The World's Most Haunted House William J. Hall.2014 In this unprecedented work, the story of the 1974 Bridgeport, Connecticut poltergeist is at last revealed. A crowd of more than 2,000 onlookers gathered. National media reported jumping furniture, floating refrigerators, and attacking entities. Decades after the publicity quieted, more than 40 hours of never-before-released interviews with police officers, firefighters, and others tell the story as it actually unfolded: Relive the experience, the terror, the rampant emotions, and the unexplainable events that took place in that house as they happened. Have access to revealing excerpts from actual interviews, police reports, and rare documents. Access unreleased audio, poltergeist sounds, and an old radio broadcast. Return to 1974 and feel the Lindley Street experience from the inside. Find out why it is deemed the haunting that should have brought the paranormal into mainstream science.

Old Homes, New Life Clive Aslet.2020-07 - Each of the 12 houses will be featured in national and international press to announce the book- In the UK, the media includes Tatler, House & Garden, Country Life, The English Home, and Telegraph Luxury Online- In the US, the media includes Town & Country, Architectural Digest Online, The AD Aesthete Podcast, Air Mail, and DeparturesThis book is a sumptuously produced journey around 12 privately-owned country houses, asking what it is like to live in such places today. What role do they play in the 21st century? For many years after the Second World War, the country house was struggling. Now a new generation of young owners, often with children, has taken over. They're finding innovative ways to live in these ancient, fragile and poetic places. While they treasure the history and beauty of the houses, they're also adapting and enhancing them for a modern era. Old Homes, New Life is a behind-the-scenes account of today's aristocracy, as they reinvent the country house way of life. Each family does this in its own way,

maintaining the tradition of individualism, even eccentricity, which is so much associated with country houses. Dylan Thomas's superb yet intimate photographs capture both the inhabitants of these houses and the spaces they occupy - from State dining to family kitchen, walled garden to attic. This feast for the eyes is accompanied by an equally mouth-watering text by Clive Aslet, based on interviews with family members and his long experience of the subject through his years as editor of *Country Life*. The result is an exclusive tour of a dozen spectacular homes.

Security for the Digital World Within an Ethical Framework Digital Enlightenment

Forum.2016-11-29 People now view digital services and applications as an essential part of their lives and as carriers of great benefits. Nevertheless, because they provide a new space for criminals, terrorists and others with malicious intent, digital technologies also present significant threats. How can we maintain the freedom and benefits offered by the digital ecosystem while also building into that system safeguards against attacks? The Digital Enlightenment Forum (DigEnlight) takes the view that the new regulatory and legal safeguards required for our digital world must be developed within a framework that incorporates what they call 'digital ethics'. This White Book attempts to draw together the various strands which have emerged from the intense debate within DigEnlight over the last three years. It focuses on how we can negotiate the changing emergent behavior and ethical issues that arise at the heart of debates about the digital world, covering areas such as national security, internet governance, and approaches to privacy and trust, as well as making recommendations to help realize a global social compact for digital security and privacy based on ethical principles. The book represents a meaningful contribution to the ongoing efforts to deal with these important issues, and will be of interest to all those with concerns about the future of our digital world.

New Perspectives on English as a European Lingua Franca Heiko Motschenbacher.2013-12-15 This volume complements earlier work on English as a lingua franca (ELF) by providing an in-depth study of the phenomenon from a decidedly European perspective. Distancing itself from more traditional approaches to the study of English in Europe (linguistic imperialism and "Euro-English"), the study is theoretically grounded in more recent approaches, namely the ELF paradigm and the postmodernist conceptualisation of "English". Methodologically speaking, the study analyses language use in Eurovision Song Contest press conferences as a community of practice of European salience. The ethnographically based analyses focus on various linguistic levels, thereby producing a comprehensive picture of European ELF as a discursive formation. Various qualitative and quantitative methods are used to shed light on the following aspects: code-choice practices in ELF talk, participants' metalinguistic comments on the use of ELF, complimenting behaviour via ELF and relativisation patterns. On the basis of this data, the concluding section advances discussions revolving around the conceptualisation of ELF in general, the connection between ELF and Europeanness, and implications for European language policies.

House Rules Jodi Picoult. 2010-04-03 From the #1 New York Times bestselling author of *Small Great Things* and the modern classics *My Sister's Keeper*, *The Storyteller*, and more, comes a "complex, compassionate, and smart" (*The Washington Post*) novel about a family torn apart by a murder accusation. When your son can't look you in the eye...does that mean he's guilty? Jacob Hunt is a teen with Asperger's syndrome. He's hopeless at reading social cues or expressing himself well to others, though he is brilliant in many ways. He has a special focus on one subject—forensic analysis. A police scanner in his room clues him in to crime scenes, and he's always showing up and telling the cops what to do. And he's usually right. But when Jacob's small hometown is rocked by a terrible murder, law enforcement comes to him. Jacob's behaviors are hallmark Asperger's, but they look a lot like guilt to the local police. Suddenly the Hunt family, who only want to fit in, are thrust directly in the spotlight. For Jacob's mother, it's a brutal reminder of the intolerance and misunderstanding that always threaten her family. For his brother, it's another indication why nothing is normal because of Jacob. And for the frightened small town, the soul-searing question looms: Did Jacob commit murder? *House Rules* is "a provocative story in which [Picoult] explores the pain of trying to comprehend the people we love—and reminds us that the truth often travels in disguise" (*People*).

Philip de László Duff Hart-Davis. 2010 Philip de László (1869-1937) was the pre-eminent portrait artist working in Britain between 1907 and 1937. He painted nearly 3,000 portraits, including kings and queens, four American presidents and countless members of the European nobility. There has been no biography of him since 1939, and this new account of both his life and his work draws on previously untapped material from the family archive of over 15,000 documents. It establishes the intrinsic importance of his art and re-positions him alongside his great contemporaries John Singer

Sargent, Sir John Lavery and Giovanni Boldini. Born into a humble family in Budapest in 1869 he was ennobled by the Emperor Franz Joseph and from 1912 became known as Philip de László. From an early age he was driven by an unshakable vocation to succeed as an artist. He studied in Budapest, Munich and Paris, soon turning to portraiture as his vocation, and in 1894 received his first important commission from the royal family of Bulgaria, followed in 1899 by the Emperor Franz Joseph and, in 1900, Pope Leo XIII.

It emphasizes the interdependence between cultures, languages and situations that influence its use. This interdependence is particularly relevant to European settings where English is being learned as a second language. Such learning situations constitute the core focus of the book. The volume is unique in bringing together empirical studies examining factors that promote the learning of English in Europe. Rather than assuming that English is a threat to linguistic diversity and cultural independence, these studies discuss psycholinguistic factors such as the input, and sociolinguistic factors such as the type of English that is targeted in learning. The contributing authors are well-established specialists who have worked on multilingualism, English as a Lingua Franca and second language acquisition. The book will be of interest to applied linguists, sociolinguists and teachers of English as a foreign language.
