**Reformist Voices of Islam** Shireen Hunter, Shireen T Hunter. 2014-12-18 In recent years, Islamic fundamentalist, revolutionary, and jihadist movements have overshadowed more moderate and reformist voices and trends within Islam. This compelling volume introduces the current generation of reformist thinkers and activists, the intellectual traditions they carry on, and the reasons for the failure of reformist movements to sustain broad support in the Islamic world today. Richly detailed regionally focused chapters cover Iran, the Arab East, the Maghreb, South Asia, Indonesia, Malaysia, Turkey, Europe, and North America. The editor's introductory chapter traces the roots of reformist thinking both in Islamic tradition and as a response to the challenge of modernity for Muslims struggling to reconcile the requirements of modernization with their cultural and religious values. The concluding chapter identifies commonalities, comparisons, and trends in the modernizing movements.

**Foucault in Iran** Behrooz Ghamari-Tabrizi. 2016-08-08 Were the thirteen essays Michel Foucault wrote in 1978-1979 endorsing the Iranian Revolution an aberration of his earlier work or an inevitable pitfall of his stance on Enlightenment rationality, as critics have long alleged? Behrooz Ghamari-Tabrizi argues that the critics are wrong. He declares that Foucault recognized that Iranians were at a threshold and were considering if it were possible to think of dignity, justice, and liberty outside the cognitive maps and principles of the European Enlightenment. Foucault in Iran centers not only on the significance of the great thinker's writings on the revolution but also on the profound mark the event left on his later lectures on ethics, spirituality, and fearless speech. Contemporary events since 9/11, the War on Terror, and the Arab Uprisings have made Foucault's essays on the Iranian Revolution more relevant than ever. Ghamari-Tabrizi illustrates how Foucault saw in the revolution an instance of his antiteleological philosophy: here was an event that did not fit into the normative progressive discourses of history. What attracted him to the Iranian Revolution was precisely its ambiguity. Theoretically sophisticated and empirically rich, this interdisciplinary work will spark a lively debate in its insistence that what informed Foucault's writing was not an effort to understand Islamism but, rather, his conviction that Enlightenment rationality has not closed the gate of unknown possibilities for human societies.

**The Book of Ho'oponopono** Luc Bodin, Nathalie Bodin Lamboy, Jean Graciet. 2016-03-17 A simple practice to heal your past and cleanse negative memories to live a more peaceful and harmonious life • Details how to apply Ho'oponopono to deal with traumatic past events, destructive thought patterns, family dynamics, daily annoyances, or any other disagreeable event in your life, from traffic jams to relationship break-ups • Draws on the new science of epigenetics and quantum physics to explain how Ho'oponopono works • Explains how the trauma of past events can cloud your perceptions and reveals how to break free from the weight of your memories Based on an ancestral Hawaiian shamanic ritual, the healing practice of Ho'oponopono teaches you to cleanse your consciousness of negative memories, unconscious fears, and dysfunctional programming and grant yourself forgiveness, peace, and love. The process is deceptively simple--first you must recognize your own responsibility for creating the events in your life, then you are ready to apply the mantra of Ho'oponopono: I'm sorry, Forgive me, Thank you, I love you. Repeated several times over a dedicated interval, the negativity is replaced with inner peace, love, and harmony--and, as the stories in this book show, sometimes even miracles take place. In this step-by-step guide, the authors explain how to apply Ho'oponopono to traumatic past events, destructive thought patterns, family dynamics, daily annoyances, or any other disagreeable event in your life, from traffic jams to relationship break-ups. Drawing on quantum physics and epigenetics, they explore how Ho'oponopono works--how thoughts and consciousness can affect the expression of your DNA, the materialization of your goals, and the behavior of those around you. They explain how negative thought patterns and memories unconsciously guide your life and draw more negativity to you, perpetuating the cycle of bad events and clouding your recollection of the past. By apologizing to yourself, your memory, and the event in question, you can forgive yourself, heal your memories, and cleanse your perceptions. By reconciling with yourself, you open your heart to love for your experiences, yourself, and others and bring harmony to your mind, body, and the world around you.

