The French Writers' War, 1940-1953 Gisèle Sapiro.2014-04-23 The French Writers' War, 1940–1953, is a remarkably thorough account of French writers and literary institutions from the beginning of the German Occupation through France's passage of amnesty laws in the early 1950s. To understand how the Occupation affected French literary production as a whole, Gisèle Sapiro uses Pierre Bourdieu's notion of the literary field. Sapiro surveyed the career trajectories and literary and political positions of 185 writers. She found that writers' stances in relation to the Vichy regime are best explained in terms of institutional and structural factors, rather than ideology. Examining four major French literary institutions, from the conservative French Academy to the Comité national des écrivains, a group formed in 1941 to resist the Occupation, she chronicles the institutions' histories before turning to the ways that they influenced writers' political positions. Sapiro shows how significant institutions and individuals within France's literary field exacerbated their loss of independence or found ways of resisting during the war and Occupation, as well as how they were perceived after Liberation.

*La Batarde* Violette LeDuc.2023-06-06 An obsessive and revealing self-portrait of a remarkable woman humiliated by the circumstances of her birth and by her physical appearance, *La Batarde* relates Violette Leduc's long search for her own identity through a series of agonizing and passionate love affairs with both men and women. When first published, *La Batarde* earned Violette Leduc comparisons to Jean Genet for the frank depiction of her sexual escapades and immoral behavior. A confession that contains portraits of several famous French authors, this book is more than just a scintillating memoir—like that of Henry Miller, Leduc's brilliant writing style and attention to language transform this autobiography into a work of art.

**Le déshonneur dans la République** Anne Simonin.2008-11-05 La répression des faits de collaboration, plus connue sous le nom d'épuration, est demeurée célèbre pour l'inégalité et la dureté de ses verdicts, en particulier ceux envers les écrivains, tel le journaliste antisémite Robert Brasillach, condamné à mort et exécuté en 1945. Or, la mort la plus appliquée à la Libération ne fut pas la guillotine, mais une mort symbolique, celle emportée par la privation des droits de citoyen et les interdictions professionnelles sanctionnant le nouveau crime d'« indignité nationale ». Le droit pénal en vigueur en 1939 ne permettant pas de réprimer le crime commis, entre 1940 et 1944, par les citoyens français ayant accepté de servir un gouvernement aux ordres de l'ennemi, les juristes de la Résistance eurent dans la clandestinité l'idée de l'indignité nationale ou crime de lèse-République. L'indignité nationale ne privait les vichystes ni de leur vie, ni de leur liberté. Elle les transformait en citoyens de seconde classe, déshonorés. Près de 10 000 Françaises et Français se virent ainsi frappés de mort civique, quand 1500 d'entre eux furent exécutés entre 1944 et 1951. D'où vient l'idée que, dans la République, le droit peut raisonnablement priver un citoyen ou une citoyenne de son honneur, et, en lui infligeant une honte publique, le transformer pour un temps en citoyen indigne ? Pourquoi les juristes révolutionnaires ont-ils éprouvé le besoin de conserver, dans le nouveau code pénal de 1791, les peines « simplement infamantes » en vigueur dans l'ancien droit ? Est-ce parce que l'honneur, loin d'être comme le pensait Montesquieu, le principe du seul gouvernement monarchique, est, associé à la vertu et au respect de l'intérêt général, le principal fondement du gouvernement républicain ? L'indignité, la privation infamante des droits de citoyen, est le moyen imaginé par le droit pour faire triompher ce principe mixte de l'ordre public républicain : l'honneur-vertu. Grâce à l'indignité, seuls les citoyens dignes participent à la vie de la communauté, les citoyens indignes, enfermés dans un « carcan d'infamie », s'en trouvent exclus et interdits de nuire. Incarnant par ses mésaventures singulières, les tribulations d'un indigne ; formulant la plus radicale critique de l'application de l'indignité, sous la Terreur comme lors de la Libération, la vie, les écrits, les censures politiques du marquis de Sade sont le fil rouge d'une histoire de l'indignité qui de Robespierre au général de Gaulle a espéré fonder ou rétablir la République sur la devise : Liberté, Égalité, Fraternité... ou Indignité.

*Manufacturing Modern Japanese Literature* Edward Mack.2010-08-20 Emphasizing how modes of book production, promotion, and consumption shape ideas of literary value, Edward Mack examines the role of Japan's publishing industry in defining modern Japanese literature. In the late nineteenth century and early twentieth, as cultural and economic power consolidated in Tokyo, the city's literary and publishing elites came to dominate the dissemination and preservation of Japanese literature. As Mack explains, they conferred cultural value on particular works by creating prizes and multivolume anthologies that signaled literary merit. One such anthology, the Complete Works of Contemporary Japanese Literature (published between 1926 and 1931), provided many readers with their first experience of selected texts designated as modern Japanese literature. The low price of one yen per volume allowed the series to reach hundreds of thousands of readers. An early prize for modern Japanese literature, the annual Akutagawa Prize, first awarded in 1935, became the country's highest-profile literary award. Mack chronicles the history of book production and consumption in Japan, showing how advances in technology, the expansion of a market for literary commodities, and the development of an extensive reading community enabled phenomena such as the Complete Works of Contemporary Japanese Literature and the Akutagawa Prize to manufacture the very concept of modern Japanese literature.

**Invention of Hysteria** Georges Didi-Huberman.2004-09-17 The first English-language publication of a classic French book on the relationship between the development of photography and of the medical category of hysteria. In this classic of French cultural studies, Georges Didi-Huberman traces the intimate and reciprocal relationship between the disciplines of psychiatry and photography in the late nineteenth century. Focusing on the immense photographic output of the Salpêtrière hospital, the notorious Parisian asylum for insane and incurable women, Didi-Huberman shows the crucial role played by photography in the invention of the category of hysteria. Under the direction of the medical teacher and clinician Jean-Martin Charcot, the inmates of Salpêtrière identified as hysterics were methodically photographed, providing skeptical colleagues with visual proof of hysteria's specific form. These images, many of which appear in this book, provided the materials for the multivolume album *Iconographie photographique de la Salpêtrière*. As Didi-Huberman shows, these photographs were far from simply objective documentation. The subjects were required to portray their hysterical type—they performed their own hysteria. Bribed by the special status they enjoyed in the purgatory of experimentation and threatened with transfer back to the inferno of the incurables, the women patiently posed for the photographs and submitted to presentations of hysterical attacks before the crowds that gathered for Charcot's Tuesday Lectures. Charcot did not stop at voyeuristic observation. Through techniques such as hypnosis, electroshock therapy, and genital manipulation, he instigated the hysterical symptoms in his patients, eventually giving rise to hatred and resistance on their part. Didi-Huberman follows this path from complicity to antipathy in one of Charcot's favorite cases, that of Augustine, whose image crops up again and again in the *Iconographie*. Augustine's virtuosic performance of hysteria ultimately became one of self-sacrifice, seen in pictures of ecstasy, crucifixion, and silent cries.

**Jean-Luc Persecuted** C.F. Ramuz.2020-08-11 Jean-Luc Persecuted follows the ill-fated life of an unhappily married man. When Jean-Luc's wife pursues an affair and leaves him with their child, Jean-Luc's behavior becomes more and more erratic. He falls to drinking, behaving recklessly, and squandering his money. The narrative follows the explosive downfall of a lone man and his unstoppable mental collapse, surrounded by villagers unable to effect real change. This novel, never before translated, exemplifies the earthy, realistic, often allegorical style of iconic Swiss writer Ramuz.
