Street Design Victor Dover, John Massengale. 2013-12-31 The best streets in the world's villages, towns, and cities—whether modest or grand—continually remind one that simplicity is part of the recipe for success in this art. The advice of Victor Dover and John Massengale, their historic examples and their own designs, reflect that simplicity. —From the Foreword by HRH The Prince of

Wales "Street Design is a lucid, practical and altogether indispensable guide for envisioning and creating vibrant 21st century towns and cities. It should be required reading for every local political leader, planner, architect, real estate developer and engaged urban citizen in America. —Kurt Andersen, host of Studio 360 and author of True Believers We are going to start walking around the places we live again, and as that occurs and becomes normal, we will rapidly redevelop a demand for higher quality in building at the human scale. —From the Afterword by James Howard Kunstler "Your charrette traveling library must include the important Street Design book by Victor Dover and John Massengale."—Bill Lennertz, Executive Director, National Charrette Institute "What an amazing resource! For those who wish that my book, Walkable City, had pictures, this is the book for you. If either your work or your play includes the making of places, you will find Street Design to be an invaluable tool." —Jeff Speck, AICP, CNU-A, LEED-AP, Hon. ASLA Written by two accomplished architects and urban designers, this user-friendly street design manual shows both how to design new streets and enhance existing ones. It offers step-by-step instruction and shares examples of excellent streets, examining the elements that make them successful as well as how they were designed and created. Topics also include strategies for shaping space in the public right-of-way through correct building height to street width ratios, terminated vistas, landscaping, and street geometry. This book is a valuable resource for urban designers, planners, architects, and engineers. With guest essays from: Kaid Benfield, David Brussat, Javier Cenicacelaya, Hank Dittmar, Andres Duany, Douglas Duany, Emily Glavey, Chip Kaufman, Ethan Kent, Marieanne Khoury-Vogt, Léon Krier, Gianni Longo, Thomas Low, Laura Lyon, Chuck Marohn, Paul Murrain, John Norquist, Stefanos Polyzoides, Gabriele Tagliaventi and Erik Vogt.

America's Other Muslims Muhammad Fraser-Rahim.2020-01-31 America's Other Muslims: Imam W.D. Mohammed, Islamic Reform, and the Making of American Islam explores the oldest and perhaps the most important Muslim community in America, whose story has received little attention in the contemporary context. Muhammad Fraser-Rahim explores American Muslim Revivalist, Imam W.D. Mohammed (1933–2008) and his contribution to the intellectual, spiritual, and philosophical thought of American Muslims as well as the contribution of Islamic thought by indigenous American Muslims. The book details the intersection of the African experience and its encounter with race, religion, and Islamic reform. Fraser-Rahim spotlights the emergence of an American school of Islamic thought, which was created and established by the son of the former Nation of Islam leader. Imam W.D. Mohammed rejected his father's teachings and embraced normative Islam on his own terms while balancing classical Islam and his lived experience of Islam in the diaspora. Likewise his interpretations of Islam were not only American – they were also modern and responded to global trends in Islamic thought. His interpretations of Blackness were not only American, but also diasporic and pan-African.

Going Ape Brandon Haught.2014-04-22 Before William Jennings Bryan successfully prosecuted John Scopes in the infamous "Scopes Monkey Trial," he was a prominent antievolution agitator in Florida. In *Going Ape*, Brandon Haught tells the riveting story of how the war over teaching evolution began and unfolded in Florida, one of the nation's bellwether states. It still simmers just below the surface, waiting for the right moment to engulf the state. The saga opens with the first shouts of religious persecution and child endangerment in 1923 Tallahassee and continues today with forced delays and extra public hearings in state-level textbook adoptions. These ceaseless battles feature some of the most colorful culture warriors imaginable: a real estate tycoon throwing his fortune into campaigns in Miami; lawmakers attempting to insert the mandatory teaching of creationism into bills; and pastors and school board members squabbling in front of the national media that descends into their small town. The majority of participants, however, have been, and still are, average people, and Haught expertly portrays these passionate citizens and the sense of moral duty that drives each of them. Given a social climate where the teaching of evolution continues to sharply divide neighbors and communities, *Going Ape* is a must-read for anyone concerned with the future of public education.

Growing Up in Northern Palm Beach County Ruth Hartman Berge.2014-07-01 A childhood in Florida's charming Northern Palm Beach County creates genuine nostalgia for sun, sand and running barefoot under palm trees. Those memories include hurricanes and Hetzel Brothers Christmases, Sir Harry Oakes's haunted mansion and James Munroe Munyon's Fountain of Youth. The once quaint little coastal towns from Riviera Beach to Jupiter are now much larger, but the memories of s'mores and summer camps remain. Author Ruth Hartman Berge weaves memories of a boomer childhood in Northern Palm Beach County with the history of the people and the places so many loved in this glimpse into a Florida that no longer exists.

The Leader in Me Stephen R. Covey.2012-12-11 Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.

Published here for the first time, the Art Institute of Chicago's superb collection embodies innovation and beauty from the colonial era to the present. In the 17th century, silversmiths brought the fashions of their homelands to the colonies, and in the early 18th, new forms arose as technology diversified production. Demand increased in the 19th century as the Industrial Revolution took hold.

In the 20th, modernism changed the shape of silver inside and outside the home. This beautifully illustrated volume presents highlights from the collection with stunning photography and entries from leading specialists. In-depth essays relate a fascinating story about eating, drinking, and entertaining that spans the history of the Republic and trace the development of the Art Institute's holdings of American silver over nearly a century.
