When We Cease to Understand the World Benjamin Labatut.2021-09-28 One of The New York Times Book Review's 10 Best Books of 2021 Shortlisted for the 2021 International Booker Prize and the 2021 National Book Award for Translated Literature A fictional examination of the lives of real-life scientists and thinkers whose discoveries resulted in moral consequences beyond their imagining. When We Cease to Understand the World is a book about the complicated links between scientific and mathematical discovery, madness, and destruction. Fritz Haber, Alexander Grothendieck, Werner Heisenberg, Erwin Schrödinger—these are some of luminaries into whose troubled lives Benjamín Labatut thrusts the reader, showing us how they grappled with the most profound questions of existence. They have strokes of unparalleled genius, alienate friends and lovers, descend into isolation and insanity. Some of their discoveries reshape human life for the better; others pave the way to chaos and unimaginable suffering. The lines are never clear. At a breakneck pace and with a wealth of disturbing detail, Labatut uses the imaginative resources of fiction to tell the stories of the scientists and mathematicians who expanded our notions of the possible.

The Hidden Brain Shankar Vedantam.2010-08-31 The hidden brain is the voice in our ear when we make the most important decisions in our lives—but we're never aware of it. The hidden brain decides whom we fall in love with and whom we hate. It tells us to vote for the white candidate and convict the dark-skinned defendant, to hire the thin woman but pay her less than the man doing the same job. It can direct us to safety when disaster strikes and move us to extraordinary acts of altruism. But it can also be manipulated to turn an ordinary person into a suicide terrorist or a group of bystanders into a mob. In a series of compulsively readable narratives, Shankar Vedantam journeys through the latest discoveries in neuroscience, psychology, and behavioral science to uncover the darkest corner of our minds and its decisive impact on the choices we make as individuals and as a society. Filled with fascinating characters, dramatic storytelling, and cutting-edge science, this is an engrossing exploration of the secrets our brains keep from us—and how they are revealed.

On Borrowed Words Ilan Stavans.2002-07-30 Yiddish, Spanish, Hebrew, and English-at various points in Ilan Stavans's life, each of these has been his primary language. In this rich memoir, the linguistic chameleon outlines his remarkable cultural heritage from his birth in politically fragile Mexico, through his years as a student activist and young Zionist in Israel, to his present career as a noted and controversial academic and writer. Along the way, Stavans introduces readers to some of the remarkable members of his family-his brother, a musical wunderkind; his father, a Mexican soap opera star; his grandmother, who arrived in Mexico from Eastern Europe in 1929 and wrote her own autobiography. Masterfully weaving personal reminiscences with a provocative investigation into language acquisition and cultural code switching, On Borrowed Words is a compelling exploration of Stavans's search for his place in the world.

Politics and the English Language George Orwell.2021-01-01 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Politics and the English Language, the second in the Orwell's Essays series, Orwell takes aim at the language used in politics, which, he says, 'is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind'. In an age where the language used in politics is constantly under the microscope, Orwell's Politics and the English Language is just as relevant today, and gives the reader a vital understanding of the tactics at play. 'A writer who can - and must - be rediscovered with every age.' — Irish Times

Lost in Translation, Found in Transliteration Alex Kerner.2018-06-12 In Lost in Translation, Found in Transliteration, Alex Kerner examines communal usage of languages and censorship policies on printed materials, proposing to look at London's Spanish and Portuguese Jews' congregation in the seventeenth and eighteenth centuries as a linguistic community.

