The Sustainable Chef Stefan Gössling,C. Michael Hall.2021-12-09 This book provides the first systematic and accessible text for students of hospitality and the culinary arts that directly addresses how more sustainable restaurants and commercial food services can be achieved. Food systems receive growing attention because they link various sustainability dimensions. Restaurants are at the heart of these developments, and their decisions to purchase regional foods, or to prepare menus that are healthier and less environmentally problematic, have great influence on food production processes. This book is systematically designed around understanding the inputs and outputs of the commercial kitchen as well as what happens in the restaurant from the perspective of operators, staff and the consumer. The book considers different management approaches and further looks at the role of restaurants, chefs and staff in the wider community and the positive contributions that commercial kitchens can make to promoting sustainable food ways. Case studies from all over the world illustrate the tools and techniques helping to meet environmental and economic bottom lines. This will be essential reading for all students of hospitality and the culinary arts.

Tin Can Cook Jack Monroe.2019-05-30 Winner of the OFM Best Food Personality Readers' Award, 2018. A Sunday Times bestseller. Simple and affordable, Tin Can Cook strips away the blinding glamour and elitism of

many cookbooks and takes it back to the basics: making great-tasting food with ordinary ingredients. Food writer and anti-poverty campaigner Jack Monroe brings together seventy-five recipes that you can rustle up from tinned and dried ingredients. Beautifully designed with accompanying quirky hand-drawn illustrations, this book is for you if you've struggled to make a dish because the recipe calls for an exotic ingredient you've never heard of. Jack does away with the effort; all her dishes are exciting and new, but you won't have to look further than your local supermarket to make them. Jack's recipes include Red Lentil and Mandarin Curry, Catalan Fish Stew, Pina Colada Toast and many more delicious and creative ideas. 'An exuberant rebuttal to the idea that good food must be expensive, farm-fresh and unprocessed.' - Great British Bake Off's Ruby Tandoh 'At a time when good food can often be seen as rather elitist or exclusive, Jack has done an excellent job to create recipes which are simple, straightforward and delicious.' - Felicity Spector

Derailed Jerry Tanner.2011-12-12 Derailed is the saga of a highly successful businessman brought down by mere allegations of misconduct, his subsequent confrontation with an American legal system that categorically denied him a fair trial. A "natural" entrepreneur, Jerry started a \$20 million dollar health care company from scratch, then took over a corrupt, bankrupt mail order pharmacy and within one year turned it into a \$30 million dollar company. And all of that would have been just the beginning. But when Jerry found himself entangled in a legal battle over allegations of sexual assault brought by the sons of an evangelical pastor in one of the cradles of the religious right, it all came crashing down. As a gay man highly successful in business, Jerry did not fit the moralist model of the prevailing "community." In short, he wasn't supposed to be successful. This book details Jerry's early life, the rapid rise of his successful healthcare companies, and the fall that came with the criminal indictment. Derailed is a powerful commentary on the hypocrisy of an American society founded on the principles of equality and tolerance, yet steeped in institutionalized prejudice, and a stinging indictment of our system of courts and jurisprudence.

Food in Medieval Times Melitta Weiss Adamson.2004-10-30 Students and other readers will learn about the common foodstuffs available, how and what they cooked, ate, and drank, what the regional cuisines were like, how the different classes entertained and celebrated, and what restrictions they followed for health and faith reasons. Fascinating information is provided, such as on imitation food, kitchen humor, and medical ideas. Many period recipes and quotations flesh out the narrative. The book draws on a variety of period sources, including as literature, account books, cookbooks, religious texts, archaeology, and art. Food was a status symbol then, and sumptuary laws defined what a person of a certain class could eat—the ingredients and preparation of a dish and how it was eaten depended on a person's status, and most information is available on the upper crust rather than the masses. Equalizing factors might have been religious strictures and such diseases as the bubonic plague, all of which are detailed here.

James Beard's American Cookery James Beard.2009-02-28 The classic, must-have American cookbook from one of our greatest authorities on food. James Beard was the dean of American cookery (New York Times), and he put practically everything he learned about cooking into this single magnificent--now classic--cookbook. JAMES BEARD'S AMERICAN COOKERY includes more than fifteen hundred of his favorite and most successful recipes, as well as advice on dozens of cooking questions, from choosing meats and vegetables to preserving fruit and making real cheeseburgers. A celebration of the roots of cooking in the American style, this repackaged edition features the original text and color illustrations, and a new foreword by Tom Colicchio. Like Mastering the Art of French Cooking and The Joy of Cooking, it is a standard reference no kitchen is complete without.

