*Knowledge, Science, and Literature in Early Modern Germany* Gerhild Scholz Williams, Stephan K. Schindler. 1996 Focusing on knowledge, science and literature in early modern Germany, this collection presents 12 essays on emerging epistemologies regarding: the transcendent nature of the Divine; the natural world; the body; sexuality; intellectual property; aesthetics; demons; and witches.

*Hinkemann* Ernst Toller. 2019-10-15 In his day Ernst Toller (1893-1939) was as renowned as the young Bertolt Brecht. High profile persona non-grata in 1933 when the Nazis came to power, Toller fled to London, went on a lecture tour to the U.S. in 1936, and tried to make a go of it as a screenwriter in Los Angeles. Dispirited, despondent upon learning that his brother and sister had been sent to a concentration camp and convinced that the world as he knew it had succumbed to the forces of darkness, Toller was found dead by hanging, a presumed suicide, in his room at the Hotel Mayflower on May 22, 1939. Conceived in the German theatrical tradition of Jakob Michael Reinhold Lenz's *The Soldiers* and Georg Büchner's *Woyzeck*, Toller's devastating tragedy *Hinkemann* is a painfully poetic plaidoyer for the overlooked vision and voice of the victim.

**The Stranger Times** C. K. McDonnell.2021-01-07 'Wonderfully dark, extremely funny' proclaimed ADAM KAY, author of the No.1 bestselling This is Going to Hurt 'A filmic romp with great characters, a jet-propelled plot, and a winning premise' said the GUARDIAN JASON MANFORD thinks it's 'Hilarious. You'll never look at Manchester the same way again.' The Chronicles of St Mary's series author JODI TAYLOR declared 'I loved this . . . great premise - great story - great characters . . . hugely enjoyable.' And THE TIMES called it 'ripping entertainment from start to finish.' There are dark forces at work in our world (and in Manchester in particular), so thank God The Stranger Times is on hand to report them . . . A weekly newspaper dedicated to the weird and the wonderful (but mostly the weird), it is the go-to publication for the unexplained and inexplicable. At least that's their pitch. The reality is rather less auspicious. Their editor is a drunken, foul-tempered and foul-mouthed husk of a man who thinks little of the publication he edits. His staff are a ragtag group of misfits. And as for the assistant editor . . . well, that job is a revolving door - and it has just revolved to reveal Hannah Willis, who's got problems of her own. When tragedy strikes in her first week on the job The Stranger Times is forced to do some serious investigating. What they

discover leads to a shocking realisation: some of the stories they'd previously dismissed as nonsense are in fact terrifyingly real. Soon they come face-to-face with darker forces than they could ever have imagined. *The Stranger Times* is the first novel from C.K. McDonnell, the pen name of Caimh McDonnell. It combines his distinctive dark wit with his love of the weird and wonderful to deliver a joyous celebration of how truth really can be stranger than fiction. Readers love *The Stranger Times*: \*\*\*\*\* 'A delight from start to finish - laugh out loud funny yet with plenty of thrills.' \*\*\*\*\* 'Full of wit and humour, and knows how to keep the reader hooked.' \*\*\*\*\* 'You'll soon fall in love . . . fans of Pratchett, Gaiman, Aaronovich will be blown away.'

**Death on the Nile** Walter Scheidel.2017-09-18 A pioneering comparative and multidisciplinary study of the interaction between local disease environments and demographic structure, this book breaks new ground in reconstructing the population history of Egypt during the Roman period and beyond. Drawing on a wide range of sources from ancient census data and funerary commemorations to modern medical accounts, statistics and demographic models, the author explores the nature of premodern disease patterns, challenges existing assumptions about ancient age structure, and develops a new methodology for the assessment of Egyptian population size. Contextualising the study of Roman Egypt within the broader framework of premodern demography, ecology and medical history, this is the first attempt to interpret and explain demographic conditions in antiquity in terms of the underlying causes of disease and death.

Literary Translation, Reception, and Transfer Norbert Bachleitner.2020-09-21 The three concepts mentioned in the title of this volume imply the contact between two or more literary phenomena; they are based on similarities that are related to a form of 'travelling' and imitation or adaptation of

entire texts, genres, forms or contents. Transfer comprises all sorts of 'travelling', with translation as a major instrument of transferring literature across linguistic and cultural barriers. Transfer aims at the process of communication, starting with the source product and its cultural context and then highlighting the mediation by certain agents and institutions to end up with inclusion in the target culture. Reception lays its focus on the receiving culture, especially on criticism, reading, and interpretation. Translation, therefore, forms a major factor in reception with the general aim of reception studies being to reveal the wide spectrum of interpretations each text offers. Moreover, translations are the prime instrument in the distribution of literature across linguistic and cultural borders; thus, they pave the way for gaining prestige in the world of literature. The thirty-eight papers included in this volume and dedicated to research in this area were previously read at the ICLA conference 2016 in Vienna. They are ample proof that the field remains at the center of interest in Comparative Literature.

