Into the Dark (Alexis Carew, #1) J A Sutherland. At fifteen, Alexis Carew has to face an age old problem - she's a girl, and only a boy can inherit the family's vast holdings. Her options are few. She must marry and watch a stranger run the lands, or become a penniless tenant and see the lands she so dearly loves sold off. Yet there may be another option, one that involves becoming a midshipman on a shorthanded Navy spaceship with no other women.

The Conflict Elisabeth Badinter.2012-04-24 In the pathbreaking tradition of *Backlash* and *The Time Bind*, *The Conflict*, a #1 European bestseller, identifies a surprising setback to women's freedom: progressive modern motherhood Elisabeth Badinter has for decades been in the vanguard of the European fight for women's equality. Now, in an explosive new book, she points her finger at a most unlikely force undermining the status of women: liberal motherhood, in thrall to all that is natural. Attachment parenting, co-sleeping, baby-wearing, and especially breast-feeding—these hallmarks of contemporary motherhood have succeeded in tethering women to the home and family to an extent not seen since the 1950s. Badinter argues that the taboos now surrounding epidurals, formula, disposable diapers, cribs—and anything that distracts a mother's attention from her offspring—have turned childrearing into a singularly regressive force. In sharp, engaging prose, Badinter names a reactionary shift that is intensely felt but has not been clearly articulated until now, a shift that America has pioneered. She reserves special ire for the orthodoxy of the La Leche League—an offshoot of conservative Evangelicalism—showing how on-demand breastfeeding, with all its limitations, curtails women's choices. Moreover, the pressure to provide children with 24/7 availability and empathy has produced a generation of overwhelmed and guilt-laden mothers—one cause of the West's alarming decline in birthrate. A bestseller in Europe, *The Conflict* is a scathing indictment of a stealthy zealotry that cheats women of their full potential.

King of a Hundred Horsemen Marie Etienne.2009-10-27 Marie Étienne's poetry is inspired by the synthesis of the contemporary and the classical, the tragic and the mundane—the quotidian transformed by the tragic prisms of myth and history. Through a profound and complex reinterpretation of the sonnet form, the book reflects, as in a mosaic of shattered mirrors, many of the writer's ongoing preoccupations: the relationship of East and West; an eroticism at once physical and cerebral; the interaction of poetry and prose; the strange blending of the everyday and the foreign, in which the most exotic journeys become ordinary and the most ordinary displacements partake of the strange. *King of a Hundred Horsemen*—in a brilliant translation by Marilyn Hacker that Robert Hass selected for the National Poetry Series's first Robert Fagles Translation Prize in 2007—is an elegant, deeply affecting work from a master poet.

Twelve Years a Slave Solomon Northup.2014-03-08 Now a major motion picture nominated for nine Academy Awards. Narrative of Solomon Northup, a Citizen of New-York, Kidnapped in Washington City in 1841, and Rescued in 1853. *Twelve Years a Slave* by Solomon Northup is a memoir of a black man who was born free in New York state but kidnapped, sold into slavery and kept in bondage for 12 years in Louisiana before the American Civil War. He provided details of slave markets in Washington, DC, as well as describing at length cotton cultivation on major plantations in Louisiana.

The Body in Francophone Literature El Hadji Malick Ndiaye,Moussa Sow.2016-05-10 Much of Francophone literature is a response to an elaborate discourse that served to bolster colonial French notions of national grandeur and to justify expansion of French territories overseas. A form of colonial exoticism saw the colonized subject as a physical, cultural, aesthetic and even sexual singularity. Francophone writers sought to rehabilitate the status of non-Western peoples who, through the use of anthropometric techniques, had been racially classified as inferior or primitive. Drawing on various Francophone texts, this collection of new essays offers a compelling study of the literary body--both corporeal and figurative. Topics include the embodiment of diasporic identity, the body politic in prison writing, women's bodies, and the body's expression of trauma inflicted by genocidal violence.

Remix Theory: The Aesthetics of Sampling Eduardo Navas.2014-11-04 Sampling and remixing are now common in art, music and new media. Assessing their aesthetic qualities by focusing on technical advances in 1970s and 80s music, and later in art and media, the author argues that 'Remix' punches above its deemed cultural weight.

