Little Mary Sunshine Rick Besoyan. 1960 This hugely successful Off Broadway show played for almost three years at New York's Orpheum Theatre, winning an Obie award as the Best of the Season. Billed as a musical about an old operetta-Little Mary Sunshine gently spoofs such old-time favorites like Rose Marie and Naughty Marietta-but has a personality all its own. The plot is a little bit of everything: Colorado Rangers led by stalwart Captain Jim; the lovely Mary Sunshine, her 'naughty' maid Nancy; a chorus of giggling schoolgirls and the ominous but benevolent Indian chief. Hearts are won and lost and won again, in this delightful, laugh-filled and charming show. -- Publisher's description.

The Christ Child in Medieval Culture Theresa M. Kenney, Mary Dzon. 2012-01-01 The cult of the Christ Child flourished in late medieval Europe across lay and religious, as well as geographic and cultural boundaries. Depictions of Christ's boyhood are found throughout popular culture, visual art, and literature. The Christ Child in Medieval Culture is the first interdisciplinary investigation of how representations of the Christ Child were conceptualized and employed in this period. The contributors to this unique volume analyse depictions of the Christ Child through a variety of frameworks, including the interplay of mortality and divinity, the medieval conceit of a suffering Christ Child, and the interrelationships between Christ and other figures, including saints and ordinary children. The Christ Child in Medieval Culture synthesizes various approaches to interpreting the cultural meaning of medieval religious imagery and illuminates the significance of its most central figure.

Sweet Fire Elizabeth Pallitto. 2006-11-14 Tullia d'Aragona is one of the most renowned women writers from the Italian Renaissance. Given the title the courtesan poet, Tullia was loved and desired by many. This collection includes fifty-five of Tullia's best poems and a selection of pieces written to her and about her. Accompanying Tullia's poems is a series of risposte (responsive letters) written by well-known men of her day—including Girolamo Muzio, Benedetto Varchi and Lattanzio Bennucci—who offer poetic tributes to her honor, talent, and wit. In these poetic dialogues, Tullia shows herself a match to her male contemporaries in verbal and intellectual dexterity. In a poem written to Piero Manelli, Tullia argues for a female poet's equal right to fame and literary immortality. In a tribute of gratitude to her muse, friend, and editor—aptly named Muzio—she claims that loving such a talented writer reflects well upon her: the worth / was yours; but in loving you, the glory mine. Muzio, in turn, writes an introduction to Tullia's dialogue on love, praising the beauty of

her mind and the brightness of her soul's flame, refined by hardship and virtue. The quality of craftsmanship, the originality of thought, and the fiercely proud ambition in these poems set Tullia d'Aragona in a category apart from other women poets of the era. Her wish to be immortalized in print, renowned in her own eternal lines to time, will be fulfilled through this bilingual edition. Retaining the music of the Italian, these translations bring Tullia's work to life for an English audience.

Alexander Ponomarev Silvia Burini, Giuseppe Barbieri.2021-03-30 This eagerly awaited first monograph focuses on Alexander Ponomarev, one of Russia's most eminent and singular contemporary artists. Alexander Ponomarev is one of Russia's most widely known contemporary artists, renowned both at home and abroad. In 2014, he was featured in *Time* magazine as one of the 100 Leading Global Thinkers thanks to the vast range of devices he employs to express his ideas, such as drawings, vast, complex installations, and a variety of technologies. He also captures some of the planet's most extreme and least accessible landscapes, symbolizing what he views as a world that is culturally and morally adrift. The themes he tackles are those he considers of critical relevance to today's world: the rapport between science and art, the exploration of the Arctic and Antarctic, the retrieval of ancient engineering traditions vs. today's advanced technologies, and the crucial and urgent issue of climate change. The volume includes two ample introductory essays describing his position in the Russian context of art production over the twentieth and twenty-first centuries and his roots in the artistic and humanist culture of the early modern era (Vitruvius, Leonardo, Titian, and the major geographical explorations, etc.).

Gardens, Knowledge and the Sciences in the Early Modern Period Hubertus Fischer, Volker R. Remmert, Joachim Wolschke-Bulmahn.2016-06-03 This volume focuses on the outstanding contributions made by botany and the mathematical sciences to the genesis and development of early modern garden art and garden culture. The many facets of the mathematical sciences and botany point to the increasingly "scientific" approach that was being adopted in and applied to garden art and garden culture in the early modern period. This development was deeply embedded in the philosophical, religious, political, cultural and social contexts, running parallel to the beginning of processes of scientization so characteristic for modern European history. This volume strikingly shows how these various developments are intertwined in gardens for various purposes.

The Value of Worthless Lives Ilaria Serra.2022 The writer Giuseppe Prezzolini said that Italian immigrants left behind tears and sweat but not words, making their lives in America mostly in

silence, their memories private and stories untold. In this innovative portrait of the Italian-American experience, these lives are no longer hidden. Ilaria Serra offers the first comprehensive study of a largely ignored legacy--the autobiographies written by immigrants. Here she looks closely at fifty-eight representative works written during the high tide of Italian migration. Scouring archives, discovering diaries, and memoirs in private houses and forgotten drawers, Serra recovers the voices of the first generation--bootblacks and poets, film directors and farmers, miners, anarchists, and seamstresses--compelled to tell their stories. Mostly unpublished, often thickly accented, these tales of ordinary men and women are explored in nuanced detail, organized to reflect how they illuminate the realities of work, survival, identity, and change. Moving between history and literature, Serra presents each as the imaginative record of a self in the making and the collective story of the journey to selfhood that is the heart of the immigrant experience.

