Education in the New Age Alice Bailey. 1954 Of the few specialised subjects included in these books by Alice Bailey and the Tibetan, education is of primary importance. Today we are losing the tendency to associate education only with the instruction of the young and with academic matters. Education is, or should be, a continuous process from birth to death concerned not so much with the acquisition of knowledge as with the expansion of consciousness. Knowledge of itself is a dead end,

unless it is brought into functioning relationship with environment, social responsibilities, historical trends, human and world conditions and, above all, with the evolution of consciousness which brings the infinite vastness of an unknown universe within the range of the finite human mind. To oversimplify, can we say that education is a continuous process of learning how to reconcile the human and the divine elements in the constitution of man, creating right relationship between God and man, spirit and matter, the whole and the part? If this is education in the broader sense, it is more specific and more concentrated when considered in the light of child training. This book is so concentrated and specific. spirit, soul and body as an integrated unity, and acceptance of the planetary whole as the area of personal experience and responsibility - the educational needs of the child today are set out in specific terms. Faults and inadequacies in the present educational systems existing in many parts of the world are enumerated, and methods for the future suggested. Emphasis is placed on the need for education in world citizenship. Even before this book was first published this need had become startlingly apparent. It is also clear, however, that since children naturally tend to accept without question those of other nations, other races, colour, belief and social background, a world consciousness and inclusiveness must first be generated in those adults responsible for the education and the training of the young. Therefore, this book includes a brief final chapter on the science of the 'Antahkarana' that is, with the creative effort to bridge in consciousness between the lower analytical, knowledge-gathering mind, the soul, and the higher mind which is an aspect of the divine Self, the spiritual man. meditation technique, combined with the effort to apply spiritual principles to the daily life under any and all circumstances. The building of the Antahkarana, literally a bridge between the subjective and objective worlds, creates a channel for the transmission of spiritual energies - light and love and power. These energies

transform the daily life, irradiate the personality and infuse the mind with creative thought consistent with the needs of the emerging Plan at the dawning of a new age. So the enlightened adult can stimulate the soul of the child, enrich and enliven the mind, and provide right opportunities for full development of the spiritual potential. The books of Alice A. Bailey, written in cooperation with a Tibetan teacher between 1919-1949, constitute a continuation of the Ageless Wisdom--a body of esoteric teaching handed down from ancient times in a form which is always suitable to each period. Intended to precede and condition the coming era, the Alice A. the teaching on Shamballa and the Path of spiritual evolution; the spiritual Hierarchy; the new discipleship and training in meditation as a form of service; the teaching on the seven rays and the new psychology of the soul; the teaching on esoteric astrology; and the new world religion, which emphasizes the common thread of truth linking all the major world faiths.

### **Esoteric Astrology - A New Astrology for a New Millennium**

Dr. Douglas M. Baker. 2014-04-04 Esoteric Astrology - A New Astrology for a New Millennium Volume One - The Signs, Planets and Houses of the Horoscope This publication takes a new and revitalised look at astrology. It is simple to understand, yet remains a powerful tool, capable of providing a solid foundation for the comprehension of this broad and magnificent subject. This textbook, like most of Dr. Baker's printed books, eBooks and DVDs, enhances your studies via many charts, lists, tables and images (over 100 in this one). This major work is a very comprehensive introduction for those who want to study this subject in earnest, and for the more advanced student it will serve as an essential reference manual. In today's computer-based world it is no longer necessary to spend hours calculating a horoscope when the most modest PCs can do it in seconds, and with 100% accuracy! Consequently the needless paraphernalia, usually associated with learning astrology, has been stripped

away. Emphasis is placed on the application of astrology to the unique problems of the modern world, its use as a method of revealing purpose and meaning in life, and ultimately as a key to the psychosynthesis of personality. The horoscope is described in comprehensive detail, with special attention given to the esoteric ruling planets of the zodiac signs, which are more relevant than orthodox rulers in the charts of spiritually-minded people. The new rulers also accommodate the immense changes in external conditions and inner consciousness that have occurred in the last hundred years and are related to a new range of experience which the brain registers as the externa of the modern world. The significance of karma is represented for it gives dramatic effect to our daily actions, and the third factor of esoteric psychology, lying beyond our understanding of heredity and environment, is given full prominence. This integrative and enriching work can be read alone, as a fascinating introduction and foundation to the New Astrology, or can be followed up with the author's extensive range of astrological books and video tapes, audio lectures and the all-embracing Dictionary of Astrology for the 21st Century. Together they provide a complete system for the professional and novice alike, containing efficient and extraordinary techniques of interpretation which have never been used before and which halve the time required to assimilate and practise astrology.

The Labours of Hercules Alice A. Bailey.1983-02 The Labours of Hercules - an astrological interpretation by Alice Bailey, gives a vivid account of the journey of the soul as it incarnates progressively through the twelve signs of the Zodiac. The labours that Hercules is required to perform symbolise the specific

challenges that face all disciples as they seek to equip themselves to better serve their fellow human beings. It is an excellent introduction to a more esoteric understanding of astrology.

