Arts of Perception Jeremy Robbins.2013-05-13 Arts of Perception offers a new account of a key period in Spanish history and culture and a fundamental reassessment of its major writers and intellectuals, including Gracián, Quevedo, Calderón, Saavedra Fajardo, López de Vega, and Sor Juana. Reading these figures in the context of European thought and the new science, and philosophy, the study considers how they developed various 'arts of perception' - complex perceptual strategies designed to overcome and exploit epistemic problems to enable an individual to act effectively in the moral, political, social or religious sphere. The study takes as its subject the distinctive epistemological mentality behind such 'arts of perception'. This mentality was fostered by the creative interaction of scepticism and Stoicism, and found expression in the key concepts ser/parecer and engaño/desengaño. The work traces the emergence, development, and impact of these concepts on Spanish thought and culture. As well as offering new interpretations of specific major figures, Arts of Perception offers an interpretation of the mentality of an entire culture as it made the fraught transition to intellectual modernity. As such it ranges over numerous discourses and formative contexts and provides a wealth of new material which will be of use to all those seeking to understand and interpret the literature, culture and thought of Golden Age Spain. This book was previously published as a special issue of The Bulletin of Spanish Studies.

Ideas para (ser) parecer feliz Nando Abad.2022-04-28 Una cena de reencuentro con tus excompañeros de clase del instituto puede ser el inicio de algo que lo cambie todo. Una novela de humor escrita por Nando Abad, guionista de Aída, El Pueblo y 7 Vidas . En 1997 eran amigos y compañeros de clase en un instituto de Alcorcón. Cinco lustros después son casi desconocidos, pero han puesto fecha para reencontrarse en una cena. Mirar al pasado ayuda a reconocer las miserias presentes y es lo que les ocurre a los siete protagonistas. Las semanas previas al reencuentro se convierten en una contrarreloj patética y divertidísima para tapar sus vergüenzas. Es difícil en unos días ser menos viejo, quitarse la celulitis o tener un trabajo mejor valorado, pero nadie quiere echarse a llorar cuando le pregunten: «¿Y a ti qué tal te va?». La novela viaja entre 1997 y 2022 para dibujarnos mejor a ese grupo de adultos desorientados, ridículos y atascados en sus supuestos fracasos. Solo Vero, a la que apodaban la Rara, es diferente a todos. Ella es fuerte, divertida, independiente y la única que se enfrenta a un problema grave de verdad. Ideas para parecer feliz es una novela de humor hilarante y gamberra, pero también una reflexión existencial sobre el pasado y sobre las cosas que nos hacen infelices, que a menudo, aunque parezcan dramas, no están tan lejos de la comedia. Sobre su novela anterior: «La primera novela de Nando Abad es una especie de carcajada

mariposa. Una comedia de enredo en la que un paso en falso de un hombre pusilánime provoca una cadena de situaciones y hechos surrealistas en toda la población.» Txemi Terroso, Ahora que leo, La Sexta «En esta novela además de luz hay mucha diversión.» Telemadrid Radio «Reírme a carcajadas con un libro. Hacía años que no leía algo tan bueno y me hiciera cosquillas, tanto que tuve que dejar de leer una parte en concreto, porque las lágrimas me impedían seguir.» Crónicas de una cinéfila «Un libro tronchante, que rebosa humor y ternura, sencillez y simpatía. He estado riéndome a carcajada limpia. Uno de los mejores del año.» Blog Rellenita de Crema «Contra el bajón, risas: [...] el libro perfecto para venirnos arriba.» Cuore «Consigue arrancar carcajadas a base de enredos que crecen sin parar en esta obra supone un homenaje al humor absurdo.» El Periódico «Desternillante. No paras de reír desde la primera página a la última y está tan bien escrito que parece que lo estás viendo en un capítulo o en una película.» Wizarding Channel «Es una comedia muy divertida y entretenida. Es casi como estar viendo una serie de televisión o una película, porque te lo imaginas tal cual.» First my coffee «No he podido reírme más.» Entre autores y libros

