The Talking Horse and the Sad Girl and the Village Under the Sea Mark Haddon.2010-02-10 From the phenomenally bestselling author of *The Curious Incident of the Dog in the Night-time* comes Mark Haddon's first collection of poems. That Mark Haddon's first book after *The Curious Incident of the Dog in the Night-time* is a book of poetry may surprise his many fans; that it is also one of such virtuosity and range will not. *The Talking Horse and the Sad Girl and the Village Under the Sea* reveals a poet of great versatility and formal talent. All the gifts so admired in Haddon's prose are in strong evidence here - the humanity, the dark humour, and the uncanny ventriloquism - but Haddon is also a writer of considerable seriousness, lyric power, and surreal invention. This book will consolidate his reputation as one of the most imaginative writers in contemporary literature.

Of Triton Anna Banks.2013-05-28 Emma has just learned that her mother is a long-lost Poseidon princess, and now struggles with an identity crisis: As a Half-Breed, she's a freak in the human world and an abomination in the Syrena realm. Syrena law states all Half-Breeds should be put to death. As if that's not bad enough, her mother's reappearance in the Syrena world turns the two kingdoms—Poseidon and Triton—against one another. Which leaves Emma with a decision to make: Should she comply with Galen's request to keep herself safe and just hope for the best? Or should she risk it all and reveal herself—and her Gift—to save a people she's never known? Once again, Anna Banks infuses Emma and Galen's points of view with humor, intrigue, and waves of romance.

Dix loves the dark and women in equal measure, so he knows enough to watch his step, though when he meets the luscious Laurel Gray, something begins to crack. The American Dream is showing its seamy underside. Sin esfuerzo Greg McKeown.2022-06-20 Una poderosa guía para alcanzar tus objetivos que inicia con un simple principio: NO TODO TIENE QUE SER TAN DIFÍCIL. Estamos condicionados a creer que el camino del éxito está lleno de trabajo; que si queremos superarnos tenemos que sobrepensar , hacer de más y sobreesforzarnos; que si no estamos exhaustos todo el tiempo no estamos haciendo lo suficiente. Sin embargo, últimamente trabajar duro es mucho más cansado que antes y entre más agotados estamos menos progresamos. Pero avanzar no tiene que ser tan difícil como pensamos. No importa qué obstáculos nos encontremos, siempre hay una mejor manera: en lugar de presionarnos para dar más, podemos encontrar un camino más fácil. Sin Esfuerzo te enseña a: •Convertir tareas tediosas en rituales disfrutables. •Prevenir la frustración al solucionar problemas antes de que aparezcan. •Lograr un ritmo sostenible en lugar de acelerar todo el tiempo. •Decidir una vez y eliminar futuras decisiones. •Simplificar tu proceso al suprimir pasos innecesarios. •Facilitar el mantenimiento y gestión de relaciones. Y mucho más.

South of Nowhere António Lobo Antunes.1983 Recounts the anguished tale of a Portuguese medic haunted by memories of war, who, like the Ancient Mariner, will tell his tale to anyone who listens. In the tradition of William Faulkner and Gabriel García Márquez, Lobo Antunes weaves words into an exhilarating tapestry, imbuing his prose with the grace and resonance of poetry. The narrator, freshly returned to Lisbon after his hellish tour of duty in Angola, confesses the traumas of his memory to a nameless lover. Their evening unfolds like a fever dream, as Lobo Antunes leaps deftly back and forth from descriptions of postdictatorship Portugal to the bizarre and brutal world of life on the front line. The result is both tragic and absurd, and belongs among the great war novels of the modern age.

The Gravity of Us Brittainy C. Cherry.2017-04-12 Graham Russell and I weren't made for one another. I was driven by emotion; he was apathetic. I dreamed while he lived in nightmares. I cried when he had no tears to shed. Despite his frozen heart and my readiness to run, we sometimes shared seconds. Seconds when our eyes locked and we saw each other's secrets. Seconds when his lips tasted my fears, and I breathed in his pains. Seconds when we both imagined what it would be like to love one another. Those seconds left us floating, but when reality knocked us sideways, gravity forced us to descend. Graham Russell wasn't a man who knew how to love, and I wasn't a woman who knew how to either. Yet if I had the chance to fall again, I'd fall with him forever. Even if we were destined to crash against solid ground.

