

Introduction To The Qur An

Introduction to the Qur'an M.A. Draz.2011-09-01 I.B.Tauris in Association with the Oxford Centre for Islamic Studies In this book the distinguished Islamic scholar M. A. Draz, one of the Muslim world's most erudite authorities of this century, sets out the fundamental principles of the Qur'an and its much misunderstood and misquoted teachings on gender and women, polygamy, war, faith, Judaism, Christianity and the many other issues on which the Qur'an pronounces.

The Qur'an Abdullah Saeed.2008-01-15 There is much more to the Qur'an than the selective quotations favoured by Islamic fundamentalists. This book provides a student-friendly guide to the many ways in which the Qur'an can be read. Designed for both Muslims and Western non-Muslim students, it examines the Qur'an in Western scholarship as well as giving an overview of the rich interpretive traditions from the time of the Prophet Muhammad to the present day. This guide is a concise introduction to all aspects of the Qur'an: history, understanding and interpretation, providing: coverage of both pre-modern and modern periods plenty of examples to illustrate key points and aid student understanding summaries, timelines and a glossary.

Introducing the Qur'an Mukhtar Ahmed,Mukhtar K. Ahmed Al-Mesalati.2004 In this well-informed book readers discover a compassionate bridge, one that invites non-Muslims and believers alike to learn about Islam from its sacred source: the Qur'an. At this crucial moment in history, when fear and suspicion abound regarding Islam, this book steers a clear and balanced course. Using specific excerpts from the Qur'an, the author provides information on the fundamentals of Islam as well as

debunks the myths associated with it.

Introduction to the Qur'an William Montgomery Watt.2014-03-11 Surveying the life, aims, character and inspiration of Muhammad, this classic introduction explains the history, form and chronology of the Qur'an, and gives the views of Muslim and Occidental scholars.

Introduction to the Holy Qur'An Abd Al-Rahman Doi.2000-03 An important glossary of Arabic and Islamic terms has also been added in order to make the understanding of unfamiliar terms easy for those students who are attempting the study of the Quran for the first time in the English language. Also, a section on the Invitation to the Quran has been included to bring out the fervour and anticipation of any Muslim with regard to the Quran. It lends to the book a practical aspect to the approach to the Quran along with the other academic discussions this books entails.

Introduction to the Qur'an William Montgomery Watt,R. Bell.1989

Introduction to Qur'anic Script Syed Barakat Ahmad.2013-01-11 'Masterly work ... Leads the reader patiently but directly not merely into Qur'anic writing but into the heart of that Holy Book itself ... By the time we have followed Dr Ahmad to the end of this splendid work we have learned something new and indeed something uplifting about one of the world's great books.' Prof. F. E. Peters, New York University.

A Brief Introduction to Qur'anic Exegesis Ali Suleiman Ali.2017-01-01 Generating precise comprehension of the Quran and the true meaning of its verses is arguably the essence of the most important of the Islamic sciences, Qur'anic exegesis or tafsīr. Since the passing of the Prophet many scholars have worked hard to bring a proper understanding of the meaning of the Qur'an to Muslims, and indeed to the world at large, as fully as possible, in an attempt to widen knowledge of the guidance contained therein, and how to live life in accordance with its principles. The result has

been a wealth of historical Muslim literature on the subject which has come to be known as Ulum al-Tafsir or the sciences of tafsir, a systematic exegesis of the Qur'an following several methodologies. This work traces the evolution of Qur'anic exegesis, from the time of the Prophet, the Companions, the Successors, the early mufassirun (exegetes) with independent tafsir works, to the present day. In doing so, it addresses some major issues including to what extent has tafsir been influenced by differing theological traditions (classical, mystical sufi, persian), political and sectarian interests etc. and how interpretation has differed in some cases, mainly pertaining to juridical, theological, historical, and linguistic issues. Certain scholars and Qur'anic commentaries have stood the test of time and stand in greater prominence to others. Their works are introduced, and different methodologies compared and critiqued. What we are left with is a broad yet important overview of a subject which otherwise can be too complex and extensive for the ordinary reader to grasp acting as a valuable addition to his/her understanding and study of the Qur'anic text.

