The Twitter Presidency Brian L. Ott, Greg Dickinson. 2019-01-24 The Twitter Presidency explores the rhetorical style of President Donald J. Trump, attending to both his general manner of speaking as well as to his preferred modality. Trump's manner, the authors argue, reflects an aesthetics of white rage, and it is rooted in authoritarianism, narcissism, and demagoguery. His preferred modality of speaking, namely through Twitter, effectively channels and transmits the affective dimensions of white rage by taking advantage of the platform's defining characteristics, which include simplicity, impulsivity, and incivility. There is, then, a structural homology between Trump's general communication practices and the specific platform (Twitter) he uses to communicate with his base. This commonality between communication practices and communication platform (manner and modality) struck a powerful emotive chord with his followers, who feel aggrieved at the decentering of white masculinity. In addition to charting the defining characteristics of Trump's discourse, The Twitter Presidency exposes how Trump's rhetorical style threatens democratic norms, principles, and institutions.

The Tweets of President Donald J. Trump Forefront Books. 2020-07-28 Love them or hate them, the tweets of President Donald J. Trump rule the Twittersverse. Until our last presidential campaign, television, particularly campaign ads, dominated the political landscape. But with the rise of Donald J. Trump came a new political tool: the internet. Trump used this to communicate instantly and very effectively with the American people. And it worked. Establishing his political positions by tweeting numerous times a day, Trump pulled a major upset by defeating Hillary Rodham Clinton to become the 45th president of the United States. Once in office, Trump did not abandon his penchant for using Twitter as his populist platform. Instead, he doubled down on it, making it his primary means of communicating with the American people. Knowing how effective a tweet can be, Trump once wrote, "Boom. I press it and within two seconds we have breaking news." With a massive Twitter following of 78 million by the spring of 2020, Trump's direct impact upon Americans cannot be dismissed, nor can the value of his tweets as an essential part of the historical record be denied. To put the enormous impact of his tweets into perspective, Trump won the White House with 63 million votes—a number significantly lower than his massive Twitter following. Now you can read the collected tweets of wisdom—or ridiculousness—from President Donald J. Trump, from his inauguration through February 2020 in this historically significant collection.

Covfefe! Al Freedman. 2017-06-25 Tiny-handed angry half-wit Donald J Trump sure does like to tweet. Whether it's three in the morning and he's sitting on his golden toilet, or he's just not paying attention in a security briefing, the human tanning-bed warning label keeps coming up with crazy things to say in under 140 characters. Trumplethinskin uses Twitter to insult the people he hates, accuse former Presidents of crimes, boast about obstructing justice and breaching national security, and lie about... well, just about everything. In this brand new compilation we recall some of Hair Fuhrer's finest moments in social media. From the time he tweeted just the word 'We', to the time he forgot how to spell 'tap', and so much more. Enjoy!

