The Way it Was Catherine Czerkawska.2016-07-07 The island of Gigha is a small gem, the most southerly of the true Hebridean islands, lying just off Tayinloan on Scotland's Kintyre peninsula. Gigha's good harbours, fertile land, mild climate and strategically useful position have given it a fascinating history. Catherine Czerkawska relates the sometimes turbulent story of the people of Gigha, from the settlers of prehistoric times, through successive incomers including the Celts, the Vikings, and the McNeill lords of this island. A few years ago Gigha was the subject of the largest community buyout in British history, and she brings the story up to date, in examining the relationship between a contemporary island community and its own rich past. The author, like so many people, fell helplessly in love at first sight with Gigha and returns to it time and again. This book explores just what it is that makes the island such an enchanting place.

Peat and Whisky Mike Billett.2023-10-12 "Outstanding ... among the most important books about whisky ever written." Charles MacLean BRINGING TOGETHER LANDSCAPES, geology, history, people and their whisky, and addressing the key role of peatlands in mitigating climate change, Peat and Whisky: The Unbreakable Bond is a love letter to Scotland and the unique substance that forms part of the DNA of Scotch whisky. Through epic journeys around Scotland and back in time, Mike Billett dives deep into the science and stories of ancient peatlands and bogs, capturing the spirit of places where whisky has been distilled for centuries. He sheds light on how peat imparts its distinctive aroma and flavour to the world's finest single malts. He looks back to tradition and heritage, as well as forward to a future in which the dark matter will remain part of the recipe for liquid gold, while at the same time becoming an increasingly precious living sponge for atmospheric carbon. He takes us to places where the bond between peat and whisky is growing around the world. Whether you're a whisky connoisseur, a lover of Scotland's environment and beautiful landscapes, an armchair traveller or a history buff, this unforgettable book will deepen your appreciation for the land itself and help you to understand the profound connection between peat and the unmistakable character of uisge beatha, the water of life.

The Drowned and the Saved Les Wilson.2018-01-25 WINNER OF THE SALTIRE SOCIETY HISTORY BOOK OF THE YEAR Next morning at about 6 o'clock my mother wakened us to say there had been a shipwreck and bodies were being washed ashore. My father had gone with others to look for survivors ... I don't think any survivors came in at Port Ellen but bodies did. The loss of two British ships crammed with American soldiers bound for the trenches of the First World War brought the devastation of war directly to the shores of the Scottish island of Islay. The sinking of the troopship Tuscania by a German U-Boat on 5 February 1918 was the first major loss of US troops in in the war. Eight months after the people of Islay had buried more than 200 Tuscania dead, the armed merchant cruiser Otranto collided with another troopship during a terrible storm. Despite a valiant rescue attempt by HMS Mounsay, the Otranto drifted towards Islay, hit a reef, throwing 600 men into the water. Just 19 survived; the rest were drowned or crushed by the wreckage. Based on the harrowing personal recollection of survivors and rescuers, newspaper reports and original research, Les Wilson tells the story of these terrible events, painting a vivid picture which also pays tribute to the astonishing bravery of the islanders, who risked their lives pulling men from the sea, caring for survivors and burying the dead.

Smokeheads Doug Johnstone.2011-03-03 Four friends, one weekend, gallons of whisky. What could go wrong? Driven by amateur whisky-nut Adam, four late-thirties ex-university mates are heading to Islay - the remote Scottish island world famous for its single malts - with a wallet full of cash, a stash of coke and a serious thirst. Over a weekend soaked in the finest cask strength spirit, they meet young divorcee Molly, who Adam has a soft spot for, her little sister Ash who has all sorts of problems and Molly's ex-husband Joe, a control freak who also happens to be the local police. As events spiral out of control, they are all thrown into a nightmare that gets worse at every turn. A wild trip to the Scottish Highlands, Doug Johnstone's debut on the Faber crime list is a classic violent thriller, doused with black humour.

A Dance Called America James Hunter.2022-05-05 A dance was devised in eighteenth-century Skye. An exhilarating dance. A dance, a visitor reports, 'the emigration from Skye has occasioned'. The visitor asks for the dance's name. 'They call it America,' he's told. In his introduction to this new edition of his classic and pioneering account of what happened to the thousands of people who left Skye and the wider north of Scotland to make new lives across the sea, historian James Hunter reflects on what led him to embark on travels and researches that took him across a continent. To Georgia, North Carolina and Montana; to Nova Scotia, Quebec, Ontario and the Mohawk Valley; to prairie farms and great cities; to the Rocky Mountains, British Columbia and Washington State. This is the story of the Highland impact on the New World. The story of how soldiers, explorers, guerrilla fighters, fur traders, lumberjacks, railway builders and settlers from Scotland's glens and islands contributed so much to the USA and Canada. It is the story of how a hard-pressed people found in North America a land of opportunity.

Later settlements moved upriver between New Orleans and Donaldsonville, near Lecompte, and in North Louisiana near Minden. Beginning with the French and Spanish colonial periods and working through the post-Civil War period, this book covers the heritage those German settlers left behind.