Don't Follow the Wind Nikolaus Hirsch, Jason Waite. 2021-08-24 Documenting an invisible, inaccessible exhibition within the radioactive Fukushima exclusion zone. The twelfth volume of the Critical Spatial Practices series focuses on "Don't Follow the Wind," the acclaimed collaborative project situated in Fukushima's radioactive exclusion zone. The book explores the long-term environmental crisis in the coastal Japanese region through this ongoing, inaccessible exhibition, which maintains traces of human presence amid the fallout of the March 2011 nuclear reactor meltdown that displaced entire towns. What can art do in a continuing catastrophe when destruction and contamination have made living impossible? The exhibition is located inside the exclusion zone, an evacuated radioactive area established after the nuclear disaster that forcibly separated residents from their homes, land, and community. In cooperation with former residents, participating artists installed newly commissioned works at sites in the exclusion zone. Although the exhibition opened in March 2015, the zone is still inaccessible to the public--the exhibition, like the radiation, is virtually invisible. The exhibition can only be viewed when restrictions are lifted and people are permitted to return. This might take several years or decades--a period that could extend beyond our lifetime. While nuclear contamination has displaced and ruptured communities, new temporary and translocal formations have emerged among the residents who have lent their sites, other former residents collaborating on the project, and the artists, curators, and cultural workers. This book includes new texts by feminist theorist Silvia Federici, art historians Noi Sawaragi and Sven Lütticken, and political philosopher Jodi Dean. The project was codeveloped and curated by the collective Don't Follow the Wind, whose members include Chim ↑ Pom, Kenji Kubota, Eva & Franco Mattes, and Jason Waite. The participating artists include Ai Weiwei, Chim ↑ Pom, Nikolaus Hirsch & Jorge Otero-Pailos, Meiro Koizumi, Eva & Franco Mattes, Grand Guignol Mirai, Aiko Miyanaga, Ahmet Ögüt, Trevor Paglen, Taryn Simon, Nobuaki Takekawa, and Kota Takeuchi.

The Spanish Song Companion .2006-05-08 This book, the first of its kind to be published in English, introduces the reader to the rich heritage of Spanish song. Here in one volume are the texts of over 300 songs with parallel translations in accurate and readable English. The majority are love poems, which form a fascinating anthology of Spanish poetry from the thirteenth to the twentieth century. Set against the background of twelfth-to early fifteenth century European intellectual history, Witt's analysis provides fresh and exciting insights into the relationship of Christian doctrine and piety, scholastic logic and philosophy, and medieval French and Italian literary currents to early Italian humanism.--Book Jacket.

The Future of the Classical Salvatore Settis,Allan Cameron.2006-10-20 Every era has invented a different idea of the 'classical' to create its own identity. Thus the 'classical' does not concern only the past: it is also concerned with the present and a vision of the future. In this elegant new book, Salvatore Settis traces the ways in which we have related to our 'classical' past, starting with post-modern American skyscrapers and working his way back through our cultural history to the attitudes of the Greeks and Romans themselves. Settis argues that this obsession with cultural decay, ruins and a 'classical' past is specifically European and the product of a collective cultural trauma following the collapse of the Roman Empire. This situation differed from that of the Aztec and Inca empires whose collapse was more sudden and more complete, and from the Chinese Empire which always enjoyed a high degree of continuity. He demonstrates how the idea of the 'classical' has changed over the centuries through an unrelenting decay of 'classicism' and its equally unrelenting rebirth in an altered form. In the Modern Era this emulation of the 'ancients' by the 'moderns' was accompanied by new trends: the increasing belief that the former had now been surpassed by the latter, and an increasing preference for the Greek over the Roman. These conflicting interpretations were as much about the future as they were about the past. No civilization can invent itself if it does not have other societies in other times and other places to act as benchmarks. Settis argues that we will be better equipped to mould new generations for the future once we understand that the 'classical' is not a dead culture we inherited and for which we can take no credit, but something startling that has to be re-created every day and is a powerful spur to understanding the 'other'.

An Outlaw and a Lady Jessi Colter,David Ritz.2017-04-11 Renowned songwriter, singer, and wife of Waylon Jennings writes an intimate, enormously entertaining memoir of American music, of life with Waylon and the Outlaws, and of faith lost and found. The daughter of a Pentecostal evangelist and a race-car driver, Jessi Colter played piano and sang in church before leaving Arizona to tour with rock-n-roll pioneer Duane Eddy, whom she married. Colter became a successful recording artist, appearing on *American Bandstand* and befriending stars such as the Everly Brothers and Chet Atkins, while her songs were recorded by Nancy Sinatra, Dottie West, and others. Her marriage to

Eddy didn't last, however, and in 1969 she married the electrifying Waylon Jennings. Together, they made their home in Nashville which, in the 1970s, was ground zero for roots music, drawing Bob Dylan, Johnny Cash, Willie Nelson, Kris Kristofferson, Shel Silverstein, and others to the Nashville Sound. And Jessi was at the center of it all, the only woman on the landmark *Wanted: The Outlaws* album, the record that launched the Outlaw Country genre and was the first country album to go platinum. She also tasted personal commercial success with the #1-single "I'm Not Lisa." But offstage, life was a challenge, as Waylon pursued his addictions and battled his demons. Having drifted from the church as a young woman, Jessi returned to her faith and found in it a source of strength in the turmoil of living with Waylon. In the 1980s, Waylon helped launch the super group The Highwaymen with Willie Nelson, Johnny Cash, and Kris Kristofferson, and the hits kept rolling, as did Waylon's reckless living. Amid it all, Jessi faithfully prayed for her husband until finally, at Thanksgiving 2001, Waylon found Jesus, just months before he died. *An Outlaw and a Lady* is a powerful story of American music, of love in the midst of heartache, and of faith that sustains.