Lost in Translation Nicole Mones.2007-12-18 A novel of searing intelligence and startling originality, Lost in Translation heralds the debut of a unique new voice on the literary landscape. Nicole Mones creates an unforgettable story of love and desire, of family ties and human conflict, and of one woman's struggle to lose herself in a foreign land--only to discover her home, her heart, herself. At dawn in Beijing, Alice Mannegan pedals a bicycle through the deserted streets. An American by birth, a translator by profession, she spends her nights in Beijing's smoke-filled bars, and the Chinese men she so desires never misunderstand her intentions. All around her rushes the air of China, the scent of history and change, of a world where she has come to escape her father's love and her own pain. It is a world in which, each night as she slips from her hotel, she hopes to lose herself forever. For Alice, it began with a phone call from an American archaeologist seeking a translator. And it ended in an intoxicating journey of the heart--one that would plunge her into a nation's past, and into some of the most rarely glimpsed regions of China. Hired by an archaeologist searching for the bones of Peking Man, Alice joins an expedition that penetrates a vast, uncharted land and brings Professor Lin Shiyang into her life. As they draw closer to unearthing the secret of Peking Man, as the group's every move is followed, their every whisper recorded, Alice and Lin find shelter in each other, slowly putting to rest the ghosts of their pasts. What happens between them becomes one of the most breathtakingly erotic love stories in recent fiction. Indeed, Lost in Translation is a novel about love--between a nation and its past, between a man and a memory, between a father and a daughter. Its powerful impact confirms the extraordinary gifts of a master storyteller, Nicole Mones.

Lost in Translation Homa King.2010-07-19 In a nuanced exploration of how Western cinema has represented East Asia as a space of radical indecipherability, Homa King traces the long-standing association of the Orient with the enigmatic. The fantasy of an inscrutable East, she argues, is not merely a side note to film history, but rather a kernel of otherness that has shaped Hollywood cinema at its core. Through close readings of The Lady from Shanghai, Chinatown, Blade Runner, Lost in Translation, and other films, she develops a theory of the "Shanghai gesture," a trope whereby orientalist curios and décor become saturated with mystery. These objects and signs come to bear the burden of explanation for riddles that escape the Western protagonist or cannot be otherwise resolved by the plot. Turning to visual texts from outside Hollywood which actively grapple with the association of the East and the unintelligible—such as Michelangelo Antonioni's Chung Kuo: Cina, Wim Wenders's Notebook on Cities and Clothes, and Sophie Calle's Exquisite Pain—King suggests

alternatives to the paranoid logic of the Shanghai gesture. She argues for the development of a process of cultural “de-translation” aimed at both untangling the psychic enigmas prompting the initial desire to separate the familiar from the foreign, and heightening attentiveness to the internal alterities underlying Western subjectivity.

Fruit of the Drunken Tree Ingrid Rojas Contreras.2019-06-04 “One of the most dazzling and devastating novels I’ve read in a long time...Readers of Fruit of the Drunken Tree will surely be transformed.” --San Francisco Chronicle “Simultaneously propulsive and poetic, reminiscent of Isabel Allende...Listen to this new author’s voice — she has something powerful to say.” --Entertainment Weekly Seven-year-old Chula lives a carefree life in her gated community in Bogotá, but the threat of kidnappings, car bombs, and assassinations hover just outside her walls, where the godlike drug lord Pablo Escobar reigns, capturing the attention of the nation. When her mother hires Petrona, a live-in-maid from the city’s guerrilla-occupied slum, Chula makes it her mission to understand Petrona’s mysterious ways. Petrona is a young woman crumbling under the burden of providing for her family as the rip tide of first love pulls her in the opposite direction. As both girls’ families scramble to maintain stability amidst the rapidly escalating conflict, Petrona and Chula find themselves entangled in a web of secrecy. Inspired by the author's own life, Fruit of the Drunken Tree is a powerful testament to the impossible choices women are often forced to make in the face of violence and the unexpected connections that can blossom out of desperation.