The Qur'an Bruce Lawrence. 2014-10-02 The Qur'an: A Biography is a beautifully written and authoritative account of one of the world's most famous, and most misunderstood books. Few books in history are as poorly read or understood as the Qur'an. Sent down in a series of revelations to the Prophet Muhammad, it is regarded by the faithful as the unmediated word of Allah. It is revered by Muslims throughout the world, it inspires unparalleled levels of devotion, passion, fear and, sometimes, incomprehension. In this book, the distinguished scholar Bruce Lawrence shows precisely why the Qur'an is Islam. He describes the origins of the faith in seventh-century Arabia and looks at why the Qur'an needs to be both memorized and recited by its followers. Lawrence also discusses the book's many doubters and commentators and assesses its important influence in societies and politics today. Above all, Lawrence emphasizes that the Qur'an demands

interpretation, and can only be properly understood through its history.

Introduction to the Study of the Holy Quran .1985 Published by the Ahmadiyya Movement in Islam, Inc., 2141 Leroy Place, NW, Washington DC 20008. Annotation copyright Book News, Inc. Portland, Or.

Muqaddima Ilā Luġat Al-Qur'ān Munther Abdullatif Younes, Munther Younes. 2013 The Routledge Introduction to Qur'anic Arabic is an innovative language course designed for users who have been reading and hearing the Qur'an since childhood and who would like to deepen their knowledge of its language, grammar and vocabulary. Accompanying audio material is available on the Routledge website.

Bell's Introduction to the Qur'ān Richard Bell, William Montgomery Watt. 1970 Surveying the life, aims, character and inspiration of Muhammad, this classic introduction explains the history, form and chronology of the Qur'an, and gives the views of Muslim and Occidental scholars.

How to Read the Qur'an Carl W. Ernst. 2011-12-05 For anyone, non-Muslim or Muslim, who wants to know how to approach, read, and understand the text of the Qur'an, *How to Read the Qur'an* offers a compact introduction and reader's guide. Using a chronological reading of the text according to the conclusions of modern scholarship, Carl W. Ernst offers a nontheological approach that treats the Qur'an as a historical text that unfolded over time, in dialogue with its audience, during the career of the Prophet Muhammad.

My First Book about the Qur'an Sara Khan. 2018-02-08 Inside this board book toddlers and young children will find out about the Qur'an's beautiful teachings: to care for all creation; to respect the books of God; to be good to one another; and to believe in Allah, the Creator. Stunning illustrations, full of color, bring the pages to life and the carefully written text is simple, easy to understand, and

suitable to be read aloud. It also features some facts about the Qur'an and common questions children might ask, such as: what does the word "Qur'an" actually mean? Sara Khan is a writer, translator, and PhD candidate based in the UK. This is her first book. Alison Lodge is a children's illustrator based in North Wales, UK.

Interpreting the Qur'an Abdullah Saeed.2005-12-20 How is the Qur'an - central to all Muslim societies - to be understood today in order to meet the needs of these societies? Abdullah Saeed, a distinguished Muslim scholar, explores the interpretation of the ethico-legal content of the Qur'an, whilst taking into consideration the changing nature of the modern world. Saeed explores the current debates surrounding the interpretation of the Qur'an, and their impact on contemporary understanding of this sacred text. Discussing the text's relevance to modern issues without compromising the overall framework of the Qur'an and its core beliefs and practices, he proposes a fresh approach, which takes into account the historical and contemporary contexts of interpretation. Inspiring healthy debate, this book is essential reading for students and scholars seeking a contemporary approach to the interpretation of the Qur'anic text.

The Qur'an Nicolai Sinai.2017 This comprehensive introduction to the basic methods and current state of historical-critical Qur'anic scholarship covers all of the field's major questions, giving readers the tools needed to work with and understand this vital but complex text.