**Repressed, Remitted, Rejected** Dr. Karl Heinz Roth,Hartmut Rübner.2021-12-10 Since unification, the Federal Republic of Germany has made vaunted efforts to make amends for the crimes of the Third Reich. Yet it remains the case that the demands for restitution by many countries that were occupied during the Second World War are unresolved, and recent demands from Greece and Poland have only reignited old debates. This book reconstructs the German occupation of Poland and Greece and gives a thorough accounting of these debates. Working from the perspective of international law, it deepens the scholarly discourse around the issue, clarifying the 'never-ending story' of German reparations policy and making a principled call for further action. A compilation of

primary sources comprising 125 annotated key texts (512 pages) on the complexity of reparations discussions covering the period between 1941 and the end of 2017 is available for free on the Berghahn Books website, doi: 10.3167/9781800732575.dd.

And the courage both Rachel and Starling need to bring these truths to light will come at a very high price . . .

This Charming Man C. K. McDonnell. 2022-02-17 Vampires do not exist. Everyone knows this. So it's particularly annoying when they start popping up around Manchester . . . Nobody is pleased about it. Not the Founders, the secret organisation for whom vampires were invented as an allegory, nor the Folk, the magical people hidden in plain sight who only want a quiet life. And definitely not the people of Manchester, because there is nothing more irksome than being murdered by an allegory run amok. Somebody needs to sort this out fast before all Hell really breaks loose - step forward the staff of The Stranger Times. It's not like they don't have enough to be dealing with. Assistant Editor Hannah has come back from getting messily divorced to discover that someone is trying to kidnap a

member of their staff and while editor Vincent Banecroft would be delighted to see the back of any of his team, he doesn't like people touching his stuff - it's the principle of the thing. Throw in a precarious plumbing situation, gambling debts, an entirely new way of swearing, and a certain detective inspector with what could be kindly referred to as 'a lot of baggage' and it all adds up to another hectic week in the life of the newspaper committed to reporting the truth that nobody else will touch. This Charming Man is the second book in the critically acclaimed The Stranger Times series. 'A gag-filled romp . . . in the spirit of Terry Pratchett.' The Times 'Great characters, a jet-propelled plot, and a winning premise.' Guardian 'Fresh and genuinely funny.' SFX

A story of trust, courage, pain, despair, and the strength to let go. A true story. Jessica has an uncomplicated life and a promising future. Leaving the house one evening, she has no idea that she's about to meet the love of her life - and that her entire understanding of the world is about to change. Before long, she's going to face a decision that will shape her forever ... In So Near the Horizon, Jessica Koch describes a life lived somewhere between hope and fear, confronting true events from her own past with raw honesty and frank reflection - and exploring more than one difficult subject along the way. Reading sample (...) Why? I tried to meet his eyes, but he shut them, avoiding my gaze. His fingernails dug into the skin on his bare arms, and he pursed his lips grimly. Slowly, I scooted toward him. Talk to me, Danny, please, I said, trying to pry one of his arms loose. But the more I tugged, the more rigidly he kept them crossed against his body as he shrank away from me as far as he could inside the cramped car. For a moment, I was afraid he would simply get out and walk away. Too close, a voice whispered inside me. You're much too close to him! I let go of his arm so I could slide

back into my seat, and he relaxed almost instantly. He took several deep, slow breaths before opening his eyes and blinking at me through his long lashes. You know why, he whispered. And someday I'll tell you myself. I promise. Be patient with me. About the author Jessica Koch was born in Ludwigsburg, Germany, and began writing short stories when she was still in high school - but never submitted her work to publishers. Shortly after finishing school, she met Danny, a German-American dual citizen. Her experiences with him eventually formed the basis for *So Near the Horizon*, though it was nearly thirteen years before she felt ready to bring the manuscript to the public. The author describes a life lived somewhere between hope and fear, between optimism and despair. She reflects on events from her own past with raw honesty, confronting more than one difficult subject along the way. Jessica Koch's dramatic debut novel, *Dem Horizont so nah* (*So Near the Horizon*), broke every record when it hit stores in Germany. Released in 2016 through a small, independent publishing house, the e-book was an instant success, selling over 250,000 copies in just a few months and topping the Amazon bestseller list for more than six weeks - which made it the number-one bestselling German-language ebook of 2016! Since then, one of Germany's largest publishing houses has purchased the rights to this riveting and highly emotional memoir. The foreign rights have been picked up in numerous countries, and the feature film is scheduled to arrive in theaters at the end of 2018. Jessica Koch lives near the city of Stuttgart with her husband, their son, and two dogs. The second and third books in the trilogy, *So Near the Abyss* and *So Near the Ocean*, are already best-sellers in Germany as well.

