CLIFTON FALLS (A Zombie Story - Part 1) Lee Andrew Taylor.2021-05-19 The town of Clifton Falls had recently put aside the terrible bank robbery from a few months earlier, only to be faced with the worst week in the lives of every resident. Blake sat with his closest friends thinking about the week that was best left forgotten. He'd been a survivor of the deadly onslaught of crazed zombies, and he sat telling his story to his friends. Blake's farming company was chosen to be a guinea pig for a new, chemically tested fertilizer. It was meant to destroy the plant-eating bugs and help grow the crops. It was meant to be the answer for a profitable year but turned out to be the reason as to why the dead were rising again. A crazy rainstorm washed the fertilizer away from the field, finding its way onto a deceased man to bring him back to life. Now, the infection was to begin. And no one was safe. The hospital soon piled up with victims but no one believed that zombies existed. Until one was seen by the police inside a house. A house where it murdered someone's wife. The police chief and his officers try to keep it a secret as more and more victims turn into living corpses to spread the virus. Now, they need to find a cure before it spreads and reaches the CITY...

Mastering Fear Rikke Schubart.2018-07-12 *Mastering Fear* analyzes horror as play and examines what functions horror has and why it is adaptive and beneficial for audiences. It takes a biocultural approach, and focusing on emotions, gender, and play, it argues we play with fiction horror. In horror we engage not only with the negative emotions of fear and disgust, but with a wide range of emotions, both positive and negative. The book lays out a new theory of horror and analyzes female protagonists in contemporary horror from child to teen, adult, middle age, and old age. Since the turn of the millennium, we have seen a new generation of female protagonists in horror. There are feisty teens in *The Vampire Diaries* (2009–2017), troubled mothers in *The Babadook* (2014), and struggling women in the New French extremity with *Martyrs* (2008) and *Inside* (2007). At the fuzzy edges of the genre are dramas like *Pan's Labyrinth* (2006) and *Black Swan* (2010), and middle-age women are now protagonists with *Carol* in *The Walking Dead* (2010–) and Jessica Lange's characters in *American Horror Story* (2011–). Horror is not just for men, but also for women, and not just for the young, but for audiences of all ages.

Telling an American Horror Story Cameron Williams Crawford, Leverett Butts.2021-02-26 *Telling an American Horror Story* collects essays from new and established critics looking at the many ways the horror anthology series intersects with and comments on contemporary American social, political and popular culture. Divided into three sections, the chapters apply a cultural criticism framework to examine how the first eight seasons of AHS engage with American history, our contemporary ideologies and social policies. Part I explores the historical context and the uniquely-American folklore that AHS evokes, from the Southern Gothic themes of *Coven* to connections between *Apocalypse* and anxieties of modern American youth. Part II contains interpretations of place and setting that mark the various seasons of the anthology. Finally, Part III examines how the series confronts notions of individual and social identity, like the portrayals of destructive leadership in *Cult* and lesbian representation in *Asylum* and *Hotel*.

The Turn to Gruesomeness in American Horror Films, 1931-1936 Jon Towlson.2016-09-13 Critics have traditionally characterized classic horror by its use of shadow and suggestion. Yet the graphic nature of early 1930s films only came to light in the home video/DVD era. Along with gangster movies and sex pictures, horror films drew audiences during the Great Depression with sensational content. Exploiting a loophole in the Hays Code, which made no provision for on-screen gruesomeness, studios produced remarkably explicit films that were recut when the Code was more rigidly enforced from 1934. This led to a modern misperception that classic horror was intended to be safe and reassuring to audiences. The author examines the 1931 to 1936 happy ending horror in relation to industry practices and censorship. Early works like *Murders in the Rue Morgue* (1932) and *The Raven* (1935) may be more akin to *The Texas Chain Saw Massacre* (1974) and *Hostel* (2005) than many critics believe.

