Drive Daniel H. Pink.2011-04-05 The New York Times bestseller that gives readers a paradigm-shattering new way to think about motivation from the author of When: The Scientific Secrets of Perfect Timing Most people believe that the best way to motivate is with rewards like money—the carrot-and-stick approach. That's a mistake, says Daniel H. Pink (author of To Sell Is Human: The Surprising Truth About Motivating Others). In this provocative and persuasive new book, he asserts that the secret to high performance and satisfaction-at work, at school, and at home—is the deeply human need to direct our own lives, to learn and create new things, and to do better by ourselves and our world. Drawing on four decades of scientific research on human motivation, Pink exposes the mismatch between what science knows and what business does—and how that affects every aspect of life. He examines the three elements of true motivation—autonomy, mastery, and purpose—and offers smart and surprising techniques for putting these into action in a unique book that will change how we think and transform how we live.

Clyde Fans Seth.2021-10-20 Legendary Canadian cartoonist Seth's magnum opus Clyde Fans, two decades in the making, appeared on twenty best of 2019 lists, including those from the New York Times, the Guardian, and Washington Post, and was nominated for an Eisner Award and the Giller Prize. Clyde Fans peels back the optimism of mid-twentieth century capitalism, showing the rituals, hopes, and delusions of a vanished middle-class—garrulous self-made men in wool suits extolling the virtues of their wares to taciturn shopkeepers. Much like the myth of an ever-growing economy, the Clyde Fans family business is a fraud. The patriarch has abandoned it to mismatched sons, one who strives to keep the company afloat and the other who retreats into his memories. Abe and Simon Matchcard are brothers, struggling to save their archaic family business selling oscillating fans in a world switching to air conditioning. Simon flirts with becoming a salesman as a last-ditch effort to leave the protective walls of the family home, but is ultimately unable to escape Abe's critical voice in his head. As Clyde Fans Co. crumbles, so does the relationship between the two men, who choose very different life paths but both end up utterly unhappy. Seth's intimate storytelling and gorgeous art allow cityscapes and detailed period objects to tell their own stories as the brothers struggle to find themselves suffocating in an airless home. Twenty years in the making, Clyde Fans peels back the optimism of mid-twentieth century capitalism. Legendary Canadian cartoonist Seth lovingly shows the rituals, hopes, and delusions of a middle-class that has long ceased to exist in North America—garrulous men in wool suits extolling the virtues of the wares to taciturn shopkeepers with an eye on the door. Much like the myth of an ever-growing economy, the Clyde Fans family unit is a fraud—the patriarch has abandoned the business to mismatched sons, one who strives to keep the business afloat and the other who retreats into the arms of the remaining parent. Abe and Simon Matchcard are brothers, the second generation struggling to save their archaic family business of selling oscillating fans in a world switching to air conditioning. At Clyde Fans' center is Simon, who flirts with becoming a salesman as a last-ditch effort to leave the protective walls of the family home, but is ultimately unable to escape Abe's critical voice in his head. As the business crumbles so does any remaining relationship between the two men, both of whom choose very different life paths but still end up utterly unhappy. Seth's intimate storytelling and gorgeous art allow urban landscapes and detailed period objects to tell their own stories as the brothers struggle to find themselves suffocating in an airless city home. An epic time capsule of a storyline that begs rereading.
