Firm Foundations Trevor McIlwain.2009 A steadfast faith is built on the firm foundation of God's Word. For decades, this pattern of teaching has helped men and women around the world gain a clear understanding of God, man's relationship with Him, and the grace He has made freely available through the death of His Son. Many teachers have successfully used these lessons from the previous version in churches, classroom and small groups. *Firm Foundations: Creation to Christ* presents in order key teachings about: God's nature and character; Man's sinful state and separation from God; God's grace, presence and activity through history; Christ as the promised Redeemer. Moving from Genesis through the life of Christ, your students will see God's plan of redemption unfold. They'll follow God's pattern of progressively revealing His character. This study series uses the New King James Bible translation. - Publisher.

Sensational Piety Murtala Ibrahim.2022-08-11 Grounded in anthropological comparison and the concept of materiality, this book offers an in-depth ethnographic study of the similarities and differences among various forms of religious practices in a Pentecostal Church (Christ Embassy) and an Islamic group (NASFAT) in the Nigerian capital of Abuja. Scholarship in this area tends to focus on inter-religious contestations and conflicts; however, this book proposes that another dynamic is unfolding between Christians and Muslims that is characterised by conviviality, interfaith joint action programmes, mutual influences and even the exchange of religious forms. The comparative approach reveals that, notwithstanding the seemingly opposed worldviews and divergences between Muslims and Christians, they all face similar challenges and apply similar techniques for meeting the challenges posed by the precarious Nigerian urban environment. It is through practices – especially those conducted in (semi-) public settings – that people from different religious persuasions define, encroach on and feel the weight of each other's presence.

The Poisonwood Bible Barbara Kingsolver.2009-10-13 New York Times Bestseller • Finalist for the Pulitzer Prize • An Oprah's Book Club Selection “Powerful . . . [Kingsolver] has with infinitely steady hands worked the prickly threads of religion, politics, race, sin and redemption into a thing of terrible beauty.” —Los Angeles Times Book Review *The Poisonwood Bible*, now celebrating its 25th anniversary, established Barbara Kingsolver as one of the most thoughtful and daring of modern

writers. Taking its place alongside the classic works of postcolonial literature, it is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in Africa. The story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it—from garden seeds to Scripture—is calamitously transformed on African soil. The novel is set against one of the most dramatic political chronicles of the twentieth century: the Congo's fight for independence from Belgium, the murder of its first elected prime minister, the CIA coup to install his replacement, and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy. Against this backdrop, Orleanna Price reconstructs the story of her evangelist husband's part in the Western assault on Africa, a tale indelibly darkened by her own losses and unanswerable questions about her own culpability. Also narrating the story, by turns, are her four daughters—the teenaged Rachel; adolescent twins Leah and Adah; and Ruth May, a prescient five-year-old. These sharply observant girls, who arrive in the Congo with racial preconceptions forged in 1950s Georgia, will be marked in surprisingly different ways by their father's intractable mission, and by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of moral risk and personal responsibility.

Political Church Jonathan Leeman.2016-03-01 What is the nature of the church as an institution? What are the limits of the church's political reach? Drawing on covenant theology and the new institutionalism in political science, Jonathan Leeman critiques political liberalism and explores how the biblical canon informs an account of the local church as an embassy of Christ's kingdom.

Crazy Faith Michael Todd.2021-09-21 NEW YORK TIMES BESTSELLER • From the author of Relationship Goals . . . Will you be remembered as a person who claimed to follow God but liked to play it safe? Or as a person who lived your life out on the limb and trusted God enough to live in crazy faith? Noah looked crazy when he started building the ark . . . until it started raining. It was crazy for Moses to lead a nation of people into the desert away from Egypt . . . until the Red Sea

parted. It was crazy to believe that a fourteen-year-old virgin would give birth to the Son of God . . . until Mary held Jesus in her arms. There are many things that seem normal or average today that at one point in time seemed absolutely crazy. Smartphones, Wi-Fi, and even the electric light bulb were all groundbreaking, history-making inventions that started out as crazy ideas. Our see-it-to-believe-it generation tends to have a hard time exercising true faith—one that steps out, takes action, and sees mountain-moving results. Many of us would rather play it safe and stand on the sidelines, but it's crazy faith that helps us see God move and reveals His promises. In *Crazy Faith*, Pastor Michael Todd shows us how to step out in faith and dive into the purposeful life of trusting God for the impossible. Even if you have to start with baby faith or maybe faith, you can become empowered to let go of your lazy faith, trust God through your hazy faith, and learn to live a lifestyle of crazy faith. With powerful stories of modern-day faith warriors who take their cues from biblical heroes, Michael Todd equips you to • believe for the impossible • choose hope over fear • be alert to the voice of God • cope with loss and doubt • develop a deeper level of trust in God • speak faith-filled declarations • inspire crazy faith in others God's not looking for somebody to give Him all the reasons why His plans can't happen. He's looking for somebody to believe they will happen. In fact, He has so much He wants to do through you. The question is, Are you crazy enough to believe it?