**Media and Suicide** Thomas Niederkrotenthaler, Steven Stack. 2017-07-28 Somewhere in the world, in the next forty seconds, a person is going to commit suicide. Globally, suicides account for 50 percent of all violent deaths among men and 71 percent for women. Despite suicide prevention programs, therapy, and pharmacological treatments, the suicide rate is either increasing or remaining high around the world. *Media and Suicide* holds traditional and emergent media accountable for influencing an individual's decision to commit suicide. Global experts present research, historical analysis, theoretical disputes (including discussion on the Werther and Papageno effects), and policy regarding the media's impact on suicide. They answer questions about the effects of different types of media and storytelling, show how the impact of social media can be diminished, discuss internet bullying, mass-shootings and mass-suicides, show the effects of recovery stories, and much more. The editors also present examples of suicide policy in the United States, Switzerland, the United Kingdom, Ireland, and Hong Kong on how to best communicate reporting guidelines to decrease the copycat effect, especially in less developed nations where most

of the world's nearly one million suicides occur each year. Although there is much work to be done to prevent media-influenced suicide, this innovative volume will contribute a large piece to this complex puzzle.

**Alexanderplatz, Berlin** Alfred Döblin.1931

Before the Feast Sasa Stanisic.2016-06-14 It's the night before the feast in the village of Fu"rstenfelde (population: an odd number). The village is asleep. Except for the ferryman—he's dead. And Mrs. Kranz, the night-blind painter, who wants to depict her village for the first time at night. A bell-ringer and his apprentice want to ring the bells—the only problem is that the bells have gone. A vixen is looking for eggs for her young, and Mr. Schramm is discovering more reasons to quit life than to quit smoking. Someone has opened the doors to the Village Archive, but what drives the sleepless out of their houses is not that which was stolen, but that which has escaped. Old stories, myths, and fairy tales are wandering about the streets with the people. They come together in a novel about a long night, a mosaic of village life, in which the long-established and newcomers, the dead and the living, craftsmen, pensioners, and noble robbers in football shirts bump into each other. They all want to bring something to a close, in this night before the feast.

**The Horrors of Trauma in Cinema** Michael Elm,Kobi Kabalek,Julia B. Köhne.2014-10-02 This volume explores the multifaceted depiction and staging of historical and social traumata as the result of extreme violence within national contexts. It focuses on Israeli-Palestinian, German and

(US) American film, and reaches out to cinematic traditions from other countries like France, Great Britain and the former USSR. International and interdisciplinary scholars analyze both mainstream and avant-garde movies and documentaries premiering from the 1960s to the present. From transnational and cross-genre perspectives, they query the modes of representation – regarding narration, dramaturgy, aesthetics, mise-en-scène, iconology, lighting, cinematography, editing and sound – held by film as a medium to visualize shattering experiences of violence and their traumatic encoding in individuals, collectives, bodies and psyches. This anthology uniquely traces horror aesthetics and trajectories as a way to reenact, echo and question the perpetual loops of trauma in film cultures. The contributors examine the discursive transfer between historical traumata necessarily transmitted in a medialized and conceptualized form, the changing landscape of (clinical) trauma theory, the filmic depiction and language of trauma, and the official memory politics and hegemonic national-identity constructions.

Das Jenseits ist kein dunkler Ort Steffany Barton. 2016-09-19 Keine Seele geht verloren. Die Frage nach dem Warum beschäftigt Hinterbliebene, die einen geliebten Menschen durch Suizid verloren haben, vermutlich am meisten. Schmerz und Schock sitzen tief. Vieles bleibt ungeklärt, da ein Abschiednehmen nicht möglich war. Steffany Barton kann mit Seelen, die ihren Tod selbst gewählt haben, kommunizieren. Viele von ihnen wenden sich an das Medium, um ihre Partner, Eltern oder Freunde zu trösten, ihren Übergang ins Jenseits zu erklären und ihnen Liebe zu schicken. Ein kraftvolles Buch, das den Angehörigen Trost spendet und Hilfe bietet, um einen plötzlichen Freitod besser zu bewältigen. Es verdeutlicht, dass der Tod nicht das Ende ist, sondern die Seele ein neues, friedvolles Zuhause findet.

