Time Out Buenos Aires Editors of Time Out. 2013-02-18 Sprawling and strange, magical and melancholy, continually veering between triumph and disaster, Buenos Aires is an alluring city. Written entirely by residents, Time Out Buenos Aires casts an independent and critical eye on the places, people and culture that have made this metropolis great and the contemporary trends that are conspiring to make it greater still. Looking beyond the 'Paris of South America' clichés, we make sense of the confusing jumble of influences that is Buenos Aires' trademark: its century-old cafés and world-famous steak houses; its word-of-mouth bars and backstreet bistros; its late night tango salons and cutting edge all-night clubs; its prestigious cultural landmarks and improvised warehouse galleries; the comforts of tradition rubbing up against the shock of the new. Honest, detailed and informative, Time Out Buenos Aires is the perfect companion for the modern traveler.

Cirencester and Swindon Ordnance Survey. 2009-04 OS Explorer Map is the Ordnance Survey's most detailed map and is recommended for anyone enjoying outdoor activities such as walking, horse riding and off-road cycling. The series provides complete GB coverage and can now be used in all weathers thanks to OS Explorer Map - Active, a tough, versatile version of the OS Explorer Map.

Cyprus South & North Rolf Goetz. 2019-03-28 Cyprus is not only famous for its cultural heritage and 9000 year old past - "Aphrodite's Island" is one of the most popular hiking destinations in the eastern Mediterranean. The centre of the island is dominated by the Troodos mountain measuring some 2000 m in height, which despite its considerable altitude is more reminiscent of European low mountains, due to its softly rounded and forested peak. This Rother hiking guide proposes 50 routes mostly ranging from easy to medium level. Next to mountain tours, it also includes a selection of coastal paths along bizarre cliffs and adventurous ravine tours. Forest paths and nature trails lead through aromatic cedar woods, silent valleys and to remote Byzantine churches and monasteries. Classic spring tours are those which take visitors across the peninsula of Akamas, when colourful carpets of flowers and orchids blossoming by the wayside unveil their typical Mediterranean charm.

The North Downs Way Kev Reynolds. 2017-07-31 The North Downs Way National Trail is a 130 mile (208km) between the high downland of Farnham and the historic city of Dover on the Kent coast. The route is described in 11 day stages from west to east with an optional detour via Canterbury. Step-by-step route descriptions are fully illustrated with colour photographs and extracts from OS 1:50,000 mapping for every stage. The guidebook comes with a separate map booklet of 1:25,000 scale OS maps showing the full route of the North Downs Way. Clear step-by-step route descriptions in the guide link together with the map booklet at each stage along the Way, and the compact format is conveniently sized for slipping into a jacket pocket or the top of a rucksack. The North Downs Way is one of the easier national trails with a modest number of steep (but short) ascents and descents and long sections with no noticeable height gain or loss. Several historic sites including Neolithic burial chambers, Roman roads and Norman churches are passed and much of the route follows The Pilgrims' Way.

Annapurna Reinhold Messner.2000 A bold account of the 50-year history of climbing on Annapurna.

Annapurna South Face Sir Chris Bonington, C.B.E..2001-05-01 In 1970, Chris Bonington and his now-legendary team of mountaineers were the first climbers to tackle a big wall at extreme altitude. Their target was the south face of Nepal's Annapurna: 12,000 feet of steep rock and ice leading to a 26,454-ft. summit. As serious armchair climbers will tell you, Annapurna South Face is better than all but a handful of equally gripping classics. One could also argue that all that has happened in the big mountains in the past 30 years has come out of this expedition and out of this book. Bonington and his team—most of whom subsequently died in the mountains—represented a kind of greatest generation of modern mountaineers. They pioneered a new, bolder approach to high altitude climbing, and this book is about how they hit the big time.

The New Wild: Life in the Abandoned Lands Christopher Thomson.2018-04-16 The New Wild: Vita nelle terre abbandonate, un libro-film in tre lingue - Nuovi e sorprendenti paesaggi emergono in tutta Europa mentre le popolazioni rurali invecchiano e scivolano a valle. Dove i terreni agricoli rimangono incolti si reinsedia una natura autodeterminata: crescono alberi dove un tempo c'erano campi, e i selvatici vagano liberi tra i ruderi. Distanti dall'attrazione dei nostri centri economici, le regioni marginalizzate stanno assistendo all'inizio di un crollo demografico e culturale. Interi stili di vita diventano storie, le storie diventano Storia e, a mano a mano che la città si espande, i ricordi cominciano a svanire. Qualcosa però cresce dalle spaccature della rovina, e tra le fessure di più grandi cambiamenti si incrociano storie minori: da un'abbandonata valle alpina un paese ci offre, nel suo precario tentativo di sopravvivere, una serie di riflessioni sul nostro mutevole rapporto con la campagna e con il mondo naturale tutto.