Rediscover Church Collin Hansen, Jonathan Leeman. 2021-07-28 "A Christian without a church is a Christian in trouble." Since a global pandemic abruptly closed places of worship, many Christians have skipped church life, even neglecting virtual services. But this was a trend even before COVID-19. Polarizing issues, including political and racial strife, convinced some people to pull away from the church and one another. Now it's time to recommit to gathering as brothers and sisters in Christ. In *Rediscover Church*, Collin Hansen and Jonathan Leeman discuss why church is essential for believers and God's mission. Through biblical references and personal stories, they show readers God's true intention for corporate gathering: to spiritually strengthen members as individuals and the body of Christ. In an age of church-shopping and livestreamed services, rediscover why the future of the church relies on believers gathering regularly as the family of God. Invisible Man Michal Raz-Russo.2016 By the mid-1940s, Gordon Parks had cemented his reputation as a successful photojournalist and magazine photographer, and Ralph Ellison was an established author working on his first novel, *Invisible Man* (1952), which would go on to become one of the most acclaimed books of the twentieth century. Less well known, however, is that their vision of racial injustices, coupled with a shared belief in the communicative power of photography, inspired collaboration on two important projects, in 1948 and 1952. Capitalizing on the growing popularity of the picture press, Parks and Ellison first joined forces on an essay titled *Harlem Is Nowhere* for '48: *The Magazine of the Year*. Conceived while Ellison was already three years into writing *Invisible Man*, this illustrated essay was centered on the Lafargue Clinic, the first nonsegregated psychiatric clinic in New York City, as a case study for the social and economic conditions in Harlem. He chose Parks to create the accompanying photographs, and during the winter months of 1948, the two roamed the streets of Harlem together, with Parks photographing under the guidance of Ellison's writing. In 1952 they worked together again, on *A Man Becomes Invisible*, for the August 25 issue of *Life* magazine, which promoted Ellison's newly released novel. *Invisible Man: Gordon Parks and Ralph Ellison in Harlem* focuses on these two projects, neither of which was published as originally intended, and provides an in-depth look at the authors' shared vision of black life in America, with Harlem as its nerve center.

[Mother Earth, Mother Africa and Mission](#) Seblewengel Daniel, Mmapula Diana Kebaneilwe, Angeline Savala.2021-07-01 The volume is significant in bringing together voices of African women theologians and their allies on the urgent topic of ecology. First, it decisively intervenes into

scholarly discourses on ecofeminism by highlighting the reflections of African women scholars and African women as subjects. This function of the volume is very important both at local and global levels. Second, it contributes to contextualizing of scriptural interpretation around the issue of ecology. Biblical reflection occurs throughout the volume and is put into dialogue with African traditions, with ecofeminism, with Africa-based mission projects, and with the current crisis of sustainability and African women's roles in protecting the earth. Third, the volume includes several concrete case studies based on interviews and grassroots qualitative research, as well as especially original articles that integrate biblical exegesis of Genesis with reflections on patriarchal legal systems in Botswana, and an original take on "male headship" in relation to ecofeminism. - Professor Dana L. Affective Trajectories Hansjörg Dilger,Astrid Bochow,Marian Burchardt,Matthew Wilhelm-Solomon.2020-02-28 The contributors to *Affective Trajectories* examine the mutual and highly complex entwinements between religion and affect in urban Africa in the early twenty-first century. Drawing on ethnographic research throughout the continent and in African diasporic communities abroad, they trace the myriad ways religious ideas, practices, and materialities interact with affect to configure life in urban spaces. Whether examining the affective force of the built urban environment or how religious practices contribute to new forms of attachment, identification, and place-making, they illustrate the force of affect as it is shaped by temporality and spatiality in the religious lives of individuals and communities. Among other topics, they explore Masowe Apostolic Christianity in relation to experiences of displacement in Harare, Zimbabwe; Muslim identity, belonging, and the global ummah in Ghana; crime, emotions, and conversion to neo-Pentecostalism in Cape Town; and spiritual cleansing in a Congolese branch of a Japanese religious movement. In so doing, the contributors demonstrate how the social and material living conditions of African cities generate diverse affective forms of religious experiences in ways that foster both localized and transnational paths of emotional knowledge. Christianity and Social Change in Contemporary Africa: Volume One B. Nyamnjoh,A. Carpenter.2020-05-25 This volume brings together seven empirically grounded contributions by African social scientists of different disciplinary backgrounds. The authors explore the social impact of religious innovation and competition in present day Africa. They represent a selection from an interdisciplinary initiative that made 23 research grants for theologians and social scientists to study Christianity and social change in contemporary Africa. These contributions focus on a variety of dynamics in contemporary African religion (mostly Christianity), including gender, health and healing, social media, entrepreneurship, and inter-religious borrowing and accommodation. The volume seeks to enhance understanding of religions vital presence and power in contemporary Africa. It reveals problems as well as possibilities, notably some ethical concerns and psychological