Authorship as Promotional Discourse in the Screen Industries Leora Hadas. 2020-04-30 This book discusses the use of authorship discourses and author figures in the promotion and marketing of media content, dealing with the U.S. mainstream media, including franchise film, network television, and triple-A video games. The research takes a unique approach studying ideas of authorship in promotion, diverging from extant approaches looking at the text, production, or reception. Conceptualizing authorship within the logic of media branding, the book studies the construction of ideas around creativity and the creative person in marketing and publicity content where media industries communicate with audiences. A cross-media approach allows the book to take a broad look and make comparisons across the increasingly integrated media industries. The book will be of great relevance to academics in the fields of film, television, and media studies, including postgraduate students, conducting teaching and research around authorship, media industries, and media promotion.

Dracula's Daughter Gary D. Rhodes, Tom Weaver, Michael Lee, David Colton. 2018-04-07 Cross and wooden stake in hand, Dr. Gary D. Rhodes re-enters the sepulcher of supernatural cinema, casting his lantern's light on Universal's 1936 classic *Dracula's Daughter*. With fellow tomb raiders Tom Weaver and Michael Lee, he discovers long-forgotten lore, presented herein with the film's original shooting script, pressbook and a large array of other freshly exhumed extras. A comprehensive tribute to one of Hollywood's classic horror films. My grandmother, Gloria Holden, was a legend in her time, and would have been so very proud." - Laurie Holden, costar of *The Walking Dead* "As he always does (better than anyone), Gary D. Rhodes

chronicles the convoluted history of the film (how the budget grew while still having the look of a “B” film; how Bela Lugosi came and went in the cast – but still had to be paid), and why it took two years to finally get produced. Bravo, Gary. There is a reason your film scholarship is lauded everywhere. Dracula’s Daughter is another feather in your cap!” – Richard Klemensen, editor of Little Shoppe of Horrors magazine “Rhodes’ coverage of this classic production and the endless minutiae with which he showers readers and fans are a credit to this book yet typical of Rhodes’ acumen as a film scholar historian. His attention to detail opens floodgates for scholars and academics engaged in theory who rely on the sort of archival work that Rhodes makes appear effortless. Buy two copies of this volume – for one the shelf, and the other for notations, research, dog-eared, and pleasure-reading.” – John Edgar Browning, Ph.D., coauthor of Dracula in Visual Media and editor of The Forgotten Writings of Bram Stoker Everything you could possibly want to know about the making of Dracula’s Daughter, and the long process that led to its production, can be found in this definitive volume. Rhodes provides a fascinating account of how the seemingly obvious idea of a sequel to Dracula became a drawn-out process. It involved changing regimes at Universal Pictures, several top screenwriters, and Bela Lugosi, who at one time was set to appear in the film. Tom Weaver adds pages of trivia notes—some less trivial than others—and Michael Lee contributes an erudite discussion of the music score and its evolution. The book also includes several unused treatments (by John L. Balderston, Kurt Neumann, and R.C. Sheriff), a facsimile of Zacherle’s television send-up of the picture, and much of the original Universal pressbook. This is a cornucopia of goodies for any horror movie buff. The highest compliment I can offer is that it made me want to watch Dracula’s Daughter again...which I intend to do. – Leonard Maltin The Scripts from the Crypt gang strikes again with another exhaustively researched, generously illustrated and entertainingly written winner. – VideoScope Holy flashback – where are my Garbage