The Hidden God Marius Timmann Mjaaland.2015-11-15 In this phenomenological reading of Luther, Marius Timmann Mjaaland shows that theological discourse is never philosophically neutral and always politically loaded. Raising questions concerning the conditions of modern philosophy, religion, and political ideas, Marius Timmann Mjaaland follows a dark thread of thought back to its origin in Martin Luther. Thorough analyses of the genealogy of secularization, the political role of the apocalypse, the topology of the self, and the destruction of metaphysics demonstrate the continuous relevance of this highly subtle thinker.

*My First Islamic Book for Children Under 3* Julia Hanke.2020-09-09 Engaging, Colorful, and Fun Islamic book for kids This book is not like other Islamic books for children under 3! It is filled with good Islamic morals, manners, and stories that introduce your Toddler to essential Islamic Foundations. My First Islamic Book for Children under 3 has been created in recognition of the need for books that tell the stories of Islam for small children. Most of the Islamic educational and storybooks for children available today are either lacking in authenticity or are written in a language that is difficult for young children to understand. My First Islamic Book for Children under 3 is written in a way that toddlers and pre-school age children can easily understand. The author made these stories as authentic as possible by taking stories and information from the Quran, Tafseer Ibn Katheer, Bukhari, Muslim, and other authentic Hadith books and simplifying the language and adding context that children can understand, without changing the intended meaning. This simple language results from an interactive reading process between the author and her then three-year-old son. The author kept editing and simplifying the text until her son was able to understand it easily. About the Author Julia Hanke was born and raised in Germany. She converted to Islam at the age of 17 and took the name Hafsa to have a Muslim identity. Hafsa studied Education and Islamic Sciences at a famous German University. At the moment, she is homeschooling her three children. Well suited for Babies, Toddlers, Preschoolers, and even very beneficial for children up to 10 years of age! Teach your children who Allah is, His authentic Names and Attributes, and what they mean for every Muslim. Which morals and lessons can we draw from Allah's Names and Attributes? Which name should we use in which dua in which situation? Find out in this book. A must-read for every Muslim.

**Keeping Faith with the Psalms** Daniel F. Polish, PhD. 2011-05-03 Explore your spiritual life. Create a personal theology. Challenge and test your faith—all using the Book of Psalms. The Book of Psalms has been beloved by generations of readers. It offers solace in times of trouble, holds out hope for rescue and redemption, and helps to answer some of the difficult questions raised by faith. The Book of Psalms is more personal than other books of the Bible; instead of telling stories with God as the central actor, the psalmists talk to—and about—God. Keeping Faith with the Psalms leads you into the Bible to discover ways you can use the Psalms to shape your own personal spiritual outlook. Daniel Polish does not give any simple solutions, but reveals how you can discover answers for yourself through the Psalms. You will explore: Meeting God in Nature Finding God in Torah Finding God through the Historical Experience of the Jewish People The Problem of Evil in Our World Facing Our Mortality Finding Our Relationship with God Jerusalem as Symbol and Reality What Does the Lord Require? The Call to Social Justice Through the threads of meaning, questions, and perspectives offered in the psalms themselves, Rabbi Polish's guide offers an intimate look at the issues that touch and influence your personal theology.

**God and Creatures** Felix Alluntis, Allan B. Wolter. 2015-03-08 This is the first major work of the famous mediaeval scholastic theologian John Duns Scotus to be translated into English in its entirety. One of the towering intellectual figures of his age, Scotus has had a lasting influence on Western philosophy comparable only to that of Thomas Aquinas. The questions Scotus discusses on the subject God and Creatures were originally presented to him in the course of a quodlibetal dispute, a public debate popular in the thirteenth and fourteenth centuries. In revising the questions for publication, Scotus wove in much of his basic philosophy and theology, making this work one of the mainstays on which his reputation as a thinker depends. The text of the English translation is based on the most authoritative version of the original Latin text. The extensive annotation and a glossary of technical terms permit each question to be read as an integral treatise in its own right. Originally published in 1975. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

**Constantine: Religious Faith and Imperial Policy** A. Edward Sicienski. 2017-01-12 Constantine: Religious Faith and Imperial Policy brings together some of the English-speaking world's leading Constantinian scholars for an interdisciplinary study of the life and legacy of the first Christian emperor. For many, he remains a sign of contradiction (Luke 2:34) whose life and legacy generate intense debate. He was the first Christian emperor, protector of the Church, and eventually remembered as equal to the apostles for bringing about the Christianization of the Empire. Yet there is another side to Constantine's legacy, one that was often neglected by his Christian hagiographers. Some modern scholars have questioned the orthodoxy of the so-called model Christian emperor, while others have doubted the sincerity of his Christian commitment, viewing his embrace of the faith as merely a means to a political end. Drawing together papers presented at the 2013 symposium at Stockton University commemorating the 1700th anniversary of the Edict of Milan, this volume examines the very questions that have for so long occupied historians, classicists, and theologians. The papers in this volume prove once again that Constantine is not so much a figure from the remote past, but an individual whose legacy continues to shape our present.

