

# Harvard Business School Case Study Solutions Jetblue

**JetBlue** Christopher E.J. Payton.2007

**Human Rights Law** Howard Davis.2007 Covers all the core areas of human rights law, combining an engaging approach with helpful learning features and plenty of headings to make this an ideal text for those new to the subject Summaries, definitions, discussion topics and further reading references are integrated throughout the text and presented in a fresh colour design to illuminate legal complexities and highlight essential concepts Reflective questions are included at the end of each chapter, with suggested key issues for consideration provided on the book's accompanying website. These encourage students to reinforce their learning and foster best practice in developing a reasoned and structured approach to problem solving An accompanying website provides updates on case law and legislative developments as well as an interactive test bank of multiple choice questions to help students consolidate their knowledge Fresh two-colour text design makes the book easy to navigate and highlights cross references and learning features Human Rights Law is written in an engaging and lively manner with an emphasis on explaining the key topics covered on human rights law courses with clarity. No previous knowledge of the subject is assumed but the book provides a thorough introduction to the Human Rights Act 1998 and the way in which the Act gives effect to the European Convention on Human Rights. It looks at the main terms and implications of the convention rights themselves, highlighting some of the more complex and controversial issues of the subject.

**Contemporary Strategy Analysis and Cases** Robert M. Grant.2010-04-05 NEW! Combined Text & Cases Version Considered by many to be the best textbook on Strategy, Contemporary Strategy Analysis 7th edition builds on the strengths of previous editions by introducing students to the core concepts and principles of strategy. In this most accessible strategy text, Robert M. Grant combines clarity of exposition with concentration on the fundamentals of value creation and an emphasis on practicality. In this seventh edition, a greater focus on strategy implementation reflects the needs of firms to reconcile scale economies with entrepreneurial flexibility, innovation with cost efficiency, and globalization with local responsiveness. Rob Grant eloquently combines theory with current real world examples and practice using a clearly written, logical and comprehensive style. Contemporary Strategy Analysis 7th edition is suitable for both MBA and advanced undergraduate students. Full teachings notes to the cases will be available upon publication at the companion website [www.contemporarystrategyanalysis.com](http://www.contemporarystrategyanalysis.com) Contemporary Strategy Analysis 7th Edition is also available in a text only version - ISBN: 9780470747100

**Customer Centricity** Peter Fader.2012 A powerful call to action, Customer Centricity upends some of our most fundamental beliefs about customer service, customer relationship management, and customer lifetime value NOT ALL CUSTOMERS ARE CREATED EQUAL Despite what the tired old adage says, the customer is not always right. Not all customers deserve your best efforts: In the world of customer centricity, there are good customers...and then there is pretty much everybody else. In Customer Centricity, Wharton professor Peter Fader, coauthor of the follow-up book The Customer Centricity Playbook, helps businesses radically rethink how they relate to customers. He provides insights to help you understand: Why customer centricity is the new model for success and product centricity must be ushered out How the ideas of brand equity and customer equity help us understand what kinds of compa-nies naturally lend themselves to the customer-centric model and which ones don't Why the traditional models for determining the value of individual customers are flawed How executives can use customer lifetime value (CLV) and other customer-centric data to make smarter decisions about their companies How the well-intended idea of customer relation-ship management (CRM) lost its way-and how your company can properly put CRM to use Customer Centricity will help you realign your performance metrics, product development, customer relationship management and organization in order to make sure you focus directly on the needs of your most valuable customers and increase profits for the long term. ALSO AVAILABLE: Once Fader convinces you of the value of customer centricity in this book, The Customer Centricity Playbook, with Sarah Toms, will show you where to get started. Reveals how to increase profits from your best customers, find more like them, and avoid over-investing in the rest....Decidedly accessible and absolutely necessary. -Jim Sterne, Founding President and Chairman, Digital Analytics Association Perfect read...It's short (60-90 minutes), clear, and the best summary I've read of why companies should rethink their approach to customers. -Andrew McFarland, SVP, Chief Customer Officer, Black Box Knowing what your customers are worth is the secret to focusing your time and money where it makes the most difference. You can't be all things to all people, so you need to learn to find out who really matters to your success. Fader makes it clear with great ideas and a readable style. -Andy Sernovitz, author, Word of Mouth Marketing THE WHARTON EXECUTIVE ESSENTIALS SERIES The Wharton Executive Essentials series from Wharton Digital Press brings the ideas of the Wharton School's thought leaders to you wherever you are. Inspired by Wharton's Executive Education program, each book is authored by globally renowned faculty and filled with real-life business examples and actionable advice. Wharton Executive Essentials guides offer a quick-reading, penetrating, and comprehensive summary of the knowledge leaders need to excel in today's competitive business environment and capture tomorrow's opportunities.