Chefs at Home Hospitality Action.2021-03 54 chefs share their lockdown recipes to help the hospitality industry. Throughout 2020 and into 2021, unprecedented country-wide lockdowns have forced restaurants, cafes and bars across the UK to close their doors and turn off the lights. As Covid-19 has devastatingly swept through the country, we have all faced long queues at supermarkets and limited ingredients on the shelves forcing us to dig into the back of our cupboards for those emergency tins and our favourite chefs were no exception. Within these pages, 54 leading chefs from around the country including Tom Kerridge, Jamie Oliver, Gordon Ramsay and many more, have contributed two recipes they created during lockdown to help support a beloved and struggling industry. 100% of royalties from the sale of this book will go to Hospitality Action to help offer vital support to all who work within the hospitality industry in the UK. With over 100 recipes, from brunch to bakes and from veggie delights to meat feasts, recipes include- Tom Kerridge's fish finger sandwich (with added monster munch) Heston Blumenthal's ratatouille Michel Roux Jr's Lyonnaise onion soup Andrew Wong's Singapore noodles Selin Kiazim's halloumi and olive loaf Nathan Outlaw's ultimate fish and chips Richard Corrigan's fish pie Jamie Oliver's cornershop curry sauce with chicken Tommy Banks' glazed brisket with macaroni cheese Thomasina Miers' steak tacos Calum Franklin's ultimate piesolation pie Simon Rimmer's vegan banana toffee pudding Angela Hartnett's mum's apple tart Gordon Ramsay's lockdown banana bread - and many more This isn't a regular cookbook. Instead, it's a cookbook dedicated to every chef, waiter, housekeeper and manager. Every concierge, receptionist and kitchen porter. Every sommelier, bartender, catering assistant and cook across the UK. Because this industry doesn't just feed us, they bring us together too, and this cookbook is our way of saying thank you until we can get back through their doors again. A minimum of eE2 of every copy sold will go directly to Hospitality Action.

The Carnivore Diet Shawn Baker. 2019-11-19 Shawn Baker's Carnivore Diet is a revolutionary, paradigm-breaking nutritional strategy that takes contemporary dietary theory and dumps it on its head. It breaks just about all the "rules" and delivers outstanding results. At its heart is a focus on simplicity rather than complexity, subtraction rather than addition, making this an incredibly effective diet that is also easy to follow. The Carnivore Diet reviews some of the supporting evolutionary, historical, and nutritional science that gives us clues as to why so many people are having great success with this meat-focused way of eating. It highlights dramatic real-world transformations experienced by people of all types. Common disease conditions that are often thought to be lifelong and progressive are often reversed on this diet, and in this book, Baker discusses some of the theory behind that phenomenon as well. It outlines a comprehensive strategy for incorporating the Carnivore Diet as a tool or a lifelong eating style, and Baker offers a thorough discussion of the most common misconceptions about this diet and the problems people have when transitioning to it.

Deceptively Delicious Jessica Seinfeld. 2009-10-06 It has become common knowledge that childhood obesity rates are increasing every year. But the rates continue to rise. And between busy work schedules and the inconvenient truth that kids simply refuse to eat vegetables and other healthy foods, how can average parents ensure their kids are getting the proper nutrition and avoiding bad eating habits? As a mother of three, Jessica Seinfeld can speak for all parents who struggle to feed their kids right and deal nightly with dinnertime fiascos. As she wages a personal war against sugars, packaged foods, and other nutritional saboteurs, she offers appetizing alternatives for parents who find themselves succumbing to the fastest and easiest (and least healthy) choices available to them. Her modus operandi? Her book is filled with traditional recipes that kids love, except they're stealthily packed with veggies hidden in them so kids don't even know! With the help of a nutritionist and a professional chef, Seinfeld has developed a month's worth of meals for kids of all ages that includes, for example, pureed cauliflower in mac and cheese, and kale in spaghetti and meatballs. She also provides revealing and humorous personal anecdotes, tear-out shopping guides to help parents zoom through the supermarket, and tips on how to deal with the kid that must have the latest sugar bomb cereal. But this book also contains much more than recipes and tips. By solving problems on a practical level for parents, Seinfeld addresses the big picture issues that surround childhood obesity and its long-term (and ruinous) effects on the body. With the help of a prominent nutritionist, her book provides parents with an arsenal of information related to kids' nutrition so parents understand why it's important to throw in a little avocado puree into their quesadillas. She discusses the critical importance of portion size, and the specific elements kids simply must have (as opposed to adults) in order to flourish now and in the future: protein, calcium, vitamins, and Omega 3 and 6 fats. Jessica Seinfeld's book is practical, easy-to-read, and a godsend for any parent that wants their kids to be healthy for a long time to come.

The Secret of Our Success Joseph Henrich. 2017-10-17 How our collective intelligence has helped us to evolve and prosper Humans are a puzzling species. On the one hand, we struggle to survive on our own in the wild, often failing to overcome even basic challenges, like obtaining food, building shelters, or avoiding predators. On the other hand, human groups have produced ingenious technologies, sophisticated languages, and

complex institutions that have permitted us to successfully expand into a vast range of diverse environments. What has enabled us to dominate the globe, more than any other species, while remaining virtually helpless as lone individuals? This book shows that the secret of our success lies not in our innate intelligence, but in our collective brains—on the ability of human groups to socially interconnect and learn from one another over generations. Drawing insights from lost European explorers, clever chimpanzees, mobile hunter-gatherers, neuroscientific findings, ancient bones, and the human genome, Joseph Henrich demonstrates how our collective brains have propelled our species' genetic evolution and shaped our biology. Our early capacities for learning from others produced many cultural innovations, such as fire, cooking, water containers, plant knowledge, and projectile weapons, which in turn drove the expansion of our brains and altered our physiology, anatomy, and psychology in crucial ways. Later on, some collective brains generated and recombined powerful concepts, such as the lever, wheel, screw, and writing, while also creating the institutions that continue to alter our motivations and perceptions. Henrich shows how our genetics and biology are inextricably interwoven with cultural evolution, and how culture-gene interactions launched our species on an extraordinary evolutionary trajectory. Tracking clues from our ancient past to the present, *The Secret of Our Success* explores how the evolution of both our cultural and social natures produce a collective intelligence that explains both our species' immense success and the origins of human uniqueness.
