One Mountain Away Emilie Richards.2015-05-26 "A well-crafted tale of atonement" from a USA Today bestseller who "creates a heart-wrenching atmosphere that slowly builds to the final pages" (Publishers Weekly). Charlotte Hale plans to change her life one careful step at a time With nothing but brains, ambition and sheer nerve, Charlotte Hale built a career as a tough, savvy real-estate developer. Her reputation is rock solid—but her life is empty. One terrifying day, Charlotte realizes that her friends are as grasping and insincere as she is. Far worse, she's alienated her family so completely that she's never held or spoken to her only granddaughter. Charlotte vows to make amends, not simply with her considerable wealth, but by offering a hand instead of a handout. Putting in hours and energy instead of putting in an appearance. Opening her home and heart instead of her wallet. With each wrenching, exhilarating, joyful decision, she finds her path to friendship, love and forgiveness—even as she learns what it truly means to build a legacy. "Complex characters, compelling emotions and the healing power of forgiveness—what could be better? I loved this book!" —New York Times-bestselling author Sherryl Woods

Jet .1988-03-14 The weekly source of African American political and entertainment news.

The Santa Suit Mary Kay Andrews.2021-09-28 From Mary Kay Andrews, the New York Times bestselling author of *Hello, Summer*, comes a novella celebrating the magic of Christmas and second chances in *The Santa Suit*. When newly-divorced Ivy Perkins buys an old farmhouse sight unseen, she is definitely looking for a change in her life. The Four Roses, as the farmhouse is called, is a labor of love—but Ivy didn't bargain on just how much labor. The previous family left so much furniture and so much junk, that it's a full-time job sorting through all of it. At the top of a closet, Ivy finds an old Santa suit—beautifully made and decades old. In the pocket of a suit she finds a note written in a childish hand: it's from a little girl who has one Christmas wish, and that is for her father to return home from the war. This discovery sets Ivy off on a mission. Who wrote the note? Did the man ever come home? What mysteries did the Rose family hold? Ivy's quest brings her into the community, at a time when all she wanted to do was be left alone and nurse her wounds. But the magic of Christmas makes miracles happen, and Ivy just might find more than she ever thought possible: a welcoming town, a family reunited, a mystery solved, and a second chance at love.

The Parisian Gentleman Hugo Jacomet.2018-11-13 In a new compact edition, a luxurious celebration of the elegant craftsmanship behind the timeless French men's fashion and lifestyle labels. Home of haute couture and the world's leading fashion houses, Paris and its inhabitants represent sophistication and refinement to the rest of the world. Debonair Parisian men continue to participate in a centuries-long tradition of sartorial craftsmanship and quality. In its newly accessible compact edition, *The Parisian Gentleman* is like a dream shopping excursion to the leading men's style-makers, from hidden ateliers and little-known studios to internationally renowned labels such as shirtmakers Charvet, shoemakers Berluti, and the recently revived trunk-makers Moynat. The stories behind each house, and the creative minds and artisans who give each brand its unique identity, bring the clothes alive, capturing an unceasing dedication to quality in an era overrun with new, mass-produced trends. Author Hugo Jacomet's portraits of these often-inaccessible marques (or brands) are intimate and illuminating, thanks to his personal connections to many of the leading figures. His text is accompanied by beautifully shot photographs of the designers, studios, garments, and locations, the majority of which were taken exclusively for this book.

One Year to an Organized Work Life Regina Leeds.2008-12-02 Uses a holistic zen organizing

approach to show you the simple steps to getting more done, more quickly. Learn the secrets of tackling stress, disorganization, and time management.

Office Lean Ken Eakin.2019-09-26 Struggling to apply Lean effectively in your office environment? Office Lean is a book for anyone who wants to apply Lean better in contexts where the work is both intangible and complex. It explains in simple terms, what Lean is -- and what Lean isn't -- enabling office professionals to understand how it can be successfully applied to their complex office-based work environments. Contrary to popular opinion, Lean is not only for mass manufacturing or healthcare. It applies just as much to the digital world of knowledge work industries such as banking and financial services, software development, and government. But the fundamental concepts, straight from the factory floor, need a fair amount of translation to be effectively applied in cube farms. Overturning the common perception that Lean is about imposing rigid rules, or simply eliminating waste in the name of efficiency, Eakin presents Lean as a dynamic, flexible, people-centric philosophy that delivers outstanding business results by improving employee engagement and customer experience. Office Lean helps Lean practitioners (leaders/managers and coaches/consultants) working in professional office environments access the amazing, transformative results Lean can bring to their specific domains. It combines clear explanations of the core concepts of the Lean philosophy with relevant, practical examples from the fields of accounting, finance, insurance, IT and government.

