Imagining Asia(s) Andrea Acri, Kashshaf Ghani, Murari Kumar Jha. 2019 As a continent lying to the east of Europe, Asia has been malleable to different spatial and temporal imaginations and politics. Recent scholarship has highlighted how the seemingly self-contained regional configurations of West and Central Asia, South and Southeast Asia, and East Asia carved by the Area Studies paradigm reflect changing (geo)political and economic interests than historical or cultural roots. This volume advances the question as to what Asia is, and as to whether there existed one or many Asia(s). It seeks to explore Asian societies as interconnected formations through trajectories/networks of circulation of people, ideas, and objects in the *longue durée*. Moving beyond the divides of Area Studies scholarship and the arbitrary borders set by late colonial empires and the rise of post-colonial nation-states, this volume maps critically the configuration of contact zones in which mobile bodies, minds, and cultures interact to foster new images, identities, and imaginations of Asia.

Sundanese Print Culture and Modernity in Nineteenth-century West Java Mikihiro

Moriyama.2005 Sundanese books have been printed since 1850 up to the present. This article tries to draw a configuration of printing books in Sundanese for about 100 years in the Dutch colonial and Japanese occupation period. Printing and publishing books in Sundanese was initiated by the Dutch colonial government for the sake of management of their colony. This article discuss three aspects in print culture in Sundanese: (1) the role of government printing house and private publishers; (2) the cultural relationship between manuscript and printed books, and; (3) the changes after the emergence of printed books. Print culture in the Sundanese-speaking community was born and has developed. Its facets have changed from time to time. We notice more than 2200 Sundanese books were published up to the second decade of the 21st century when the technological innovation has proceeded in an enormous pace. However, the importance of Sundanese publication has not diminished in terms of nurturing educated citizens in this digital-oriented society and supporting cultural identity.

The Marrow of Tradition Charles W. Chesnutt.2002-03-27 This teaching edition of Charles W.

Chesnutt's 1901 novel about racial conflict in a Southern town features an extensive selection of

materials that place the work in its historical context. Organized thematically, these materials explore caste, gender, and race after Reconstruction; postbellum laws and lynching; the 1898 Wilmington riot upon which the narrative is based; and the fin de siècle culture of segregation. The thematic sections are rich with documents such as letters, photographs, editorials, speeches, legal decisions, journalism, and essays from leading periodicals of the era. The writers represented include such well-known figures as W. E. B. DuBois, Booker T. Washington, and Charlotte Perkins Gilman, as well as fascinating, half-forgotten characters like the black newspaper editor Alexander Manly and the white supremacist Thomas Dixon. The editors' introductions and selection headnotes provide additional background for understanding the mythology of race and Chesnut's penetrating examination of its mechanisms and consequences.

Transformations Anne Sexton.2016-04-05 Pulitzer Prize-winning poet Anne Sexton morphs classic fairy tales into dark critiques of the cultural myths underpinning modern society Anne Sexton breathes new life into sixteen age-old Brothers Grimm fairy tales, reimagining them as poems infused with contemporary references, feminist ideals, and morbid humor. Grounded by nods to the ordinary—a witch’s blood “began to boil up/like Coca-Cola” and Snow White’s bodice is “as tight as an Ace bandage”—Sexton brings the stories out of the realm of the fantastical and into the everyday world. Stripping away their magical sheen, she exposes the flawed notions of family, gender, and morality within the stories that continue to pervade our collective psyche. Sexton is especially critical of what follows these tales’ happily-ever-after endings, noting that Cinderella never has to face the mundane struggles of marriage and growing old, such as “diapers and dust,” “telling the same story twice,” or “getting a middle-aged spread,” and that after being awakened Sleeping Beauty would likely be plagued by insomnia, taking “knock-out drops” behind the prince’s back. Deconstructed into vivid, visceral, and often highly amusing poems, these fairy tales reflect themes that have long fascinated Sexton—the claustrophobic anxiety of domestic life, the limited role of women in society, and a psychological strife more dangerous than any wicked witch or poisoned apple.

