The Art of Peace Sir David Khalili.2023-11-02 In 1967, Sir David Khalili finished his military service in Iran and travelled to study in the United States with \$750 - his remaining royalties from a book he wrote when he was just 14. Over the course of the next five decades he single-handedly, piece by piece, assembled eight of the finest art collections in their field, ultimately becoming one of the world's greatest collectors, about whom Queen Elizabeth II once said: 'It is scary how much this gentleman knows about art.' For the first time, Sir David shares his extraordinary journey: one that has taken him through the souks of North Africa, the auction houses of Europe and the United States, the bazaars of South Asia, and far beyond. Through a riveting collection of real-life adventures, he reveals his collecting strategy, business ethics and what motivates him to continuously collect, conserve, research, publish and exhibit the treasures in his collections. Through his story, Sir David questions how the undeniable power of art can be harnessed to foster

greater peace and unity worldwide. No one is better placed to enlighten us.

The Venetian Discovery of America Elizabeth Horodowich.2018-08-31 Few Renaissance Venetians saw the New World with their own eyes. As the print capital of early modern Europe, however, Venice developed a unique relationship to the Americas. Venetian editors, mapmakers, translators, writers, and cosmographers represented the New World at times as a place that the city's mariners had discovered before the Spanish, a world linked to Marco Polo's China, or another version of Venice, especially in the case of Tenochtitlan. Elizabeth Horodowich explores these various and distinctive modes of imagining the New World, including Venetian rhetorics of 'firstness', similitude, othering, comparison, and simultaneity generated through forms of textual and visual pastiche that linked the wider world to the Venetian lagoon. These wide-ranging stances allowed Venetians to argue for their different but equivalent participation in the Age of Encounters. Whereas historians have traditionally focused on the Spanish conquest and colonization of the New World, and the Dutch and English mapping of it, they have ignored the wide circulation of Venetian Americana. Horodowich demonstrates how with their printed texts and maps, Venetian newsmongers embraced a fertile tension between the distant and the close. In doing so, they played a crucial yet heretofore unrecognized role in the invention of America.

Dr. Rex Curry's Amazing Discovery Ian Tinny.2014-07-26 Dr. Rex Curry and his astounding historical achievements are studied by the author Ian Tinny, including Dr. Curry's discovery that: (1) the USA's Pledge of Allegiance to the flag was the origin of the Nazi salute and Nazi behavior; and (2) the swastika, although an ancient symbol, was also used to represent crossed S letters for socialism under Nazism (the National Socialist German Workers Party). Because of the revelations there are unexpected results. Tinny and his assistants collect old photos and film footage of the early Pledge of Allegiance showing the origin of the notorious stiff-armed salute. The Nazi salute was performed by public officials in the USA from 1892 through 1942. What happened to old photographs and films of the American Nazi salute performed by federal, state, county, and local officials? Those photos and films are rare because people don't want to know the truth about the government's past. Public officials in the USA who preceded the German socialist (Hitler) and the Italian socialist (Mussolini) were sources for the stiff-armed salute (and robotic chanting) in those countries and other foreign countries. Explore how the ancient Roman salute myth originated from the city of Rome in the state of New York (not Italy), Francis Bellamy's hometown. Learn about

Mussolini's strange gift to the city of Rome, NY: a statue of two human male infants suckling on a female wolf. That statue remains on display in Rome, NY. See how Boy Scouts and Girl Scouts helped spread the Nazi salute and the swastika to Germany and elsewhere. Discover how Stalin was forced to involuntarily join the allies during WWII. Discover how the military salute was the origin of the Nazi salute. Read why the Pledge of Allegiance would not be performed by anyone today (other than oddballs) if the truth were taught in school. Find out who you are, what you are, and how you got to be that way. Also learn who you should blame: your teacher (and the government's schools). *House Beautiful* .1955

Discovery of Australia by de Quiros in the Year 1606 Patrick F. Cardinal Moran, Archbishop of Sydney.2021-11-09 Discovery of Australia by de Quiros in the Year 1606 is a historical novel written by Cardinal Patrick Moran, the first Australian Cardinal ever chosen. Cardinal Moran adds his weight to the argument that it is Portuguese sailors who were the first Europeans to discover the

Australian continent. He attributes the discovery to the Portuguese born explorer Pedro Fernandez de Quiros in the year 1606. He opines, Till within the last few years the opinion very generally prevailed that the Island of Santo, the chief island of the New Hebrides, was the Great Land discovered by De Quiros...I propose in the present discourse to submit the claims of Australia to be the Great Southern Land thus discovered it 1606 by De Quiros and not the Island of Santos.

The Great Discovery Ulf Ekman,Birgitta Ekman.2018-08-29 Ulf and Birgitta Ekman are no strangers to controversy. As a Lutheran priest at Uppsala University in the 1980s, Ulf was a leader of a student revival that resulted in his very public separation from the Church of Sweden. With his wife, Birgitta, he founded Word of Life, a large Pentecostal church that attracted thousands of members and planted churches and Bible schools around the world. Word of Life became the first mega-church in the country, and Ulf Ekman became Sweden's most prominent Christian leader. Being well-known Christian leaders in one of the world's most secular countries brings many challenges. The Ekmans were constantly in the crosshairs of the media, who were critical of what they dubbed a prosperity gospel. But the biggest criticisms would come from within the Christian church when the Ekmans answered the persistent call to join the Catholic Church. The news of their leaving Word of Life Church to become Catholics was a bombshell in Sweden. In The Great

Discovery the Ekmans tell the amazing, inspirational story of their road to Rome, from their own intense opposition to Catholicism to meeting with Pope Francis. The result is an instant classic of Christian autobiography.