Universal Decay: Dead Stars Rule Book, Revised, 2nd Edition Jay Barrell.2013-11-18 Dead Stars is a science fiction horror role-playing game powered by the alternate d20 Universal Decay rules system. Pick a race - from the ever-familiar humans to the amorphous gorbrash or sleazy helizara - strap on some personal armor and pick up a sliver rifle or get a cerebral computer implant and grab your toolkit. Or both. Then get together with your friends to face a universe of dangers, wonders, opportunities, and quite possibly a messy death. This book contains everything you will need to play or run a game in Dead Stars as well as rules for using the Universal Decay system in alternate genres, incorporating everything from swords and sorcery to vehicle energy weapons, personal armor, nanotechnology and starships.

Hollywood on Lake Michigan Michael Corcoran,Arnie Bernstein.2013 Previous edition: Chicago, Ill.: Lake Claremont Press, 1998, by Arnie Bernstein.

Arctic Naturalist Anthony Dalton.2010-09-20 Dewey Soper first travelled to the Arctic in 1923. During the next seven years he accepted three research postings on Baffin Island, each of which lasted between one and two years. In 1929 he discovered the breeding grounds of the blue goose in the southwest corner of Baffin Island. He also charted the final unknown region of Baffin Island's coastline. Later in life he worked in the western Arctic. Outside the Far North, Soper studied bison in Wood Buffalo National Park, documented bird life on the Prairies, and made a detailed study of small mammals in Alberta. Soper was the last of the great pioneer naturalists in Canada. He was also a skilled and meticulous explorer. As a naturalist, he was a major contributor to the National Museum of Canada, as well as to the University of Alberta and other museums across the country.

Welcome to Dunder Mifflin Brian Baumgartner,Ben Silverman.2021-11-16 New York Times Bestseller The ultimate behind-the-scenes account." —Washington Post "The definitive history of the landmark TV show." —USA Today Join the entire Dunder Mifflin gang on a journey back to Scranton: here's the hilarious and improbable inside story behind the beloved series. Based on hundreds of hours of exclusive interviews with the cast and creators and illustrated with 100 behind-the-scenes photographs, here, at last, is the untold inside story of The Office, featuring a foreword by Greg Daniels, who adapted the series for the U.S. and was its guiding creative force, and narrated by star Brian Baumgartner (aka "Kevin Malone") and executive producer Ben Silverman.. In Welcome to

Dunder Mifflin, the entire Office gang reunite after nearly a decade to share their favorite untold stories, spill secrets, and reveal how a little show that barely survived its first season became the most watched series in the universe. This ultimate fan companion pulls back the curtain as never before on all the absurdity, genius, love, passion, and dumb luck that went into creating America's beloved *The Office*. Featuring the memories of Steve Carell, John Krasinski, Jenna Fischer, Greg Daniels, Ricky Gervais, Rainn Wilson, Angela Kinsey, Craig Robinson, Brian Baumgartner, Phyllis Smith, Kate Flannery, Ed Helms, Oscar Nunez, Amy Ryan, Ellie Kemper, Creed Bratton, Paul Lieberstein, Ben Silverman, Mike Schur, and many more.