Estudio diacrónico y sincrónico del objeto indirecto en el español peninsular y de América Silvia Becerra Bascuñán. 2006 TEXT IN SPANISH. This study contributes to the understanding of synchronic and diachronic aspects of the grammatical relation of the indirect object in Spanish as it appears on the Iberian Peninsula as well as in Latin America. The following aspects have not been investigated until now: Firstly, the grammaticalisation of the cross-reference (from the 21th century to the 21st century) -- the double representation of the indirect object in the light of Henning Andersen's theory of 'drift'. Secondly, an adaptation of the idea of grammatical relations in functional linguistics as it is presented by Simon Dik and Michael Heselund. All kinds of genres are being studied.

Modern Spanish Grammar Christopher Pountain, Juan Kattan-Ibarra, Christopher J. Pountain, Juan Kattán-Ibarra. 2004-06-01 Modern Spanish Grammar: A Practical Guide is an innovative reference guide to Spanish, combining traditional and function-based grammar in a single volume. The Grammar is divided into two parts. The shorter section covers traditional grammatical categories such as word order, nouns, verbs and adjectives. The larger section is carefully organized around language functions and notions such as: giving and seeking information putting actions into context * expressing likes, dislikes and preferences comparing objects and actions. All grammar points and functions are richly illustrated and information is provided on register and relevant cultural background. Written by experienced teachers and academics, the Grammar has a strong emphasis on contemporary usage. Particular attention is paid to indexing and cross-referencing across the two sections. This is the ideal reference grammar for learners of Spanish at all levels, from elementary to advanced. It will prove invaluable to those with little experience of formal grammar, as no prior knowledge of grammatical terminology is assumed and a glossary of terms is provided. The book will also be useful to teachers seeking back-up to functional syllabuses, and to designers of Spanish courses.

Fundamentos del patriarcado moderno Rosa Cobo, Rosa Cobo Bedía. 1995 El aspecto fundamental de este trabajo es el punto de confluencia entre Rousseau, como principal teórico ilustrado del concepto de feminidad, y el feminismo, como discurso emancipatorio que encuentra sus raíces más poderosas en la propia Ilustración, pues es ahí donde germina el discurso de la igualdad. La obra de Rousseau constituye un objeto de estudio privilegiado, porque en él coexisten un desarrollo radicalizado de los ideales ilustrados a la vez que una inflexión muy significativa de su filosofía política en un sentido claramente patriarcal.

Theoretical and Empirical Issues in Grammaticalization Elena Seoane, María José López-Couso. 2008-07-09 This volume and its companion one Rethinking grammaticalization: New perspectives offer a selection of papers from the Third International Conference New Reflections on Grammaticalization, held at the University of Santiago de Compostela in July 2005. The overall aim of the book is to enrich our understanding of what grammaticalization entails via detailed case studies in combination with theoretical and methodological discussions. Some of the theoretical issues discussed in the sixteen articles included in the volume are the nature of grammaticalization and related processes such as anti-, re- and degrammaticalization, the relationship between grammaticalization and lexicalization, the role of frequency in grammaticalization and the interplay between information structure and grammaticalization. Other topics covered are the grammaticalization of composite predicates in English, the emergence of modal particles in German and particle clusters in Dutch and the grammaticalization of various modal auxiliaries in Spanish and in Swedish.

Estilos de investigación social. Técnicas, epistemología, algo de anarquía y una pizca de sociología José Ángel Bergua Amores. 2011-11-19 El texto aborda las características epistemológicas y la utilización de las técnicas de investigación encuadradas en las perspectivas distributiva, estructural, contextual y dialéctica. Además, propone una crítica a la investigación social, pues forma parte de un modo jerárquico (paternalista unas veces, autoritario otras) de construcción de la sociedad en alianza con las élites políticas y profesionales. Igualmente ofrece una salida para imaginar otros modos de tratar de / con lo social.

