Desi Land Shalini Shankar.2008-10-06 Desi Land is Shalini Shankar's lively ethnographic account of South Asian American teen culture during the Silicon Valley dot-com boom. Shankar focuses on how South Asian Americans, or "Desis," define and manage what it means to be successful in a place brimming with the promise of technology. Between 1999 and 2001 Shankar spent many months "kickin' it" with Desi teenagers at three Silicon Valley high schools, and she has since followed their lives and stories. The diverse high-school students who populate Desi Land are Muslims, Hindus, Christians, and Sikhs, from South Asia and other locations; they include first- to fourth-generation immigrants whose parents' careers vary from assembly-line workers to engineers and CEOs. By analyzing how Desi teens' conceptions and realizations of success are influenced by community

values, cultural practices, language use, and material culture, she offers a nuanced portrait of diasporic formations in a transforming urban region. Whether discussing instant messaging or arranged marriages, Desi bling or the pressures of the model minority myth, Shankar foregrounds the teens' voices, perspectives, and stories. She investigates how Desi teens interact with dialogue and songs from Bollywood films as well as how they use their heritage language in ways that inform local meanings of ethnicity while they also connect to a broader South Asian diasporic consciousness. She analyzes how teens negotiate rules about dating and reconcile them with their longer-term desire to become adult members of their communities. In *Desi Land* Shankar not only shows how Desi teens of different socioeconomic backgrounds are differently able to succeed in Silicon Valley schools and economies but also how such variance affects meanings of race, class, and community for South Asian Americans.

Translation of the Holy Quran in English Maulana Muhammad Ali.2013-12-25 The Quran, literally meaning the recitation, also romanised (Koran) is the central religious text of Islam, which Muslims believe to be a revelation from God (Arabic: Allah). It is widely regarded as the finest piece of literature in the Arabic language. Muslims consider the Quran to be the only book that has been protected by God from distortion or corruption. Quranic chapters are called suras and verses are called ayahs. Muslims believe that the Quran was verbally revealed from God to Muhammad through the angel Gabriel (Jibril), gradually over a period of approximately 23 years, beginning on 22 December 609 CE, when Muhammad (Peace be upon Him) was 40, and concluding in 632 CE, the year of his death. Shortly after Muhammad's death, the Quran was collected by his companions using written Quranic materials and everything that had been memorized of the Quran. Muslims regard the Quran as the most important miracle of Muhammad, the proof of his prophet hood and the culmination of a series of divine messages that started with the messages revealed to Adam and ended with Muhammad. The Quran assumes familiarity with major narratives recounted in the Jewish and Christian scriptures. It summarizes some, dwells at length on others and, in some cases, presents alternative accounts and interpretations of events. The Quran describes itself as a book of guidance. It sometimes offers detailed accounts of specific historical events, and it often emphasizes the moral significance of an event over its narrative sequence. The Quran is used along with the hadith to interpret sharia law. During prayers, the Quran is recited only in Arabic. Someone who has memorized the entire Quran is called a hafiz. Some Muslims read Quranic ayahs (verses) with elocution, which is often called tajweed. During the month of Ramadan, Muslims typically complete the recitation of the whole Quran during tarawih prayers. Inimitability of the Quran (or I'jaz) is the belief that no human speech can match the Quran in its content and form. The Quran is considered an inimitable miracle by Muslims, effective until the Day of Resurrection-and, thereby, the central proof granted to Muhammad in authentication of his prophetic status. The concept of inimitability originates in the Quran where in five different verses challenges opponents to produce something like the Quran: If men and sprites banded together to produce the like of this Quran they would never produce its like not though they backed one another (17:88). So the suggestion is that if there are doubts concerning the divine authorship of the Quran come forward and create something like it. From the ninth century, numerous works appeared which studied the Quran and examined its style and content. Medieval Muslim scholars including al-Jurjani (d. 1078CE) and al-Baqillani (d. 1013CE) have written treatises on the subject, discussed its various aspects, and used linguistic approaches to study the Quran. Others argue that the Quran contains noble ideas, has inner meanings, maintained its freshness through the ages and has caused great transformations in individual level and in the history. Some scholars state that the Quran contains scientific information that agrees with modern science. The doctrine of miraculousness of the Quran is further emphasized by Muhammad's illiteracy since the unlettered prophet could not have been suspected of composing the Quran.

