Haunted Stories Max Mason Hunter.2017-10-15 Cue the Nightmares: True Scary Stories for Midnight Reading... Get Your FREE BONUSSES When You Grab This Book! Despite the advent of science and technology that helps us understand the 'how's' and the 'whys' of things, the universe still offers a colossal variety of

mysteries that humans are still yet to explore and understand. Having said that, the standard mysteries, those which have perplexed humanity from the very beginning, continue to do so. Strange creatures and things fall, at times slowly, from rather unknown sources; people walk over glowing trenches of hot coals, encounter monsters in mountains and lakes, are subject to strange coincidences, so on and so forth. History has many disturbing episodes that few of us would care to experience ourselves. So many of these stories are sad but true. Sometimes, after such incidents, dark and evil energies remain in these places of horror for decades to come, haunting all that come near. Over the years, I have learnt, read and write about these unexplained mysteries, and one thing I have understood is that the nature of our existence and the world are quite different from that which we learned when we were young. The reality is more large, fascinating and expansive than any rational, scientific or religious view can perhaps accommodate. Remember, explanations are just temporary, going on and off in response to fads and fashions. However, the happenings they are supposed to explain carry on as mysteriously as ever. Here Is A Preview Of What's Inside... our society. What do ghost hunting, legend tripping, and legendary monsters have in common with email hoaxes, chain letters, and horror movies? In this follow-up to *Libraries Unlimited's Tales, Rumors, and Gossip: Exploring Contemporary Folk Literature in Grades 7-12*, author Gail de Vos revisits popular urban legends, and examines the impact of media—online, social, and broadcast—on their current iterations. *What Happens Next? Contemporary Urban Legends and Popular Culture* traces the evolution of contemporary legends from the tradition of oral storytelling to the sharing of stories on the Internet and TV. The author examines if the popularity of contemporary legends in the media has changed the form, role, and integrity of familiar legends. In addition to revisiting some of the legends highlighted in her first book, de Vos shares new tales in circulation which she sees as a direct result of technological advancements.

Swimming with Chaucer Dan Yashinsky.2013-10-25 Long before the emergence of the printed word, human beings gathered to hear stories. These tales, carried in the head of the storyteller, ensured that a community remembered its history and its beliefs. Now our stories come from a range of sources, but there is still something magical about the spoken word. In this collection of stories and thoughts, Dan Yashinsky shares gems

from his treasure trove of material. We travel from the neonatal ICU at SickKids' hospital to the realm of the Blue Djinn, from a mythical forest path to a British Columbia beach, but everywhere we go we are accompanied by Yashinsky's gentle, quizzical, sometimes bawdy, and always entertaining voice.

Storytellers Corki Miller, Mary Ellen Snodgrass.1998 The latter part of the twentieth century has seen a renaissance of the enduring spoken art of storytelling. Stories told by real people, in person, counterbalance the impersonal, computer communication so much a part of present society. This work profiles 120 English-speaking performers worldwide and describes how they make their words come alive, what their styles of presentation are. Each entry provides pertinent information on the storyteller (address, phone and fax numbers, e-mail address, and Web site information), categorizes their work (e.g., original tales, imaginative stories, historical), notes the audience level, and lists the instruments or props used. Style comments, such as witty, dramatic, gesturing, musical, and so on are also given. Detailed biographies reveal how the storyteller got started and their career achievements and other pertinent details. The entries conclude with an audiography, videography, bibliography, listing of awards, and sources for further information for each teller.

Night Shivers J. H. Riddell.2008 'Moving, his candle was instantly extinguished, and in the very moment of being left in the darkness he saw, standing in the doorway, a woman, resembling her who had haunted his dream overnight. He rushed with outstretched hands to seize her, but clutched only air.' Night Shivers presents a treasure trove of the stories of Mrs J. H. Riddell, one of the greatest Victorian writers of ghost stories. These tales, many of which have been out of print for years, take the reader on fearful journeys into the gloomy haunts of old neglected houses, into a world of prophetic dreams, out onto the wild terrain of Ireland to encounter a frightful banshee and even down into Hell itself. In these fourteen short stories and one novella, *The Uninhabited House*, there is the distillation of the best and most effective of Riddell's spine-tingling supernatural fiction.

Sims Library presents the finest in traditional English ghost stories and unsettling tales of quiet fear. *Shadows At Midnight* are ghost stories in the traditional English style. First published in hardback in 1979 from William Kimber & Co Limited of London who described the debut book as -In this masterly collection of tales, the authors take us into that unquiet land, in the witching time of night, where malign presences seek to entwine the unwary in their web of evil. Their ghosts, or evil spirits, or gruesome influences - no one expression sums them all up - remain lingering in their chosen abodes, be it wardrobe, cradle or tomb, to threaten the existence of the innocent. But not all the spirits are terrifying. Some, like the laughing children of Border End, seek to enthrall by cajolery, though their threat remains as great. The authors do not delve too far into explanations for their phantoms. Indeed how could they? For who can explain the midnight land? There were ten stories and they were enjoyed by those that read them. A really creepy collection, they conjure up gruesome influences to linger after the book is done. Southend & District Standard All the tales are totally intriguing - whether they are about a boy visiting his aunt, or a man inheriting his aunt's house, a house purchaser, a vicar, a brass rubbings enthusiast, or a mother and her baby's cradle. Grimsby Evening Telegraph Ten ghost stories for lovers of the supernatural. A book that will haunt you. Manchester Evening News Present the uncanny in a civilised way. Yorkshire Evening Post In 1999 the book was revised and enlarged and published by Sarob Press in a limited edition hardback. "The two authors have been writing together for more than twenty-five years, and produce some of the finest examples of supernatural fiction seen today. These stories can be described as coming from the same mould as the masters of the genre, James, Wakefield, and Benson. They are a fine collection of traditional ghost stories". Sarob Press Readers agreed -The authors have a grasp of craftsmanship which many a writer might envy, alongside an eye for detail and a knack for unobtrusive but

telling characterisation. Zene Truly none should miss out on 'Border End'. The authors affinity for the tumult of emotions that an adolescent experiences rivals the sympathetic hand of the great Robert Westall. Bill Barnett , All Hallows journal of the Ghost Story Society This is another excellent book from Sarob. If ghost tales are your thing, get hold of this collection. David Howe, Shivers. There is nothing wrong with the writing here, and this book is to be thoroughly recommended. Paul Brazier, Interzone The stories are still all good examples of the understated. John Pelan, Midnight House Sarob Press must be congratulated in producing this fine limited edition hardback which would be a welcome addition to any collection. Steve Lockley, Horror Writers Association "A welcome re-issue. (Shadows At Midnight 1999)." Steve Jones, Best New Horror, 2000