**Step Across This Line** Salman Rushdie. 2002-09-10 From one of the great novelists of our day, a vital, brilliant new book of essays, speeches and articles essential for our times. Step Across This Line showcases the other side of one of fiction's most astonishing conjurers. On display is Salman Rushdie's incisive, thoughtful and generous mind, in prose that is as entertaining as it is topical. The world is here, captured in pieces on a dazzling array of subjects: from New York's Amadou Diallo case to the Wizard of Oz, from U2 to fifty years of Indian writing, from a tribute to Angela Carter to the struggle to film *Midnight's Children*. The title essay was originally delivered at Yale as the 2002 Tanner lecture on human values, and examines the changing meaning of frontiers in the modern world -- moral and metaphorical frontiers as well as physical ones. The collection chronicles Rushdie's intellectual journeys, but it is also an intimate invitation into his life: he explores his relationship to India through a moving diary of his first visit there in over a decade, "A Dream of Glorious Return." Step Across This Line also includes "Messages From the Plague Years," a historic set of letters, articles and reflections on life under the fatwa. Gathered together for the first time, this is Rushdie's humane, intelligent and angry response to a grotesque threat, aimed not just at him but at free expression itself. Step Across This Line, Salman Rushdie's first collection of non-fiction in a decade, has the same energy, imagination and erudition as his astounding novels -- along with some very strong opinions.

**Dignity in the 21st Century** Doris Schroeder, Abol-Hassan Bani-Sadr. 2017-05-20 This book is open access under a CC BY license. This book offers a unique and insightful analysis of Western and Middle Eastern concepts of dignity and illustrates them with examples of everyday life. Dignity in the 21st Century - Middle East and West is unique and insightful for a range of reasons. First, the book is co-authored by scholars from two different cultures (Middle East and West). As a result, the interpretations of dignity covered are broader than those in most Western publications. Second, the ambition of the book is to use examples from everyday life and fiction to debate a range of dignity interpretations supplemented by philosophical and theological theories. Thus, the book is designed to be accessible to a general readership, which is further facilitated because it is published with full open access. Third, the book does not defend one superior theory of dignity, but instead presents six Western approaches and one based on the Koran and then asks whether a common essence can be detected. The answer to the question whether a common essence can be detected between the Koranic interpretation of dignity and the main Western theories (virtue, Kant) is YES. The essence can be seen in dignity as a sense of self-worth, which persons have a duty to develop and respect in themselves and a duty to protect in others. The book ends with two recommendations. First, given the 7 concepts of dignity introduced in the book, meaningful dialogue can only be achieved if conversation partners clarify which variation they are using. Second, future collaborations between philosophers and psychologists might be helpful in moving theoretical knowledge on dignity as a sense of self-worth into practical action. The "scourges" of a sense of self-worth and dignity are identified by psychologists as violence, humiliation, disregard and embarrassment. To know more about how these can be avoided from psychologists, is helpful when protecting a sense of self-worth in others.

**Faith and Struggle in the Lives of Four African Americans** Randal Maurice Jelks. 2019-01-10 In 1964, Muhammad Ali said of his decision to join the Nation of Islam: "I know where I'm going and I know the truth and I don't have to be what you want me to be. I'm free to be what I want to be." This sentiment, the brash assertion of individual freedom, informs and empowers each of the four personalities profiled in this book. Randal Maurice Jelks shows that to understand the black American experience beyond the larger narratives of enslavement, emancipation, and Black Lives Matter,

we need to hear the individual stories. Drawing on his own experiences growing up as a religious African American, he shows that the inner history of black Americans in the 20th century is a story worthy of telling. This book explores the faith stories of four African Americans: Ethel Waters, Mary Lou Williams, Eldridge Cleaver, and Muhammad Ali. It examines their autobiographical writings, interviews, speeches, letters, and memorable performances to understand how each of these figures used religious faith publicly to reconcile deep personal struggles, voice their concerns for human dignity, and reinvent their public image. For them, liberation was not simply defined by material or legal wellbeing, but by a spiritual search for community and personal wholeness.