The Rumor of Globalization Bhāskara Mukhopādhyāya.2012 Drawing from recent theories of virtuality, performativity, and governmentality, and on post-colonial activist scholarship from the global south, this book presents a series of ethnographic and archival studies of what Mukhopadhyay terms 'vernacular globalisation' in India. The book's six provocative but substantive chapters of the book engage a wide range of events, objects, histories, narratives and episodes with the intent of interrogating what Franz Fanon called the 'zone of occult instability where the people dwell.' these

chapters recount tales of quotidian commodity fetishism of rural cargo cults thriving on bazaar rumours about Chinese dumping in communist Calcutta, signpost desi cyberporn showcasing 'fat aunties' and Gandhi, dig deep into Indo-Persian travelogues about England and women's travel narratives to Japan embodying local traditions of cosmopolitanism, interrogate folk scroll paintings about 9/11 in the art historical mode and seek to uncover vernacular civic traditions of urbanism through an analysis of grotty slum photographs. The Rumour of Globalization presents facades of vernacular India negotiating globalising forces through a distinctive style of ethnography (fabulation) which is sensitive to subaltern political aspirations while maintaining a broad commitment to Marxist theory, Subaltern Studies scholarship and post-structuralist theory.

Hema Malini Ram Kamal Mukherjee. 2017-10-10 One of the most enduring divas of Hindi cinema, a producer and director for films and television, dancer and choreographer par excellence, magazine editor, an active member of Parliament and now a singer, Hema Malini wears many hats with admirable ease. No other industry name comes close to matching the breadth of her achievements. In an industry where the male star has traditionally driven the commercial success of films, Hema was an exception, with her name alone sufficing to ensure a film's box-office glory. She was, arguably, India's first female superstar. Apart from starring in mainstream super-hits like *Johny Mera Naam*, *Jugnu*, *Andaz*, *Seeta Aur Geeta*, *Sholay* and, more recently, *Baghban*, she received critical acclaim for her performances in *Lal Patthar*, *Khushboo*, *Kinara*, *Meera*, *Ek Chadar Maili Si* and *Razia Sultan*. But there is much more to her than just her Bollywood journey. From her efforts at reviving and sustaining classical dance to her graceful handling of her personal life and the controversies that have plagued her in her political avatar, from her relationships to her religious beliefs and her recent tryst with singing, *Hema Malini: Beyond the Dream Girl* covers it all. With detailed interviews and exclusive anecdotes from her family, friends and co-actors, this is an inside look at the remarkable life of one of our greatest cinema icons, someone who has truly lived life on her own terms.

Sleeping with Strangers David Thomson. 2020-01-14 In this wholly original work of film criticism, David Thomson, celebrated author of *The Biographical Dictionary of Film*, probes the many ways in which sexuality has shaped the movies—and the ways in which the movies have shaped sexuality. Exploring the tangled notions of masculinity, femininity, beauty, and sex that characterize our cinematic imagination—and drawing on examples that range from advertising to pornography, *Bonnie and Clyde* to *Call Me by Your Name*—Thomson illuminates how film as art, entertainment, and business has historically been a polite cover for a kind of erotic séance. In so doing, he casts the art and the artists we love in a new light, and reveals how film can both expose the fault lines in conventional masculinity and point the way past it, toward a more nuanced understanding of what it means to be a person with desires.

New Cosmopolitanisms Gita Rajan.2006-02-09 This book offers an in-depth look at the ways in which technology, travel, and globalization have altered traditional patterns of immigration for South Asians who live and work in the United States, and explains how their popular cultural practices and aesthetic desires are fulfilled. They are presented as the twenty-first century's "new cosmopolitans": flexible enough to adjust to globalization's economic, political, and cultural imperatives. They are thus uniquely adaptable to the mainstream cultures of the United States, but also vulnerable in a period when nationalism and security have become tools to maintain traditional power relations in a changing world.

A History of Saudi Arabia Madawi al-Rasheed.2002-07-11 Saudi Arabia is a wealthy and powerful country which wields influence in the West and across the Islamic world. Yet it remains a closed society. Its history in the twentieth century is dominated by the story of state formation. After the collapse of the Ottoman Empire, Ibn Sa'ud fought a long campaign to bring together a disparate people from across the Arabian peninsula. In 1932 the Kingdom of Saudi Arabia was born. Madawi al-Rasheed traces its extraordinary history from the age of emirates in the nineteenth century, through the 1990 Gulf War, to the present day. She fuses chronology with analysis, personal experience with oral histories, and draws on local and foreign documents to illuminate the social and cultural life of the Saudis. This is a rich and rewarding book which will be invaluable to students, and to all those trying to understand the enigma of Saudi Arabia.

Indian Epigraphical Glossary Dineschandra Sircar.1966 The interested world of scholars is sure to receive with gratitude this latest work from the erudite pen of Prof. D.C. Sircar who has opened up for us new vistas in the study of Indian antiquities. Prof. Sircar's Indian Epigraphical Glossary, characterised by a wide sweep of vision based on a meticulous attention to details, is a contribution of the utmost importance. Here one finds an embarras de richesses in a comprehensive dictionary of technical expressions found in documents embracing nearly 2000 years in time and the entire Indian sub-continent in space and written in a variety of languages. It offers a panorama of Indian political and cultural life as enshrined in a series of expressions which are precise and historically important. Many of them remained obscure, and Prof. Sircar, with his thorough knowledge of the subject in the study of which he has spent a life-time, has succeeded in most cases in giving quite satisfactory interpretations. The mass of material in this invaluable publication, which will continue to be an indispensable work of reference for many years to come, brings in a volume of lexical material for the compilation of an exhaustive Dictionary of Sanskrit. The importance of the work, which I would consider epoch-making in the domain of Indology, has been considerably enhanced by three remarkable Appendices.

