**Rimwood Tales** Werner Rettig.2010-08-17 Rimwood Tales is my autobiography and spans the years from 1931 to 2000.I was born in Germany and grew up during Hitler's reign and his insane war.After the war was finally over I started my apprenticeship as an industrial electrician. In 1951 jobs got scarce and I decided to look for greener pastures in Canada.On November 19, 1951 we arrived in Halifax after a rough Atlantic crossing. I settled eventually in Lake Cowichan BC. There I got married, raised a family and developed a small homestead. Building a sawmill a house and developing a large garden kept me out of trouble. In chapter eight a proposal for a mega-project is presented, which would eliminate the danger from asteroids and meteoroids. At the same time unemployment would be virtually wiped out on the planet. New with this edition is the recipe for OSM (organic soil microbes) a real soil builder amongst other things.