**The Seventh Ray: Revealer of the New Age Alice A.**

Bailey.1995-05-14 Today two rays of great potency are functioning simultaneously. The Sixth Ray of Idealism and Devotion is slowly passing out and the Seventh Ray of Ceremonial Order or Ritual is coming into manifestation. This is bringing about a situation which is described in ancient archives in the following terms: "A time of rending, when the mountains which have sheltered, fall from their high places and the voices of men are lost in the crash and thunder of the fall." Such periods come only rarely, and each time they come a peculiarly significant period of divine activity is ushered in: old things pass away, yet the ancient landmarks are restored.

Esoteric Astrology Alice A. Bailey.1975-12-01 The science of esoteric astrology is said to be the basic occult science for the future. It will come into its own as the esoteric or soul factors begin to supersede the exoteric focus of the vast majority of professional and amateur astrologers today. This is the science which deals with those conditioning and governing energies and forces which play through and upon the whole field of space and all that is found within that field. The Ancient Wisdom teaches that Space is an entity. It is with the life of this entity and with the forces and energies, the impulses and the rhythms, the cycles and the times and seasons, that esoteric astrology deals. Esoteric astrology can be applied by the trained worker in a variety of ways; in medicine, psychology, science, education; to an evaluation of human problems, of the destiny of nations, of a correct interpretation of world affairs, and so on. It is necessary, however, that at this stage the application of esoteric astrology to human life should be recognised as experimental and tentative, so that each individual worker can adjust his thinking and his methods according to his own wrought-out experience. to work

depend entirely on a consciousness evolving out of control by the personality into the life of the soul, out of separateness and self-centredness into a realisation of unity, and absorption into a centre of group consciousness. Astrology is described in this book as the science of relationships - the relationship existing between all living organisms within the universe. Not only the qualities of the ray energies affect these centres of consciousness, but also the quality and energy of the ruling planets and the zodiacal signs. Seen from the exoteric outside, astrology is a vast and most involved and complex subject. From the esoteric inside, while it is still vast, all-inclusive and complex, it is also possible to perceive the thread which unites and the pattern which prevails throughout the whole system. A basic simplicity in the grand design emerges, therefore, which can serve to interpret the whole. study: (1) The Zodiac and the Rays (2) The Nature of Esoteric Astrology (3) The Science of Triangles (4) The Sacred and Non-Sacred Planets (5) Three Major Constellations (6) The Three Crosses (7) The Rays, Constellations and Planets. In addition there is an appendix which summarises and tabulates many of the factors of fundamental importance to the study of esoteric astrology. This is a book for the true occult student. It may appear to be too highly specialised for some; but every esoteric worker finds eventually that his work requires an understanding of the basic astrological factors which affect all relationships and all forms of life within the ethers of space, so that he may learn how to cooperate intelligently in the evolution of the whole by the right adjustment of the part within that whole; until eventually the many are absorbed into the One. The books of Alice A. Bailey, written in cooperation with a Tibetan teacher between 1919-1949, constitute a continuation of the Ageless Wisdom body of esoteric teaching handed down from ancient times in a form which is always suitable to each period. writings offer an unparalleled spiritual approach to such subjects as the teaching on Shamballa and the Path of spiritual evolution; the

spiritual Hierarchy; the new discipleship and training in meditation as a form of service; the teaching on the seven rays and the new psychology of the soul; the teaching on esoteric astrology; and the new world religion, which emphasizes the common thread of truth linking all the major world faiths.

Esoteric Astrology Alan Leo.2024-03-11 To everything existing there are two sides, the spiritual and the material, the essential and the formal. We are living in a world of duality through which something subtle and undefinable is continually passing and flowing, as an essence or principle behind all things that have this dual manifestation. This may be fittingly illustrated by the contrast of Day and Night, sub-divided again by Sunrise and Sunset, Noon and Midnight, when the conditions of the earth are completely changed and reversed. The only external factor here is the rotation of the earth upon her own axis before the face of the Sun. But what is it that causes the rotation, and the changing influence of Sunrise and Sunset ?

**Esoteric Astrology** Torgny Jansson.2005-12-05 If you are interested in understanding more about your true self, the purpose of life and your spiritual path, Esoteric Astrology is the book for you. You will be guided into a deeper dimension of astrology and the spiritual laws behind all life, for example the law of reincarnation and karma. There is a great difference between esoteric astrology that interprets the horoscope from the viewpoint of the soul, and traditional astrology that often is preoccupied with outer events and the desires and reactions of the outer self. An esoteric astrologer looks for the purpose of the soul, and the inner causes behind what happens to you in life. What are your talents and limitations, so that you can make use of and increase your good sides and eliminate or limit the bad habits. The book is written in a simple language, it is a beginner's

guide to astrology. You will need no previous knowledge about astrology to read this book. This book is meant for anyone who is interested in spirituality and astrology. But it is also recommended for you who have studied astrology and wish to add a spiritual dimension to the subject. This book includes many important areas, such as: human relations, how to cast a horoscope, diseases, the purpose of life, and an esoteric interpretation of the signs. The book helps you to understand more about yourself. But to this is added astrology for humanity and nations, how astrological energies are influencing and are determinative for society. From the perspective of a spiritual background, this is indeed an entirely new way of looking at our civilization.

