**Global Civics** Hakan Altinay.2011-03-01 The simple yet challenging goal of this book is to deliberate the legitimacy, and advance the feasibility, of an important new concept—the notion of global civics. We cannot achieve the international cooperation that is needed for a globalizing and interdependent century without embracing and implementing this important concept. The first section of *Global Civics* is a presentation of the overall idea itself; the second section consists of diverse assessments from around the world of the concept and where it currently stands. The third section discusses various options for a global civics curriculum. Praise for the Global Civics Program I agree with Hakan Altinay that in order to navigate our global interdependence, we need processes where we all think through our own responsibilities toward other fellow humans and discuss our answers with our peers. A conversation about a global civics is indeed needed, and university campuses are ideal venues for these conversations to start. We should enter this conversation with an open mind, and not insist on any particular point of view. The process is the key, and we should not wait any longer to start it. —Martti Ahtisaari, 2008 Nobel Peace Laureate The growing interconnectivity among people across the world is nurturing the realization that we are all part of a global community. This sense of interdependence, commitment to shared universal values, and solidarity among peoples across the world can be channeled to build enlightened and democratic global governance in the interests of all. I hope that universities and think tanks around the world will deploy their significant reservoirs of knowledge and creativity to develop platforms to enable students to study and debate these issues. This project is a contribution toward that goal and I look forward to following it closely. — Kofi Annan, Former Secretary General of the United Nations, 2001 Nobel Peace Laureate

Pour la famille, ce sera la perte d'un fils, d'un frère : il ne reviendra pas. Ce départ brutal et définitif va profondément marquer la descendance de celle qui était si proche de lui, sa sœur Blanche. Les héritières du silence raconte l'empreinte insaisissable et pourtant si profonde laissée par cette absence. Quatre destins de femmes, de l'arrière-petite-fille Léonore à l'arrière-grand-mère Blanche, pour un récit à quatre voix où la parole, pourtant rare, finit par construire une lignée féminine marquée par le lien invisible du manque et du silence. La quête de la vérité, entre mensonges et arrangements au fil des générations qui se succèdent, se heurte à un passé qui ne livrera son secret qu'à la dernière page. Un style direct, simple et sensible au service d'une histoire passionnante. À PROPOS DE L'AUTEURE Clotilde Latrobe est née en région parisienne et a grandi en Normandie—où se situe l'action de son livre. Meaning in the Visual Arts Erwin Panofsky.1993 Since its original publication, Erwin Panofsky's *Meaning in the Visual Arts* has been standard reading for students of art history. It is both an introduction to the study of art and, for those with more specialized interests, a profound discussion of art and life in the Middle Ages and Renaissance. Panofsky's historical technique reveals an abundance of detail, detail he skillfully relates to the life and work of individual painters and their times. The papers in this volume represent a cross-section of Panofsky's major work. Included are selections from his well-known *Studies in Iconology* and *The Life and Art of Albrecht Durer*, plus an introduction and an epilogue--*The History of Art as a Humanistic Discipline* and *Three Decades of Art History in the United States: Impressions of a Transplanted European*--as well as pieces written especially for this collection. All display Panofsky's vast erudition and deep commitment to a humanistic conception of art and art history.
