ten policy-oriented recommendations, to the attention of States, intergovernmental and non-governmental organizations, international and regional bodies, national institutions and the private sector on how to invest in cultural diversity. Emphasizing the importance of cultural diversity in different areas (languages, education, communication and new media development, and creativity and the marketplace) based on data and examples collected from around the world, the report is also intended for the general public. It proposes a coherent vision of cultural diversity and clarifies how, far from being a threat, it can become beneficial to the action of the international community.

The Next American Essay John D'Agata.2003-02 A collection of nonfiction essays on such topics as culture, myth, history, romance, and sex includes contributions by such authors as Guy Davenport, Annie Dillard, Jamaica Kincaid, and Susan Sontag. In this singular collection, John D'Agata takes a literary tour of lyric essays written by the masters of the craft. Beginning with 1975 and John McPhee's ingenious piece, the Search for Marvin Gardens, D'Agata selects an example of creative nonfiction for each subsequent year. These essays are unrestrained, elusive, explosive, mysterious, a personal lingual playground. They encompass and illuminate culture, myth, history, romance, and sex. Each essay is a world of its own, a world so distinctive it resists definition.

Only Love Can Save Us Pope Francis.2013-10-18 Only the commandment of love, in all its simplicity - steady, humble, unassuming but firm in conviction and in commitment to others - can save us. - Te Deum homily of Cardinal Jorge Bergoglio, May 25, 2012 As Pope Francis speaks from a new and much larger pulpit, it is easy to forget not only the many challenges he faced as Cardinal Jorge Bergoglio in Buenos Aires, Argentina, but also the many events that shaped the perspective he is now sharing as pope. This collection of homilies, letters, and talks from his years as cardinal in Argentina reveals his consistent love for the poor and joy in Christ as he covers a wide range of topics of interest to all Catholics - marriage, prayer, faith, education, evangelization, the elderly, children, the homeless, vocations, and more. The frank and open style that has endeared him to the world as pope is fully evident in these approachable pieces that give insight into the mind of the man who would become Pope Francis.

On Being a Pagan Alain De Benoist.2018-04-23 What is paganism? In this penetrating and tightly argued manifesto, French philosopher Alain de Benoist seeks to answer this question with passionate intellectual vigor and a tremendous erudition. Arising out of the monotheism vs. polytheism debate that reverberated through Parisian intellectual circles in the late 1970s, this is neither a survey of ancient, pre-Christian religions, nor is it an argument on behalf of any modern neo-pagan sect. *On Being a Pagan* draws on Nietzsche, Heidegger, ancient philosophy and mythology, and biblical hermeneutics to articulate a pagan theology based on a common Indo-European foundation. In keeping with the critical tradition which hearkens back to the Greek philosopher Celsus, Benoist contrasts the heroic pagan worldview with Christianity's attempts to hobble everything that is beautiful and strong. He compares the cyclical pagan conception of time to the de-mythologizing, linear understanding of history favored by the prophets. Most disturbingly, he traces the roots of modern totalitarianism and intolerance--of both the left and the right--to the leveling ideology of ancient Judeo-Christian monotheism, with its underlying rejection of diversity and différence. Originally published to wide critical acclaim in 1981, Benoist's text is as relevant today as it was when it first appeared--and perhaps even more so for the English-speaking world. This newly revised translation now features an extensive interview with the author, and includes his reflections (both positive and negative) on the various groups and individuals that have attempted to resurrect the pagan spirit. Rather than simply dissecting the 2,000-year Christian interregnum, Benoist's greater purpose is to point the way forward to a world that could have been, and which may only now be in the first stages of being reborn.