**Man and Islam** 'Alī Shari'atī.1981

The Fourteen Infallibles Sayed Ammar Nakshawani.2014-04-01 In Imamiyya theological circles the members of the household of the Holy Prophet (s) are referred to as the fourteen infallibles. Namely, the Prophet (s) himself, his daughter Fatima (as), his son-in-law Ali (as), then his grandsons Hassan (as) and Hussein (as) and the nine descendants from Hussein (as): Ali ibn Hussein (as), Muhammad ibn Ali (as), Ja'far ibn Muhammad (as), Musa ibn Ja'far (as), Ali ibn Musa (as), Muhammad ibn Ali (as), Ali ibn Muhammad (as), Hassan ibn Ali (as) and the Messiah known as al-Mahdi (ajfs). The principle aim of this examination is three-fold: The first reason we are going to dissect the biographies of each member of the household of the Prophet (s) is to apply their lessons in our life, because when we dissect the lives of these personalities we must ask ourselves, What of their lives over one thousand years ago affects our lives today in 2012? Which of their standpoints, which of their ethics, and which of their principles can relate to my standpoints, my ethics and my principles today? Which situations did they face in their life may I be facing in my life? When we come to dissect the lives of every one of these leaders, it should not just be a theoretical discussion about when they were born, or how many children they had, or whom they were married to. While that part of knowledge is important, what is equally important, and what should really be important, is a practical discussion that examines the way their lives can affect our lives. Which circumstances did they fall into which we may fall into as well? We find that the first of the important points in dissecting the biographies of these fourteen infallibles is that we want their lives to relate to ours.

*Social Movements in Twentieth-Century Iran* Stephen C. Poulson.2005-10-17 In this work Stephen C. Poulson, a scholar of collective action and social movements, investigates cycles of social protest in Iran from 1890 to the present era. He illuminates the following social movements: the 1890-1892 Tobacco Movement; the 1906-1909 Constitutional Revolution; two post-World War II movements, the Tudeh (Masses) and the National Front; the 1963 Qom Protest; and the 1978-1979 Iranian Revolution. These movements confronted two primary questions: How should the Iranian state achieve independence in the world and what rights should individual Iranians enjoy in their political and social system? Poulson examines the framing of these questions and their answers by various Iranian political actors over time, revealing both continuity and change.

**The Reconstruction of Religious Thought in Islam** Sir Muhammad Iqbal.2022

*Contemporary Bioethics* Mohammed Ali Al-Bar,Hassan Chamsi-Pasha.2015-05-27 This book discusses the common principles of morality and ethics derived from divinely endowed intuitive reason through the creation of al-fit'ra (nature) and human intellect (al-'aql). Biomedical topics are presented and ethical issues related to topics such as genetic testing, assisted reproduction and organ transplantation are discussed. Whereas these natural sources are God's special gifts to human beings, God's revelation as given to the prophets is the supernatural source of divine guidance through which human communities have been guided at all times through history. The second part of the book concentrates on the objectives of Islamic religious practice - the maqasid - which include: Preservation of Faith, Preservation of Life, Preservation of Mind (intellect and reason), Preservation of Progeny (al-nasl) and Preservation of Property. Lastly, the third part of the book discusses selected topical issues, including abortion, assisted reproduction devices, genetics, organ transplantation, brain death and end-of-life aspects. For each topic, the current medical evidence is followed by a detailed discussion of the ethical issues involved.

**On the Sociology of Islam** Ali Shari'ati,'Alī Shari'atī.2017

**On the Sociology of Islam** 'Alī Shari'atī.1979 In preparing the way for the unparalleled surge of Islamic revival in Iran, many factors have been at work. One of the most important is the legacy of Dr. Ali Shari'ati (1933-1977). A teacher, scholar and writer, Shari'ati had a dynamic influence on the young people of Iran with his classes, discussions, free lectures and articles during the 1960's and 1970's. Shari'ati was a sociologist, educated in Mashhad and Paris, as well as a student of history and philosophy. He subjected contemporary society to careful examination, using the terms, experiences and concepts found in Islamic philosophy and culture for his analysis. He formulated and presented to his students and readers a coherent Islamic world-view and an ideology of social, political and economic change. His views have contributed much to the Iranian Islamic revolution. Shari'ati works are constantly reprinted and eagerly studied through-out Iran. This anthology is the first systematic presentation in English of some of his major ideas. -- Back cover.