"Unpresidential" - Twitter as a Tool in Donald Trump's Social Media Campaign Anonym. 2017-12-19 Presidential elections in the United States are, and always have been, major events in American and world history. They are watched by millions of people not only in the US but all over the world. A circumstance that is often not noticed by less informed viewers is that the most famous part of the elections, namely the presidential inauguration, is preceded by weeks, months and even years of presidential campaigning, where candidates raise and spend vast amounts of money in order to convince the American citizens to give them their vote. These campaigns have commonly consisted of journeys throughout the entire country, rallies, conventions and speeches but lately, another medium has been taking a great role in the competition: Social Media. Especially during the 2016 election cycle Twitter became a campaign tool that never has been used during political campaigns to this extent before. Donald Trump in particular has made use of Twitter to such a great extent that it sometimes even seemed like his official speaking tube. The introductory chapters of this work are dedicated to Obama's social media pio-neer work during his 2008 election cycle. Then the Twitter phenomenon Trump will be analyzed based on an analysis of recurring patterns in a selection of his tweets. His controversial behavior online as well as offline will be set out as well. From the contents: Trump; Campaign; Twitter; Social Media; Politics; Presidential Elections; USA Dem Überblick über politische Wahlkampfstrategien vor und seit der Instrumentalisierung der neuen Medien ist eine konzise und zielführende Einführung in das US-amerikanische Wahlsystem vorangestellt. Zudem werden grundlegende Begrifflichkeiten der neuen Medien unter Bezug auf einschlägige Quellen angemessen erläutert. Die Wende hin zu den neuen Medien im Präsidentschaftswahlkampf seit Obama wird sehr gut zusammengefasst und mit Fragen der Wahlbeteiligung bzw. zur vermeintlichen Politikverdrossenheit in Verbindung gebracht. Visualizing Fascism Julia Adeney Thomas, Geoff Eley. 2020-03-13 Visualizing Fascism argues that fascism was not merely a domestic menace in a few European nations, but arose as a genuinely global phenomenon in the early twentieth century. Contributors use visual materials to explore fascism's populist appeal in settings around the world, including China, Japan, South Africa, Slovakia, and Spain. This visual strategy allows readers to see the transnational rise of the right as it fed off the agitated energies of modernity and mobilized shared political and aesthetic tropes. This volume also considers the postwar aftermath as antifascist art forms were depoliticized and repurposed in the West. More commonly, analyses of fascism focus on Italy and Germany alone and on institutions like fascist parties, but that approach truncates our understanding of the way fascism was indebted to colonialism and internationalism with all their attendant grievances and aspirations. Using photography, graphic arts, architecture, monuments, and film—rather than written documents alone—produces a portable concept of fascism, useful for grappling with the upsurge of the global right a century ago—and today. Contributors. Nadya Bair, Paul D. Barclay, Ruth Ben-Ghiat, Maggie Clinton, Geoff Eley, Lutz Koepnick, Ethan Mark, Bertrand Metton, Lorena Rizzo, Julia Adeney Thomas, Claire Zimmerman

Was läuft da schief im Journalismus? Hermann von Engelbrechten-Ilow. 2023-12-15 Was läuft da schief im Journalismus? Läuft überhaupt etwas schief? Glaubt man den Befragungen zu Medienvertrauen und -interesse, so einiges. Wer die Entwicklungen auf den Informationsmärkten betrachtet, den kann das nicht überraschen. Die Auflagen der Tageszeitungen haben sich in den letzten zwanzig Jahren halbiert, ohne dass im Digitalen ausreichend Abonnements dazukämen. Dort kriegen die Verlage nur die Krümel vom Werbekuchen ab, die Facebook und Co übriglassen. Letztere gewinnen zunehmend an Bedeutung, kennen kein publizistisches Ethos und bevorteilen aufmerksamkeitsheischende Inhalte. Reichweite erzielt bei ihnen nur, wer sich der Plattformlogik unterwirft. Zu allem Unglück baut der Staat noch seine digitalen Kanäle aus und entzieht sich so der Kontrolle durch den Journalismus. Nur: Wie soll die vierte Gewalt unter diesen Bedingungen ihre Aufgabe in der Demokratie erfüllen? Denn dass sie eine hat, ist unbestritten. Wie diese konkret aussieht, ist jedoch nach Jahrzehnten stabiler Rahmenbedingungen in Vergessenheit geraten. Sie dient der individuellen und öffentlichen Meinungsbildung. Diese Aufgabe bzw. Funktion gewährleistet das Grundgesetz. Wer den Abwärtstrend im Journalismus umkehren will, kommt nicht umhin die Medienwirklichkeit mit der verfassungsrechtlichen Aufgabe von Presse und Rundfunk abzugleichen. Das eröffnet Perspektiven auf eine Zukunft, in der die Menschen wieder zufriedener mit ihren Medien sind. Wer wissen will, wie diese Perspektiven aussehen, wird hier fündig.