Las fronteras del texto Rocco Mangieri. 2001-04-30 Conjunto de ensayos articulados alrededor de la idea de una semiótica sincrética que pueda abordar la riqueza significativa de los objetos o textos culturales. El autor restablece algunas de las coordenadas teóricas de la reflexión semiótica actual: la liminaridad o situación Fronteriza en relación con el modelo clásico de la ciencia, la hibridación o confluencia metodológica y heurística, la complejidad de sus objetos teóricos y de sus subsustancias. El texto explora diversas manifestaciones textuales (artes visuales, urbanismo, literatura, historia de las ideas) incluyendo una reflexión en la cual se comparan tres de las miradas fundamentales de la semiótica contemporánea: Umberto Eco, Juri Lotman y Algirdas Julien Greimas.

The Art of Being Normal Lisa Williamson.2016-05-31 An inspiring and timely debut novel from Lisa Williamson, *The Art of Being Normal* is about two transgender friends who figure out how to navigate teen life with help from each other. David Piper has always been an outsider. His parents think he's gay. The school bully thinks he's a freak. Only his two best friends know the real truth: David wants to be a girl. On the first day at his new school Leo Denton has one goal: to be invisible. Attracting the attention of the most beautiful girl in his class is definitely not part of that plan. When Leo stands up for David in a fight, an unlikely friendship forms. But things are about to get messy. Because at Eden Park School secrets have a funny habit of not staying secret for long , and soon everyone knows that Leo used to be a girl. As David prepares to come out to his family and transition into life as a girl and Leo wrestles with figuring out how to deal with people who try to define him through his history, they find in each other the friendship and support they need to navigate life as transgender teens as well as the courage to decide for themselves what normal really means.

Rousseau. Leyendo la Profesión de fe del victario saboyano Isabel Tamarit López, Amparo Zacarés Pamblanco, Javier Gracia Calandín.2012-07-30 El texto de Rousseau nos propone una revolucionaria forma de entender la educación moral y religiosa, el progreso social y humano, que convulsionó a la sociedad de su época. Todavía hoy la propuesta rousseauniana genera discusión y críticas que merecen nuestra atención. No podía ser de otro modo cuando se ha de dar respuesta a preguntas como ¿tiene sentido volver a considerar el sentimiento y la conciencia como guía de nuestra conducta moral?, ¿puede conducirnos la religión natural a un reencuentro con nuestro ser más auténtico y libre?, ¿se pueden obviar en un plan educativo las referencias a la educación moral y religiosa del individuo?, ¿en qué términos debe plantearse el discurso sobre la tolerancia? El texto que presentamos abre de forma inevitable nuestra reflexión.

Changes in Meaning and Function Jorge Fernández Jaén, Herminia Provencio Garrigós. 2020-04-15 Diachronic linguistics has been experiencing a strong revival during the last few decades, since an increasing number of researchers have assumed that evolutionary and historical factors must be considered to properly understand how natural languages work. This book offers new data and insights on some of the research lines which are currently being developed within the framework of diachronic language research. The papers brought together in this volume are characterized both by their originality and by their methodological diversity; the reader will thus find herein theoretical as well as empirical works, undertaken from various perspectives of analysis (diachronic cognitive semantics, grammaticalization theory, discursive traditions, historical phraseology, etc.). The final outcome is an eclectic volume which offers valuable information for every reader, regardless of whether they are experienced linguists or junior researchers willing to know the latest epistemological advances in this discipline.

Evidentiality Revisited Juana I. Marín Arrese, Gerda Haßler, Marta Carretero. 2017-03-21 *Evidentiality Revisited* focuses on semantic-pragmatic based frameworks for the study of evidentials and evidential strategies in European languages (Dutch, English, French, German, Italian, Lithuanian, Portuguese, Russian and Spanish). The book also presents discourse-pragmatic studies, with special emphasis on the use of evidential and epistemic expressions as resources for stancetaking in discourse. The volume addresses issues such as the relationship between the conceptual domains of evidentiality and epistemic modality, the role of evidential and epistemic resources in modelling stancetaking, the expression of speaker commitment to the validity status of the information, and the discourse-pragmatic variation of evidentiality and epistemic modality in discourse domains and genres. The volume offers a collection of contributions in which cross-linguistic studies and corpus-based studies contribute to provide further insights into a usage-based account of linguistic reality.
