*Journal of the Royal Society of Arts* Royal Society for the Encouragement of Arts, Manufactures and Commerce.1859

*Murder in Parisian Streets* Thomas Cragin.2006 In *Murder in Parisian Streets* Thomas Cragin provides an in-depth study of the production, sale, and content of the canards. He demonstrates their significance to nineteenth-century culture, even their role in determining the emerging tabloid's success. Cragin explores the incremental creation of textual meaning in the canards' authorship, production, distribution, and consumption. He exposes the power of oral traditions as well as modern marketing at work upon this popular news literature. The canards challenge our assumptions about the nineteenth century's revolution in print and reorient our understanding of cultural creation through textual construction.--Jacket.

The Skin of Dreams Raymond Queneau.2024-01-30 In this delightful, cinema-inspired daydream of a novel, an identity-shifting protagonist uses the everyday inspirations of his life to catapult himself into the realm of imagination, blurring the boundaries between reality and fantasy. *The Skin of Dreams* is a novel of waking dreams. Even as he lives his life, Jacques L'Aumône, its hero, daydreams a hundred other possible lives. A few lines on a page, a chance encounter, a remark overheard in passing, any of these are enough to kick things into gear and send him off outside of himself to become a boxer, a general, a bishop, or a lord. He lives alongside his life with diligence and steadfastness; and the passage from real to dream is so natural for him that he no longer knows precisely which him he is. Eventually he becomes an actor in Hollywood, and the basis of countless dreams for others. This Jacques L'Aumône, like the characters who surround him, has the same sort of haunting and fluid consistency as someone that we might dream of in our beds at night. And reverie, here, is born through the tale's humor, which is as gentle as it is cruel, as well as by way of a writing technique that is itself drawn from one of Queneau's great loves, the cinema.

**Old Masters Worldwide** Susanna Avery-Quash,Barbara Pezzini.2020-10-15 As a result of the Napoleonic wars, vast numbers of Old Master paintings were released on to the market from public and private collections across continental Europe. The knock-on effect was the growth of the market for Old Masters from the 1790s up to the early 1930s, when the Great Depression put an end to its expansion. This book explores the global movement of Old Master paintings and investigates some of the changes in the art market that took place as a result of this new interest. Arguably, the most important phenomenon was the diminishing of the traditional figure of the art agent and the rise of more visible, increasingly professional, dealerships; firms such as Colnaghi and Agnew's in Britain, Goupil in France and Knoedler in the USA, came into existence. *Old Masters Worldwide* explores the ways in which the pioneering practices of such businesses contributed to shape a changing market.

Chymia Miguel López-Pérez,Jose Rodriguez.2010-10-12 In September 2008, an international conference on the history of alchemy was held at El Escorial, close to the ancient location of the distilling houses operating under royal patronage during the second half of the 16th century. The present book consists of a selection of the papers presented then, shedding light on little-studied medieval and early modern texts, important alchemical doctrines such as medieval corpuscularianism, early modern spiritus mundi or the function of salt within chymical principles, and discussing such prominent figures as Paracelsus, Isaac Hollandus, Michael Sendivogius, Fontenelle or G. E. Stahl. Last but not least, the book offers new insights on the most recent history of Spanish alchemy.

**Wartime Journalism, 1939-1943** Paul De Man.1988-01-01 In occupied Belgium during World War II, Paul de Man (1919-1983) wrote music, lecture, and exhibition reviews, a regular book column, interviews, and articles on cultural politics for the Brussels daily newspaper *Le Soir*. From December 1940 until he resigned in November 1942, de Man contributed almost 200 articles to this and another newspaper, both then controlled by Nazi sympathizers and vocal advocates of the new order. Later to become one of the most respected and influential literary theorists in America, de Man, then 21 and 22 years old, wrote primarily as the chief literary critic for *Le Soir*. His weekly column reviewed the latest novels and poetry from Belgium, France, Germany, and England. De Man commented extensively on major propaganda expositions, and interviewed leading writers and cultural figures, including Paul Valéry and the future Vichy Education minister Abel Bonnard. The political extremes of de Man's wartime writing are marked by two articles. His single anti-Semitic article, *Les Juifs dans la littérature actuelle* (4 March 1941), acquiesces in the deportation of Jews to a Jewish colony isolated from Europe. But de Man later argued in defense of a Resistance-linked journal (*A propos de la revue Messages*, 14 July 1942) against the totalitarian censors' unconsidered attacks. This volume reprints in facsimile all of de Man's articles in *Le Soir* as well as three articles he wrote prior to the occupation in 1940 as editor of the liberal *Cahiers du Libre Examen*. It also includes English translations of the ten articles written in Flemish for the Antwerp paper *Het Vlaamsche Land*, in March-October 1942. The collection appears under the auspices of the *Oxford Literary Review*, England's leading theoretical journal for over a decade.

