Parliament and Parliamentarism Pasi Ihalainen, Cornelia Ilie, Kari Palonen. 2016-01-01 Parliamentary theory, practices, discourses, and institutions constitute a distinctively European contribution to modern politics. Taking a broad historical perspective, this cross-disciplinary, innovative, and rigorous collection locates the essence of parliamentarism in four key aspects—deliberation, representation, responsibility, and sovereignty—and explores the different ways in which they have been contested, reshaped, and implemented in a series of representative national and regional case studies. As one of the first comparative studies in conceptual history, this volume focuses on debates about the nature of parliament and parliamentarism within and across different European countries, representative institutions, and genres of political discourse.

308 Circuits Jan Buiting.2003 This is the ninth in the 300 series of circuit design books, again contains a wide range of circuits, tips and design ideas. The book has been divided into sections, making it easy to find related subjects in a single category. The book not only details DIY electronic circuits for home construction but also inspiring ideas for projects you may want to design from the ground up. Because software in general and microcontroller programming techniques in particular have become key aspects of modern electronics, a number of items in this book deal with these subjects only. Like its predecessors in the 300 series, 308 Circuits covers the following disciplines and interest fields of modern electronics: test and measurement, radio and television, power supplies and battery chargers, general interest, computers and microprocessors, circuit ideas and audio and hi-fi.

The Way Home in the Night Akiko Miyakoshi. 2017-04-04 A gentle, dreamlike tale about heading home in the night. A mother rabbit carries her young bunny home through the dark, quiet streets. The lights are on in many of the animal neighbors' windows, so the bunny can see, hear and smell what's happening inside: a pie being pulled out of the oven, a party, a goodbye hug. When they reach home, the father rabbit tucks the bunny into bed. But the bunny continues to wonder about the neighbors' activities. "Are the party guests saying goodnight?" Will the one saying goodbye "take the last train home?" Until finally, the tired bunny falls asleep. The perfect story for the end of the day.

Black Jack, Volume 6 Osamu Tezuka.2015-01-21 Black Jack is a mysterious and charismatic young genius surgeon who travels the world performing amazing and impossible medical feats. Though a trained physician, he refuses to accept a medical license due to his hatred and mistrust of the medical community's hypocrisy and corruption. This leads Black Jack to occasional run-ins with the authorities, as well as from gangsters and criminals who approach him for illegal operations. Black Jack charges exorbitant fees for his services, the proceeds from which he uses to fund environmental projects and to aid victims of crime and corrupt capitalists. But because Black Jack keeps his true motives secret, his ethics are perceived as questionable and he is considered a selfish, uncaring devil. The Black Jack series is told in short stories. Each volume will contain 16-20 stories, each running approximately 20-24 pages in length. Black Jack is recognized as Osamu Tezuka's third most famous series, after Astro Boy and Kimba, the White Lion.

Takahashi, a writer who has just stayed up all night working, is interrupted by a phone call from his old friend Sonomura: barely able to contain his excitement, Sonomura claims that he has cracked a secret cryptographic code based on Edgar Allan Poe's *The Gold-Bug* and now knows exactly when and where a murder will take place—and they must hurry if they want to witness the murder, because it's later that very night! Sonomura has a history of lunacy and playing the amateur detective, so Takahashi is of course reluctant to believe him. Nevertheless, they stake out the secret location, and through tiny peepholes in the knotted wood, become voyeurs at the scene of a shocking crime... Atmospheric, erotic, and tense, *Devils in Daylight* is an early work by the master storyteller who “created a lifelong series of ingenious variations on a dominant theme: the power of love to energize and destroy” (Chicago Tribune).

Stranger Things: SIX (Graphic Novel) Jody Houser.2019-11-26

A prequel comic from Netflix' award-winning series, delving into the mysterious workings of Project MKUltra and the weird science that opened the door to the Upside Down. Francine, a teenage girl with precognition, has struggled through a lifetime of exploitation: first by her parents, then by Dr. Brenner of Hawkins Laboratory. Dr. Brenner wants to harness her powers as well as those of the other gifted children that they hold captive at the lab. Wracked by increasingly disturbing visions, she sees an opportunity for her and all the children to escape. But at what cost? From the pen of Jody Houser (Faith, CMYK: Magenta, Max Ride: Ultimate Flight) and featuring art from Edgar Salazar and Keith Champagne (Black Panther), Stranger Things comics is essential reading for fans of the hit Netflix series as well as fans of the urban fantasy and horror genres in general. This includes public domain books and promotional books that legal copyright holders wanted to give away for free. AvaxHome is a pretty simple site that provides access to tons of free eBooks online under different categories. It is believed to be one of the major non-torrent file sharing sites that features an eBooks&eLearning section

among many other categories. It features a massive database of free eBooks collated from across the world. Since there are thousands of pages, you need to be very well versed with the site to get the exact content you are looking for. LibriVox is a unique platform, where you can rather download free audiobooks. The audiobooks are read by volunteers from all over the world and are free to listen on your mobile device, iPods, computers and can be even burnt into a CD. The collections also include classic literature and books that are obsolete. We provide a range of services to the book industry internationally, aiding the discovery and purchase, distribution and sales measurement of books.