I, Little Asylum Emmanuelle Guattari.2014-10-10 A lyrical account of a childhood spent in a castle disguised as a psychiatric clinic, written by the daughter of Félix Guattari. A moment later, Lacan is chattering with me, and giving me some crayons to draw with. —from *I, Little Asylum* Founded in 1951 and renowned in the world of psychiatry, the experimental psychiatric clinic of La Borde sought to break with the traditional internment of the mentally ill and to have them participate in the material organization of collective life. The clinic owed much of its approach to psychoanalyst and philosopher Félix Guattari, who was its codirector with Jean Oury until 1992. In this lyrical chronicle of a childhood at La Borde, Félix Guattari's daughter Emmanuelle Guattari offers a series of impressionistic vignettes drawn from her own experiences. As a child whose parents worked in the clinic, Emmanuelle Guattari ("Manou") experienced La Borde—which is housed in a castle in the middle of a spacious park—as a place not of confinement but of imagination and play. She evokes a landscape that is surreal but also mundane, describing the fat monkey named Boubou her father kept at the clinic, interactions between the "La Borde kids" and the "Residents" (aka, the "Insane," feared by the locals), the ever fascinating rainbow-hued "shit pit" on the grounds, and prank-calls to the clinic switchboard. And, of course, there is Félix Guattari himself, at the dinner table, battling a rat, and in his daughter's dreams. Emmanuelle Guattari's tale of childlike wonder offers a poetic counterpoint to the writings of her father and his intellectual circle.

The Book of Pearl Timothee de Fombelle.2018-02-06 In prose as magical and intricate as the tale it tells, Timothée de Fombelle delivers an unforgettable story of a first love that defines a lifetime. Joshua Pearl comes from a world that we no longer believe in — a world of fairy tale. He knows that his great love waits for him there, but he is stuck in an unfamiliar time and place — an old-world marshmallow shop in Paris on the eve of World War II. As his memories begin to fade, Joshua seeks out strange objects: tiny fragments of tales that have already been told, trinkets that might possibly help him prove his own story before his love is lost forever. Sarah Ardizzone and Sam Gordon translate the original French into a work both luminous and layered, enabling Timothée de Fombelle's modern fairy tale to thrum with magic. Brimming with romance and history, mystery and adventure, this ode to the power of memory, storytelling, and love will ensnare any reader's imagination, and every reader's heart.

Greek Wisdom Literature and the Middle Ages Francisco Rodríguez Adrados.2009 In 13th-century Toledo, King Alfonso the Wise fostered the publication of Castilian translations of certain Arabic works that had in turn been translated from Greek and Pehlvi. In this book, which is the revised English version of the Spanish original published under the title of *Modelos griegos de la sabiduría castellana y europea*, the author studies four of these Castilian translations - the *Libro de los Buenos Proverbios*, *Poridad de las Poridades* or *Secreto de secretos*, *Bocados de Oro* and *Historia de la Donzella Teodor* - works of sapiential literature that had an enormous influence in all of Europe. Their Arabic models had been translated from Greek in Bagdad at the instigation of the great caliphs of the 9th century and also in the Fatimid court at Cairo in the 11th century. The traditional view is that this literature is simply of oriental origin, but the author believes that the models were Greek Byzantine works discovered by the Arabs in Syria and Egypt in the 7th and 8th centuries. Their true origin is to be found in the Greek sapiential literature that developed around the figures of Socrates, Plato, Aristotle and Alexander in the Hellenistic, Roman and Byzantine schools of philosophy; its influence can frequently be found reflected in authors of Christian literature. A detailed study of themes, vocabulary and expressions in the works themselves confirms these origins.

Sakura's Cherry Blossoms Robert Paul Weston.2018-02-20 A warm, gorgeous exploration of a little girl's experience immigrating to a new country and missing her home and her grandmother, who still lives far away. Sakura's dad gets a new job in America, so she and her parents make the move from their home in Japan. When she arrives in the States, most of all she misses her grandmother and the cherry blossom trees, under which she and her grandmother used to play and picnic. She wonders how she'll ever feel at home in this new place, with its unfamiliar language and landscape. One day, she meets her neighbor, a boy named Luke, and begins to feel a little more settled. When her grandmother becomes ill, though, her family takes a trip back to Japan. Sakura is sad when she returns to the States and once again reflects on all she misses. Luke does his best to cheer her up - - and tells her about a surprise he knows she'll love, but she'll have to wait till spring. In the meantime, Sakura and Luke's friendship blooms and finally, when spring comes, Luke takes her to see the cherry blossom trees flowering right there in her new neighborhood. *Sakura's Cherry Blossoms* captures the beauty of the healing power of friendship through Weston's Japanese poetry-inspired text and Saburi's breathtaking illustrations.