TRUMP by TRUMP O A Frederick. 2020-07-03 Introduction Donald J. Trump is the king of Twitter. He is without a doubt the biggest, most significant and the most prolific individual user of Twitter ever. With an average of over 4000 tweets each year, no other individual comes close. Whether you are pro Trump, anti-Trump or a Trump neutral the undeniable fact is that Donald Trump is a very significant and consequential figure of this time and history. And that he will be watched, studied, analyzed and dissected in the years, decades and centuries to come. I count us only very lucky to have him use Twitter as profusely as he does to pour out his heart and soul. Therefore, more than any books Trump has written or that has been written about Trump, it is only in his direct tweets that we really have a pure insight into the mind, soul and character of the real Donald J. Trump, in his own words the honest and unfiltered President Trump. No history of President Trump's administration or President Trump the man is complete without a chronicle of his generous tweets. All of his highs, his lows, controversies, policy fights, personal fights, verbal attacks, ideas, wins, losses, name-calling, tantrums, rants, likes and dislikes during his action-packed presidency all played out on twitter and captured in this compilation ... a very intense read. It is a complete day-by-day; month-by-month compilation of Donald J. Trump's every tweet as President of the USA encapsulated into one easily perusable reference unit. About the book Such interest in the tweets of President Trump has led many to try to search backwards for his earlier tweets only to find out that there are limits to how far one can go with regular Twitter searches. So I have embarked on this, a complete compilation of Donald Trump's tweets starting from the beginning of his Presidency to the present day, to conclude at his exit. Due to the large number of his tweets the book comes in volumes of a year's tweet per volume beginning from January 1, 2017. Volume 1: Jan 2017 - Dec 2017 (456 pages), Volume 2: Jan 2018 - Dec 2018 and Volume 3: Jan 2019 - Dec 2019. To be continued yearly till the day he leaves office. Welcome to TRUMP by TRUMP: The presidential Tweets of Donald J. Trump

President Donald Trump and His Political Discourse Michele Lockhart.2018-09-21 President Donald Trump and His Political Discourse brings together a diverse collection of perspectives on President Trump's Twitter rhetoric. All I Ever Wanted to Know about Donald Trump I Learned From His Tweets .2017-09-19 We had to figure that by electing a decidedly non-career-politician, that things would be... different. But is this any way to run a country? Many opinions have been shared about Donald Trump, but we can learn so much more about the man via what he himself says - in 140 characters or less. Trump has tweeted nearly 35,000 times since launching @realDonaldTrump in March 2009, commenting on everything from immigration to policy climate change to even pop culture. As President, Trump tweets without ceasing, sometimes a dozen times a day, seemingly during important events and meetings. Apparently he believes that twitter is an effective tool for him to drive his agenda. But it's one thing to be a brash, bold, and outspoken, maverick businessman, it's quite another when the leader of the most powerful country in the world is talking politics as stream of consciousness.

Shout Your Abortion Amelia Bonow,Emily Nokes.2018-11-01 Following the U.S. Congress's attempts to defund Planned Parenthood, the hashtag #ShoutYourAbortion became a viral conduit for abortion storytelling, receiving extensive media coverage and positioning real human experiences at the center of America's abortion debate for the very first time. The online momentum sparked a grassroots movement that has subsequently inspired countless individuals to share their abortion stories in art, media, and community events all over the country, and to begin building platforms for others to do the same. Shout Your Abortion is a collection of photos, essays, and creative work inspired by the movement of the same name, a template for building new communities of healing, and a call to action. Since SYA's inception, people all over the country have shared stories and begun organizing in a range of ways: making art, hosting comedy shows, creating abortion-positive clothing, altering billboards, starting conversations that had never happened before. This book documents some of these projects and illuminates the individuals who have breathed life into this movement, illustrating the profound liberatory and political power of defying shame and claiming sole authorship of our experiences. With Roe vs. Wade on the brink of reversal, the act of shouting one's abortion has become explicitly radical, and Shout Your Abortion is needed more urgently than ever before.