Man and Islam 'Alī Shari'atī.1982

**Man & Islam** 'Alī Shari'atī,Fatollah Marjani.1981 Man and Islam is a series of seven lectures which were given by Shari'ati in different universities in Iran, In this series he analysis the philosophy of the creation of man, Islamic world-view, the limitations of the material world, and the responsibility of man in the scheme of the universe. The first lecture, 'Man and Islam?', analyzes the creation of man according to Islamic doctrine and present man as God's vicegerent on earth as is described in the Holy Qur'an. In the second lecture, Shari'ati discusses the differences world-views of numerous regions and philosophies. The third lecture concerns the 'Extraction and Refinement of Cultural Resources.' In the fourth work, 'Modern man and His Prisons,' Shari'ati states that there are four constraints under which man is bound. Man can become a true human being only after he has released himself from the yoke of these constraints. The fifth lecture in this series deals with Shari'ati addressing the question of the intellectual and categorizing him into three types. In the next lecture entitled 'Ideology,' Shari'ati explains the meaning of ideology as well as philosophy, and expounds on the question that those who relate to them. In the last lecture, Shari'ati addresses the question, 'If we believe we are true free-thinking intellectuals, what must be our relationship with the society and what path should we follow?' In these seven brief lectures, Shari'ati brings an enlightening perspective to the study of Islamic ideology, its world-view, man's constraints, and the responsibility of the free-thinker

towards the construction of a new society.

**The Sociology of Islam** Bryan S. Turner, Kamaludeen Mohamed Nasir. 2016-03-03 Taking a thematic approach, Bryan S. Turner draws together his writings which explore the relationship between Islam and the ideas of Western social thinkers. After the Prophet Lesley Hazleton. 2010-09-07 In this gripping narrative history, Lesley Hazleton tells the tragic story at the heart of the ongoing rivalry between the Sunni and Shia branches of Islam, a rift that dominates the news now more than ever. Even as Muhammad lay dying, the battle over who would take control of the new Islamic nation had begun, beginning a succession crisis marked by power grabs, assassination, political intrigue, and passionate faith. Soon Islam was embroiled in civil war, pitting its founder's controversial wife Aisha against his son-in-law Ali, and shattering Muhammad's ideal of unity. Combining meticulous research with compelling storytelling, *After the Prophet* explores the volatile intersection of religion and politics, psychology and culture, and history and current events. It is an indispensable guide to the depth and power of the Shia-Sunni split.

Islam: A Very Short Introduction Malise Ruthven. 2012-01-26 Islam features widely in the news, often in its most militant forms, but few people in the non-Muslim world really understand its nature. Malise Ruthven's *Very Short Introduction*, offers essential insights into the big issues, provides fresh perspectives on contemporary questions, and guides us through the complex debates.

**The Political Philosophy of Muhammad Iqbal** Iqbal Singh Sevea. 2012-06-29 This book reflects upon the political philosophy of Muhammad Iqbal, a towering intellectual figure in South Asian history, revered by many for his poetry and his thought. He lived in India in the twilight years of the British Empire and, apart from a short but significant period studying in the West, he remained in Punjab until his death in 1938. The book studies Iqbal's critique of nationalist ideology and his attempts to chart a path for the development of the 'nation' by liberating it from the centralizing and homogenizing tendencies of the modern state structure. Iqbal frequently clashed with his contemporaries over his view of nationalism as 'the greatest enemy of Islam'. He constructed his own particular interpretation of Islam - forged through an interaction with Muslim thinkers and Western intellectual traditions - that was ahead of its time, and since his death both modernists and Islamists have continued to champion his legacy.
