**Before Pornography** Ian Frederick Moulton.2000 Before Pornography explores the relationship between erotic writing, masculinity, and national identity in Renaissance England. Drawing on both manuscripts and printed texts, and incorporating insights from modern feminist theory and queer studies, the book argues that pornography is a historical phenomenon: while the representation of sexual activity exists in nearly all cultures, pornography does not. The book includes analyses of the social significance of eroticism in such canonical texts as Sidney's Defense of Poesy and Spenser's Faerie Queene.

**Estimating Market Value and Establishing Market Rent at Small Airports** Aviation Management Consulting Group, Inc,Aeroplex Group Partners,Decker Associates,DKMG Consulting,Hangar Network.2020 Staff from smaller airports typically lack specialized expertise in the negotiation and development of airport property or the resources to hire consultants. ACRP Research Report 213 provides airport management, policymakers, and staff a resource for developing and leasing airport land and improvements, methodologies for determining market value and appropriate rents, and best practices for negotiating and re-evaluating current lease agreements. There are many factors that can go into the analysis, and this report reviews best practices in property development.--Foreword.

**Hunger and Work in a Savage Tribe** Audrey I. Richards.2013-11-05 The force of hunger in shaping human character and social structure has been largely overlooked. This omission is a serious one in the study of primitive society, in which starvation is a constant menace. This work remedies this deficiency and opens up new lines of anthropological inquiry. The whole network of social institutions is examined which makes possible the consumption, distribution, and production of food-eating customs, as well as the religion and magic of food-production.

**The Rejection of Consequentialism** Samuel Scheffler.1994-08-11 In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents must always act so as to produce the best available outcomes overall. Standard deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are always permitted, but not always required, to produce the best outcomes.

**Eating in the city** Audrey Soula,Chelsie Yount-André,Olivier Lepiller,Nicolas Bricas.2020-12-22 This book explores changes in eating habits in African, Latin American and Asian cities. It reveals—through studies on city dwellers' food practices and representations—the inadequacy of an analytical approach to these changes in terms of Westernization, standardization, transition or convergence towards a widely applicable model. Surveys conducted in cities of the Global South revealed that city dwellers are inventing new forms of eating based on a multitude of local and/or

exogenous sources.

**Down Second Avenue** Es'kia Mphahlele.2013-07-30 Es'kia Mphahlele's seminal memoir of life in apartheid South Africa—available for the first time in Penguin Classics Nominated for the Nobel Prize in 1969, Es'kia Mphahlele is considered the Dean of African Letters and the father of black South African writing. *Down Second Avenue* is a landmark book that describes Mphahlele's experience growing up in segregated South Africa. Vivid, graceful, and unapologetic, it details a daily life of severe poverty and brutal police surveillance under the subjugation of an apartheid regime. Banned in South Africa after its original 1959 publication for its protest against apartheid, *Down Second Avenue* is a foundational work of literature that continues to inspire activists today. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

**Postal Services Bill** Great Britain. Parliament. House of Commons,Great Britain. Parliament. House of Lords.2000 The Bill provides for the Post Office to be converted from a statutory corporation to a public limited company, with ownership remaining with the Crown. It introduces a new system of licensing and regulation for postal services operators and providers, and gives the independent regulator, the new Postal Services Commission, new powers and duties to protect and promote the interests of users. The Post Office Users' National Council is replaced by the Consumer Council for Postal Services, to bring postal services into line with consumer representation in the other utilities.

**Global Governance Futures** Thomas G Weiss, Rorden Wilkinson.2021-09-30 *Global Governance Futures* addresses the crucial importance of thinking through the future of global governance arrangements. It considers the prospects for the governance of world order approaching the middle of the twenty-first century by exploring today's most pressing and enduring health, social, ecological, economic, and political challenges. Each of the expert contributors considers the drivers of continuity and change within systems of governance and how actors, agents, mechanisms, and resources are and could be mobilized. The aim is not merely to understand state, intergovernmental, and non-state actors. It is also to draw attention to those underappreciated aspects of global governance that push understanding beyond strictures of traditional conceptualizations and offer better insights into the future of world order. The book's three parts enable readers to appreciate better the sum of forces likely to shape world order in the near and not-so-near future: "Planetary" encompasses changes wrought by continuing human domination of the earth; war; current and future geopolitical, civilizational, and regional contestations; and life in and between urban and non-urban environments. "Divides" includes threats to human rights gains; the plight of migrants; those who have and those who do not; persistent racial, gender, religious, and sexualorientation-based discrimination; and those who govern and those who are governed. "Challenges" involves food and health insecurities; ongoing environmental degradation and species loss; the current and future politics of international assistance and data; and the wrong turns taken in the control of illicit drugs and crime. Designed to engage advanced undergraduate and graduate students in international relations, organization, law, and political economy as well as a general audience, this book invites readers to adopt both a backward- and forward-looking view of global governance. It will spark discussion and debate as to how dystopic futures might be avoided and change agents mobilized.