**Decision Making in Engineering Design** Kemper E. Lewis,Wei Chen,Linda C. Schmidt.2006 Whether you are an engineer facing decisions in product design, an instructor or student engaged in course work, or a researcher exploring new options and opportunities, you can turn to Decision Making in Engineering Design for: Foundations and fundamentals of making decisions in product design; Clear examples of effective application of Decision-Based Design; State-of-the-art theory and practice in Decision-Based Design; Thoughtful insights on validation, uncertainty, preferences, distributed design, demand modeling, and other issues; End-of-chapter exercise problems to facilitate learning. With this advanced text, you become current with research results on DBD developed since the inception of The Open Workshop on Decision-Based Design, a project funded by the National Science Foundation.

**The Creator's Code** Amy Wilkinson.2016-03-22 Based on in-depth interviews with more than 200 leading entrepreneurs, [including the founders of LinkedIn, Chipotle, eBay, Under Armour, Tesla Motors, SpaceX, Spanx, Airbnb, PayPal, JetBlue, Gilt Group, Theranos, and Dropbox], a business executive and senior fellow at [the Harvard Kennedy School] identifies the six essential disciplines needed to transform your ideas into real-world successes, whether you're an innovative manager or an aspiring entrepreneur--

**Know What You Don't Know** Michael A. Roberto.2009-01-29 Problems remain hidden in organizations for a number of reasons, including fear, organizational complexity, gatekeepers who insulate leaders from problems that are coming up, and finally, an overemphasis on formal analysis in place of intuition and observation. This book lays out the key skills and capabilities required to ensure that problems do not remain hidden in your organization. It explains how leaders can become effective problem finders, unearthing problems before they destroy an organization. The book explains how leaders can become an anthropologist, going out and observe how employees, customers, and suppliers actually behave. It then goes on to present how they can circumvent the gatekeepers, so they can go directly to the source to see and hear the raw data; hunt for patterns, including refining your individual and collective pattern recognition capability; connect the dots among issues that may initially seem unrelated, but in fact, have a great deal in common; give front-line employees training in a communication technique; encourage useful mistakes, including create a Red Pencil Award; and watch the game film, where leaders reflect systematically on their own organization's conduct and performance, as well as on the behavior and performance of competitors.

**The Innovator's DNA** Jeff Dyer, Hal Gregersen, Clayton M. Christensen.2011-07-12 A new classic, cited by leaders and media around the globe as a highly recommended read for anyone interested in innovation. In The Innovator's DNA, authors Jeffrey Dyer, Hal Gregersen, and bestselling author Clayton Christensen (The Innovator's Dilemma, The Innovator's Solution, How Will You Measure Your Life?) build on what we know about

disruptive innovation to show how individuals can develop the skills necessary to move progressively from idea to impact. By identifying behaviors of the world's best innovators—from leaders at Amazon and Apple to those at Google, Skype, and Virgin Group—the authors outline five discovery skills that distinguish innovative entrepreneurs and executives from ordinary managers: Associating, Questioning, Observing, Networking, and Experimenting. Once you master these competencies (the authors provide a self-assessment for rating your own innovator's DNA), the authors explain how to generate ideas, collaborate to implement them, and build innovation skills throughout the organization to result in a competitive edge. This innovation advantage will translate into a premium in your company's stock price—an innovation premium—which is possible only by building the code for innovation right into your organization's people, processes, and guiding philosophies. Practical and provocative, *The Innovator's DNA* is an essential resource for individuals and teams who want to strengthen their innovative prowess.

