The Group Portraiture of Holland Alois Riegl.2000-03-16 In The Group Portraiture of Holland, art historian Alois Riegl (1858-1905) argues that the artists of sixteenth- and seventeenth-century Holland radically altered the beholders relationship to works of art. Group portraits by artists such as Rembrandt and Frans Halls reflect an egalitarian viewpoint not found in the more hierarchically structured Italian works of the same period. First published in 1902 and here in English for the first time, the book opened up areas of inquiry that continue to engage scholars today.

An Uncooperative Commodity Karen J. Bakker,Assistant Professor Department of Geography Karen J Bakker.2003 The privatization of water supply is an emotive and controversial topic. The 'British model' of water privatization is unique: no other country has entirely privatized its water supply and sewerage systems. This book analyzes the socio-economic and environmental dimensions in privatization in England and Wales. It examines the implications of privatization for consumers, environmental management, and the water supply industry.

From Cannibals to Radicals Roger Célestin.1996 The objective to this study is, essentially, to arrive at a view of exoticism as a relation between (Western) Self and (exotic) Other that is fluctuatingly tenuous or strong depending on the narrating subject's position vis-a-vis a point of departure (and return) that I have alternately called Home, Center, and audience.

The Rabelaisian Mythologies Max Gauna.1996 Chapter 4 examines in detail the various myths of the fourth book and suggests that in it Rabelais propounds a radically unorthodox syncretism in which the poetic attractions of Platonic and Plutarchan demonology are preponderant, in which Christ Himself may be seen as the greatest of the demons, and where the climax of the book shows us the hero Pantagruel in direct communication with his own guardian demon. A short epilogue sums up Gauna's conclusions and suggests reasons for the literary and philosophical attractions of magical Platonism.

The Forgotten Rohingya: Their Struggle for Human Rights in Burma Habib Habib Siddiqui.2019 Imagine that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have maintained a continuous existence there for several centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal military regime in your country for their self-determination and human rights consider you as settlers from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry.The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations?For much of its history, Burma has been ruled by military. As has once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and workers of the democracy movement. They cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas - face cruel restriction on marriage and those married without government authorization are paraded naked on the streets?- Are restricted from traveling outside their villages?- Have no legal right to own land or property?- Are restricted from getting education, finding work, getting medical and health care? - Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc., and face religious persecution on a daily basis? - Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings?- Are forced to do slave labor for establishment of government infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan?- Are forced to convert to Buddhism &/or worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights?Nothing can excuse us from the criminal silence that we practice in not voicing our concern about the plight of the Rohingya people. The Forgotten Rohingya makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of xenophobia and racism, which are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure of Burma's orange revolution.

Marrano as Metaphor Elaine Marks.1996 When Europeans in the Middle Ages spoke of marranos, they were making a derogatory reference to crypto-Jews--those who publicly converted to and performed as Christians,

but who remained secretly faithful to Judaic law. Today, asserts Elaine Marks in *Marrano as Metaphor*, the concept can be used to describe all Jews living in a dominant Christian or Muslim culture, whatever may be their conscious relationship to Judaism. A sweeping examination of the Jewish presence in French literature from the sixteenth century to the present, *Marrano as Metaphor* explores the many shapes and forms in which Jews are perceived, spoken, and written about. Employing a wide spectrum of analytical methods from history, literary theory and psychoanalysis, renowned French scholar Elaine Marks opens new doors in the study of literature. *Marrano as Metaphor* investigates questions of difference and assimilation, of respect and derogation, in a wide range of French literature--from Alain Robbe-Grillet's discussion in his memoirs of his parents' antisemitism to the story of Esther through Jean Racine and Marcel Proust; from efforts to address Jewish issues in the writings of Marguerite Duras and Jean-Paul Sartre to the secular, assimilated Jewish tradition of Jacques Derrida and Helene Cixous. Marks looks closely at strains of antisemitism running through French literature, analyzing such antecedents as the nihilism of the 1880s and its meditation on death and absence.

NAÏS MICOULIN Émile Zola.2017-10-06 Naïs Micoulin (1884) was one of Zola's short stories about the trials of a factory worker in what was then the village of L'Estaque and is now administratively part of Marseille. Naïs, the wild child, has grown up into a sensual young lady. Stirred to the depths of his soul, Frederick contemplates his servant and soon, they indulge in caresses. Until Naïs' father swears to kill the man who dared to touch his daughter. Émile Zola (1840 - 1902) was an influential French novelist, the most important example of the literary school of naturalism, and a major figure in the political liberalization of France. More than half of Zola's novels were part of a set of 20 books collectively known as *Les Rougon-Macquart*. Zola from the start at the age of 28 had thought of the complete layout of the series. Set in France's Second Empire, the series traces the environmental influences of violence, alcohol and prostitution which became more prevalent during the second wave of the Industrial Revolution. The series examines two branches of a family: the respectable (that is, legitimate) Rougons and the disreputable (illegitimate) Macquarts for five generations.

The freak, Manson Reed: her favorite victim. But a lot changes after high school. A freak like him never should have ended up at the same Halloween party as her. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game? Only revenge? Only a dare? Voices from the North Jan Öhman,Kirsten Simonsen.2018-05-08 While contemporary human geography has widely acknowledged that knowledge has both contingent and contextual character, international literature has tended to blot out differences and reproduce hegemonic Anglo-Saxon discourses. Any interest in destabilizing such power-knowledge systems calls upon interventions from other voices . Nordic voices in particular have not been well represented in current human geography. This book redresses the balance by offering a unique assessment of the geographical research being undertaken in the Nordic countries and by demonstrating the way in which these voices contribute to international debate. It brings together a range of Nordic authors, each of whom has made a significant contribution to such debates, and considers the relationship between production and social institutions in local development. It also examines the ambiguous role of the welfare state in the Nordic countries, issues of social practice and identity and their relationship to spatiality, new approaches to landscape and environment, and the significance of difference and relations of power. Theoretical discussion, illustrated by empirical examples, reveals the interweaving in Nordic human geography of international affiliations and Nordic situatedness .

The Tetherballs of Bougainville Mark Leyner.2011-08-17 From his cult classic, I Smell Esther Williams, to his wildly popular and insightful column Wild Kingdom appearing in Esquire magazine every month, Mark Leyner has been giving us up close and personal encounters of the most hilarious kind for over a decade. Now, in his new novel The Tetherballs of Bougainville, Leyner shares with us, long last, the quintessential coming of age story that every writer, at some point, is compelled to tell. In the novel we meet young Mark Leyner, 13-years-old to be exact, as he waits in a New Jersey prison to witness his father's execution. Adolescence is never easy, and it just so happens that this junior high schooler is on deadline to turn in a screenplay for which he has already been awarded the Vincent and Lenore DiGiacomo/Oshimitsu Polymers America Award. And, as it was for all of us during our teenage years, nothing seems to go as planned. Written as autobiography, screenplay and movie review, The Tetherballs of Bougainville twists three familiar narrative forms into an outlandishly compelling story. Leyner's use of the media-driven formats brilliantly reflects our secret, shameful and hilarious desire to experience our private lives as mass entertainment. The Tetherballs of Bougainville skewers and celebrates American pop culture in the late twentieth century. Leyner's version of our lives is so deeply funny because it is so painfully true.