**We Are at War** Vitalis Chi Nwaneri. 2013-03-07 VITALIS CHIDOMERE NWANERI, brings to these five Books, his experience in Religion, Economics, Politics, Science, Philosophy and exposure in various advanced and developing countries across the globe. He acquired his experience from the Graduate School of The London School of Economics and Political Science, University of London (1962-1968). He joined the United Kingdom Government after his graduation and quickly rose to the position of an Economic Adviser. He left the Government in 1971 to join the World Bank in Washington D.C. U.S.A. He worked there till 1980 and rose to the position of a Senior Economist (1980). At the World Bank, he traveled extensively across the globe and gained exposure and firsthand experience on some of the major Political, Economic and Social Development problems across the globe. In some of his economic and political analyses in the World Bank, he confronted some of these Economic, Political, Religious and Philosophical issues in some countries in Asia, Middle East, Africa including such countries as Afghanistan, Iraq, Syria, Iran, Tunisia and Libya where he worked. Therefore he was not surprised with the on-going crises and wars in these countries because of his concerns over their lack of

Christian pillars of modern civilization, democracy, and governance. His experience and exposure had inspired his analyses in these four books. Back in Nigeria in 1980, he became one of the country's pioneers in Indigenous Banking and the Establishment of the First African Commodity Exchange. During his twenty years in Nigeria (1980-2000), he embarked on the audacious mission of bringing his global exposure and experience to contribute to the development of Nigeria's Finance and Private sectors to lead its National Development. His Book on MISSION 2000 highlights his audacious dream for Nigeria's Private sector to lead the Country's emergence in the global world of the new century. The Book also reflected the views he promoted while working as a Consultant for the Nigeria Government, The World Bank, African Development Bank and The U.S.A.I.D. His pioneering projects in Nigeria's Banking and Trade sectors exposed him to the weakness of Nigeria's Politics and Governance. So he decided to take a shot at Nigerian Politics.

Along the way, we will discover that Jesus taught LGBT people are naturally born so from our mothers' wombs, that the Apostle Paul ordained single gender Holy Matrimony, and that God demands we be affirmed in Churches all over the globe as equal partakers in the Kingdom of Heaven! The Bed Keeper is a message of hope for the LGBT community, complete with Scripture-based prophetic instructions for the Church to at last become all adorned like a Bride for her Bridegroom!

**The Message of Lamentations** Christopher J.H. Wright.2023-11-14 The destruction of Jerusalem by the Babylonians in 587 BC is the likely setting for the book of Lamentations. This was the most traumatic event in Old Testament history, as Israel faced extreme human suffering, the destruction of the ancient city, national humiliation, and the undermining of all that was thought to be divinely guaranteed, such as the Davidic monarchy, the city of Zion, and the very temple of their God. It is out of such unspeakable pain that Lamentations speaks, through poetry of astonishing beauty and intricacy, although soaked in tears. If we neglect this book of the Bible, says Chris Wright, we miss the challenge and reward of wrestling with the massive theological issues that permeate it. How can suffering be endured alongside faith in an all-loving, good God? If death and destruction stalk the land, can Israel's faith in the covenant God of faithfulness and mercy be sustained? Through this commentary, Wright shows that we must not isolate Lamentations from the rest of the Bible, nor should we read the rest of the Bible without Lamentations. It is a crucial part of the narrative that still has many messages for us to learn from today. Part of the beloved Bible Speaks Today series, The Message of Lamentations offers an insightful, readable exposition of the biblical text and thought-provoking discussion of how its meaning relates to contemporary life. Used by students and teachers around the world, the Bible Speaks Today commentaries are ideal for those studying or preaching the Bible and anyone who wants to delve deeper into the text. This revised edition of a classic volume features lightly updated language and a new interior design.

Banned Questions About the Bible Christian D Piatt.2011-03-31 From Christian Piatt: When I was a teenager, my youth minister threw a bible at my head for asking questions. Too often, for various reasons, people don't have the opportunity to ask the hard questions they have about faith, religion, salvation and the bible. And when questions are left unanswered in communities of faith, people either seek answers elsewhere or lose interest all together. The purpose of the series is to collect the most compelling and challenging questions from various theological areas and pose them to a panel of experts who are challenged with responding in two hundred words or less in plain English. This volume addresses challenging or controversial questions about scripture collected from people on Facebook, MySpace, Twitter and other social networking media. Respondents include theology professors, clergy, lay leaders, liberals, conservatives and voices representing a spectrum of views. The idea behind the books is not so much to provide definitive answers as it is to stimulate thought, reflection and discussion. By offering multiple perspectives, readers have the opportunity to arrive at their own questions. Better, they come to understand that questioning faith is not taboo, but rather that it can be at the foundation of a strong and growing faith. The directive given to each respondent guided them to be concise and to speak in plain language, but also not to rely exclusively on the Bible says it justifications, or to wax abstract or overly intellectual. Instead, they write from personal experience as much as possible, and provide real-life contexts that will allow the average seeker or churchgoer to apply such ideas to their daily lives.