Pail Kids and Nintendo? I felt like it was 1990 all over again when I received the newest book in BearManor’s Scripts from the Crypt series and it turned out to be Dracula’s Daughter (BearManor Media, hardcover \$34.95 / softcover \$24.95). The reason for my flashback: To date, the Scripts from the Crypt series has concentrated on 1950s schlock (The Hideous Sun Demon, Indestructible Man, Bride of the Gorilla, Bride of the Monster, more), so holding a new volume on a classic 1930s Universal gave me a déjà vu moment: I was back in the late 80s-early 90s when individual books on the monster flicks of Universal’s Golden Age were being cranked out hot and heavy (cold and clammy?) by MagicImage author Gregory Mank. Dracula’s Daughter wasn’t part of the MagicImage collection, but now that gap has been filled by Gary D. Rhodes. His 42-page essay on the making of this movie begins by charting the history of some of the vampire (and “vamp”) movies of the silent era and then tackles the convoluted story of the on-again off-again process of planning and making Dracula’s Daughter. Multiple writers, multiple scripts, multiple directors (including James Whale) attached to the project, Bela Lugosi coming and going from the proposed cast, the 1930s Horror Ban looming, Universal on the verge of being sold – the tale is as intricate as one of Castle Dracula’s most ornate spider webs, but Rhodes slow-walks us through it and backs everything up with quotes from Universal memos, trade paper announcements, etc. A premier horror historian, Rhodes is in good form here, as always. Scripts from the Crypt curator Tom Weaver weighs in with 29 pages of “Fun Facts,” each item separated by clip art of a bat. Many are interesting, some are arcane (the make and model of the foreign car driven by Marguerite Churchill’s character!). The best part might be a series of factoids about Gloria Holden, who plays the title role. It appears that the lady was quite age-conscious: She had a son in the early 1920s but in later years, apparently embarrassed by this giveaway as to her age, passed him off in Hollywood as her brother! In the 40s, she married a man young enough to BE her son (he died only a few years ago), and may have kept her true age from him. Holden lied about her age her whole long life and even afterwards: On her grave marker, her birth year is 1917 (which would make her a teenager in Dracula’s Daughter). That’s shaving off quite a number of years, as she was actually born around the turn of the twentieth century. Some of my favorite photos are in the “Fun Facts” part of the book, including a delightful one of Nan Grey – no, not as Dracula’s Daughter’s victim Lili, but one taken in 1969, decades after her retirement from the screen. In it, she’s shooting pool with husband Frankie Laine. The reproduced script has a few pages missing (Rhodes acknowledges this), but we get compensation in the form of short sections of early scripts that are nothing like the eventual movie. One, rather gory and daring for its day, even features Dracula (the role that, of course, Lugosi would have played). The everything-plus-the-kitchen-sink treatment continues with a chapter on the music, the pressbook, a 1953 treatment titled Carmilla (it would have been Universal’s second “lady vampire” movie—and Marlene Dietrich was considered for the lead) – even the script that John Zacherle used on the night in 1958 when Philadelphia’s WCAU-TV ran Dracula’s Daughter with Zacherle horror-hosting. At about 350 pages (perhaps the thickest Scripts from the Crypt book yet), Dracula’s Daughter tells you everything you ever wanted to know and lots that you didn’t know that you wanted to know. (William Holden, nee Bill Beadle, was named after Gloria Holden??) BearManor previously (2009) published a thoroughly dispensable book on Dracula’s Daughter so remember when ordering this one to specify that you want the Gary D. Rhodes Scripts from the Crypt book. You’re in for a bloody good time. -- -- Classic Images

