Maritime Strategy and Sea Control Milan Vego.2016-04-14 This book focuses on the key naval strategic objectives of obtaining and maintaining sea control. During times of war, sea control, or the ability of combatants to enjoy naval dominance, plays a crucial role in that side's ability to attain overall victory. This book explains and analyzes in much greater detail sea control in all its complexities, and describes the main methods of obtaining and maintaining it. Building on the views of naval classical thinkers, this book utilizes historical examples to illustrate the main methods of sea control. Each chapter focuses on a particular method, including destroying the enemy forces by a decisive action, destroying enemy forces over time-attrition, containing enemy fleet, choke point control, and capturing important enemy's positions/basing area, The aim is to provide a comprehensive theory and practice of the struggle for sea control at the operational level. It should therefore provide a guide to practitioners on how to plan and conduct operational warfare at sea. The book will be of much interest to students of naval strategy, defence studies and security studies.

Phaldeepika Gopesh Kumar Ojha.2014-01-01 Mantreswar was the greatest astrologer of the 12th century from the South of India. He compiled in Sanskrit the principles of Predictive Astrology propagated by Maharshi Parashar, Jaimini and various other great astrologers in his famous work Phaldeepika. This is one of the best books on Predictive Astrology. It includes the essence of Parashar, Jaimini and many more masters. Four hundred and fifty Yogas of Bhavartha Ratnakar of Shri Ramanuja have been added to befit the title Phaldeepika; Bhavartha Bodhini. The 28 chapters in the book cover various topics: the characteristics, house divisions, strength of planets, career, various yogas, raja yogas, marriage, children, longevity, periodic influence of planets, the effect of transits and ashtakvargas. The 11th chapter exclusively deals with the nativity of women; the 22nd chapter gives the interpretations and calculation of the Kalachakra dashas. This English edition also includes many horoscopes, tables and a glossary of Sanskrit and Hindi words. The language is easy to understand and even beginners after studying this book for a few months will be able to arrive at the right interpretations and timing of events.

Bulk Material Handling Michael Rivkin Ph.D..2018-09-15 Tens of thousands of mechanical engineers are engaged in the design, building, upgrading, and optimization of various material handling facilities. The peculiarity of material handling is that there are numerous technical solutions to any problem. The engineer's personal selection of the optimal solution is as critical as the technical component. Michael Rivkin, Ph.D., draws on his decades of experience in design, construction, upgrading, optimization, troubleshooting, and maintenance throughout the world, to highlight topics such as: • physical principles of various material handling systems; • considerations in selecting technically efficient and environmentally friendly equipment; • best practices in upgrading and optimizing existing bulk material handling facilities; • strategies to select proper equipment in the early phases of a new project. Filled with graphs, charts, and case studies, the book also includes bulleted summaries to help mechanical engineers without a special background in material handling find optimal solutions to everyday problems.

The Ashtādhyāyī of Pāṇini Pāṇini.1980 Panini's Ashtadhyayi represents the first attempt in the history of the world to describe and analyse the components of a language on scientific lines. It has not only been universally acclaimed as the first and foremost specimen of Descriptive Grammar but has also been the chief source of inspiration for the linguist engaged in describing languages of different regions. To understand Sanskrit language, and especially that part of it which embodies the highest aspirations of ancient Aryan people, viz., the Brahmanas, Samhitas, Upanisads, it is absolutely necessary to have a complete knowledge of the grammar elaborated by Panini. Being a masterpiece of reasoning and artistic arrangement its study is bound to cultivate intellectual powers. Western scholars have described it as a wonderful specimen or a notable manifestation of Indian intelligence. This book is an English translation of Ashtadhyayi in two volumes and has won a unique position in the world of scholarship.

Just log in to the same account used to purchase the book. It's disappointing that there's no convenient menu that lets you just browse freebies. Instead, you have to search for your preferred genre, plus the word 'free' (free science fiction, or free history, for example). It works well enough once you know about it, but it's not immediately obvious. Myanonamouse is a private bit torrent tracker that needs you to register with your email id to get access to its database. It is a comparatively easier to get into website with easy uploading of books. It features over 2million torrents and is a free for all platform with access to its huge database of free eBooks. Better known for audio books, Myanonamouse has a larger and friendly community with some strict rules. PixelScroll lists free Kindle eBooks every day that each includes their genre listing, synopsis, and cover. PixelScroll also lists all kinds of other free goodies like free music, videos, and apps. Beside each of these free eBook titles, you can quickly see the rating of the book along with the number of ratings. This makes it really easy to find the most popular free eBooks. Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars). We now offer a wide range of services for both traditionally and self-published authors. What we offer. Newsletter Promo. Promote your discounted or free book. The browsing interface has a lot of room to improve, but it's simple enough to use.
