[A Match Made in Mehendi](#) Nandini Bajpai.2019-09-10 For fans of Brandy Colbert and Jenny Han comes a lighthearted novel about tradition, high school social hierarchy, matchmaking, and swiping right (or left!) Fifteen-year-old Simran Simi Sangha comes from a long line of Indian vichole -- matchmakers -- with a rich history for helping parents find good matches for their grown children. When Simi accidentally sets up her cousin and a soon-to-be lawyer, her family is thrilled that she has the gift. But Simi is an artist, and she doesn't want to have anything to do with relationships, helicopter parents, and family drama. That is, until she realizes this might be just the thing to improve her and her best friend Noah's social status. Armed with her family's ancient guide to finding love, Simi starts a matchmaking service -- via an app, of course. But when she helps connect a wallflower of a girl with the star of the boys' soccer team, she turns the high school hierarchy topsy-turvy, soon making herself public enemy number one.

Sikh Weddings .2016-05-16 Sikh weddings are vibrant, ritual-steeped events that can stretch on for days. Each wedding is unique and unforgettable. Photographing them is a joy and a challenge: there are countless facets to photograph — and many moments seeped in meaning and tradition.

Documenting can't-miss moments as they unfold requires a comprehensive understanding of the elements of the wedding, from start to finish. Sohal teaches readers the ins and outs of photographing the Sikh wedding. He offers general guidelines — greetings to use with men versus those to use with women — and moves on to share some pointers regarding general expectations the family will have of the photographer (e.g., never refuse food — that would be impolite; expect to take far more family photos than you may be accustomed to). Next, he describes the major events of the wedding and explains the significance of each. With easy to digest text and gorgeous illustrations, this book is not to be missed.