**Esoteric Principles Of Vedic Astrology** Bepin Behari. This book presents the ancient Hindu astrology in its occult and esoteric aspects. Traditional practitioners often failed to defend the veracity of the subject and dispel the scepticism of modern intellectuals. The ancient revelations have been restated here to meet contemporary requirements. The ancient seers presented Vedic Astrology under various assumptions and in allegorical and symbolic languages. They assumed polydimensional extension of human consciousness which was closely related with planetary impulses. Apart from the general approach to this ancient science, the study presents in depth the astrological description of the nature of man. It also provides deeper implications of various planetary combinations. Advanced practitioners as well as general readers will find the book informative, illuminating and highly rewarding.

**The Golden Thread** Natalie N. Banks.1999 The constant reappearance of the Ancient or Ageless Wisdom, that body of inner or esoteric teaching handed down from remote times in a form suitable to the period has always attracted the minds of thoughtful people. Through its remarkable preservation and continuity it has been compared in symbol to a golden thread: a

spiritual life-line waxing or waning in clarity and intensity from century to century.

**The Teaching of Djwhal Khul - Thermodynamics** Tatiana Danina.2014-06-15 Ideas for this book were transferred by the Himalayan Teacher Djwhal Khul. Here we talk about issues of thermodynamics. In the field of astrology this is especially needed. The information here is based upon Alice Bailey's Esoteric Astrology and extends this work with additional esoteric information. This is in line with what I have already published in my former books, and presents a line of esoteric reasoning that most students of this doctrine have yet to discover. These astrological volumes are the foundation for many revelations to come. This volume presents the basis to comprehending the vast reaches of this science. For enlightened beings astrological knowledge is the lore of the universe and this astrology governs the manifestation of cosmic Law. The evolution of humanity is a progression and so also the evolutionary attainment of Hierarchy.

Hierarchy must move with the times and offer disciples more advanced esoteric lore and their higher scientific verities than was possible before. This is one such presentation from the vast store of Hierarchical ken that hopefully many will gain succour from.

We shall find ourselves able to co-operate more wisely with the Plan as it is seeking expression at any particular time".

**The Destiny of the Nations** Alice Bailey. 1978 The Books of Alice A. Bailey, written in cooperation with a Tibetan teacher between 1919-1949, constitute a continuation of the Ageless Wisdom--a body of esoteric teaching handed down from ancient times in a form which is always suitable to each period. Intended to precede and condition the coming era, the Alice A. Bailey writings offer an unparalleled spiritual approach to such subjects as the teaching on Shamballa and the Path of spiritual evolution; the spiritual Hierarchy; the new discipleship and training in meditation as a form of service; the teaching on the seven rays and the new psychology of the soul; the teaching on esoteric astrology; and the new world religion, which emphasizes the common thread of truth linking all the major world faiths. World problems are increasing in complexity as the population of the world increases, and as nations become inter-related and interdependent. It is important for the future of mankind that we understand and cooperate with the spiritual laws and forces at work within the interwoven structure of civilisation, so that the individual part - human and national - can be rightly related to the evolving whole. solar and cosmic sources. These energies influence the nation as a whole through the mechanism of response equivalent to the Monad-soul-personality constitution of a man. Different nations are more receptive to some energies than to others; and all nations, subject to the evolution of national consciousness, have a destiny before them which is literally based on the qualities and the principles of the particular ray energy seeking expression through the national soul. In this book the ray energies affecting certain nations, world groupings and major cities are analysed in relation to meaning and purpose, and to the

emergence of ideas appropriate to energy influences dominant at the end and at the beginning of an age. The world of humanity is shown as a state of becoming, guided and given opportunity by the spiritual Hierarchy - the inner government of the planet - from a stable state of Being. Weaves the destinies of all peoples together into a synthesis, in which each contributes to the whole the unfoldment of individual potential. A recognition of the soul destiny of nations in the light of the teaching in this book, has a practicality today in our search for international adjustments. The ray qualities affecting the peoples of the world can be used intelligently to promote understanding and unity. We are given a glimpse in this book of the beauty of energy synthesis when all component parts work together according to their own ray combination and the glory of the One. The future will see right relationships, true communion, a sharing of all things ...and goodwill; we have also a picture of the future of humanity when all nations are united in complete understanding and the diversity of languages - symbolic of differing traditions, cultures, civilisations and points of view - will provide no barrier to right human relations. At the centre of each of these two pictures is to be found the Christ.
