Becoming a Great Teacher of Reading Marie Carbo.2007-08 Are you looking for strategies that make learning to read easier and more fun for your students while bringing about significant increases in their performance results? Literacy expert Marie Carbo pairs identifying each learner's unique reading style with a wide range of differentiated strategies to help all learners experience greater reading success. Using these research-based methods, both novice and experienced teachers can increase reading achievement with all learners, including those who are at-risk, older, or have special needs, as well as English Language Learners. The author offers practical assistance for implementing strategies that meet the requirements of NCLB, Title I, Reading First, and many state initiatives. This teacher-friendly resource includes recommendations for: Closing the academic gap by focusing on learning strengths; Increasing readers' confidence and creativity; Accommodating students with special needs; [and] Using reading labs with older students. A powerful tool for nurturing a love of reading, *Becoming a Great Teacher of Reading* not only strengthens students' reading comprehension and increases their reading motivation and enjoyment, but also helps ensure their continuing academic success.--Publisher's website.

Learn Reading Master Course Level 2 Workbook April McMurtrey.2020-04-10 The Learn Reading Master Course is a real-world reading acquisition program for learners of all ages. It uses a frequency-of-use teaching model, introducing graphemes and phonemes in the order they appear in everyday English print. The lessons are multi-sensory and adhere to an Orton Gillingham foundation. The curriculum includes comprehensive instruction in phonemic awareness, phonics application, controlled blending, comprehension, vocabulary, sight words, fluency, expression, phrasing, and all aspects of proper reading instruction.April McMurtrey, the developer of the Learn Reading program, is a trained dyslexia specialist and has created this program to provide the necessary fundamental reading skills for even the most struggling readers, as well as keeping it challenging enough for more advanced or mature students.The lessons in the Master Course each include several short assignments, which keep busy minds and hands focused, and success and esteem high. In addition to the intense and intentional instruction, there are also games and activities incorporated into each lesson. Even sketching and/or acting out what the student is reading about is encouraged, to facilitate comprehension and to keep learning fun!Your student will also learn the 3 key aspects of the McMurtrey Method which are game changers in a young or struggling reader's life. They will learn how to use a physical reading guide and what is called pencil reading. This teaching method is what has helped even the most struggling readers finally break through and achieve reading success! The McMurtrey Method also includes the vowel placement strategy - which helps the reader understand what a vowel will say based on where it falls in a word, and the letters that surround it. The McMurtrey method will also teach the instructor the give a goal strategy which will help students learn HOW to read instead of how to guess.The Learn Reading Master Course is designed for all learners, at all ages and at all levels. The 80 lessons, which include step-by-step instructions for both teacher and student, will truly build any learner's strengths in all areas of reading acquisition.

Synonyms--Looking for Apples Literacy Center Kelly Hackett.2014-01-01 This easy-to-use, research-based literacy center focuses on the five areas of reading. The center contains differentiated activities to meet the needs of all learners, recommended children's literature, and a letter to build a school-home connection.

Comprehensive Literacy Basics Timothy Rasinski,Barbara A. Nelson,Nancy Boyles,Michael P. Ford,Margaret Mary Policastro,Kathy Brown,Sharon Vaughn,Sarah Martino,Shari Frost,Chase Young,Hillary Wolfe,Michelle J. Kelley,Nicki Clausen-Grace,Elaine M. Weber,Connie Dierking,Becky McTague,Kristin Lems,Nancy Witherell,Mary C. McMackin.2017 Teaching English language arts at grades K-5 is both a science and an art.