Language Hacking Spanish Benny Lewis.2017-03-28 It's true that some people spend years studying Spanish before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of Spanish, #LanguageHacking shows you how to learn and speak Italian through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only other people can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in Spanish from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.

Hello, Habits: A Minimalist's Guide to a Better Life Fumio Sasaki.2021-01-05 The internationally best-selling author of *Goodbye, Things* shares insights and practices to help us embrace habits and become the best versions of ourselves. Fumio Sasaki changed his life when he became a minimalist. But before minimalism could really stick, he had to make it a habit. All of us live our lives based on the habits we've formed, from when we get up in the morning to what we eat and drink to how likely we are to actually make it to the gym. In *Hello, Habits*, Sasaki explains how we can acquire the new habits that we want—and get rid of the ones that don't do us any good. Drawing on leading theories and tips about the science of habit formation from cognitive psychology, neuroscience, and sociology, along with examples from popular culture and tried-and-tested techniques from his own life, he unravels common misperceptions about willpower and talent, and offers a step-by-step guide to success. Ultimately, Sasaki shows how ordinary people like himself can use his principles of good habit-making to improve themselves and change their lives.

Everything That Remains Joshua Fields Millburn,Ryan Nicodemus.2014-01-05 What if everything you ever wanted isn't what you actually want? Twenty-something, suit-clad, and upwardly mobile, Joshua Fields Millburn thought he had everything anyone could ever want. Until he didn't anymore. Blindsided by the loss of his mother and his marriage in the same month, Millburn started questioning every aspect of the life he had built for himself. Then, he accidentally discovered a lifestyle known as minimalism...and everything started to change. That was four years ago. Since, Millburn, now 32, has embraced simplicity. In the pursuit of looking for something more substantial than compulsory consumption and the broken American Dream, he jettisoned most of his material possessions, paid off loads of crippling debt, and walked away from his six-figure career. So, when everything was gone, what was left? Not a how-to book but a why-to book, *Everything That Remains* is the touching, surprising story of what happened when one young man decided to let go of everything and begin living more deliberately. Heartrending, uplifting, and deeply personal, this engrossing memoir is peppered with insightful (and often hilarious) interruptions by Ryan Nicodemus, Millburn's best friend of twenty years.

The Success and Failure of Picasso John Berger.2011-12-21 At the height of his powers, Pablo Picasso was the artist as revolutionary, breaking through the niceties of form in order to mount a direct challenge to the values of his time. At the height of his fame, he was the artist as royalty: incalculably wealthy, universally idolized—and wholly isolated. In this stunning critical assessment, John Berger—one of this century's most insightful cultural historians—trains his penetrating gaze upon this most prodigious and enigmatic painter and on the Spanish landscape and very particular culture that shaped his life and work. Writing with a novelist's sensuous evocation of character and detail, and drawing on an erudition that embraces history, politics, and art, Berger follows Picasso from his childhood in Malaga to the Blue Period and Cubism, from the creation of Guernica to the pained etchings of his final years. He gives us the full measure of Picasso's triumphs and an unsparing reckoning of their cost—in exile, in loneliness, and in a desolation that drove him, in his last works, into an old man's furious and desperate frenzy at the beauty of what he could no longer create.

Then, she meets a boy lurking in the mist—Henry. Henry is different from any other guy Amy has ever known. And after several meetings in the clearing, she's starting to fall for him. But Amy is stunned when she finds out just how different Henry really is. Because on his side of the clearing, it's still 1944. By some miracle, Henry and his family are stuck in the past, staving off the tragedy that will strike them in the future. Amy's crossing over to Henry's side brings him more happiness than he's ever known—but her presence also threatens to destroy his safe existence. In *The Clearing*, author Heather Davis crafts a tender and poignant tale about falling in love, finding strength, and having the courage to make your own destiny—a perfect book to slip into and hide away for awhile.