**Journal of the Royal Society of Arts** Royal Society of Arts (Great Britain).1859

**Let's Eat France!** François-Régis Gaudry.2018-10-16 There's never been a book about food like Let's Eat France! A book that feels literally larger than life, it is a feast for food lovers and Francophiles, combining the completist virtues of an encyclopedia and the obsessive visual pleasures of infographics with an enthusiast's unbridled joy. Here are classic recipes, including how to make a pot-au-feu, eight essential composed salads, pâté en croûte, blanquette de veau, choucroute, and the best ratatouille. Profiles of French food icons like Colette and Curnonsky, Brillat-Savarin and Bocuse, the Troigros dynasty and Victor Hugo. A region-by-region index of each area's famed cheeses, charcuterie, and recipes. Poster-size guides to the breads of France, the wines of France, the oysters of France—even the frites of France. You'll meet endive, the belle of the north; discover the croissant timeline; understand the art of tartare; find a chart of wine bottle sizes, from the tiny split to the Nebuchadnezzar (the equivalent of 20 standard bottles); and follow the family tree of French sauces. Adding to the overall delight of the book is the random arrangement of its content (a tutorial on mayonnaise is next to a list of places where Balzac ate), making each page a found treasure. It's a book you'll open anywhere—and never want to close.

**La noblesse à table** Paul Janssens,Siger Zeischka.2008 Presenting a rare glimpse into the dining rooms of Belgian nobility from the Middle Ages to modern times, specialists in the field discuss gastronomy and festive culture in a historical and sociological context. This stunning work provides insights into both the culinary proclivities and table manners of these epic gourmards, answering such questions as What was the daily menu of the dukes of Burgundy? What was behind the sudden enthusiasm for saltwater fish in the 17th century? and Why were exotic desserts so popular in the 19th century? A valuable addition to the historical study of Belgian Noblemen and the ruling elite, this bilingual collection--presented in both English and French--creates a wonderfully rich portrait of the past, from the dukes of Burgundy to Belgian royalty.

**Grands et petits secrets du monde de l'art** Danièle Granet,Catherine Lamour.2010-03-03 Le commerce de l'art est aussi mystérieux que le geste de création lui-même. Plus encore quand il s'agit de l'art contemporain, pour lequel nous manque le recul de l'Histoire. Et pourtant les artistes sont aujourd'hui omniprésents : dans les médias et les modes de vie, au service des grandes marques, au cœur des convoitises des hyper riches. Qui décide du talent et de la valeur d'un artiste ? Qui sont les Cinq cents qui font et défont cotes et réputations ? Pourquoi l'art contemporain a-t-il mieux résisté à la crise que la Bourse ? Quelle est la nouvelle cartographie et le Bottin mondain de l'art ? Quelles en sont les règles ? Deux journalistes indépendantes et étrangères à ce milieu ont mené l'enquête pendant plus de deux ans, de Shanghai à New York, rencontrant les collectionneurs, les conservateurs, les artistes qui comptent. Elles révèlent les chiffres, les réseaux, les codes de ce monde où le délit d'initiés est vivement recommandé, et entraînent le lecteur dans un récit prenant et riche en couleurs.

Manuel de droit belge de la concurrence Norman Neyrinck.2021-05-10 Le Manuel de droit belge de la concurrence présente le droit belge des pratiques restrictives de concurrence : • le Chapitre I porte sur le droit des ententes entre entreprises : cartels, accords de coopération horizontale et accords verticaux ; • le Chapitre II a pour objet l'abus de position dominante et l'abus de dépendance économique ; • le Chapitre III présente les règles de procédure applicables devant l'Autorité belge de la concurrence et les juridictions judiciaires belges. Les principes d'analyse sont rappelés de manière claire ; de nombreuses illustrations sont fournies. L'ouvrage présente aussi bien la jurisprudence de l'Autorité belge de la concurrence que celle rendue par les cours et tribunaux judiciaires, injustement méconnue. La primauté du droit européen, d'une part, puis le mimétisme imposé par le législateur belge, d'autre part, limitent les aspects véritablement originaux du droit national. Le droit « belge » de la concurrence se révèle principalement dans les applications belges des principes européens. Il convient cependant de ne pas sous-estimer la portion des règles purement nationales. De nombreuses normes sont propres au territoire belge. À titre d'illustration, on citera, pêle-mêle : la cause d'exemption propre aux PME prévue à l'article IV.1, § 3, CDE ; l'abus de dépendance économique ; les règles de nullité des contrats ; les sanctions mises à charge des personnes physiques qui décident de la conclusion de certains cartels ; les règles d'indemnisation des infractions au droit de la concurrence... À cela s'ajoute encore l'ensemble des règles de procédure dont dépend l'issue d'un très grand nombre d'affaires. Quoique exceptionnelles, les règles véritablement originales du droit belge de la concurrence ont une influence déterminante sur l'issue des litiges. Ce Manuel s'adresse aux juristes et avocats intéressés par le droit de l'entreprise au sens large ainsi qu'aux étudiants en droit. Les praticiens spécialisés en droit de la concurrence y trouveront un relevé complet de la jurisprudence rendue en Belgique dans leur discipline.