Memory Speaks Julie Sedivy.2021-10-12 From an award-winning writer and linguist, a scientific and personal meditation on the phenomenon of language loss and the possibility of renewal. As a child Julie Sedivy left Czechoslovakia for Canada, and English soon took over her life. By early adulthood she spoke Czech rarely and badly, and when her father died unexpectedly, she lost not only a beloved parent but also her firmest point of connection to her native language. As Sedivy realized, more is at stake here than the loss of language: there is also the loss of identity. Language is an important part of adaptation to a new culture, and immigrants everywhere face pressure to assimilate. Recognizing this tension, Sedivy set out to understand the science of language loss and the potential for renewal. In Memory Speaks, she takes on the psychological and social world of multilingualism, exploring the human brain’s capacity to learn—and forget—languages at various stages of life. But while studies of multilingual experience provide resources for the teaching and preservation of languages, Sedivy finds that the challenges facing multilingual people are largely political. Countering the widespread view that linguistic pluralism splinters loyalties and communities, Sedivy argues that the struggle to remain connected to an ancestral language and culture is a site of common ground, as people from all backgrounds can recognize the crucial role of language in forming a sense of self. Distinctive and timely, Memory Speaks combines a rich body of psychological research with a moving story at once personal and universally resonant. As citizens debate the merits of bilingual education, as the world’s less dominant languages are driven to extinction, and as many people confront the pain of language loss, this is badly needed wisdom.

Is That a Fish in Your Ear? David Bellos.2011-10-11 A New York Times Notable Book for 2011 One of The Economist's 2011 Books of the Year People speak different languages, and always have. The Ancient Greeks took no notice of anything unless it was said in Greek; the Romans made everyone speak Latin; and in India, people learned their neighbors' languages—as did many ordinary Europeans in times past (Christopher Columbus knew Italian, Portuguese, and Castilian Spanish as well as the classical languages). But today, we all use translation to cope with the diversity of languages. Without translation there would be no world news, not much of a reading list in any subject at college, no repair manuals for cars or planes; we wouldn't even be able to put together flat-pack furniture. Is That a Fish in Your Ear? ranges across the whole of human experience, from foreign films to philosophy, to show why translation is at the heart of what we do and who we are. Among many other things, David Bellos asks: What's the difference between translating unprepared natural speech and translating Madame Bovary? How do you translate a joke? What's the difference between a native tongue and a learned one? Can you translate between any pair of languages, or only between some? What really goes on when world leaders speak at the UN? Can machines ever replace human translators, and if not, why? But the biggest question Bellos asks is this: How do we ever really know that we've understood what anybody else says—in our own language or in another? Surprising, witty, and written with great joie de vivre, this book is all about how we comprehend other people and shows us how, ultimately, translation is another name for the human condition.

Legacies Alejandro Portes,Rubén G. Rumbaut.2001-05-31 One out of five Americans, more than 55 million people, are first-or second-generation immigrants. This landmark study, the most comprehensive to date, probes all aspects of the new immigrant second generation's lives, exploring their immense potential to transform American society for better or worse. Whether this new generation reinvigorates the nation or deepens its social problems depends on the social and economic trajectories of this still young population. In Legacies, Alejandro Portes and Rubén G. Rumbaut—two of the leading figures in the field—provide a close look at this rising second generation, including their patterns of acculturation, family and school life, language, identity, experiences of discrimination, self-esteem, ambition, and achievement. Based on the largest research study of its kind, Legacies combines vivid vignettes with a wealth of survey and school data. Accessible, engaging, and indispensable for any consideration of the changing face of American society, this book presents a wide range of real-life stories of immigrant families—from Mexico, Cuba, Nicaragua, Colombia, the Dominican Republic, Haiti, Jamaica, Trinidad, the Philippines, China, Laos, Cambodia, and Vietnam—now living in Miami and San Diego, two of the areas most heavily affected by the new immigration. The authors explore the world of second-generation youth, looking at patterns of parent-child conflict and cohesion within immigrant families, the role of peer groups and school subcultures, the factors that affect the children's academic achievement, and much more. A companion volume to Legacies, entitled Ethnicities: Children of Immigrants in America, was published by California in Fall 2001. Edited by the authors of Legacies, this book will bring together some of the country's leading scholars of immigration and ethnicity to provide a close look at this rising second generation. Birds of Paradise Lost Andrew Lam.2013 A lyrical and deeply satisfying fiction debut that extols and celebrates the troubled lives of those who fled Vietnam and remade themselves in the San Francisco Bay Area.

