There are many similar sites around, but Free-Ebooks.net is our favorite, with new books added every day. Large photos of the Kindle books covers makes it especially easy to quickly scroll through and stop to read the descriptions of books that you're interested in. Since it's a search engine, browsing for books is almost impossible. The closest thing you can do is use the Authors dropdown in the navigation bar to browse by authors—and even then, you'll have to get used to the terrible user interface of the site overall.