**The Healthcare Executive's Guide to Navigating the Surgical Suite: A Roadmap to the OR and Perioperative Services** Gerlad E. Biala, Therese A. Fitzpatrick. 2018-09-24 Surgical services carry some of the highest risks and rewards of all healthcare specialties. They also present specific challenges. Those unfamiliar with the surgical suite's inner workings may struggle to lead and manage this complex and often isolated department. *The Healthcare Executive's Guide to Navigating the Surgical Suite: A Roadmap to the OR and Perioperative Services* provides experienced and novice healthcare leaders with the information, leadership structures, and practical strategies needed to successfully oversee both patient outcomes and balance sheets. This book covers contemporary market realities, business challenges, labor requirements, and clinical and operational complexities as it points leaders toward the most pressing issues in strategic surgical services leadership.

*The Mormon Way of Doing Business* Jeff Benedict. 2007-01-03 The Founder of JetBlue. The former CEO of Dell Computers. The CEO of Deloitte & Touche. The former Dean of the Harvard Business School. They all have one thing in common. They are devout Mormons who spend their Sundays exclusively with their families, never work long hours, and always put their spouses and children first. How do they do it? Critically acclaimed author and investigative journalist Jeff Benedict (a Mormon himself) examines these highly successful business execs and discovers how their beliefs have influenced them, and enabled them to achieve incredible success. With original interviews and unparalleled access, Benedict shares what truly drives these individuals, and the invaluable life lessons from which anyone can benefit.

Air Travel Consumer Report .1990

*Scaling Up Excellence* Robert I. Sutton, Huggy Rao. 2014-02-04 Wall Street Journal Bestseller The pick of 2014's management books. -Andrew Hill, Financial Times One of the top business books of the year. -Harvey Schacter, The Globe and Mail Bestselling author, Robert Sutton and Stanford colleague, Huggy Rao tackle a challenge that determines every organization's success: how to scale up farther, faster, and more effectively as an organization grows. Sutton and Rao have devoted much of the last decade to uncovering what it takes to build and uncover pockets of exemplary performance, to help spread them, and to keep recharging organizations with ever better work practices. Drawing on inside accounts and case studies and academic research from a wealth of industries-- including start-ups, pharmaceuticals, airlines, retail, financial services, high-tech, education, non-profits, government, and healthcare-- Sutton and Rao identify the key scaling challenges that confront every organization. They tackle the difficult trade-offs that organizations must make between whether to encourage individualized approaches tailored to local needs or to replicate the same practices and customs as an organization or program expands. They reveal how the best leaders and teams develop, spread, and instill the right mindsets in their people-- rather than ruining or watering down the very things that have fueled successful growth in the past. They unpack the principles that help to cascade excellence throughout an organization, as well as show how to eliminate destructive beliefs and behaviors that will hold them back. *Scaling Up Excellence* is the first major business book devoted to this universal and vexing challenge and it is destined to become the standard bearer in the field.

**HBR's Editors' Picks 2020** Harvard Business Review. 2020-04-28 A year's worth of management wisdom—to read, hear, and watch. HBR's Editors' Picks 2020 collects the definitive ideas, insights, and best practices from the past year to keep you up-to-date on the most critical thinking driving business. Featuring insights from experts such as Michael E. Porter and Katrina Lake as well as examples from companies like Alibaba and 3M—this multimedia product includes HBR's 10 Must Reads 2020 ebook, five notable interviews from across HBR's podcasts, and five of our most engaging videos of the year. This collection will inspire you to: Ask better questions to boost your learning, persuade others, and negotiate more effectively Create workplace conditions where gender equity can thrive Boost results by allowing humans and AI to enhance one another's strengths Make better connections with your customers by giving them a glimpse inside your company Scale your agile processes from a few teams to hundreds Build a commitment to both economic and social values in your organization Prepare your company for a rapidly aging workforce and society The collection of articles includes *The Surprising Power of Questions*, by Alison Wood Brooks and Leslie K. John; *Strategy Needs Creativity*, by Adam Brandenburger; *What Most People Get Wrong about Men and Women*, by Catherine H. Tinsley and Robin J. Ely; *Collaborative Intelligence: Humans and AI Are Joining Forces*, by H. James Wilson and Paul R. Daugherty; *Stitch Fix's CEO on Selling Personal Style to the Mass Market*, by Katrina Lake; *Strategy for Start-Ups*, by Joshua Gans, Erin L. Scott, and Scott Stern; *Agile at Scale*, by Darrell K. Rigby, Jeff Sutherland, and Andy Noble; *Operational Transparency*, by Ryan W. Buell; *The Dual-Purpose Playbook*, by Julie Battilana, Anne-Claire Pache, Metin Sengul, and Marissa Kimsey; *How CEOs Manage Time*, by Michael E. Porter and Nitin Nohria; and *When No One Retires*, by Paul Irving.