Love Lost in Translation K. Renato Lings.2013 Love Lost in Translation systematically examines the biblical stories and passages that are generally assumed to deal with, or comment on, homoerotic relationships: Noah and Ham, Sodom and Gomorrah, Leviticus 18:22, Deuteronomy 23:17-18, Judges 19, Romans 1:26-27, and 1 Corinthians 6:9. K. Renato Lings convincingly demonstrates that mistranslations of these texts into Greek, Latin and other languages occurred early, and that serious errors continue to be committed by translators today. This explains the painful controversy about same-sex relationships, which has rocked Christian churches for decades.

Lost in Translation Eva Hoffman.

The Secret Eva Hoffman.2004-04-27 Iris Surrey has a secret. Iris Surrey is a secret. An only child, Iris lives with her mother in a rambling house in a small midwestern town. Her mother is everything: provider, confidante, friend. But at seventeen, Iris begins to question their nearly symbiotic relationship—and the noticeable lack of others in their sheltered world. Where is Iris’s father? Where are her grandparents? What is her

mother keeping from her? When she stumbles upon the explosive truth, Iris begins a monumental journey of self-discovery—one that will throw everything she has ever known into turmoil.

Lost in Translation Ella Frances Sanders.2014-09-16 From the author of *Eating the Sun*, an artistic collection of more than 50 drawings featuring unique, funny, and poignant foreign words that have no direct translation into English Did you know that the Japanese language has a word to express the way sunlight filters through the leaves of trees? Or that there's a Finnish word for the distance a reindeer can travel before needing to rest? *Lost in Translation* brings to life more than fifty words that don't have direct English translations with charming illustrations of their tender, poignant, and humorous definitions. Often these words provide insight into the cultures they come from, such as the Brazilian Portuguese word for running your fingers through a lover's hair, the Italian word for being moved to tears by a story, or the Swedish word for a third cup of coffee. In this clever and beautifully rendered exploration of the subtleties of communication, you'll find new ways to express yourself while getting lost in the artistry of imperfect translation.

Shtetl Eva Hoffman.2007-10-09 In *Shtetl* (Yiddish for small town), critically-acclaimed author Eva Hoffman brings the lost world of Eastern European Jews back to vivid life, depicting its complex institutions and vibrant culture, its beliefs, social distinctions, and customs. Through the small town of Brafsk, she looks at the fascinating experiments in multicultural coexistence -- still relevant to us today -- attempted in the eight centuries of Polish-Jewish history, and describes the forces which influenced Christian villagers' decisions to conceal or betray their Jewish neighbors in the dark period of the Holocaust.

Into English Martha Collins, Kevin Prufer.2017-11-07 A unique anthology that illuminates the history and the art of translating poetry into English *Into English* allows readers an extraordinary opportunity to experience the process and artistry of translating poetry. Editors Martha Collins and Kevin Prufer invited twenty-five contributors, all of them translators and most of them also poets, to select one poem in another language and three English translations of it, and then to provide an essay about the challenges and rewards of translating it. This anthology offers the original poem and the translations side by side, so readers can compare the translations for themselves. The original poems are from across time and around the world. The poets include Sappho, San Juan de la Cruz, Basho, Rilke, Akhmatova, García Lorca, Szymborska, Amichai, and Adonis. The languages represented are many, from Latin to Chinese, Spanish, French, German, Russian, Hebrew, Arabic, and Haitian Creole. More than seventy translators are included, among them Robert Bly, Anne Carson, Ruth Fainlight, David Hinton, Rosemary Lloyd, Khaled Mattawa, and W. S. Merwin. *Into English* becomes a chorus in celebration of international poetry and translation—what George Kalogeris, quoting Virgil, describes as “song replying to song replying to song.” “*Into English* plunges the reader into a translation seminar: the joyous, argumentative, fetishistic, obsessive, and unending struggle to give poems new life in English. This generous book offers a plenitude: plural poems, plural languages, plural eras, plural translators. And summons us to add to the bounty.”—Rosanna Warren “*Into English* is the great book so many of us have waited for: an anthology that actually teaches one about craft. For what is the discussion of literary translation if not a patient, detail-oriented, step-by-step education for a poet on the masteries of word choice, precision, tone? To say that I love this very special collection is an understatement.”—Ilya Kaminsky Contributors include Kareem James Abu-Zeid, Willis Barnstone, Chana Bloch, Karen Emmerich, Danielle Legros Georges, Johannes Göransson, Joanna Trzeciak Huss, George Kalogeris, J. Kates, Alexis Levitin, Bonnie McDougall, Jennifer Moxley, Carl Phillips, Hiroaki Sato, Cindy Schuster, Rebecca Seiferle, Adam Sorkin, Susan Stewart, Cole Swensen, Arthur Sze, Stephen Tapscott, Alisa Valles, Sidney Wade, Ellen Doré Watson, and David Young.