Educators must teach literacy skills and content with best practices, while also keeping focus on each student's individual needs. They are challenged to monitor students working independently while also conducting small group instruction. And they must focus on providing differentiated support with a rather complicated text. With increased attention to rigor, requirements, and personalized instruction, it can be a challenge to make sure all students are receiving instruction that is just right. *Comprehensive Literacy Basics: An Anthology* by Capstone Professional contains useful tips to support educators. Chapters focus on each part of the literacy and language arts block, including whole group, small group, writing, and differentiation. A collection of expert authors specializing in literacy and language arts instruction contributed chapters to the book. The quick tips and suggestions within will reinforce current practices while providing an invaluable go-to reference. FAMIS #902792539

Collective Leader Efficacy Peter M. DeWitt.2021-09-16 Not just another book on leadership teams For school teams to succeed, they need leadership, independence, meaningful collaboration, and a shared conviction that they have real power to enact actual change. Educators know this, but they often lack an inquiry process that creates a community of learning leaders that is capable of deep collective impact on student learning and wellbeing. In this research-based, hands-on guidebook, school leadership coach Peter DeWitt introduces eight key drivers to integrating teacher and leader efficacy (mindset, well-being, context beliefs, working conditions, professional learning, organizational commitment, skills, and confidence) and harnesses it with a process to help you focus on the nuances of instruction and teaming to develop powerful collective leader efficacy. Readers will find: Activities and strategies designed to build collective efficacy in instructional teams and foster leadership and interdependence among teachers Theories of action to focus team efforts and how to create your own Tools, reflection prompts, and guiding questions to help you define your desired outcomes and the steps necessary to get there With this book and the research within it, your instructional leadership team will develop a learner's mindset, a collective commitment to improvement, and a shared process for inquiry and continual growth so you can nurture greater impact together.

Differentiated Instructional Strategies for Reading in the Content Areas Carolyn Chapman,Rita King.2009-07-01 Increase understanding of content by strengthening every learner's reading skills! Featuring new strategies, updated research, expanded coverage of key topics, plus new material on English language learners, this revised edition offers substantive methods for increasing content learning by helping students become better readers. The authors explain how differentiated instruction, multiple intelligences, scaffolding, and other techniques can support reading comprehension, and help teachers: Create the right reading environment Assess readers effectively Incorporate guided reading, shared reading, the four-block model, language experience, and read-alouds Teach vocabulary using methods such as visuals, context clues, and miscue analysis Improve comprehension before, during, and after reading

Small Group Reading With Multilingual Learners Nancy Akhavan.2023-04-20 Watch multilingual students excel with high-engagement reading lessons Students acquiring English tend to bust every stereotype. The truth is, these learners come to school with linguistic assets, not deficits. They will excel with lively, just-right challenge lessons, and they thrive with opportunities to collaborate with peers. In this authoritative resource, bestselling author Nancy Akhavan shows teachers how to support students at the small-group table in acquiring English as well as developing as readers—simultaneously. Ready-to-go tools include: Essential background on the five stages of language acquisition How-tos for differentiating instruction based on students' levels of language proficiency as well as their reading proficiency Lesson sequences integrating oral language, phonics, spelling, vocabulary, word work, comprehension, and writing about reading Routines that augment talk about texts so multilingual learners can verbalize their knowledge and articulate thinking A companion website and multimodal scaffolds to support students across reading, writing, speaking, and listening When we gather at the reading table, we have just twenty minutes—we need to make it count. Now we can.

The Book Whisperer Donalyn Miller.2009-03-16 Turn any student into a bookworm with a few easy and practical strategies Donalyn Miller says she has yet to meet a child she can't turn into a reader. No matter how far behind Miller's students might be when they reach her 6th grade classroom, they end up reading an average of 40 to 50 books a year. Miller's unconventional approach dispenses with drills and worksheets that make reading a chore. Instead, she helps students navigate the world of literature and gives them time to read books they pick out themselves. Her love of books and teaching is both infectious and inspiring. In the book, you'll find: Hands-on strategies for managing and improving your own school library Tactics for helping students walk on their own two feet and continue the reading habit after they've finished with your class Data from student surveys and end-of-year feedback that proves how well the Miller Method works *The Book Whisperer* includes a dynamite list of recommended kid lit that helps parents and teachers find the books that students really like to read.