**Virgin America (B)** Adam Louis Berman. 2016 This case illustrates how Virgin America, founded in 2007, carved a niche of dedicated urbanite-flyers in the highly competitive but staid airline industry by redefining the passenger flying experience. In 2012, approximately 20 percent of Virgin Americas passengers accounted for 80 percent of the airlines revenue. The A case begins with Virgin Americas launch in August 2007, when the airline began with transcontinental flights between New York City and Los Angeles and San Francisco, and then goes through August 2012, after the airline had expanded into 19 market destinations across the United States and Mexico but was still unprofitable. In the A case, the dynamics of the airline industry, customer experience and loyalty, and niche marketing are explored. The A case ends with several questions, including those asking students to evaluate Virgin Americas business model and to identify the action steps needed to reach profitability. The B case then covers Virgin America during 2013 and the decisions Cush and his management team made to make the airline profitable that year, an important financial milestone prior to any possible IPO. The C case concludes with Virgin Americas successful IPO in November 2014.

*The Routledge Handbook of Service Research Insights and Ideas* Eileen Bridges, Kendra Fowler. 2020-04-02 The Routledge Handbook of Service Research Insights and Ideas offers authoritative coverage of current scholarship in the expanding discipline of service research. Original chapters from the world's leading specialists in the discipline explore foundations and innovations in services, highlighting important issues relating to service providers, customers, and service design. The volume goes beyond previous publications by drawing together material from different functional areas, including marketing, human resource management, and service process design and operations. These topics are important in helping readers become knowledgeable about how different functional areas interact to create a successful customer experience. This book is ideal as a first port of call for postgraduate students desiring to get up to speed quickly in the services discipline. It is also a must-read for academics new to services who want to access cutting-edge research.

Pricing and Revenue Optimization Robert Phillips. 2005-08-05 This is the first comprehensive introduction to the concepts, theories, and applications of pricing and revenue optimization. From the initial success of yield management in the commercial airline industry down to more recent successes of markdown management and dynamic pricing, the application of mathematical analysis to optimize pricing has become increasingly important across many different industries. But, since pricing and revenue optimization has involved the use of sophisticated mathematical techniques, the topic has remained largely inaccessible to students and the typical manager. With methods proven in the MBA courses taught by the author at Columbia and Stanford Business Schools, this book presents the basic concepts of pricing and revenue optimization in a form

accessible to MBA students, MS students, and advanced undergraduates. In addition, managers will find the practical approach to the issue of pricing and revenue optimization invaluable. Solutions to the end-of-chapter exercises are available to instructors who are using this book in their courses. For access to the solutions manual, please contact [marketing@www.sup.org](mailto:marketing@www.sup.org).

**Creative Confidence** Tom Kelley, David Kelley. 2013-10-15 IDEO founder and Stanford d.school creator David Kelley and his brother Tom Kelley, IDEO partner and the author of the bestselling *The Art of Innovation*, have written a powerful and compelling book on unleashing the creativity that lies within each and every one of us. Too often, companies and individuals assume that creativity and innovation are the domain of the creative types. But two of the leading experts in innovation, design, and creativity on the planet show us that each and every one of us is creative. In an incredibly entertaining and inspiring narrative that draws on countless stories from their work at IDEO, the Stanford d.school, and with many of the world's top companies, David and Tom Kelley identify the principles and strategies that will allow us to tap into our creative potential in our work lives, and in our personal lives, and allow us to innovate in terms of how we approach and solve problems. It is a book that will help each of us be more productive and successful in our lives and in our careers.