Populist Political Communication in Europe Toril Aalberg, Frank Esser, Carsten Reinemann, Jesper Stromback, Claes De Vreese.2016-07-01 In an increasing number of countries around the world, populist leaders, political parties and movements have gained prominence and influence, either by electoral successes on their own or by influencing other political parties and the national political discourse. While it is widely acknowledged that the media and the role of communication more broadly are key to understanding the rise and success of populist leaders, parties and movements, there is however very little research on populist political communication, at least in the English-speaking research literature. Originating from a research project funded by the European Cooperation in the field of Scientific and Technical Research (COST), this book seeks to advance this research. It includes examinations 24 European countries, and focuses on three areas within the context of populism and populist political communication: populist actors as communicators, the media and populism and citizens and populism.

Dark Matter Gregory Sholette.2010-12-15 Art is big business, with some artists able to command huge sums of money for their works, while the vast majority are ignored or dismissed by critics. This book shows that these marginalized artists, the dark matter of the art world, are essential to the survival of the mainstream and that they frequently organize in opposition to it. Gregory Sholette, a politically engaged artist, argues that imagination and creativity in the art world originate thrive in the non-commercial sector shut off from prestigious galleries and champagne receptions. This broader creative culture feeds the mainstream with new forms and styles that can be commodified and used to sustain the few artists admitted into the elite. This dependency, and the advent of inexpensive communication, audio and video technology, has allowed this dark matter of the alternative art world to increasingly subvert the mainstream and intervene politically as both new and old forms of non-capitalist, public art. This book is essential for anyone interested in interventionist art, collectivism, and the political economy of the art world.

Die gespaltenen Staaten von Amerika Winand Gellner, Michael Oswald.2018-01-08 Dieser Band bündelt Analysen zu den Präsidentschafts- und Kongresswahlen 2016 in den USA, die durch teilweise unerwartete Ereignisse überraschten. Während in der Wahl um die Präsidentschaft mit harten Bandagen gekämpft wurde und kaum eine populistische Rhetorik ungenutzt blieb, nehmen die Polarisierungstendenzen sowohl im Kongress als auch in der Gesellschaft weiterhin zu. Vor allem Online-Medien sind mittlerweile ein dominierender Faktor in diesen Erscheinungen.

45 by #45: Trump's Presidency Summarized by His Most Epic Tweets Eva M. Paronyan.2021-07 This book is an illustrated compilation of President Trump's 45 most notable tweets. Regardless of one's political affiliation or personal opinion on #45, most would agree that Trump was unconventional as a leader, in terms of how openly he communicated with his audience via Twitter. His facial expressions often spoke volumes as well, hence the visuals accompanying the tweets selected for this book. While Trump has always been vocal on social media, only public domain content is used here (from the commencement of his public office position, on January 20th, 2017 until Twitter's permanent suspension of his account on January 8th, 2021.) I envisioned this book and began compiling tweets during Trump's first year in office, but was really called to bring it to life when the ban occurred. This book captures a significant time in American history, with some humor added. Whether you see it as a memento or a prop to start a political debate with family during a holiday dinner, it is sure to inform, entertain - or do both!

Decadence and Literature Jane Desmarais,David Weir.2019-08-22 Decadence and Literature explains how the concept of decadence developed since Roman times into a major cultural trope with broad explanatory power. No longer just a term of opprobrium for mannered art or immoral behaviour, decadence today describes complex cultural and social responses to modernity in all its forms. From the Roman emperor's indulgence in luxurious excess as both personal vice and political control, to the Enlightenment libertine's rational pursuit of hedonism, to the nineteenth-century dandy's simultaneous delight and distaste with modern urban life, decadence has emerged as a way of taking cultural stock of major social changes. These changes include the role of women in forms of artistic expression and social participation formerly reserved for men, as well as the increasing acceptance of LGBTQ+ relationships, a development with a direct relationship to decadence. Today, decadence seems more important than ever to an informed understanding of contemporary anxieties and uncertainties.

One Hundred Days of Tweets Donald Trump.2017-05-02 One hundred of Donald J. Trump's most controversial tweets during his first one hundred days as President of the United States of America.