Lost in Translation Eva Hoffman.1990-03-01 “A marvelously thoughtful book . . . It is not just about emigrants and refugees. It is about us all.” -The New York Times When her parents brought her from the war-ravaged, faded elegance of her native Cracow in 1959 to settle in well-manicured, suburban Vancouver, Eva Hoffman was thirteen years old. Entering into adolescence, she endured the painful pull of nostalgia and struggled to express herself in a strange unyielding new language. Her spiritual and intellectual odyssey continued in college and led her ultimately to New York's literary world yet still she felt caught between two languages, two cultures. But her perspective also made her a keen observer of an America in the flux of change. A classically American chronicle of upward mobility and assimilation. *Lost in Translation* is also an incisive meditation on coming to terms with one's own uniqueness, on learning how deeply culture affects the mind and body, and finally, on what it means to accomplish a translation of one's self.

Translation as Transhumance Mireille Gansel.2017-11-20 Mireille Gansel grew up in the traumatic aftermath of her family losing everything—including their native languages—to Nazi Germany. In the 1960s and 70s, she translated poets from East Berlin and Vietnam. Gansel's debut conveys the estrangement every translator experiences by moving between tongues, and muses on how translation becomes an exercise of empathy between those in exile.

Lost In Translation Eva Hoffman.2011-09-30 In 1959 13-year-old Eva Hoffman left her home in Cracow, Poland for a new life in America. This memoir evokes with deep feeling the sense of uprootedness and exile created by this disruption, something which has been the experience of tens of thousands of people this century. Her autobiography is profoundly personal but also tells one of the most universal and important narratives of twentieth century history: the story of Jewish post-war experience and the tragedies and discoveries born of cultural displacement.

Lost in Translation: A Life in a New Language Eva Hoffman.2019-07-31 The late poet and memoirist Czeslaw Milosz wrote, I am enchanted. This book is graceful and profound. Since its publication in 1989, many other readers across the world have been enchanted by *Lost in Translation: A Life in a New Language*, a classic of exile and immigrant literature, as well as a girl's coming-of-age memoir. *Lost in Translation* moves from Hoffman's childhood in Cracow, Poland to her adolescence in Vancouver, British Columbia to her university years in Texas and Massachusetts to New York City, where she becomes a writer and an editor at the New York Times Book Review. Its multi-layered narrative encompasses many themes: the defining power of language; the costs and benefits of changing cultures, the construction of personal identity, and the profound consequences, for a generation of post-war Jews like Hoffman, of Nazism and Communism. *Lost in Translation* is, as *Publisher's Weekly* wrote, a penetrating, lyrical memoir that casts a wide net, challenges its reader to reconsider their own language, autobiography, cultures, and childhoods. *Lost in Translation* was first published in the United States in 1989. Hoffman's subsequent books of literary non-fiction include *Exit into History*, *Shtetl*, *After Such Knowledge*, *Time* and two novels, *The Secret* and *Appassionata*. Nothing, after all, has been lost; poetry this time has been made in and by translation. — Peter Conrad, *The New York Times* Handsomely written and judiciously reflective, it is testimony to the human capacity not merely to adapt but to reinvent: to find new lives for ourselves without forfeiting the dignity and meaning of our old ones. — Jonathan Yardley, *Washington Post* As a childhood memoir, *Lost in Translation* has the colors and nuance of Nabokov's *Invitation of a Memory*. As an account of a young mind wandering into great books, it recalls Sartre's *Words*. ... As an anthropology of Eastern European émigré life, American academe and the Upper West Side of Manhattan, it's every bit as deep and wicked as anything by Cynthia Ozick. ... A brilliant, polyphonic book that is itself an act of faith, a Bach Fugue. — John Leonard, *Harper's Magazine*