*The Founder's Dilemmas* Noam Wasserman. 2013-04 *The Founder's Dilemmas* examines how early decisions by entrepreneurs can make or break a startup and its team. Drawing on a decade of research, including quantitative data on almost ten thousand founders as well as inside stories of founders like Evan Williams of Twitter and Tim Westergren of Pandora, Noam Wasserman reveals the common pitfalls founders face and how to avoid them.

*Red Ocean Traps (Harvard Business Review Classics)* W. Chan Kim, Renée A. Mauborgne. 2017-05-30 As established markets become less profitable, companies increasingly need to find ways to create and capture new markets. Despite much investment and commitment, most firms struggle to do this. What, exactly, is getting in their way? World-renowned professors W. Chan Kim and Renee Mauborgne, the authors of the best-selling book *Blue Ocean Strategy* have spent over a decade exploring that question. They have seen that the trouble lies in managers' mental models--ingrained assumptions and theories about the way the world works. Though these models may work perfectly well in mature markets, they undermine executives' attempts to discover uncontested new spaces with ample potential (blue oceans) and keep companies firmly anchored in existing spaces where competition is bloody (red oceans). In this bound version of their bestselling Harvard Business Review classic article, they describe how to break free of these red ocean traps. To do that, managers need to: (1) Focus on attracting new customers, not pleasing current customers; (2) Worry less about segmentation and more about what different segments have in common; (3) Understand that market creation is not synonymous with either technological innovation or creative destruction; and (3) Stop focusing on premium versus low-cost strategies. The Harvard Business Review Classics series offers you the opportunity to make seminal Harvard Business Review articles a part of your permanent management library. Each highly readable volume contains a groundbreaking idea that continues to shape best practices and inspire countless managers around the world--and will have a direct impact on you today and for years to come.

*5 Years of Must Reads from HBR: 2021 Edition (5 Books)* Harvard Business Review, Michael E. Porter, Joan C. Williams, Adam Grant, Marcus Buckingham. 2020-10-20 Five years' worth of management wisdom, all in one place. Williams, Roger Martin, Adam Grant, and Katrina Lake. Company examples range from Pepsico, DHL, and Deloitte to Alibaba, Adobe, and Stitch Fix. *5 Years of Must Reads: 2021 Edition* brings the most current and important business conversations to your fingertips.

**The No Asshole Rule** Robert I. Sutton. 2007-02-22 The definitive guide to working with -- and surviving -- bullies, creeps, jerks, tyrants, tormentors, despots, backstabbers, egomaniacs, and all the other assholes who do their best to destroy you at work. What an asshole! How many times have you said that about someone at work? You're not alone! In this groundbreaking book, Stanford University professor Robert I. Sutton builds on his acclaimed Harvard Business Review article to show you the best ways to deal with assholes...and why they can be so destructive to your company. Practical, compassionate, and in places downright funny, this guide offers: Strategies on how to pinpoint and eliminate negative influences for good Illuminating case histories from major organizations A self-diagnostic test and a program to identify and keep your own inner jerk from coming out *The No Asshole Rule* is a New York Times, Wall Street Journal, USA Today and Business Week bestseller.