Orthography, Phonology, Morphology and Meaning R. Frost, Marian Katz.1992-10-20 The area of research on printed word recognition has been one of the most active in the field of experimental psychology for well over a decade. However, notwithstanding the energetic research effort and despite the fact that there are many points of consensus, major controversies still exist. This volume is particularly concerned with the putative relationship between language and reading. It explores the ways by which orthography, phonology, morphology and meaning are interrelated in the reading process. Included are theoretical discussions as well as reviews of experimental evidence by leading researchers in the area of experimental reading studies. The book takes as its primary issue the question of the degree to which basic processes in reading reflect the structural characteristics of language such as phonology and morphology. It discusses how those characteristics can shape a language's orthography and affect the process of reading from word recognition to comprehension. Contributed by specialists, the broad-ranging mix of articles and papers not only gives a picture of current theory and data but a view of the directions in which this research area is vigorously moving.

The Rejection of Consequentialism Samuel Scheffler.1994-08-11 In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents must always act so as to produce the best available outcomes overall. Standard deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are always permitted, but not always required, to produce the best outcomes.

The Golden Age of Liberalism Naomi E. S. Griffiths.2011-09-30 This book explores the life and times of Roméo LeBlanc, one of Canada's most popular and successful politicians and statesmen. Probably best known as the long-standing fisheries minister in Pierre Trudeau's cabinet from 1974 to 1982, LeBlanc's career spanned the golden era of Liberalism in Canada. He capped his career during the nineties as the country's twenty-fifth governor general. Historian Naomi E. S. Griffiths spent many years reading through LeBlanc's papers and interviewing many of his colleagues to explore the worlds he moved in -- Paris in the late forties and early fifties, world capitals during his time as a journalist, and then Ottawa. As a writer with an in-depth knowledge of the Acadian communities of the Maritimes, she knows his roots very well. Her biography covers his early years in New Brunswick where he was born into rural poverty, his years as a journalist in Ottawa, his heyday as a minister in Trudeau's cabinet, and his years at Rideau Hall. Along the way, Ms. Griffiths reveals many intriguing insights about her subject's contemporaries, including Lester Pearson, Pierre Trudeau, and Jean Chrétien. She also discusses the importance of LeBlanc's Acadian heritage in animating all that he did. This engrossing biography illuminates the life of one of Canada's most beloved politicians and statesmen and, with it, a fascinating era in our history.

Shelter Provision and Employment Generation United Nations Centre for Human Settlements, International Labour Office.1995 The need for

adequate shelter and increased employment opportunities worldwide has been intensified by rapid growth in population, poverty and unemployment, especially in the urban areas of developing countries. Yet, investment in housing has declined significantly. It is therefore essential, as emphasized by the Global Strategy for Shelter to the Year 2000 and by Agenda 21 of the United Nations' conference on Environment and Development, for governments to adopt realistic and flexible housing policies, and to encourage the development of an efficient and sustainable construction industry.; Th.

Thinking Syntactically Liliane Haegeman.2009-02-04 Thinking Syntactically: A Guide to Argumentation and Analysis is a textbook designed to teach introductory students the skills of relating data to theory and theory to data. Helps students develop their thinking and argumentation skills rather than merely introducing them to one particular version of syntactic theory. Structured around a wide range of exercises that use clear and compelling logic to build arguments and lead up to theoretical proposals. Data drawn from current media sources, including newspapers, books, and television programs, to help students formulate and test hypotheses. Generative in spirit, but does not focus on specific theoretical approaches but enables students to understand and evaluate different approaches more easily. Written by an established author with an international reputation.

