Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars). Because it's a charity, Gutenberg subsists on donations. If you appreciate what they're doing, please consider making a tax-deductible donation by PayPal, Flattr, check, or money order. Looking for the next great book to sink your teeth into? Look no further. As the year rolls on, you may find yourself wanting to set aside time to catch up on

reading. We have good news for you, digital bookworms — you can get in a good read without spending a dime. The internet is filled with free e-book resources so you can download new reads and old classics from the comfort of your iPad. It is the easy way to get anything and everything done with the tap of your thumb. Find trusted cleaners, skilled plumbers and electricians, reliable painters, book, pdf, read online and more good services. Wikibooks is an open collection of (mostly) textbooks. Subjects range from Computing to Languages to Science; you can see all that Wikibooks has to offer in Books by Subject. Be sure to check out the Featured Books section, which highlights free books that the Wikibooks community at large believes to be “the best of what Wikibooks has to offer, and should inspire people to improve the quality of other books.” If you’re looking for some fun fiction to enjoy on an Android device, Google’s bookshop is worth a look, but Play Books feel like something of an afterthought compared to the well developed Play Music. If you are looking for free eBooks that can help your programming needs and with your computer science subject, you can definitely resort to FreeTechBooks eyes closed.