*The Network Imperative* Barry Libert, Megan Beck, Jerry Wind. 2016-06-07 Digital networks are changing all the rules of business. New, scalable, digitally networked business models, like those of Amazon, Google, Uber, and Airbnb, are affecting growth, scale, and profit potential for companies in every industry. But this seismic shift isn't unique to digital start-ups and tech superstars. Digital transformation is affecting every business sector, and as investor capital, top talent, and customers shift toward network-centric organizations, the performance gap between early and late adopters is widening. So the question isn't whether your organization needs to change, but when and how much. *The Network Imperative* is a call to action for managers and executives to embrace network-based business models. The benefits are indisputable: companies that leverage digital platforms to co-create and share value with networks of employees, customers, and suppliers are fast outpacing the market. These companies, or network orchestrators, grow faster, scale with lower marginal cost, and generate the highest revenue multipliers. Supported by research that covers fifteen hundred companies, authors Barry Libert, Megan Beck, and Jerry Wind guide leaders and investors through the ten principles that all organizations can use to grow and profit regardless of their industry. They also share a five-step process for pivoting an organization toward a more scalable and profitable business model. *The Network Imperative*, brimming with compelling case studies and actionable advice, provides managers with what they really need: new tools and frameworks to generate unprecedented value in a rapidly changing age.

*Sports Marketing* Michael J. Fetchko, Donald P. Roy, Kenneth E. Clow. 2016-11-03 For courses in Sports Marketing. Help students understand the business of sports through a practitioner's perspective. Written from the perspective of those who've been actively involved in the sports business, *Sports Marketing* addresses business and marketing issues pertinent to sports as observed by the practitioners and scholars themselves. Through its extensive presentation of current information, this text also helps encourage students to get actively involved and engaged in the process of sports entertainment. Features: Present information from the field: A practitioner's approach. Most sports marketing texts are crafted using a marketing principles template. The organization and chapter themes of these texts are often too similar to Principles of Marketing texts. *Sports Marketing* strives to depart from that practice by focusing on important conceptual, strategic, and actionable areas of the sports marketing function. Practitioner contributions come from the author team, and a high caliber roster of successful sports executives from media, marketing, and other areas of sports business. Industry experts highlights. Each chapter features an industry expert. Each expert was selected based on his or her knowledge and provided input on chapter content. The Insider Expert feature that appears early in each chapter gives biographical information on the chapter's industry contributor. Sports examples. Throughout the book, concepts are reinforced with examples of practices and events from the sports industry. A variety of sports, properties, and companies are used as examples to bring to life definitions and concepts presented. Put students' analytical skills into play: Critical thinking exercises, which are found throughout this text, require students to consider various situations faced by the sports marketers and sports executives. The end-of-chapter sports marketing cases put students in the role of decision maker, enabling students to apply knowledge and key concepts to business situations faced by actual sports brands. Expert insights. Each chapter

concludes with Insider Insights, a question-and-answer feature with the chapter's industry contributor. In this feature, experts share examples of best practices from their experiences and opinions about trends in sports marketing. Preview the chapter's game plan: Lead-in vignettes. Each chapter begins with a vignette related to sports marketing and the content of the chapter. The vignette describes a practice or occurrence that illustrates a topic appearing in the chapter, setting the stage for more in-depth coverage in the chapter. Get students ready for the big leagues: Career planning. Many students take a sports marketing course because they have a serious interest in pursuing a career in sports business. In order to help students plan for their future careers, the final chapter contains: -Information about different career opportunities in sports marketing. -Steps students can take to position themselves as job candidates. -Advice on career planning and management from a panel of the book's industry experts.

**Multidisciplinary Social Networks Research** Leon Wang,Shiro Uesugi,I-Hsien Ting,Koji Okuhara,Kai Wang.2015-08-24 This book constitutes the refereed proceedings of the Second International Multidisciplinary Social Networks Conference, MISNC 2015, held in Matsuyama, Japan, in September 2015. The 49 full papers presented were carefully reviewed and selected from 125 submissions. The papers deal with the following topics: multidisciplinary research on social networks; ethical issues related to SNS; information technology and social networks mining.

**Management Information Systems** Kenneth C. Laudon,Jane Price Laudon.2004 Management Information Systems provides comprehensive and integrative coverage of essential new technologies, information system applications, and their impact on business models and managerial decision-making in an exciting and interactive manner. The twelfth edition focuses on the major changes that have been made in information technology over the past two years, and includes new opening, closing, and Interactive Session cases.

**The Oxford Handbook of Positive Organizational Scholarship** Kim S. Cameron,Gretchen M. Spreitzer.2013-05-02 Revised edition of: Oxford handbook of positive psychology and work / edited by P. Alex Linley, Susan Harrington, Nicola Garcea. -- Oxford; New York: Oxford University Press, 2010.