The Luminaries Eleanor Catton.2013-10-15 The winner of the Man Booker Prize, this expertly written, perfectly constructed bestseller (The Guardian) is now a Starz miniseries. It is 1866, and Walter Moody has come to stake his claim in New Zealand's booming gold rush. On the stormy night of his arrival, he stumbles across a tense gathering of 12 local men who have met in secret to discuss a series of unexplained events: a wealthy man has vanished, a prostitute has tried to end her life, and an enormous cache of gold has been discovered in the home of a luckless drunk. Moody is soon drawn into a network of fates and fortunes that is as complex and exquisitely ornate as the night sky. Richly evoking a mid-nineteenth-century

world of shipping, banking, and gold rush boom and bust, *The Luminaries* is at once a fiendishly clever ghost story, a gripping page-turner, and a thrilling novelistic achievement. It richly confirms that Eleanor Catton is one of the brightest stars in the international literary firmament.

Interleaved through these different narrative strands comes the story of the whiskies themselves, traced from a distant past of bothies and illegal stills to present-day legality and prosperity. The flavour of each spirit is analysed and the differences between them teased out, as are the stories of the notable men and women who have played such an integral part in their creation.

Islay and Jura Lord George Robertson of Port Ellen.2006 The most westerly point of Argyll, Islay and Jura occupy a special place in Scotland's history, home to MacDonald, 'Lords of the Isles', as well as to the famous blend of Bowmore's Whisky Distillery. The fields and hills hold an abundance of wildlife, making it an ideal spot for farming, fishing and rambling, while its ruins speak of the impact of the nineteenth-century's mass emigration and the clearances. Lord George Robertson brings his perceptive eye and lens to these different aspects of two of Scotland's most beautiful islands.

Who Would Suspect! Helen Mulgray.2016-08-01 Edinburgh, and the island of Islay, world famous for its Scotch whisky distilleries, is the setting of the third assignment for DJ Smith, agent for HM Revenue & Customs, and her 'sniffer' cat, Gorgonzola. The girlfriend of Louis Moran has arrived in Scotland and is staying as the guest of Sir Thomas Cameron 'Blair', wealthy and respected businessman and owner of Sron Dubh distillery. HMRC are convinced that Moran, a ruthless international drug baron, will join her there, and that as well as finalising another drugs operation, Sir Thomas's whisky business may well be a target. DJ Smith is sent in undercover role as butler to Sir Thomas. Accompanying her is her 'sniffer' cat Gorgonzola whose sensitive nose detects something much more sinister than drugs. With millions of pounds worth of whisky and drugs at stake, anyone who stands in Moran's way will die, anyone who even rouses the slightest suspicion - and DJ Smith does exactly that. Others who have threatened his multi-million pound master plan have already been eliminated, and one more makes no difference. Can DJ remain undetected long enough to identify Moran and make her escape? A dramatic endgame is played out in darkness on the Firth of Forth with a backdrop of the twinkling lights of Edinburgh.

A Journeyman's Journey - The Story of Jim McEwan Jim McEwan, Udo Sonntag. 2021-06-24 For whisky professionals, connoisseurs and lovers, Jim McEwan is an icon like Steve Jobs, Paul McCartney and Pelé. Growing up in the small village of Bowmore on the whisky island of Islay, he started his career in 1963 at the age of 15 as a cask maker in the Bowmore distillery. This developed into an unprecedented career in which Jim was to shape and revolutionise the world of whisky like no other. The worldwide success of single malt whisky is inextricably linked to him. The highlight of his work was the revival of the Bruichladdich distillery, today one of the most innovative and respected representatives of the whisky world. How a journey began with two men and a dog that would lead to new universes of whisky is only part of the story that Jim McEwan tells here anecdotally and with much humour. Lavishly designed, lavishly illustrated and sumptuously appointed - a delight for lovers of wonderful books and wonderful drinks alike.

Apostles of Light Ellen Douglas. 2011-08-15 A revised edition of the New York Times bestselling classic: the epic story of the golden years of American space exploration, told by the men who rode the rockets On October 4, 1957, the Soviet Union launched Sputnik I, and the space race was born. Desperate to beat the Russians into space, NASA put together a crew of the nation's most daring test pilots: the seven men who were to lead America to the moon. The first into space was Alan Shepard; the last was Deke Slayton, whose irregular heartbeat kept him grounded until 1975. They spent the 1960s at the forefront of NASA's effort to conquer space, and *Moon Shot* is their inside account of what many call the twentieth century's greatest feat—landing humans on another world. Collaborating with NBC's veteran space reporter Jay Barbree, Shepard and Slayton narrate in gripping detail the story of America's space exploration from the time of Shepard's first flight until he and eleven others had walked on the moon.

Land of the Ilich Steven Mithen. 2021-11-04 As an archaeologist, Steven Mithen has worked on the Hebridean island of Islay over a period of many years. In this book he introduces the sites and monuments and tells the story of the island's people from the earliest stone age hunter-gatherers to those who lived in townships and in the grandeur of Islay House. He visits the tombs of Neolithic farmers, forts of Iron Age chiefs and castles of medieval warlords, discovers where Bronze Age gold was found, treacherous plots were made against the Scottish crown, and explores the island of today, which was forged more recently by those who mined for lead, grew flax, fished for herring and distilled whisky - the industry for which the island is best known today. Although an island history, this is far from an insular story: Islay has always been at a cultural crossroads, receiving a constant influx of new people and new ideas, making it a microcosm for the story of Scotland, Britain and beyond.