A Dog Pissing at the Edge of a Path Gregory Forth. 2019-12-12 The Nage people of the eastern Indonesian island of Flores refer to someone who begins something but is regularly distracted by other matters as a dog pissing at the edge of a path. In this first comprehensive study of animal metaphors in a non-Western society, Gregory Forth focuses on how the Nage understand metaphor and use their knowledge of animals to shape specific expressions. Based on extensive field research, *A Dog Pissing at the Edge of a Path* explores the meaning and use of over 560 animal metaphors employed by the Nage. Investigating how closely their indigenous concept of pata péle corresponds to the Greek-derived English concept of metaphor, Forth demonstrates that the Nage people understand these figures of speech in the same way as Westerners - namely as conventional ways of speaking about people and objects, not expressions of an essential identity between their animal vehicles and human referents. Theoretically engaging with anthropology's recent ontological turn, the book considers whether metaphors reveal significant differences in conceptions of human-animal relations, the human-animal contrast, and human understanding of other humans in different parts of the world. An incredible catalogue of animal-based linguistic art and Nage verbal conventions, *A Dog Pissing at the Edge of a Path* illuminates essential features of metaphorical thought everywhere.

Minority Stages Josh Stenberg. 2019-08-31 *Minority Stages: Sino-Indonesian Performance and Public Display* offers intriguing new perspectives on historical and contemporary Sino-Indonesian performance. For the first time in a major study, this community's diverse performance practices are brought together as a family of genres. Combining fieldwork with evidence from Indonesian, Chinese, and Dutch primary and secondary sources, Josh Stenberg takes a close look at Chinese

Indonesian self-representation, covering genres from the Dutch colonial period to the present day. From glove puppets of Chinese origin in East Java and Hakka religious processions in West Kalimantan, to wartime political theatre on Sumatra and contemporary Sino-Sundanese choirs and dance groups in Bandung, this book takes readers on a tour of hybrid and diverse expressions of identity, tracing the stories and strategies of minority self-representation over time. Each performance form is placed in its social and historical context, highlighting how Sino-Indonesian groups and individuals have represented themselves locally and nationally to the archipelago's majority population as well as to Indonesian state power. In the last twenty years, the long political suppression of manifestations of Chinese culture in Indonesia has lifted, and a wealth of evidence now coming to light shows how Sino-Indonesians have long been an integral part of Indonesian culture, including the performing arts. Valorizing that contribution challenges essentialist readings of ethnicity or minority, complicates the profile of a group that is often considered solely in socioeconomic terms, and enriches the understanding of Indonesian culture, Southeast Asian Chinese identities, and transnational cultural exchanges. *Minority Stages* helps counter the dangerous either/or thinking that is a mainstay of ethnic essentialism in general and of Chinese and Indonesian nationalisms in particular, by showing the fluidity and adaptability of Sino-Indonesian identity as expressed in performance and public display.

Aristocracy of Armed Talent Samuel Ling Wei Chan.2019 When Singapore declared independence in 1965, it faced the monumental task of building a military from scratch. *Aristocracy of Armed Talent* tells the story of the development of the Singapore Armed Forces through a collective portrait of its leaders. This book is based on interviews with twenty-eight flag officers, offering a firsthand look at Singapore's military from the very leaders who helped shape it. It addresses the challenges Singapore faced in building its officer corps and encouraging individuals to stay and make a career out of military service. In a society where the majority Chinese population traditionally devalued military careers, and where military service was associated with foreign occupiers and colonizers, Singapore had to learn to build a culture of leadership for its armed forces. It also dispels some of the myths that have shrouded military culture in the country. As former flag officers are often recruited into senior civil service and political roles, understating the military elite culture is central to understanding Singapore's politics. This book provides a rare window on an exceptional and globally influential institution.