World Class Manufacturing: The Next Decade Richard J. Schonberger.2010-05-11 Since the invention of double-entry bookkeeping, managers have judged a company's worth by sales and profits. Now, Richard J. Schonberger, the architect of the worldwide Just-In-Time revolution, reaches beyond financials to redefine excellence -- and reveals, with new benchmark data, how pioneers become dynasties. Schonberger's pathbreaking new research reveals that, from 1950 to 1995, while financials dipped and soared repeatedly, industrial decline and ascendancy correlated perfectly with inventory turnover -- one of two key nonfinancial indicators and a bedrock measure, along with customer satisfaction, of a company's power, strength, and value. In this immensely readable book, he captures these new metrics -- the true predictions of future success -- in 16 customer-focused principles created from self-scored reports supplied by over 100 pioneering manufacturers in nine countries. Armed with new world-class benchmark data, Schonberger redefines excellence in terms of competence, capability, and customer-focused, employee-driven, data-based performance. For front-line associates to senior executives, Schonberger has written manufacturing's action agenda for the next decade. This book will be indispensable reading for manufacturing and general managers in all industries, as well as for pension fund managers, institutional investors, stock analysts, and stockbrokers.

Ask a Manager Alison Green.2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

The Guide to United States Popular Culture Ray Broadus Browne,Pat Browne.2001 To understand the history and spirit of America, one must know its wars, its laws, and its presidents. To really understand it, however, one must also know its cheeseburgers, its love songs, and its lawn ornaments. The long-awaited Guide to the United States Popular Culture provides a single-volume guide to the landscape of everyday life in the United States. Scholars, students, and researchers will find in it a valuable tool with which to fill in the gaps left by traditional history. All American readers will find in it, one entry at a time, the story of their lives.--Robert Thompson, President, Popular Culture Association. At long last popular culture may indeed be given its due within the humanities with the publication of *The Guide to United States Popular Culture*. With its nearly 1600 entries, it promises to be the most comprehensive single-volume source of information about popular culture. The range of subjects and diversity of opinions represented will make this an almost indispensable resource for humanities and popular culture scholars and enthusiasts alike.--Timothy E. Scheurer, President, American Culture Association The popular culture of the United States is as free-wheeling and complex as the society it animates. To understand it, one needs assistance. Now that explanatory road map is provided in this Guide which charts the movements and people involved and provides a light at the end of the rainbow of dreams and expectations.--Marshall W. Fishwick, Past President, Popular Culture Association Features of *The Guide to United States Popular Culture*: 1,010 pages 1,600 entries 500 contributors Alphabetic entries Entries range from general topics (golf, film) to specific individuals, items, and events Articles are supplemented by bibliographies and cross references Comprehensive index

Stellar Cartography Larry Nemecek.2013 *The Starfleet Reference Library: Stellar Cartography* collects together ten original, never-before-seen large-format maps of the Star Trek universe. Pulled from the cartography archives of Starfleet Academy, these beautifully reproduced maps provide a rare opportunity to view the expanse of Federation space and beyond. The maps include an ancient Vulcan map, a Klingon Empire map from the pre-Organian Peace Treaty era (in the native Klingon), along with Federation maps from the modern era. Housed in a handsome clamshell case and paired with a fully-illustrated reference book providing detailed information on planets, systems, and topography, this exclusive collection showcases the Star Trek universe like never before.

The Business of Building and Managing a Healthcare Practice Neil Baum,Marc J. Kahn,Jeffery Daigrepoint.2023-08-31 Building on the foundation of the previous edition, this book takes readers to the next level of management of medical practices for the 21st century. The road to becoming a physician is not an easy one to travel, nor does it become easier once a doctor completes his\her training. After a long and arduous training process, doctors embark on their professional journey, and there are major crossroads that are fraught with challenges, unknowns and risk. The transition to professional practice is daunting, and many physicians leave their training unprepared for the business of medicine. Even at the peak of their careers, sustaining a successful and profitable practice is not easy. Opening chapters revisit the basic business concepts that every physician needs to know, emphasizing the benefits that accrue to a physician who understands the basics of business, from accounting and contracts to managing people and personal finances. The next set of chapters offers a roadmap for doctors who are beginning a medical practice and will include new methods and procedures that have become available since the original edition, defining the various

options for doctors' employment such as solo practice, group practice and academic medicine. The final chapters emphasize strategies on how to build and grow a successful practice, including the use of technology and telemedicine, cybersecurity, marketing and much more. Unfortunately, not every doctor has the background, training and skills to manage a medical practice. The *Business of Building and Managing a Healthcare Practice* simplifies the process of business management and provides the practicing physician with knowledge to be able to enjoy the business component of his/her medical practice.