Major Themes of the Qur'an Fazlur Rahman.2009-06-15 In this introduction to the Qur'an, Fazlur Rahman unravels its complexities on themes such as God, society, revelation, and prophecy.

[The Heart of the Qur'an](#) Lex Hixon.2013-12-04 Neither as Christians or Jews, nor simply as intellectually responsible individuals, says Hixon, have members of Western civilization been sensitively educated or even accurately informed about Islam. As tensions between America and the

Middle East grow, we should promote cross-cultural understanding, not violence. This new edition, with a new foreword and commentary by Neil Douglas-Klotz, allows the reader to drink from the illuminating fountain of the Holy Qur'an—the foundation of Islamic culture. First published in 1988, Hixon's poetic meditations on over nine-hundred passages from the Qur'an show that they are not relics from the past but exist in a timeless present, communicating as vividly as when they were first uttered. Through clear and accessible language, Hixon illustrates how the teachings of Islam can be applied to contemporary everyday life issues such as love, relationships, justice, work, and self-knowledge. In addition to the selections themselves, the book contains readable, lively introductions to the tradition of Islam, its basic precepts, and what it says about other religions. As the first such work in English to be written by a Muslim, *The Heart of the Qur'an* continues to show that Islam is among the great wisdom traditions of humanity.

The Qur'an Muhammad Abu-Hamdiyyah.2002-01-04 This new work presents a concise and accessible introduction to the Qur'an. Muhammad Abu-Hamdiyyah first explores the concept of deity, including the Christian and Jewish understanding of God, and second discusses the Qur'anic message from the perspective of modern knowledge. This is an ideal textbook for students with no prior knowledge of the complexities of the Qur'an's message.

Ulum al Qur'an Ahmad Von Denffer.2015-07-02 This classic and popular introduction to the sciences developed to interpret and understand Islam's holy book is ideal for all serious students of the Koran. Precise, yet comprehensive, it covers the traditional disciplines, including the meaning and contexts of revelation, the history and transmission of the text, and exegesis, as well as more contemporary topics like the recording of the Koran, the history of Orientalist approaches, and a survey of translations. It ends with a guide for the correct recitation of, and etiquette toward, the

Koran. Chapter 1: The Qur'an and Revelation Chapter 2: Transmission of the Qur'anic Revelation Chapter 3: The Qur'an in Manuscript and Print Chapter 4: Form, Language and Style Chapter 5: Understanding the Text Chapter 6: Interpreting the Text Chapter 7: Some Related Issues Chapter 8: Reading and Studying the Qur'an Ahmad Von Denffer was born in Germany in 1949. He studied Islamics and Social Anthropology at the Universty of Mainz, where he also attended additional courses in the Department of Missiology. His special interests include Christian-Muslim relations. He has made a number of contributions to scholarly journals and has several publications to his credit. He joined the Islamic Foundation as Research Fellow in 1978 and is presently working with the Islamic Centre, Munich.

The Walking Qur'an Rudolph T. Ware.2014 Walking Qur'an: Islamic Education, Embodied Knowledge, and History in West Africa

Introducing the Qur'an John Kaltner. Award-winning professor John Kaltner's new work offers a general introduction and orientation to the Qur'an. It surveys the origin, structure, contents, study, and use of Islam's sacred text. Offering selective rather than comprehensive coverage, the work allows for discussion and analysis of specific themes and issues of interest to modern readers.Following an introduction that describes and situates how the Qur'an is both studied and experienced, Kaltner's book takes up the following themes by chapterto foster a contemporary understanding and appreciation of the Qur'an: the natural environment, Muslim life, gender and sexuality, non-Muslims and the Other, jihad, war and peace, and life after death. Significant passages from the Qur'an are identified and analyzed, with a special focus on how modern scholars, both Muslim and non-Muslim, understand them. Kaltner intersperses his book with numerous photographs and textboxes to emphasize and highlight important elements of the Qur'an, its history,

and its relevance to contemporary life -- Publisher description.