Suicide and the Creative Arts Steven Stack, David Lester. 2009 Artistic work itself has been thought

of as a life-saving behaviour for some suicidal artists. Artistic depictions of suicide can also have a contagion effect, causing suicides among members of the real-world audience. Guidelines are still needed for institutions such as the motion picture industry for minimising possible copycat effects of suicides in feature films and other artistic displays of suicide. Perhaps one of the most important reasons for studying suicide art is for insights into the motives for suicide. Artists portrayed many motives for suicide long before the rise of the science of suicidology in the 20th Century. Motives including social factors such as death of a loved one, honour, economic strain, and betrayal in love have roots in many historical artistic products. Sophocles's plays, dating from 2,500 years ago, contain several motives that are still found today. The history of suicide in art, especially if film is included, may be subject to continuities as well as changes in the motives for suicide. While the visual arts may have drifted away from certain causes of suicide, such as heroicism, these causes may actually live on in other art forms including film and opera. The present volume stresses a holistic approach to the study of suicide in art. Patterns in one art venue may be both similar and different to those in other venues. Hence, caution needs to be exercised in making generalisations on the basis of one or a few modalities of artistic creations.

Profane Culture Paul E Willis. 2014-08-24 A classic of British cultural studies, *Profane Culture* takes the reader into the worlds of two important 1960s youth cultures—the motor-bike boys and the hippies. The motor-bike boys were working-class motorcyclists who listened to the early rock 'n' roll of the late 1950s. In contrast, the hippies were middle-class drug users with long hair and a love of progressive music. Both groups were involved in an unequal but heroic fight to produce meaning and their own cultural forms in the face of a larger society dominated by the capitalist media and commercialism. They were pioneers of cultural experimentation, the self-construction of identity,

and the curating of the self, which, in different ways, have become so widespread today. In *Profane Culture*, Paul Willis develops an important and still very contemporary theory and methodology for understanding the constructions of lived and popular culture. His new preface discusses the ties between the cultural moment explored in the book and today.

Suicide Movies Steven Stack,Barbara Bowman.2011-01-01 How is suicide portrayed in the cinema and what does it mean for suicide prevention? The first-ever comprehensive study of film suicide analyzes more than 1,500 film suicides. The portrayal of suicide in cinema can impact public understanding and effective prevention of suicide. This book presents the first-ever comprehensive analysis of how suicide has been portrayed in films over 110 years, based on a thorough evaluation

of more than 1,500 film suicides - 1,377 in American films, 135 in British films. One striking finding is that while the research literature generally attributes suicide to individual psychiatric or mental health issues, cinema and film solidly endorse more social causes. In a compelling blend of social science and humanities approaches, the authors use quantitative methods, as well as the voices of scriptwriters, directors, actors, and actresses, dozens of illustrative frame-grabs, and numerous case examples to answer core questions such as: Are we guilty of over-neglecting social factors in suicide prevention and research? Do cinematic portrayals distort or accurately reflect the nature of suicide in the real world? Has film presentation of suicide changed over 110 years? What are the literary roots of cinema portrayals? This unique book makes fascinating reading for all concerned with suicide prevention, as well as areas such as sociology, film and media studies, and mass communication.

*Suicide in Adolescence* René F.W. Diekstra,Keith E. Hawton.2012-12-06 The official death rates from

suicide vary considerably between countries in the world for which data are available. They range from 3 to 45 persons a year, per 100,000 of population. Historically, the higher rates of suicide are in the older age groups and in males. However, the general trend in the last twenty years has been for suicide increasing in the younger age groups (15-34) and in females. It has been suggested that this development is related to the phenomenon of attempted suicide, of which the rates in most industrialized countries have doubled and in some countries even tripled over the past two decades. The average rate of attempted suicide is now estimated to be around 200 per 100,000 for males and 350 for females. Almost two-thirds of these occur before the age of thirty. Although the majority of attempted suicide are not intended to be lethal, once a suicide attempt has been made, there is more likelihood of subsequent death by suicide. As many as ten percent of people who have made a previous unsuccessful attempt commit suicide at a later stage in their lives. Persons with increased likelihood to commit suicide are youngsters from disrupted families and from families with a history of suicide, drug and alcohol addiction, those who have failed at school, the unemployed and those suffering from depression.