Trump, Twitter, and the American Democracy Yu Ouyang,Richard W. Waterman.2020-06-29 This book takes a social science approach to address two related questions: (1) what does Donald Trump say on Twitter? and (2) why? Since entering the 2016 Presidential Election, Donald Trump's tweets have been a major part of his communications strategy with the public. While the popular media has devoted considerable attention to selected tweets, it is less clear what those selected tweets tell us about Trump the businessman, the political candidate, and, finally, the President of the United States. We argue that to fully understand Trump, we must take a more comprehensive approach to examining all of his activities on Twitter. Overall, our analysis presents a strikingly complex picture of Trump and how he uses Twitter. Not only has his pattern of tweets changed over time, we find that Trump's use of Twitter is more deliberate than he has been given credit. Like most other politicians, Trump is strategically-minded about his presence on social media.

“Unpresided” - Twitter as a Tool in Donald Trump's Social Media Campaign .2017-11-06 Presidential elections in the United States are, and always have been, major events in American and world history. They are watched by millions of people not only in the US but all over the world. A circumstance that is often not noticed by less informed viewers is that the most famous part of the elections, namely the presidential inauguration, is preceded by weeks, months and even years of presidential campaigning, where candidates raise and spend vast amounts of money in order to convince the American citizens to give them their vote. These campaigns have commonly consisted of journeys throughout the entire country, rallies, conventions and speeches but lately, another medium has been taking a great role in the competition: Social Media. Especially during the 2016 election cycle Twitter became a campaign tool that never has been used during political campaigns to this extent before. Donald Trump in particular has made use of Twitter to such a great extent that it sometimes even seemed like his official speaking tube. The introductory chapters of this work are dedicated to Obama's social media pio-neer work during his 2008 election cycle. Then the Twitter phenomenon Trump will be analyzed based on an analysis of recurring patterns in a selection of his tweets. His controversial behavior online as well as offline will be set out as well. From the contents: Trump; Campaign; Twitter; Social Media; Politics; Presidential Elections; USA Dem Überblick über politische Wahlkampfstrategien vor und seit der Instrumentalisierung der neuen Medien ist eine konzise und zielführende Einführung in das US-amerikanische Wahlsystem vorangestellt. Zudem werden grundlegende Begrifflichkeiten der neuen Medien unter Bezug auf einschlägige Quellen angemessen erläutert. Die Wende hin zu den neuen Medien im Präsidentschaftswahlkampf seit Obama wird sehr gut zusammengefasst und mit Fragen der Wahlbeteiligung bzw. zur vermeintlichen Politikverdrossenheit in Verbindung gebracht. Im zweiten Kapitel wird Donald Trump als „Twitter-Phänomen“ diskutiert und aufgezeigt, welche Rolle sein Verhalten in der Kampagne einnahm. Es folgt eine genauere Analyse der Muster in den Tweets, gestützt auf gut ausgewählte medienanalytische Quellen.

Trump Tweets, the World Reacts Regina Luttrell.2018 This book illustrates the connection between theories of communication and the mediums through which President Trump communicates. Drawing on a range of theoretical and empirical perspectives, it examines several implications of President Trump's influence on the social sphere, economies, government relations, and the communications profession.

How Trump Thinks Peter Osborne.2017-05-04 The most unusual feature of Donald Trump's nationalist and populist campaign for the presidency of the USA was his obsessive use of Twitter. Like other social media, this form of communication has often been assumed to encourage the dissemination of liberal values and the circulation of facts. Trump's tweets, by contrast, formed a constant stream of provocations, insults, conspiracy theories, 'alternative facts' and outright lies. And they helped him win power. Peter Osborne, author of The Rise of Political Lying and Not The Chilcot Report, analyses Trump's incendiary mendacity in all its bewildering guises, and shows how this fusion of entertainment and cunningly crafted propaganda has destabilized the world's most powerful democracy.

Commander-in-Tweet Klaus Kamps.2021-07-21 Donald Trump is one of the most controversial politicians of our time. On the one hand, this refers to his policies, but on the other hand, it also refers to his political style: Trump himself explicitly sees himself as a Twitter president. But what exactly is that supposed to be? What role does Twitter play in official communication, for example, in relation to classic media? Communications expert Klaus Kamps addresses these questions in this popular science essay.