5 Years of Must Reads from HBR: 2020 Edition (5 Books) Harvard Business Review,Michael E. Porter,Joan C. Williams,Adam Grant,Marcus Buckingham.2020-02-04 Five years' worth of management wisdom, all in one place. Get the latest, most significant thinking from the pages of Harvard Business Review in 5 Years of Must Reads: 2020 Edition. Every year, HBR editors examine the ideas, insights, and best practices from the past twelve months to select the definitive articles that have provoked the most conversation, the most inspiration, and the most change. From how you can lead with authenticity by moving past your comfort zone, to engaging customers and employees alike with the help of artificial intelligence, to scaling your agile processes from a handful of teams to hundreds, the articles in this five-book collection will help you manage your daily challenges and meet the changing competitive landscape head-on. Books in the HBR 10 Must Reads series offer essential reading selected from the pages of Harvard Business Review on topics critical to the success of every manager. Each book is packed with advice and inspiration from leading experts such as Clayton Christensen, Michael Porter, W. Chan Kim, Renee Mauborgne, Herminia Ibarra, Marcus Buckingham, Roger Martin, Adam Grant, Thomas Davenport, and Katrina Lake. Company examples range from P&G, DHL, and Deloitte to Alibaba, Google, and Stitch Fix. 5 Years of Must Reads: 2020 Edition brings the most current and important business conversations to your fingertips.

The 10 Laws of Trust Joel Peterson.2016-05-18 Because of trust in leadership, in each other, and in the mission, a tiny company like John Deere grew into a worldwide leader. On the opposite spectrum, a lack of trust is what eventually sank the seemingly unsinkable corporation of Enron. A culture of trust for all companies large and small is invaluable. Trust turns deflection into transparency, suspicion into empowerment, and conflict into creativity. And what many have learned unfortunately is that no enterprise is too large or too successful to withstand a lack of trust within its walls.In *The 10 Laws of Trust*, JetBlue chairman and Stanford Graduate School of Business professor Joel Peterson explores how a culture of trust gives companies an edge. Consider this: What does it feel like to work for a firm where leaders and colleagues trust one another? Peterson has found that, when freed from micromanagement and rivalry, every employee contributes his or her best. Risk taking and innovation become the norm. In clear, engaging prose, highlighted by compelling examples, Peterson details how to establish and maintain a culture of trust, including:• Start with integrity• Invest in respect• Empower everyone• Require accountability• Keep everyone informed• And much more!As Peterson notes, "When a company has a reputation for fair dealing, its costs drop: Trust cuts the time spent second-guessing and lawyering." With this indispensable resource for businesses large and small, you will learn how to plant the seeds of trust throughout your organization--and reap the rewards of reputation, profits, and success!

**Developing a Business Case** Harvard Business School Press.2010-11-23 How do you decide on the best course of action for your company to take advantage of new opportunities? By building a business case. This book provides a framework for building a business case. You'll learn how to: Clearly define the opportunity you'll want to address in your business case Identify and analyze a range of alternatives Recommend one option and assess its risks Create a high-level implementation plan for your proposed alternative Communicate your case to key stakeholders

*Built on Values* Ann Rhoades.2010-12-20 Most leaders know that a winning, engaged culture is the key to attracting top talent—and customers. Yet, it remains elusive how exactly to create this ideal workplace—one where everyone from the front lines to the board room knows the company's values and feels comfortable and empowered to act on them. Based on Ann Rhoades' years of experience with JetBlue, Southwest, and other companies known for their trailblazing corporate cultures, *Built on Values* reveals exactly how leaders can create winning environments that allow their employees and their companies to thrive. Companies that create or improve values-based cultures can become higher performers, both in customer and employee satisfaction and financial return, as proven by Rhoades' work with JetBlue, Southwest Airlines, Disney, Loma Linda University Hospitals, Doubletree Hotels, Juniper Networks, and P.F. Chang's China Bistros. *Built on Values* provides a clear blueprint for how to accomplish culture change, showing: How to exceed the expectations of employees and customers How to develop a Values Blueprint tailored to your organization's goals and put it into action Why it's essential to hire, fire, and reward people based on values alone, and How to establish a discipline for sustaining a values-centric culture *Built on Values* helps companies get on the pathway to greatness by showing the exact steps for either curing an ailing company culture or creating a new one from scratch.

