Kessler. 2010-05-11 Follow the siren call to Emily's magical new adventure! Can the spunky half-mer girl pass Neptune's test--and help humans and merpeople get along? (Ages 8-12) Emily Windsnap is finally enjoying a swimmingly peaceful life on Allpoints Island, hanging out with her mermaid BFF, Shona, and her new friend Aaron (half-merperson like herself). But their idyll is cut short when Emily learns that the Windsnaps and friends must return to their old home in Brightport, where construction projects are threatening a secret mermaid community under the sea. Neptune's mandate? No less than an interspecies intervention to bring merpeople and humans together, a task the imperious god feels the mixed Windsnap family is well suited for. There are just a few snags for Emily, however, like dealing with old nemeses Mandy and Mr. Beeston, figuring out her feelings toward Aaron, and untangling a high-suspense mystery related to a group of legendary lost sirens. Everyone's favorite half-mermaid is back with a splash in a sparkling new adventure her fans will be eager to get their fins on.

*The Acquisition of German* Anne Vainikka,Martha Young-Scholten.2011-10-27 *The Acquisition of German: Introducing Organic Grammar* brings together work on the acquisition of German from over four decades of child L1 and immigrant L2 learner studies. The book's major feature is new longitudinal data from three secondary school students who began an exchange year in Germany with no German knowledge and attained fluency. Their naturalistic acquisition process — with a succession of stages described for the first time in L2 acquisition — is highly similar to that of younger learners. This has important implications for German teaching and for the theory of Universal Grammar and acquisition. Organic Grammar, a variant of generative syntax, is offered as a practical alternative to Chomsky's Minimalism. The analysis focuses on extensive monthly samples of the three students' German development in an input-rich environment. Similar to previous studies, the teenagers build syntactic structure from the bottom up. Two acquired correct word order by the end of the year, the third, who had greater conscious awareness of German grammar, had a divergent route of development, suggesting that language awareness can alter a natural developmental path. The results are addressed in light of recent debates in child-adult differences.

Deutsch Ohne Mühe Heute Hilde Schneider.1987 This book aims to take users from scratch to having a solid base in German within six months, and to feel comfortable with the language in as little as three months. In only half an hour a day users will move ahead naturally until they are at ease with all the basic structures needed for communication and become familiar with the basic words and grammar of German. The method comprises two phases: the passive phase, in which users simply repeat what they hear and read, and the active phase, in which users begin to create sentences and imagine themselves in a variety of everyday situations.

The Guardian of the Light Sergio Bambaren.2011-10-23 When Martin meets Paola during a business trip to Chile, he is charmed by her sensibility and simplicity. But living in different countries, everything points out that they will never see each other again; however, a series of magical events will make them fall in love and plan a future together. Love leads them to accept the challenge of transforming an old and abandoned lighthouse that overlooks the Pacific Ocean into their dream house; and without planning it, they meet an old man that will change their lives forever: the guardian of the light. A wonderful love story that encourages us to trust the power of love: capable to overcome prejudices, distance, and all the impossible odds that can only be overcome by crossing the crystal walls that life and society places in our hearts and in our minds.

**Concordancia Calderoniana / Konkordanz zu Calderón Teil III: Dramas** Pedro Calderón De La Barca. 2015-01-30 Im Rahmen der vollständigen Konkordanz der Werke Calderóns, deren Teile I und II für die Autos Sacramentales und das Teatro cómico breve bereits vorliegen, erscheinen nunmehr die Teile III und IV mit den Konkordanzen der Dramas und der Comedias. Grundlage auch dieser Konkordanzen ist - wie für die Konkordanz der Autos Sacramentales - die von Ángel Valbuena Prat und Ángel Valbuena Briones bei Aguilar herausgegebene Ausgabe der Obras completas von Calderón de la Barca. Die Teile III und IV der Konkordanz beinhalten das gesamte Vokabular der Dramas und Comedias in alphabetischer Reihenfolge, im keyword in context-Format. Das Quellfeld der Konkordanz enthält neben dem Nachweis des jeweiligen Werks und der sprechenden Person auch eine Seiten- und Zeilenzählung, so dass die Textstellen leicht zu identifizieren sind. Dem Konsens der scientific community entsprechend erscheinen auch die Teile III und IV der Calderón-Konkordanz in gedruckter Form. Hochfrequente Wörter werden allerdings nicht in die gedruckte Version aufgenommen. Mit Teil III und Teil IV der Concordancia Calderoniana liegt erstmals das gesamte sprachliche Material eines spanischen Theaterautors des Siglo de Oro in Form einer vollständigen, den neuesten

wissenschaftlichen Ansprüchen genügenden und leicht konsultierbaren Konkordanz vor. Calderóns Theater kann so von der Forschung als jenes Referenzwerk herangezogen werden, das es in der historischen Realität für die außerordentlich reiche Theaterproduktion des Siglo de Oro gewesen ist. Parts I and II of the complete concordance to Calderon's works, covering the Autos Sacramentales and the Teatro cómico breve have already been published. Now parts III and IV have been added, with concordances to the Dramas and Comedias. The concordances are based on the edition of Calderón's Obras completas by Ángel Valbuena Prat and Ángel Valbuena Briones, published by Aguilar. Parts III and IV contain the complete vocabulary of the Dramas and Comedias in alphabetical order, in a keyword in context format. The concordance's source field includes a reference to the work in question and the character speaking, a page and line number so that the passage can be easily identified. In accordance with the consensus of the academic community, parts III and IV of the Calderón concordance being published in hard copy. The most frequent words have not been included in the printed version. With the publication of parts III and IV of the Concordancia Calderoniana, the complete linguistic corpus of a Spanish Golden Age dramatist is for the first time available in a comprehensive concordance, easy to consult and up to date with the latest academic standards. Scholars can therefore draw on Calderón's plays as the reference work for the extraordinarily rich theatrical literature of the Siglo de Oro which they undoubtedly represent.

Our comprehensive range of products, services, and resources includes books supplied from more than 15,000 U.S., Canadian, and U.K. publishers and more. Much of its collection was seeded by Project Gutenberg back in the mid-2000s, but has since taken on an identity of its own with the addition of thousands of self-published works that have been made available at no charge. FreeComputerBooks goes by its name and offers a wide range of eBooks related to Computer, Lecture Notes, Mathematics, Programming, Tutorials and Technical books, and all for free! The site features 12 main categories and more than 150 sub-categories, and they are all well-organized so that you can

access the required stuff easily. So, if you are a computer geek FreeComputerBooks can be one of your best options. There aren't a lot of free Kindle books here because they aren't free for a very long period of time, though there are plenty of genres you can browse through. Look carefully on each download page and you can find when the free deal ends. It would be nice if we're able to download free e-book and take it with us. That's why we've again crawled deep into the Internet to compile this list of 20 places to download free e-books for your use. Since it's a search engine, browsing for books is almost impossible. The closest thing you can do is use the Authors dropdown in the navigation bar to browse by authors—and even then, you'll have to get used to the terrible user interface of the site overall.