**Orphans Of Versailles** Richard Blanke.2021-11-21 The lands Germany ceded to Poland after World War I included more than one million ethnic Germans for whom the change meant a sharp reversal of roles. The Polish government now confronted a German minority in a region where power relationships had been the other way around for more than a century. *Orphans of Versailles* examines the complex psychological and political situation of Germans consigned to Poland, their treatment by the Polish government and society, their diverse strategies for survival, their place in international relations, and the impact of National Socialism. Not a one-sided study of victimization, this book treats the contributions of both the Polish state and the German minority to the conflict that culminated in their mutual destruction. Based largely on research in European archives, it sheds new light on a key aspect of German-Polish relations, one that was long overshadowed by concern over the German revanchist threat and the hostility that subsequently dominated the German-Polish relationship. Thanks to the new political situation in central Europe, however, this topic can finally be addressed evenhandedly.

**Rumors of Rain** Andre Brink.2008-04-01 Martin Mynhardt seems invincible. Violence surrounds him, yet he remains unscathed: a woman asks him the time, then leaps in front of a train; after a mine riot, he watches hoses sweep scattered body parts off the floor. Just before the shocking violence that brings South African apartheid to an end, Martin decides to return to the family farm for a weekend. A highly successful businessman and Afrikaans Nationalist, he hopes to sell the property to the government in a deal both highly profitable and corrupt. The moment he steps onto the farm, his plans are derailed. The repercussions of a society's endemic violence catch up to him, and shake the relationships that frame his life. His closest friend, a brilliant, idealistic lawyer, is sentenced to prison for his anti-apartheid terrorist activities in part because Martin refused to help him. His son, recently returned from the Angolan war, is in silent revolt against the values of his father and his nation. His mistress, Bea, an intelligent, strong-willed woman who offers Martin the hope of redemption through her own capacity for empathy, is also caught up in the gathering political storm. This is Andre Brink's story of a society on the edge of collapse, spurred to profound self realization.

**Instant In The Wind** André Brink.2011-11-30 In early 1749 a white woman and a black man are stranded in the wilderness of the South African interior. She is an educated woman, totally helpless in the wilds. He is a runaway slave. They know only each other. At first their relationship is guarded, poisoned by the black and white in them both. But hesitantly there emerges between them a fellowship that engulfs their most private selves, as they face the long trek back to civilisation.

**The Mystical Life of Jesus** H. Spencer Lewis.2023-02-03 This fascinating, non-sectarian treatment of the unknown life of Jesus is based on records preserved in the archives of ancient monasteries of the Essenes and the Rosicrucian Order. It is a full account of the birth, youth, early manhood, and later periods of Jesus' life, containing the story of his activities in the times not mentioned in the Gospel accounts. The facts relating to the immaculate conception, the birth, crucifixion, resurrection, and ascension will astound and inspire you.

**The Ontario Archives: Scope of its Operations** Alexander Fraser.2021-04-25 This act provides for the government of Ontario a lieutenant-governor, who represents the Crown; an executive council of ministers of state and a legislature composed of duly elected representatives of the people. To this body the act secures exclusive legislative powers in Ontario and Quebec, in the matter of Crown lands, forests and mines; education, from the public common school to the university; municipal government, institutions and laws; incorporation of chartered companies—commercial, financial, professional, or social; solemnization of marriage, involving family history, vital statistics, etc.; property and civil rights; administration of justice, embracing both civil and criminal jurisdiction; agriculture and immigration, under which municipal, industrial, and agricultural statistics are collected, tabulated, and published; the founding and maintenance of provincial institutions such as hospitals, asylums, reformatories, prisons, and institutions for the instruction of the deaf and dumb and the blind; offices for the local registration of deeds, titles to land; the licensing of shops, taverns, hotels, auctioneers, etc.; the erection of local public works; the authorization and regulation of transportation not interprovincial.