Exit into History Eva Hoffman.2014-10-16 'A book that takes you on an intimate journey through Eastern Europe at a time when the dust was still settling from the collapse of the Berlin Wall. Eva Hoffman travels from the Baltic to the Black Sea, building a compelling portrait of a region uncertain about its future.' *Independent* Shortly after the epochal events of 1989 Eva Hoffman spent several months in her native Poland and four other countries: the then-Czechoslovakia, Hungary, Romania and Bulgaria. She visited capital cities, wayside villages and provincial towns; stopped at shipyards, museums, and the coffee-houses of the intelligentsia; and talked to a great variety of people about the tumult they had lived through. *Exit into History* was the result: a portrait of the mosaic of the new Eastern Europe, a reconstruction of the turbulent post-war decades, and a meditation on the uses and misuses of historical memory.

soul Before the nightmares began, Yeong-hye and her husband lived an ordinary, controlled life. But the dreams—invasive images of blood and brutality—torture her, driving Yeong-hye to purge her mind and renounce eating meat altogether. It's a small act of independence, but it interrupts her marriage and sets into motion an increasingly grotesque chain of events at home. As her husband, her brother-in-law and sister each fight to reassert their control, Yeong-hye obsessively defends the choice that's become sacred to her. Soon their attempts turn desperate, subjecting first her mind, and then her body, to ever more intrusive and perverse violations, sending Yeong-hye spiraling into a dangerous, bizarre estrangement, not only from those closest to her, but also from herself. Celebrated by critics around the world, *The Vegetarian* is a darkly allegorical, Kafka-esque tale of power, obsession, and one woman's struggle to break free from the violence both without and within her.

Eating the Sun Ella Frances Sanders.2019-04-16 Winner of the 2019 Whirling Prize "Strong on science but just this side of poetry." —Nature A beautifully illustrated exploration of the principles, laws, and wonders that rule our universe, our world, and our daily lives, from the New York Times bestselling creator of *Lost in Translation* Have you ever found yourself wondering what we might have in common with stars, or why the Moon never leaves us? Thinking about the precise dancing of planets, the passing of time, or the nature of natural things? Our world is full of unshakable mystery, and although we live in a civilization more complicated than ever, there is simplicity and reassurance to be found in knowing how and why. From the New York Times bestselling creator of *Lost in Translation*, *Eating the Sun* is a delicately existential, beautifully illustrated, and welcoming exploration of the universe—one that examines and marvels at the astonishing principles, laws, and phenomena that we exist alongside, that we sit within. "[A] lyrical and luminous celebration of science and our consanguinity with the universe. . . . Playful and poignant." —Brain Pickings

The Stranger Albert Camus.1989-03-13 With the intrigue of a psychological thriller, *The Stranger*—Camus's masterpiece—gives us the story of an ordinary man unwittingly drawn into a senseless murder on an Algerian beach. With an Introduction by Peter Dunwoodie; translated by Matthew Ward. Behind the subterfuge, Camus explores what he termed the nakedness of man faced with the absurd and describes the condition of reckless alienation and spiritual exhaustion that characterized so much of twentieth-century life. "The Stranger is a strikingly modern text and Matthew Ward's translation will enable readers to appreciate why Camus's stoical anti-hero and devious narrator remains one of the key expressions of a postwar Western malaise, and one of the cleverest exponents of a literature of ambiguity." —from the Introduction by Peter Dunwoodie First published in 1946; now in translation by Matthew Ward.