American Horror Story and Cult Television Richard Hand, Mark O'Thomas. 2023-11-14 Over ten seasons since 2011, the television series American Horror Story (AHS), created by Ryan Murphy and Brad Falchuk, has continued to push the boundaries of the televisual form in new and exciting ways. Emerging in a context which has seen a boom in popularity for horror series on television, AHS has distinguished itself from its 'rivals' such as The Walking Dead, Bates Motel or Penny Dreadful through its diverse strategies and storylines which have seen it explore archetypal narratives of horror culture as well as engaging with real historical events. Utilising a repertory company model for its casting, the show has challenged issues around contemporary politics, heteronormativity, violence on the screen, and disability to name but a few. This new collection of essays approaches the AHS anthology series through a variety of critical perspectives within the broader field of television studies and its transections with other disciplines.

Shooting Midnight Cowboy Glenn Frankel. 2021-03-16 Much more than a page-turner. It's the first essential work of cultural history of the new decade. —Charles Kaiser, The Guardian One of The Washington Post's 50 best nonfiction books of 2021 | A Publishers Weekly best book of 2021 The Pulitzer Prize-winning journalist and New York Times bestselling author of the behind-the-scenes explorations of the classic American Westerns High Noon and The Searchers now reveals the history of the controversial 1969 Oscar-winning film that signaled a dramatic shift in American popular culture. Director John Schlesinger's Darling was nominated for five Academy Awards, and introduced the world to the transcendently talented Julie Christie. Suddenly the toast of Hollywood, Schlesinger used his newfound clout to film an expensive, Panavision adaptation of Far from the Madding Crowd. Expectations were huge, making the movie's complete critical and commercial failure even more devastating, and Schlesinger suddenly found himself persona non grata in the Hollywood circles he had hoped to conquer. Given his recent travails, Schlesinger's next project seemed doubly daring, bordering on foolish. James Leo Herlihy's novel Midnight Cowboy, about a Texas hustler trying to survive on the mean streets of 1960's New York, was dark and transgressive. Perhaps something about the book's unsparing portrait of cultural alienation resonated with him. His decision to film it began one of the unlikeliest convergences in cinematic history, centered around a city that seemed, at first glance, as unwelcoming as Herlihy's novel itself. Glenn Frankel's Shooting Midnight Cowboy tells the story of a modern classic that, by all accounts, should never have become one in the first place. The film's boundary-pushing subject matter—homosexuality, prostitution, sexual assault—earned it an X rating when it first appeared in cinemas in 1969. For Midnight Cowboy, Schlesinger—who had never made a film in the United States—enlisted Jerome Hellman, a producer coming off his own recent flop and smarting from a failed marriage, and Waldo Salt, a formerly blacklisted screenwriter with a tortured past. The decision to shoot on location in New York, at a time when the city was approaching its gritty nadir, backfired when a sanitation strike filled Manhattan with garbage fires and fears of dysentery. Much more than a history of Schlesinger's film, Shooting Midnight Cowboy is an arresting glimpse into the world from which it emerged: a troubled city that nurtured the talents and ambitions of the pioneering Polish cinematographer Adam Holender and legendary casting director Marion Dougherty, who discovered both Dustin Hoffman and Jon Voight and supported them for the roles of "Ratso" Rizzo and Joe Buck—leading to one of the most intensely moving joint performances ever to appear on screen. We follow Herlihy himself as he moves from the experimental confines of Black Mountain College to the theatres of Broadway, influenced by close relationships with Tennessee Williams and Anais Nin, and yet unable to find lasting literary success. By turns madcap and serious, and enriched by interviews with Hoffman, Voight, and others, Shooting Midnight Cowboy: Art, Sex, Loneliness, Liberation, and the Making of a Dark Classic is not only the definitive account of the film that unleashed a new wave of innovation in American cinema, but also the story of a country—and an industry—beginning to break free from decades of cultural and sexual repression.

Genre Screenwriting Stephen V. Duncan. 2014-09-18 It's simple: films need to have commercial value for the studios to produce them, distributors to sell them, and theater chains to screen them. While talent definitely plays a part in the writing process, it can be the well-executed formulaic approaches to the popular genres that will first get you noticed in the industry. Genre Screenwriting: How to Write Popular Screenplays That Sell does not attempt to probe in the deepest psyche of screenwriters and directors of famous or seminal films, nor does it attempt to analyze the deep theoretic machinations of films. Duncan's simple goal is to give the reader, the screenwriter, a practical guide to writing each popular film genre. Employing methods as diverse as using fairy tales to illustrate the 'how to' process for each popular genre, and discussing these popular genres in modern television and its relation to its big screen counterpart, Duncan provides a one-stop shop for novices and professionals alike.

House of Horrors Agnieszka Kotwasińska. 2023-06-15 This is a study of tumultuous transformations of kinship and intimate relationships in American horror fiction over the last three decades. Twelve contemporary novels (by ten women writers and two whose work has been identified as women's fiction) are grouped into four main thematic clusters - haunted houses; monsters; vampires; and hauntings - but it is social scripts and concerns linked directly to intimacy and family life that structure the entire volume. By drawing attention to how the most intimate of all social relationships -

the family – supports and replicates social hierarchies, exclusions, and struggles for dominance, the book problematizes the source of horror. The consideration of horror narratives through the lens of familial intimacies makes it possible to rethink genre boundaries, to question the efficacy of certain genre tropes, and to consider the contribution of such diverse authors as Kathe Koja, Tananarive Due, Gwendolyn Kiste, Elizabeth Engstrom, Sara Gran and Caitlín R. Kiernan.

Part II contains interpretations of place and setting that mark the various seasons of the anthology. Finally, Part III examines how the series confronts notions of individual and social identity, like the portrayals of destructive leadership in Cult and lesbian representation in Asylum and Hotel.