*Bluestreak* Barbara Sturken Peterson.2004 Five years ago, an unknown entrepreneur named David Neeleman uprooted his wife and nine kids from Utah to New York to start a revolutionary airline that would make jaded travelers fall in love with flying again. Against all odds, Neeleman has succeeded beyond his wildest dreams. JetBlue Airways has already reached \$1 billion a year in sales, is consistently profitable despite the worst downturn in aviation history, and has the highest consumer ratings in the business.Barbara S. Peterson has been reporting on JetBlue since before its first plane took off. She's the only book author to gain full access to all the major players in the story, including the CEO and his inner circle. She even got to participate in flight attendant training for a rare inside look at JetBlue's unusual corporate culture.*Blue Streak* is the definitive book on what makes this hot company tick and why JetBlue's customers are so fiercely loyal. (It's not just the leather seats and individual TV screens.) This is a fun, exciting narrative about a tight band of true believers who dared to try a new approach to a tough business. *Blue Streak* also offers a fascinating look at the decline of American, Delta, and the other airlines that used to be on top.

**Designing and Executing Strategy in Aviation Management** Triant G. Flouris,Sharon L. Oswald.2016-04-08 *Designing and Executing Strategy in Aviation Management* is designed to provide an intensely practical guide to this critically important topic. Comprehensive in coverage and easy-to-read in style, it allows both professionals and students to understand the principles and practicalities of crafting and executing business strategies with an aviation context. The result is a comprehensive and multifaceted teaching/learning package, which includes applied case studies on a wide range of airlines and aviation businesses, setting out how these organizations deal with strategy formulation and implementation in critical areas. Topics covered include: corporate strategy, generic strategy, competitive strategy, internal and external environment assessment, mergers, alliances, safety and security. Written directly for both aviation professionals and student courses in aviation strategy, aviation management and aviation operations, it will also be of great interest to aviation

professionals in a variety of different fields, including airlines, corporate aviation, consultancy, etc., as well as academics within the field of aviation and those within the field of strategy and management science.

**Workparent** Daisy Dowling.2021-05-25 An all-in-one resource for every working mother and father. Sure, there are plenty of parenting books out there. But as working moms and dads, we've never had a trusted, go-to guide all our own—one that coaches us on how to do well at work, be the loving and engaged parents we want to be, and remain true to ourselves in the process. Enter Workparent. Whether you're planning a family, pushing for promotion during your kids' teenage years, or at any phase in between, Workparent provides all the advice and assurance you'll need to combine children and career in your own, authentic way. Whatever your field or family structure, you'll learn how to: Find a childcare arrangement you fully trust Build a strong support team, at home and on the job Advocate for advancement—and flexibility Step up at work while keeping your family healthy and whole Tame guilt, self-doubt, worry, and other difficult emotions Navigate big transitions: the return from leave, a promotion or job change, or the arrival of a second child Manage day-to-day pressures, like scheduling, mealtimes, homework, and more Find—and really use—time off Feel more capable, calm, and in control Written by Daisy Dowling, a top executive coach, talent expert, and working mom, Workparent answers all of your questions and feels like a good talk with your favorite mentor. Finally, the handbook you need to thrive as a working parent.

### Harvard Business School Case Study Solutions Jetblue Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Harvard Business School Case Study Solutions Jetblue free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Harvard Business School Case Study Solutions Jetblue free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Harvard Business School Case Study Solutions Jetblue free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the

authenticity of the source before downloading Harvard Business School Case Study Solutions Jetblue. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Harvard Business School Case Study Solutions Jetblue any PDF files. With these platforms, the world of PDF downloads is just a click away.

### FAQs About Harvard Business School Case Study Solutions Jetblue Books

1. Where can I buy Harvard Business School Case Study Solutions Jetblue books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