After Babel George Steiner.1976 When it first appeared in 1975, *After Babel* created a sensation, quickly establishing itself as both a controversial and seminal study of literary theory. In the original edition, Steiner provided readers with the first systematic investigation since the eighteenth century of the phenomenology and processes of translation both inside and between languages. Taking issue with the principal emphasis of modern linguistics, he finds the root of the Babel problem in our deep instinct for privacy and territory, noting that every people has in its language a unique body of shared secrecy. With this provocative thesis he analyzes every aspect of translation from fundamental conditions of interpretation to the most intricate of linguistic constructions. For the long-awaited second edition, Steiner entirely revised the text, added new and expanded notes, and wrote a new preface setting the work in the present context of hermeneutics, poetics, and translation studies. This new edition brings the bibliography up to the present with substantially updated references, including much Russian and Eastern European material. Like the towering figures of Derrida, Lacan, and Foucault, Steiner's work is central to current literary thought. *After Babel*, Third Edition is essential reading for anyone hoping to understand the debates raging in the academy today.

Lost in Translation John Klein, Adam Spears, Michael Christopher.2007 Revised 2016 Edition: Despite the sensational nature of its subject, *Lost in Translation: Rediscovering the Hebrew Roots of our Faith* is written in simple, clear, rational language that relies 100 percent on the Bible as the ultimate authority. The book's authors clear away centuries of confusion surrounding subjects that are seldom addressed in modern sermons and Bible studies. Using the ancient Hebrew language and culture, the authors clarify many of the Bible's so-called mysteries and help the reader rediscover many of the foundational truths that have been lost in translation. Topics include: - Who is the Bride of Messiah? - Is there a difference between covenant and testament? - Israel: Who are they really? - What is the difference between devils, demons, and nephilim? Join us on an exciting adventure to rediscover the treasures still buried within the pages of The Book that reveal the pathway to the heart of God. A must-read for the church! Providing foundational insights which lead to a greater understanding of God's master plan, this book will open your eyes to scriptural distortions due to the centuries of Greek influence on the church. - Corey Berti, Senior Pastor, Silver Valley Worship Center, ID I've been a believer for 12 years, and I've read numerous scriptures that didn't make sense. The authors do a tremendous job of explaining the importance of understanding our Hebrew roots which provide context and clarity to the overall theme of God's message. It's like watching TV in black and white and then suddenly seeing it in color. The truth hasn't changed, but it's meaning becomes more vivid. - Jason Carr

After Such Knowledge Eva Hoffman.2011-08-02 As the Holocaust recedes in time, the guardianship of its legacy is being passed on from its survivors and witnesses to the next generation. How should they, in turn, convey its knowledge to others? What are the effects of a traumatic past on its inheritors? And what are the second-generation's responsibilities to its received memories? In this meditation on the long aftermath of atrocity, Eva Hoffman—a child of Polish Jews who survived the Holocaust with the help of neighbors, but whose entire families perished—probes these questions through personal reflections, and through broader explorations of the historical, psychological, and moral implications of the second-generation experience. She examines the subterranean processes through which private memories of suffering are transmitted, and the more willful stratagems of collective memory. She traces the second generation's trajectory from childhood intimations of horror, through its struggles between allegiance and autonomy, and its complex transactions with children of perpetrators. As she guides us through the poignant juncture at which living memory must be relinquished, she asks what insights can be carried from the past to the newly problematic present, and urges us to transform potent family stories into a fully informed understanding of a forbidding history.