maladies that arise in some of these new movements, notably neo-Pentecostal and militant fundamentalist groups. Yet the contributions do not fixate on African problems and victimization. Instead, they explore sources of African creativity, resiliency and agency. The book calls on scholars of religion and religiosity in Africa to invest new conceptual and methodological energy in understanding what it means to be actively religious in Africa today.

How We Love Matters Albert Tate.2022-03-08 This powerful book reimagines discipleship by begging us to acknowledge that racism exists in the Church—and offers the hopeful message that we can disciple it out. It is not an accident that racism is alive and well in the American church. Racism has, in fact, been taught within the church for so long most of us don't even recognize it anymore. Pastor Albert Tate guides all of us in acknowledging the racism that keeps us from loving each other the way God intends and encourages siblings in Christ to sit together in racial discomfort, examining the role we may play in someone's else's struggle. *How We Love Matters* is a series of nine moving letters that educate, enlighten, and reimagine discipleship in a way that flips the church on its head. In these letters that include *Dear Whiteness*, *Dear America*, and *Dear Church*, Tate calls out racism in the world, the church, within himself and us. These letters present an anti-racist mission and vision for believers to follow that helps us to speak up at the family table and call out this evil so it will not persist in future generations. Tate believes that the only way to make change is by telling the truth about where we are—relationally, internally, and spiritually. *How We Love Matters* is an exposition of relevant Biblical truth, a clarion call for all believers to examine how they see and understand each other, and it is a way forward toward justice, reconciliation, and healing. Because, yes, it is important that we love each other, but it is even more important how we love each other.

Gordon Parks Gordon Parks,Peter W. Kunhardt (Jr.).2012 *Gordon Parks: A Harlem Family 1967* honours the legacy and the work of late iconic artist and photojournalist Gordon Parks, who would have turned 100 on November 30, 2012. The exhibition catalogue is co-published by The Studio Museum in Harlem and The Gordon Parks Foundation and features approximately eighty black and white photographs of the Fontenelle family, whose lives Gordon Parks documented as part of a 1968 *Life* magazine photo essay. A searing portrait of poverty in the United States, the Fontenelle photographs provide a view of Harlem through the narrative of a specific family at a particular moment in time. Gordon Parks was born into poverty and segregation in Fort Scott, Kansas, in 1912. An itinerant labourer, he worked as a brothel pianist and railcar porter, among other jobs, before buying a camera at a pawnshop, training himself, and becoming a photographer. In addition to his storied tenures at the Farm Security Administration, the Office of War Information (1941-1945) and *Life* magazine (1948-1972), Parks was a modern-day Renaissance man who found success as a film

director, author and composer. The first African-American director to helm a major motion picture, he popularised the Blaxploitation genre through his film Shaft (1971). He wrote numerous memoirs, novels and books of poetry and received many awards, including the National Medal of Arts and more than fifty honorary degrees. In 1997 the Corcoran Gallery of Art in Washington, D.C., mounted his retrospective exhibition Half Past Autumn: The Art of Gordon Parks. Parks died in 2006.

How to Download Your Free eBooks. If there's more than one file type download available for the free ebook you want to read, select a file type from the list above that's compatible with your device or app. The first step is to go to make sure you're logged into your Google Account and go to Google Books at books.google.com. Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-

Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars). When you click on My Google eBooks, you'll see all the books in your virtual library, both purchased and free. You can also get this information by using the My library link from the Google Books homepage. The simplified My Google eBooks view is also what you'll see when using the Google Books app on Android. You won't find fiction here - like Wikipedia, Wikibooks is devoted entirely to the sharing of knowledge. Since Centsless Books tracks free ebooks available on Amazon, there may be times when there is nothing listed. If that happens, try again in a few days. Authorama.com features a nice selection of free books written in HTML and XHTML, which basically means that they are in easily readable format. Most books here are featured in English, but there are quite a few German language texts as well. Books are organized alphabetically by the author's last name. Authorama offers a good selection of free books from a variety of authors, both current and classic. Updated every hour with fresh content, Centsless Books provides over 30 genres of free Kindle books to choose from, and the website couldn't be easier to use. It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.