The Yam Lucien Degras.1993 This study of the dioscorea genus or yam, consisting of 600 species, is a synthesis of new information. In this world of famine, the yam must play a leading role in the regions it is grown. Its cultivation may even increase once the problems which this book highlights have been resolved. The text fills a critical gap, summarizing what is known about the yam; it is also significant because it asks many questions, and encourages further experimentation.

A Prince Without a Kingdom Timothée de Fombelle.2015-08-04 International award winner Timothée de Fombelle brings the breathtaking global adventure of Vango to a thrilling conclusion. Fleeing dark forces and unfounded accusations across Europe in the years between World Wars, a young man named Vango has been in danger for as long as he can remember. He has spent his life running along rooftops, fleeing to isolated islands, and evading capture across Russia, Paris, New York, and Italy. Narrow escapes, near misses, and a dash of romantic intrigue will rivet adventurous teens to their seats as Vango continues to unravel the mysteries of his past. In the shadow of a rapidly changing world, can Vango find those who have hunted him for so long and uncover his true identity?

Captain Rosalie Timothee de Fombelle.2019-06-11 Timothée de Fombelle and Isabelle Arsenault capture the heart-wrenching cost of war for one small girl in a delicately drawn, expertly told tale. While her father is at war, five-year-old Rosalie is a captain on her own secret mission. She wears the disguise of a little girl and tracks her progress in a secret notebook. Some evenings, Rosalie's mother reads aloud Father's letters from the front lines, so that Rosalie knows he is thinking of her and looking forward to the end of the war and to finally coming home. But one day a letter comes that her mother doesn't read to her, and Rosalie knows her mission must soon come to an end. Author Timothée de Fombelle reveals the true consequence of war through the experiences of small, determined Rosalie, while acclaimed artist Isabelle Arsenault illustrates Rosalie's story in muted grays marked with soft spots of color — the orange flame of Rosalie's hair, the pale pink of a scarf, the deep blue ink of her father's letters. All the more captivating for the simplicity with which it is drawn and told, this quiet tale will stay with the reader long after its last page is turned.

Thinking Through Translation Jeffrey M. Green.2010-09-01 Punctuated by thoughtful wit, this engaging volume of essays offers Jeffrey M. Green's personal and theoretical ruminations on the profession of translation. Green begins many of the essays by relating the specific techniques and problems associated with translating from Hebrew texts. From this intimate perspective, he forges wise reflections on such subjects as identifying and preserving the writer's voice, the cultural significance of translations and their contents, the research and travel that are part of a translator's everyday life, and the frequent puzzles associated with the craft. Green combines a contemporary frankness about the financial, practical, theoretical, and ethical aspects of translation with an aspiration to write "like a good literary critic of the old school"—considering the moral and spiritual implications of the translation as well as its content. Thinking Through Translation shows us, with eloquent honesty, that translation is a delicate art and skill, and presents the trade as a way of attaining insight about history, the world, and oneself.

The Craft of Translation John Biguenet,Rainer Schulte.1989-08-15 These essays offer insights into the understanding and craft of translation. The contributors not only describe the complexity of translating literature but also suggest the implications of the act of translation for critics, scholars, teachers, and students. The demands of translation, according to these writers, require both comprehensive scholarship in preparing to translate a text and broad creativity in recreating the text in a new language. Translation, thus, becomes a model for the most exacting reading and the most serious scholarship. Some of the contributors lay bare the rigorous methods of literary translation in comparisons of various translations of the same

piece some discuss the problems of translating a specific passage others speak about the lessons learned over the course of a career in translation. As these essays make clear, translators work in the space between languages and, in so doing, provide insights into the ways in which a culture makes the world verbal. --From publisher's description.