The Brothers Grimm Jack Zipes.2021-10-24 Most of the fairy tales that we grew up with we know thanks to the Brothers Grimm. Jack Zipes, one of our surest guides through the world of fairy tales and their criticism, takes behind the romantics mythology of the wandering brothers. Bringing to bear his own critical expertise, as well as new biographical information, Zipes examines the

interaction between the Grimms' lives and their work. He reveals the Grimms' personal struggle to overcome social prejudice and poverty, as well as their political efforts - as scholars and civil servant - toward unifying the German states. By deftly interweaving the social, political, and personal elements of the lives of the Brothers Grimm, Zipes rescues them from sentimental obscurity. No longer figures in fairy tale, the Brothers Grimm emerge as powerful creators, real men who established the fairy tale as one of our great literary institutions. Part biography, part critical assessment, part social history, the Brothers Grimm provides a complex and very real story about fairy tales and the modern world.

Grimm Legacies Jack Zipes.2016-08-02 In *Grimm Legacies*, esteemed literary scholar Jack Zipes explores the legacy of the Brothers Grimm in Europe and North America, from the nineteenth century to the present. Zipes reveals how the Grimms came to play a pivotal and unusual role in the evolution of Western folklore and in the history of the most significant cultural genre in the world—the fairy tale. Folklorists Jacob and Wilhelm Grimm sought to discover and preserve a rich abundance of stories emanating from an oral tradition, and encouraged friends, colleagues, and strangers to gather and share these tales. As a result, hundreds of thousands of wonderful folk and fairy tales poured into books throughout Europe and have kept coming. Zipes looks at the transformation of the Grimms' tales into children's literature, the Americanization of the tales, the Grimm aspects of contemporary tales, and the tales' utopian impulses. He shows that the Grimms

were not the first scholars to turn their attention to folk tales, but were vital in expanding readership and setting the high standards for folk-tale collecting that continue through the current era. Zipes concludes with a look at contemporary adaptations of the tales and raises questions about authenticity, target audience, and consumerism. With erudition and verve, *Grimm Legacies* examines the lasting universal influence of two brothers and their collected tales on today's storytelling world.

Islamizing Intimacies Nancy J. Smith-Hefner.2019-03-31 One of the great transformations presently sweeping the Muslim world involves not just political and economic change but the reshaping of young Muslims' styles of romance, courtship, and marriage. Nancy J. Smith-Hefner takes up the personal lives and sexual attitudes of educated Muslim Javanese youth in the city of Yogyakarta to explore the dramatic social and ethical changes taking place in Indonesian society.

Drawing on more than 250 interviews over a fifteen-year period, her vivid, well-crafted ethnography is full of insights into the real-life struggles of young Muslims and framed by a deep understanding of Indonesia's wider debates on gender and youth culture. The changes among Muslim youth reflect an ongoing if at times unsteady attempt to balance varied ideals, ethical concerns, and aspirations. On the one hand, growing numbers of young people show a deep and pervasive desire for a more active role in their Islamic faith. On the other, even as they seek a more self-conscious and scripture-based profession of faith, many educated youth aspire to personal relationships similar to those seen among youth elsewhere—a greater measure of informality, openness, and intimacy than was typical for their parents' and grandparents' generations. Young women in particular seek freedom for self-expression, employment, and social fulfillment outside of the home. Smith-Hefner pays particular attention to their shifting roles and perspectives because it is young women who have been most dramatically affected by the upheavals transforming this Muslim-majority country. Although deeply personal, the changing aspirations of young Muslims have immense implications for social and public life throughout Indonesia. The fruit of a longitudinal study begun shortly after the fall of the authoritarian New Order government and the return to democracy in 1998-1999, the book reflects Smith-Hefner's nearly forty years of anthropological engagement with the island of Java and her continuing exploration into what it means to be both "modern" and Muslim. The culture of the new Muslim youth, the author shows, through all its nuances and variations, reflects the inexorable abandonment of traditions and practices deemed incompatible with authentic Islam and an ongoing and profound Islamization of intimacies.
