The Flying Saucers Have Landed George Adamski,Desmond Leslie.2017-11-06 If Adamski and the six companions who swore an affidavit to his Space Man encounter are not trying to pull off a gigantic hoax, then this is quite possibly the greatest story ever. That was what the Daily Sketch wrote about Flying Saucers Have Landed. For, in the second part of this book, Adamski swears that he saw a space ship land in the desert in California and that he made contact with one of its occupants. More, he provides considerable testimony to support his claims. Desmond Leslie, who contributes the first part of the book, goes even further, asserting that flying saucers have been landing on earth for thousands of years, and gives records of their arrivals

**Present at the Creation: My Years in the State Department** Dean Acheson.1987-09-17 Winner of the Pulitzer Prize With deft portraits of many world figures, Dean Acheson analyzes the processes of policy making, the necessity for decision, and the role of power and initiative in matters of state. Acheson (1893–1971) was not only present at the creation of the postwar world, he was one of its chief architects. He joined the Department of State in 1941 as Assistant Secretary of State for Economic Affairs and, with brief intermissions, was continuously involved until 1953, when he left office as Secretary of State at the end of the Truman years. Throughout that time Acheson's was one of the most influential minds and strongest wills at work. It was a period that included World War II, the reconstruction of Europe, the Korean War, the development of nuclear power, the formation of the United Nations and NATO. It involved him at close quarters with a cast that starred Truman, Roosevelt, Churchill, de Gaulle, Marshall, MacArthur, Eisenhower, Attlee, Eden Bevin, Schuman, Dulles, de Gasperi, Adenauer, Yoshida, Vishinsky, and Molotov.

The Origins of the Cold War in the Near East Bruce Robellet Kuniholm.2014-07-14 Bruce Kuniholm takes a regional perspective to focus on postwar diplomacy in Iran, Turkey, and Greece and efforts in these countries to maintain their independence from the Great Powers. Drawing on a wide variety of secondary sources, government documents, private papers, unpublished memoirs, and extensive interviews with key figures, he shows how the traditional struggle for power along the Northern Tier was a major factor in the origins and development of the Cold War between the U.S. and the U.S.S.R. Originally published in 1980. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. Inside the Space Ships George Adamski.2018-03-12 What has happened to George Adamski since he wrote the famous incidents in Flying Saucers Have Landed? Since the memorable November 20, 1952, when he first made personal contact with a man from another world? Since December 13, 1952 when he was able to make photographs within 100 feet of the same saucer that had brought his original visitor? Inside The Space Ships is Adamski's own story of what has happened to him since then. It begins with his first meeting, a few months later, with a second man from another world—his first meeting with one who speaks to him. This second visitor brings him to a Venusian Scout (flying saucer) and this, in turn, brings him to a mother ship. Later he is conveyed in both a Saturnian Scout and a Saturnian mother ship. Adamski tells us what transpires in these space craft and what the men and women from other worlds have told him. Adamski's photographs of flying saucers, originally published in Flying Saucers Have Landed, have since become world-famous as other witnesses in other parts of the world have succeeded in taking photographs identical with his. Now, however, in Inside The Space Ships, Adamski gives us 16 photographs and illustrations, no longer of Scouts (flying saucers) mostly, but of the

great space ships from which they are launched. The main group of these photographs was taken in April, 1955, and neither the photographs nor a description of them has ever been published before.

**Seespeck (Klassiker Der Moderne)** Ernst Barlach.2018-04-05 Ernst Barlach (1870-1938) war ein deutscher Bildhauer, Schriftsteller und Zeichner. Barlach ist besonders bekannt für seine Holzplastiken und Bronzen. Außerdem hinterließ er ein vielgestaltiges druckgraphisches, zeichnerisches und literarisches Werk. Seine künstlerische Handschrift, sowohl in der bildnerischen als auch in der literarischen Arbeit, ist zwischen Realismus und Expressionismus angesiedelt. Aus dem Buch: Seespeck wollte auf eine Frage, die er selbst gern gestellt hätte, keine Antwort geben. Er erkundigte sich aber, als sie im Vorraum an der Tür standen, nach dem Zustande des Brennofens, dessen Stirnwand, mit Vertiefungen des Bodens und Luftzuführungen wie ein Fuchsbau anzusehen, von der Leuchte aus dem Dunkel gehoben war. Holk antwortete, und es konnte nicht ausbleiben, daß sie hinzutraten, um Einzelheiten zu untersuchen, als hätte es sich für Seespeck um einen Kauf gehandelt.

**You Can Crush the Flowers** Bahia Shehab.2021-03-15 Part visual history, part memoir, You Can Crush the Flowers is a chronicle of the 2011 Egyptian Revolution and its aftermath, as it manifested itself not only in the art on the streets of Cairo but also through the wider visual culture that emerged during the revolution. Marking the ten-year anniversary of the revolution, celebrated Egyptian-Lebanese artist Bahia Shehab tells the stories that inspired both her own artwork and the work of her fellow revolutionaries. Shehab narrates the events of the revolution as they unfolded, describing on one hand the tactics deployed by the regime to drive protesters from the street--from the use of tear gas and snipers to using brute force, intimidation techniques, and virginity tests--and on the other hand the retaliation by the protesters online and on the street in marches, chants, street art, and memes. Throughout this powerful and moving account, which includes over two hundred and fifty images, Shehab responds to all these aspects of the revolution as both artist and activist. The result bears witness to the brutality of the regime and pays tribute to the protestors who bravely defied it.

**The Log** Guy Maupassant.2021-11-02 Our young narrator sits comfortably in front of a crackling fire, accompanied by an elderly woman. Their peace is shattered when a rebellious log leaps out of the fire and rolls to a stop at their feet, burning the carpet beneath it. This jump-starts the narrator's memory and reminds him of an experience that formed his opinion on marriage. This lively short story poses a multitude of questions and is an unmissable read for fans of Katherine Mansfield. Guy de Maupassant (1850-1893) was a French writer. Famed for being a master of the short story, he also wrote travel books and occasionally dabbled in poetry. His stories mainly focus on the relationships between men and women sitting at crossroads in their lives - whether personal or professional. His dramatic flair is largely influenced by French novelist Gustave Flaubert and is perfect for fans of Anton Chekhov's short stories. The most notable of the 300 short stories that he wrote include 'Bel Ami', 'Une Vie', and 'The Dumpling'.