The Koran: A Very Short Introduction Michael Cook. 2000-02-25 The Koran has constituted a remarkably strong core of identity and continuity for a religious tradition that is now in its fifteenth century. This Very Short Introduction explores the significance of the Koran both in the modern world and in traditional Muslim culture. Michael Cook provides a lucid and direct account of the Koran as codex, as scripture, as liturgy, and as the embodiment of truth, and examines its means of formation and dissemination. He also discusses issues of interpretation for certain key verses, demonstrating that fecundity of the text for readers throughout the world. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

The Qur'an .2008-04-17 'Read! Your Lord is the Most Bountiful one who taught by the pen, who taught man what he did not know.' The Qur'an, believed by Muslims to be the word of God, was revealed to the Prophet Muhammad 1400 years ago. It is the supreme authority in Islam and the living source of all Islamic teaching; it is a sacred text and a book of guidance, that sets out the creed, rituals, ethics, and laws of the Islamic religion. It has been one of the most influential books in the history of literature. Recognized as the greatest literary masterpiece in Arabic, it has nevertheless remained difficult to understand in its English translations. This new translation is written in a contemporary idiom that remains faithful to the original, making it easy to read while retaining its powers of eloquence. Archaisms and cryptic language are avoided, and the Arabic meaning preserved by respecting the context of the discourse. The message of the Qur'an was

directly addressed to all people regardless of class, gender, or age, and this translation is equally accessible to everyone. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

Introduction to the Qur'an Muḥammad 'Abd Allāh Darāz.2000 In this book the distinguished Islamic scholar M. A. Draz, one of the Muslim world's most erudite authorities of this century, sets out the fundamental principles of the Qur'an and its much misunderstood and misd teachings on gender and women, polygamy, war, faith, Judaism, Christianity and the many other issues on which the Qur'an pronounces.--Bloomsbury Publishing.

The One and the Many Francois Deroche.2022-01-04 A revelatory account of early Islam’s great diversity by the world’s leading scholar of early Qur’anic manuscripts “There is no one better placed than François Déroche to write the history—and tell the story—of how the Quran went from words uttered by Muhammad to inviolable canonical scripture. This is a meticulous, lucid, and fascinating book.”—Shawkat Toorawa, Yale University According to Muslim dogma, the recited and written text of the Qur’an as we know it today scrupulously reflects the divine word as it was originally sent down to Muhammad. An examination of early Islamic sources, including accounts of prophetic sayings, all of them compared with the oldest Qur’anic manuscripts, reveal that plurality was in fact the outstanding characteristic of the genesis and transmission of the Qur’an, both textually and orally. By piecing together information about alternative wordings eliminated from the canonical version that gradually came to be imposed during the first centuries of Islam, François Déroche

shows that the Qur'an long remained open to textual diversity. Not only did the faithful initially adopt a flexible attitude toward the Qur'anic text, an attitude strikingly at odds with the absolute literalism later enforced by Muslim orthodoxy, but Muhammad himself turns out to have been more concerned with the meaning than the letter of the divine message.

The Qur'an Farid Esack.2002 An incisive guide from an acclaimed scholar, which surveys the social environment in which the Prophet lived, and the translation of the Qur'an into text form, as well as introducing key points of contention and major issues within Qur'an scholarship.

Approaching the Qur'an Michael Sells.2023-10-05 Approaching the Qur'an presents brilliant translations of the short, hymnic chapters, or Suras, associated with the first revelations to the Prophet Muhammad. These early Suras contain some of the most powerful, prophetic, and revelatory passages in religious history, offering the vision of a meaningful and just life that anchors the faith of one fifth of the world's inhabitants. In addition to these translations, Michael Sells provides an introduction to the Qur'an, commentaries on the Suras, a glossary of technical terms, and discussions of the auditory nature and gender aspects of the Arabic text. An ideal resource for students and interested lay readers, this third edition also includes a new full Sura and associated commentary, a new preface, and a thoroughly updated bibliography.