Dictionary of Ancient Magic Words and Spells Claude Lecouteux.2015-10-15 A comprehensive handbook of more than 1,000 magical words, phrases, symbols, and secret alphabets • Explains the origins, derivatives, and practical usage of each word, phrase, and spell as well as how they can be combined for custom spells • Based on the magical traditions of Europe, Greece, and Egypt and recently discovered one-of-a-kind grimoires from Scandinavia, France, and Germany • Includes an in-depth exploration of secret magical alphabets, including those based on Hebrew letters, Kabbalistic symbols, astrological signs, and runes From Abracadabra to the now famous spells of the Harry Potter series, magic words are no longer confined to the practices of pagans, alchemists, witches, and occultists. They have become part of the popular imagination of

the Western world. Passed down from ancient Babylon, Egypt, and Greece, these words and the rituals surrounding them have survived through the millennia because they work. And as scholar Claude Lecouteux reveals, often the more impenetrable they seem, the more effective they are. Analyzing more than 7,000 spells from the magical traditions of Europe as well as the magical papyri of the Greeks and recently discovered one-of-a-kind grimoires from Scandinavia, France, and Germany, Lecouteux has compiled a comprehensive dictionary of ancient magic words, phrases, and spells along with an in-depth exploration--the first in English--of secret magical alphabets, including those based on Hebrew letters, Kabbalistic symbols, astrological signs, and runes. Drawing upon thousands of medieval accounts and famous manuscripts such as the *Heptameron* of Peter Abano, the author examines the origins of each word or spell, offering detailed instructions on their successful use, whether for protection, love, wealth, or healing. He charts their evolution and derivations through the centuries, showing, for example, how spells that were once intended to put out fires evolved to protect people from witchcraft. He reveals the inherent versatility of magic words and how each sorcerer or witch had a set of stock phrases they would combine to build a custom spell for the magical need at hand. Presenting a wealth of material on magical words, signs, and charms, both common and obscure, Lecouteux also explores the magical words and spells of ancient Scandinavia, the Hispano-Arabic magic of Spain before the Reconquista, the traditions passed down from ancient Egypt, and those that have stayed in use until the present day.

Baroque Bodies Mitchell Greenberg.2001 Mitchell Greenberg explores the significance of fantasies of the body in seventeenth-century France through provocative and subtle readings of some of the most intriguing texts of the period. Beginning with an eloquent invocation of the status of the king in classical France, Greenberg surveys the complex sociopolitical history of Louis XIV's reign, analyzing both Moliere and the entire corpus of Racine. The central chapters of *Baroque Bodies* deal with such fascinating texts as the *Memoires* of the abbe de Choisy (the first existing account of a male cross-dresser); two founding texts of the modern pornographic genre, *L'ecole des filles* and *L'academie des dames*; and the autobiography of Marie de l'Incarnation, the famous mystic and founder of the first Ursuline convent in Canada. In addition to his richly nuanced readings, Greenberg integrates into his argument material from a broad array of disciplines, including psychoanalysis, feminism, epistemology, and history. He also points out the implications of his argument for the political, theological, and historical thought of the period, moving effortlessly from witch trials in France to discussions of bodies in Renaissance English literary criticism to the works of Bakhtin, Foucault, Freud, and Lacan.

Colouring Textiles A. Nieto-Galan.2013-04-17 *Colouring Textiles* is an attempt to provide a new cross-cultural comparative approach to the art of dyeing and printing with natural dyestuffs in the eighteenth and nineteenth centuries. Divided into thematic chapters, it uncovers new data from the vast historical heritage of natural dyestuffs from a range of European cities, to present new historiographic insights for the understanding of this technology. Through a sort of anatomic dissection, the book explores the study and cultivation of dye-plants in botanical gardens and plantations, and the tacit values hidden in dyeing workshops, factories, laboratories, or national and international exhibitions. It metaphorically submits the natural dyestuffs of the eighteenth and nineteenth centuries to a series of systematic historical tests, and traces back the circulation of those sources of colours through colonial spaces, dye works, cross-cultural networks, schools of artistic design, and science-based industries for the making of synthetic colorants. *Colouring Textiles* contributes to a better understanding of the role of natural dyestuffs in the processes of industrialization in Western Europe. Audience: Historians of science and technology, historians of chemistry, philosophers, economic historians, professional chemists, arts and crafts historians, and cultural anthropologists.

Moved by repeated tragedies among immigrants attempting to enter eastern and southern Europe, Patrick Chamoiseau assails the hypocrisy and detachment that allow these events to happen. *Migrant Brothers* is an urgent declaration of our essential interconnectedness that asserts the necessity to understand one another as part of one human community, regardless of national origin.