50 Films That Changed Bollywood, 1995-2015 Shubhra Gupta. 2016-12-10 Hindi cinema was trapped in formulaic clichés for decades: lost-and-found themes, sacrificing mothers, brothers on opposite sides of the law, villains lording over their dens, colourful molls, six songs, the use of rape as a plot pivot, and cops who always arrived too late. It hit an all-time low in the 1980s. Then, in 1991, came liberalization, and a wave of openness and aspiration swept across urban India. Dilwale Dulhania Le Jayenge was released in 1995 - and Hindi cinema became Bollywood. A new crop of film-makers began to challenge and break away from established rules. Over the next twenty years, a number of Hindi films consistently pushed the envelope in terms of content and technique to create a new kind of cinema. Among other innovations, film-makers came up with ways of crowd funding a film (Ankhon Dekhi), did away with songs if the narrative did not need them (Gangaajal), addressed different sexual preferences (My Brother ... Nikhil) and people with special needs (Black) like no one had ever done before. As film critic with the Indian Express, Shubhra Gupta has stayed the course these twenty years and more and experienced the transition first-hand. In 50 Films That Changed Bollywood, 1995-2015, she looks at the modern classics that have redefined Hindi cinema - from DDLJ and Rangeela to Satya and Dev D to Queen and Bajrangi Bhaijaan. Gupta offers a fascinating glimpse into how these films spoke to their viewers and how the viewers reacted to them - and, ultimately, how they changed us and how we changed them.

Lot No. 249 Arthur Conan Doyle. 2021-02-26 Smith, a University of Oxford athlete, witnesses strange things. Edward, a student in Egyptology, collects ancient artefacts, a mummy as well. Not only does he collect them, but Smith suspects that Edward is trying to reanimate the mummy. His suspicions grow bigger when he sees the mummy disappear and then reappear. Will Smith confront Edward and what will follow after that? Is it actually possible to reanimate an artefact or it is simply fruit of imagination? Who will make it out alive - Smith, Edward, or the mummy? Lot No. 249 holds the answers. Sir Arthur Conan Doyle (1859-1930) was born in Scotland and studied medicine at the University of Edinburgh. After his studies, he worked as a ship's surgeon on various boats. During the Second Boer War, he was an army doctor in South Africa. When he came back to the United Kingdom, he opened his own practice and started writing crime books. He is best known for his thrilling stories about the adventures of Sherlock Holmes. He published four novels and more than 50 short-stories starring the detective and Dr Watson, and they play an important role in the history of crime fiction. Other than the Sherlock Holmes series, Doyle wrote around thirty more books, in genres such as science-fiction, fantasy, historical novels, but also poetry, plays, and non-fiction.

More Than Bollywood Gregory D. Booth, Bradley Shope. 2014 This is the first book to tackle the diverse styles and multiple histories of popular musics in India. It brings together fourteen of the world's leading scholars on Indian popular music to contribute chapters on a range of topics from the classic songs of Bollywood to contemporary remixes, summarized by a reflective afterword by popular music scholar Timothy Taylor. The chapters in this volume address the impact of media and technology on contemporary music, the variety of industrial developments and contexts for Indian popular music, and historical trends in popular music development both before and after the Indian Independence in 1947. The book identifies new ways of engaging popular music in India beyond the Bollywood musical canon, and offers several case studies of local and regional styles of music. The contributors address the subcontinent's historical relationships with colonialism, the transnational market economies, local governmental factors, international conventions, and a host of other circumstances to shed light on the development of popular music throughout India. To illustrate each chapter author's points, and to make available music not easily accessible in North America, the book features an Oxford web music companion website of audio and video tracks.

NOW UPDATED WITH A NEW CHAPTER The sensational trials of Paul Bernardo and Karla Homolka for abduction, rape, manslaughter and murder caused widespread controversy that continues to this day. The public was particularly outraged by the so-called "sweetheart deal" — the twelve-year sentence Homolka received as part of an agreement with government lawyers. Journalist Nick Pron gives us a comprehensive account of previously banned information about Bernardo and Homolka; about Homolka's role in the death of her sister Tammy; of slipshod police work and lack of communication that allowed Bernardo and Homolka the opportunity to murder schoolgirls Kristen French and Leslie Mahaffy; of the host of disturbing facts that were ruled inadmissible at the trial. A new chapter details the most recent, shocking facts of Homolka's life in prison, including her alleged "special treatment," such as private access to the prison's beauty salon and gym, and rumoured liaisons in Kingston's Prison for Women.