The Qur'an Muhammad Abu-Hamdiyyah.2020-09-23 This new work presents a concise and accessible introduction to the Qur'an. Muhammad Abu-Hamdiyyah first explores the concept of deity, including the Christian and Jewish understanding of God, and second discusses the Qur'anic message from the perspective of modern knowledge. This is an ideal textbook for students with no prior knowledge of the complexities of the Qur'an's message.

Opening the Qur'an Walter H. Wagner.2008 Walter H. Wagner opens the Qur'an by offering a

comprehensive and extraordinarily readable, step-by-step introduction to the text, making it accessible to students, teachers, clergy, and general readers interested in Islam and Islam's holy Book. Wagner first places the prophet Muhammad, the Qur'an, and the early Muslim community in their historical, geographical, and theological contexts. This background is a basis for interpreting the Qur'an and understanding its role in later Muslim developments, as well as for relationships between Muslims, Jews, and Christians. He then looks in detail at specific passages, moving from cherished devotional texts to increasingly difficult and provocative subjects. The selected bibliography serves as a resource for further reading and study. Woven into the discussion are references to Islamic beliefs and practices. Wagner shows great sensitivity toward the challenges to non-Muslims who attempt to interpret the Qur'an, and sympathy for the long struggle to build bridges of mutual trust and honest appreciation between Muslims and non-Muslims.--Jacket.

Exploring the Qur'an Muhammad Abdel Haleem. 2017-04-21 The teachings, style and impact of the Qur'an have always been matters of controversy, among both Muslims and non-Muslims. But in a modern context of intercultural sensitivity, what the Qur'an says and means are perhaps more urgent questions than ever before. This major new book by one of the world's finest Islamic scholars responds to that urgency. Building on his earlier groundbreaking work, the author challenges misinterpretations of particular Qur'anic verses from whatever quarter. He addresses the infamous 'sword' verse, frequently cited as a justification for jihad. He also questions the 'tribute' verse, associated with the Muslim state subjugating Jews and Christians; and the idea of Paradise in the Qur'an, often viewed by the West as emphasising merely physical pleasures, or used by Islamic fighters as their just reward for holy war. The author argues that wrenching the verses out of the context of the whole has led to dangerous ideologies being built on isolated phrases which have then

assumed afterlives of their own. This nuanced, holistic reading has vital interfaith ramifications. *Opening the Qur'an* Walter H. Wagner.2010-07-02 Opening the Qur'an can be a bewildering experience to non-Muslim, English-speaking readers. Those who expect historical narratives, stories, or essays on morals are perplexed once they pass the beautiful first Surah, often shocked and then bogged down by Surah 2, and even offended by Surah 3's strictures against nonbelievers. Walter H. Wagner "opens" the Qur'an by offering a comprehensive and extraordinarily readable, step-by-step introduction to the text, making it accessible to students, teachers, clergy, and general readers interested in Islam and Islam's holy Book. Wagner first places the prophet Muhammad, the Qur'an, and the early Muslim community in their historical, geographical, and theological contexts. This background is a basis for interpreting the Qur'an and understanding its role in later Muslim developments as well as for relationships between Muslims, Jews, and Christians. He then looks in detail at specific passages, moving from cherished devotional texts to increasingly difficult and provocative subjects. The selected bibliography serves as a resource for further reading and study. Woven into the discussion are references to Islamic beliefs and practices. Wagner shows great sensitivity toward the risks and opportunities for non-Muslims who attempt to interpret the Qur'an, and sympathy in the long struggle to build bridges of mutual trust and honest appreciation between Muslims and non-Muslims.