Satie the Bohemian Steven Moore Whiting.1999-02-18 Erik Satie (1866-1925) came of age in the bohemian subculture of Montmartre, with its artists' cabarets and cafés-concerts. Yet apologists have all too often downplayed this background as potentially harmful to the reputation of a composer whom they regarded as the progenitor of modern French music. Whiting argues, on the contrary, that Satie's two decades in and around Montmartre decisively shaped his aesthetic priorities and compositional strategies. He gives the fullest account to date of Satie's professional activities as a popular musician, and of how he transferred the parodic techniques and musical idioms of cabaret entertainment to works for concert hall. From the esoteric *Gymnopédies* to the bizarre suites of the 1910s and avant-garde ballets of the 1920s (not to mention music journalism and playwriting), Satie's output may be daunting in its sheer diversity and heterodoxy; but his radical transvaluation of received artistic values makes far better sense once placed in the fascinating context of bohemian Montmartre.

Temples of Ancient Egypt Dieter Arnold.1997 Five distinguished scholars here summarize the state of current knowledge about ancient Egyptian temples and the rituals associated with their use. The first volume in English to survey the major types of Egyptian temples from the Old Kingdom to the Roman period, it offers a unique perspective on ritual and its cultural significance. The authors perceive temples as loci for the creative interplay of sacred space and sacred time. They regard as unacceptable the traditional division of the temples into the categories of mortuary and divine, believing that their functions and symbolic representations were, at once, too varied and too intertwined. Both informative to scholars and accessible to students, the book combines descriptions of specific temples with new insights into their development and purposes.

Deformed Discourse David Williams.1999 Adult survivors of children's stories can be forgiven for thinking the only function of medieval monsters was to fail, just barely, to eat virgins and to die, just barely, under the hero's ministrations. Williams (English, McGill U.) enlarges the view, tracing the poetics of teratology, the study of monsters, to Christian neoplatonic theology, especially the concept that God cannot be known except by knowing what he is not. He also provides a taxonomy of monsters with glosses, and examines the monstrous and deformed in three heroic sagas and three saints' lives. Includes many reproductions. Oral Literature in Africa Ruth Finnegan.2012-09 Ruth Finnegan's Oral Literature in Africa was first published in 1970, and since then has been widely praised as one of the most important books in its field. Based on years of fieldwork, the study traces the history of storytelling across the continent of Africa. This revised edition makes Finnegan's ground-breaking research available to the next generation of scholars. It includes a new introduction, additional images and an updated bibliography, as well as its original chapters on poetry, prose, drum language and drama, and an overview of the social, linguistic and historical background of oral literature in Africa. This book is the first volume in the World Oral Literature Series, an ongoing collaboration between OBP and World Oral Literature Project. A free online archive of recordings and photographs that Finnegan made during her fieldwork in the late 1960s is hosted by the World Oral Literature Project (<http://www.oralliterature.org/collections/rfinnegan001.html>) and can also be accessed from publisher's website.

Musical Encounters at the 1889 Paris World's Fair Annegret Fauser, Cary C Boshamer Distinguished Professor & Adjunct Professor of Women's and Gender Studies Annegret Fauser.2005 The 1889 Exposition universelle in Paris is famous as a turning point in the history of French music, and modern music generally. This book explores the ways in which music was used, exhibited, listened to, and written about during the Exposition universelle. It also reveals the sociopolitical uses of music in France during the 19th century.

Cleopatra of Egypt Susan Walker, Peter Higgs.2001 Fabled for her sexual allure and cunning intelligence, Cleopatra VII of Egypt has fascinated generations of admirers and detractors since her tumultuous life ended in suicide on Octavian's capture of Egypt in 30 BC. The last of the Ptolemaic monarchs who had ruled Egypt as Hellenistic Greek kings and Egyptian pharaohs for 300 years, Cleopatra created her own mythology, becoming an icon in her own lifetime and even more so after her death. This book explores the ways in which she was depicted in antiquity, within the context of the iconography of contemporary coinage, statues and other images of Egyptian, Greek and Roman rulers, and then examines the image of Cleopatra from the Renaissance to modern times, as seen in plays, opera, painting, ceramics and even jewellery. Exciting new research has revealed seven Egyptian-style statues believed to represent Cleopatra, and two portraits probably commissioned in Rome while she lived there with Julius Caesar.
