**Killing Monsters** Gerard Jones.2008-08-04 Children choose their heroes more carefully than we think. From Pokemon to the rapper Eminem, pop-culture icons are not simply commercial pied pipers who practice mass hypnosis on our youth. Indeed, argues the author of this lively and persuasive paean to the power of popular culture, even violent and trashy entertainment gives children something they need, something that can help both boys and girls develop in a healthy way.

Drawing on a wealth of true stories, many gleaned from the fascinating workshops he conducts, and basing his claims on extensive research, including interviews with psychologists and educators, Gerard Jones explains why validating our children's fantasies teaches them to trust their own emotions, helps them build stronger selves, leaves them less at the mercy of the pop-culture industry, and strengthens parent-child bonds. Jones has written for the Spider-Man, Superman, and X-Men comic books and created the Haunted Man series for the Web. He has also explored the cultural meanings of comic books and sitcoms in two well-received books. In *Killing Monsters* he presents a fresh look at children's fantasies, the entertainment industry, and violence in the modern imagination. This reassuring book, as entertaining as it is provocative, offers all of us—parents, teachers, policymakers, media critics—new ways to understand the challenges and rewards of explosive material. News From *Killing Monsters*: Packing a toy gun can be good for your son-or daughter. Contrary to public opinion, research shows that make-believe violence actually helps kids cope with fears. Explosive entertainment should be a family affair. Scary TV shows can have a bad effect when children have no chance to discuss them openly with adults. It's crucial to trust kids' desires. What excites them is usually a sign of what they need emotionally. Violent fantasy is one of the best ways for kids to deal with the violence they see in real life.

*How to Wake a Sleeping Lady* Bree Wolf. 2022-03-03 In this fairy tale Regency romance by USA Today bestselling and HOLT Medallion winning author BREE WOLF, a star-crossed couple finds that sometimes Fate needs a helping hand. A forgotten love. A twist of fate. And a second chance at a happily-ever-after. The sad truth is: Martha cannot remember her life. Or her family. Or even her own name. After being fished out of the sea three years ago, Martha has been living at an abbey, unable to unearth more than little bits and pieces about herself. Her joy of gardening. Her love for the outdoors. Her unruly tongue...that utters too much instead of keeping it safely sealed inside. But Martha is content...or tries to be... ..at least until a dashing young gentleman comes to the abbey one day and upends her life yet again. Because, apparently, her name is not Martha. Of course! Her name is Agnes Bottombrock. Yugh! Or it used to be because, now, she is AGNES BARRETT, COUNTESS OF WENTFORD. Truly? And...she is his wife! Sigh! The moment GRANT BARRETT, EARL OF WENTFORD, met his Nessa for the very first time, he believed himself lost in a dream. He loved the unflinching way her eyes met his. He loved how she snapped at him to stay away from her. He loved the way her breath shuddered past her lips as he drew closer. He loved her. And then he lost her. Forced to bury his heart, Grant spent three endless years mourning his wife, missing his wife, yearning for his wife...until a rumor sends him up north to a remote abbey. As though nothing happened, Nessa suddenly stands before him once again, not a figment of his imagination, not a distant memory, but a woman of flesh and blood. A woman who does not remember him. Or their love. Yet Grant is far from discouraged. After the insurmountable chasm of death that stood between them before, conquering his wife's heart all over again should be an easy feat, should it not?