Prophets in the Quran Brannon M. Wheeler.2002-06-18 What was the name of Noah's son who did not survive the Flood? Why do Pharaoh and Haman build the Tower of Babel? For what reasons does Moses travel to the ends of the Earth? Who is the 'Horned-One' who holds back Gog and Magog until the Day of Judgement? These are some of the questions answered in the oral sources and Quran commentaries on the stories of the prophets as they are understood by Muslims. Designed as an

introduction to the Quran with particular emphasis on parallels with Biblical tradition, this book provides a concise but detailed overview of Muslim prophets from Adam to Muhammad. Each of the chapters is organized around a particular prophet, including an English translation of the relevant verses of the Quran and a wide selection of classical, medieval and modern Muslim commentaries on those verses. Quran commentaries include references to Sunni and Shi'i sources from Spain, Central Asia, the Middle East and Africa. An extensive glossary provides an annotated list of all scholarly transmitters and cited texts with suggestions for further reading. This is an excellent book for undergraduate courses, and students in divinity and seminary programmes. Comparisons between the Quran and Bible, and among Jewish, Christian and Islamic exegesis are highlighted. Oral sources, references adapted from apocryphal and pseudepigraphical works, and inter-religious dialogue are all evident throughout these stories of the prophets. This material shows how the Quran and its interpretation are integral to a fuller and more discerning understanding of the Bible and its place in the history of Western religion.

An Introduction to the Sciences of the Qur'an Sh. Furhan Zubairi. 2017-07-06 A concise text introducing the foundational topics covered in the field of Qur'anic Studies including revelation, compilation and preservation.

Introduction to the Qur'an Mohammad Abdallah Draz. 2000-09-22 In this book the distinguished Islamic scholar M.A. Draz, one of the Muslim world's most erudite authorities of this century, sets out the fundamental principles of the Qur'an and its much misunderstood and misquoted teachings on gender and women, polygamy, war, faith, Judaism, Christianity and the many other issues on which the Qur'an pronounces. Draz emphasises the continuity of monotheistic doctrine and ethics through Judaism, Christianity and Islam.

The Qur'an Mohammad Abu-Hamdiyyah.2000 This book presents an accessible introduction to the complexities of this ancient text, enabling students to understand the various components of the Qur'an's message.

The Qur'an Abdullah Saeed.2008-01 There is much more to the Qur'an than the selective quotations favoured by Islamic fundamentalists. This book provides a student-friendly guide to the many ways in which the Qur'an can be read. Designed for both Muslims and Western non-Muslim students, it examines the Qur'an in Western scholarship as well as giving an overview of the rich interpretive traditions from the time of the Prophet Muhammad to the present day. This guide is a concise introduction to all aspects of the Qur'an: history, understanding and interpretation, providing: coverage of both pre-modern and modern periods plenty of examples to illustrate key points and aid student understanding summaries, timelines and a glossary.

Islam and Qur'an Murad Wilfried Hofmann.2007

The Story of the Qur'an Ingrid Mattson.2008 An essential introductory text for the study of the Qur'an, its content, and its place in Muslim society. An insightful and authoritative introduction to the book at the heart of Muslim life, written by a well-known Islamic scholar Examines the doctrines contained in the Qur'an, providing a comprehensive explanation of their significance to individual Muslims and the societies in which they live Surveys the key themes of the Qur'an, its most significant historical interpretations, and some of the most significant figures who transmitted and taught the sacred scripture over the centuries Considers the influence of the Qur'an on all major aspects of Muslim society, including personal relationships, popular culture, law, art and architecture, political movements, science, and literature Helps the reader to understand the Qur'an, while throwing a much-needed light on what it means to be a Muslim.

The Story of the Qur'an Ingrid Mattson.2013-02-18 This popular introduction by a well-known Islamic scholar has been updated and expanded, offering a balanced portrayal of the Qur'an and its place in historic and contemporary Muslim society. Features new sections on the Qur'an and its relationship to democracy, science, human rights, and the role of women Contains expanded sections on the Qur'an in the life cycle of Muslims, and in Islamic ethics and law Incorporates additional images and student features, including a glossary. Supported by an accompanying website (available on publication) hosting a range of additional material, including student resources, links to important websites, news stories, and more This title is also available as an eTextbook on the CourseSmart platform, as a Wiley Desktop Edition, or via your preferred eTextbook vendor; eTextbooks offer convenience, enhanced electronic functionality, and flexible pricing options - learn more at www.wiley.com/college/wileyflex

Decoding **Introduction To The Qur An**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring.
