**Home Waterworks** Carleton J. Lynde.2015-07-27 Excerpt from Home Waterworks: A Manual of Water Supply in Country Homes The average American little needs advice on the conduct of his farm or business; or, if he thinks he does, a large supply of such help in farming and trading as books and periodicals can give, is available to him. But many a man who is well to do and knows how to continue to make money, is ignorant how to spend it in a way to bring to himself, and confer upon his wife and children, those conveniences, comforts and niceties which alone make money worth acquiring and life worth living. He hardly realizes that they are within his reach. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
